Pulse Pixel Bar 16 Q4

41305

The Pulse Pixel bar is an luminaire fixture with individual 16x RGBW 4in1 Prolight Opto LED's with a 30° beam angle and new advanced lens optics. It is a compact wash fixture with a unique and distinctive design to illuminate large surfaces like curtains and walls. Features include Full pixel control and selectable auto programs on the specially designed 4 button OLED display. Besides that the bar is equipped with Dmx (3pin XLR) and powercon in- and out connectors. The fixture has an innovative bracket for easy floor placing or multiple rigging options.

Technical information:

Led Light Bar 12 Pixel

42197 RGBW

The Showtec LED Lightbar 12 Pixel is an cost effective LED bar with 12x 4-in-1 RGBW LEDs. It offers full pixel control in 48 channel mode to create beautiful color flows but can also be controlled in 3, 6 or 8 channel mode for basic use. With the RGBW LEDs it is possible to create both saturated and pastel colors.

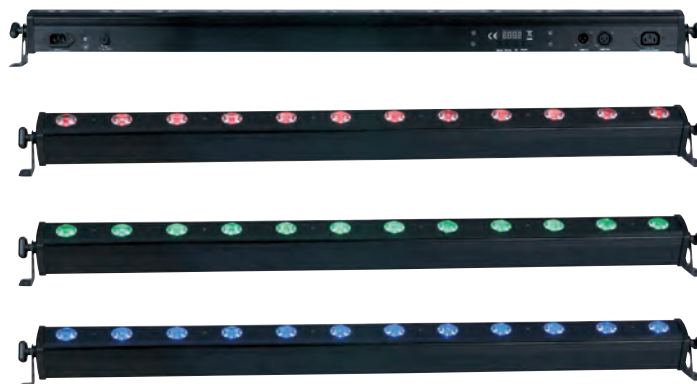

SPECIAL FEATURES:

- RGBW 4-in-1 Colors
- Pixel Control
- Power and Data daisy chain
- Compact size

Pixel Bar 12 MKII

41304 12 Sections

The Pixelbar 12 MKII is a powerful and cost effective batten. It is equipped with 12 RGB in 1 LED's which gives you a professional out look and perfect color-mixing. The Pixelbar 12 MKII can be controlled by DMX and also has a built-in sound to light function for stand alone applications. It has a standard size of 1 meter and has both power in and output as well DMX in and output for easy and flexible daisy chaining. Addressing is digital by display and buttons.

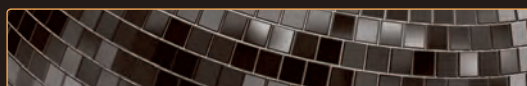

SPECIAL FEATURES:

- 12 x 3-in-1 RGB LED's
- Linkable
- Multiple DMX modes for total control
- Built in programs
- Pixel control

Technical information:

SPECIAL FEATURES:

- 3-in-1 COB LED Technology
- Linkable
- Multiple DMX modes for total pixel control
- Large Beam Angle

Pixel Bar 8 COB

41266

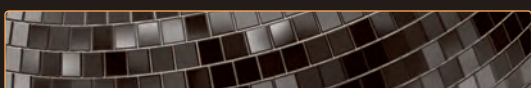

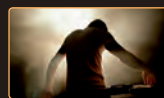

The Pixel Bar 8 COB is a very powerful batten which uses the latest technology COB RGB Leds. Because of this new technology it is possible to achieve a very high light output with a wide beamangle, without getting a lot of uncomfortable glare. The advanced menu makes it possible to control the batten in different modes such as DMX, stand alone, music.

Cameleon Bar 16
42670 Q4

The Showtec Cameleon Bar 16 Q4 is a stylish LED bar equipped with four-in-one RGBW LEDs, silent and efficient just as the full Cameleon floodlight range. This intelligent luminaire offers a huge palette of perfectly saturated colored light output. Via the intuitive touch screen O-LED display, you can easily select the desired color settings or activate one of the automated programs. This full aluminum die-cast floodlight has an IP65 rating for its housing and all connectors. Thanks to data and power THRU connectors you can use multiple Cameleon fixtures in one line. Showtec Cameleon: when color matters!

Safety	
Operation temperature:	-20~40°C
Protection rate:	IP-20

SPECIAL FEATURES:

- Compact Housing
- Easy link up to 15 units
- Convection cooling, 100% silent
- Flicker free (Suitable for TV Studio)

SPECIAL FEATURES:

- Flat Par Housing
- Stylish design
- 3-in-1 LED Technology
- Double bracket

Compact Par 108/10 Value Line**42593 Black**

The Showtec Compact Par 108 Value Line is a compact fixture. It is equipped with 108 10mm LED's to provide a high light output. The Compact size and IEC input and output makes this a great product for every DJ or in venues with limited space. The housing is made from a Flame Retardant Plastic in Black or Clear edition which makes it very lightweight

Technical information:

Output	
Lux @2m:	1000+
Max distance:	10m
Colour range:	16,7 million additive colors
LED Quantity:	36x10mm Red, 36x10mm Green, 36x10mm Blue
Dimmer:	0-100%
Strobe:	0-20Hz
Refreshrate:	7,8 KHz
Beam Angle:	30 degrees

Control	
On Board:	Display for easy Set Up
Options:	DMX512, Auto, Manual
DMX personality:	1, 3, 4, 6 Channel

Electrical	
Input Voltage:	100~240VAC...50/60Hz
Power consumption:	18W max @FO

Physical	
Dimensions (LxWxH):	278 x 261 x 85 mm
Weight:	1,6 Kg
IP Rating:	IP-20
Housing:	Flame Retardant Plastic (V0)
Connections:	IEC in/out + XLR 3 pole
Cooling:	Convection

**Compact Par 7 Tri****42579 RGB, Black Housing**

The Compact Par 7 Tri is an unique designed and compact but powerful parcan fixture. It offers full 3-in-1 RGB color-mixing ensuring vivid colors with a perfect color-mix. Due to its compact design it saves a lot of space for transportation and also in use. The Compact Par 7 has full digital addressing and offers both DMX control and sound to light function. For small applications the Compact Par 7 Tri has also a Master Slave modus.

Technical information:

Output	
Lumens:	2685
Lux @2m:	1772
Max Distance:	15m

Light Source	
LED System:	7 x 3-in-1 LED
Drive Current:	350mA

Weight:	2,6 Kg
Housing:	Aluminium and Iron
Color:	Dark grey & black
Power Connectors:	IEC
Data Connectors:	3 pole XLR
Cooling:	Aluminium heat sink

SPECIAL FEATURES:

- 7x 4W LEDs
- RGBW 4-in1 Colormix
- Flat stylish design
- Double bracket

SPECIAL FEATURES:

- 7 x 15W RGBW LED
- 15 degree optics
- OLED display for easy navigation
- Full connectivity

Compact Par 7/4 Q4

42582 RGBW

The Showtec Compact Par 7 Q4 is a RGBW parcan in a compact housing. It is the successor of the popular Compact par 7 Tri with 7x 4-in-1 RGBW LEDs. Due to its compact design it saves a lot of space for transportation and also in use. It offers Standalone programs with Master slave possibilities, DMX control and sound to light functions. For small applications the Compact Par 7 Q4 has a Master Slave modus.

Compact Par 7/15 Q4

42599 RGBW

The Showtec Compact Par 7/15 Q4 is a powerful Parcan equipped with seven 15W RGBW LEDs. Because of its optimized 50mm lenses, the Compact Par 7/15 Q4 produces a bright beam with vivid colors and excellent color mixing capabilities. Common connectors enable a perfect fit in any gig or tour. Also 3 and 5 pole XLRs are standard as well as power connectors by ProPower Blue and ProPower White. The LCD display allows for fast setup and an easy operation of the fixture.

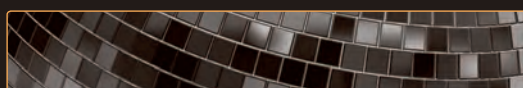

Technical information:

Output Lux @2m:	2201

Spectral M800 Q4 Tour

43570

The Showtec Spectral M800 is probably one of the best-known spots within the Showtec assortment. These robust and reliable fixtures are added to almost every lightshow at any event or festival in Europe.

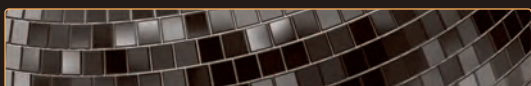

The new Spectral M800 Q4 Tour has been upgraded to a true RGBW fixture. This not only enriches the entire color spectrum, but also increases the light output by 30%. The built-in virtual color wheel, which contains the most common colors, is accessible via manual control or in automatic mode. The aluminium die-cast housing contains 14 RGB LEDs providing a great color mix in the near field without any RGB colour shadows; and over-sized lenses spread an even greater amount of light.

With this upgraded fixture the Showtec Spectral series will continue the legacy of being the most popular and reliable industry standard for professional entertainment lighting.

The Spectral M800 Q4 is also available as an IP65-rated version (order code 43571).

Technical information:

Spectral M800 Q4 IP65

43571

The Showtec Spectral M800 is probably one of the best-known spots within the Showtec assortment. These robust and reliable fixtures are added to almost every lightshow at any event or festival in Europe.

The new Spectral M800 Q4 IP65 has been upgraded to a true RGBW fixture. This not only enriches the entire color spectrum, but also increases the light output by 30%. The built-in virtual color wheel, which contains the most common colors, is accessible via manual control or in automatic mode.

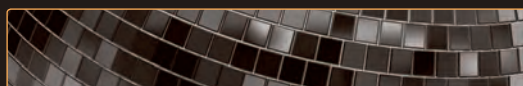

An aluminium die-cast housing, 14 RGBW LEDs providing a great color mix in the near field without any RGB colour shadows and a full IP65 rating for housing, XLR and Seetronic power connectors ensures reliable outdoors use even in the most severe weather conditions.

With this upgraded fixture the Showtec Spectral series will continue the legacy of being the most popular and reliable industry standard for professional entertainment lighting.

The Spectral M800 Q4 is also available as a Tour version (order code 43570).

Technical information:

Output:	
Max. Flux:	1452lm
Peak Intensity:	15294cd
Light Source:	
LED Qty.:	14 x RGBW
Drive Current:	350mA
Color Range:	16.7 million additive RGBW colors with full saturation control
Electrical:	
Input Voltage:	AC100V~240V, 50/60Hz
Max. Power:	65W
Control:	
On-board:	Display for Auto and Custom control
Control Protocol:	DMX512
Control Personality:	Tour, TR16, AR1.D, 8Bit, 16Bi, SSP, ARC2, AR2D, AR2S
Optical System:	Dimmer: 0-100%
Strobe:	0-20Hz
Optics:	16°
Physical:	
Dimensions:	180 x 235 x 320 mm
Weight:	4.8Kg (indoor)/ 5.2 kg (outdoor)
Housing:	Die-casting aluminum
Color:	Black
Fixture Connection:	XLR (3-pin) DMX in/out, Powercon power in/out
Cooling:	Forced Convection
Operation Temperature:	-40°C ~45°C (operating) / -20°C ~45°C (startup)

SPECIAL FEATURES:

- Electronic Zoom: 8-40°
- RGBW 4-in-1 Osram
- Convection cooling
- 2 Section LED control
- 1900+ lumen

Spectral M1500 Zoom Q4 MKII

43547 8-40° zoom, IP65

The new Showtec Spectral M1500 Zoom Q4 MKII combines the characteristics of its predecessors, the M1500 Tour and the M1500 IP.

It has an extremely impressive zoom range of 8-40 degrees, making this versatile fixture an ideal solution for a variety of applications. From studios or theaters, from music events to architectural façade lighting; The M1500 Zoom Q4 MKII is ready for the job!

The LED light source was upgraded to Osram 4-in-1 RGBW LEDs providing a wide range of vibrant colors and bright white.

The IP65 rating and the robust aluminum die-cast housing make it a suitable LED fixture for indoor and outdoor use.

SPECIAL FEATURES:

- Electronic Zoom: 8-40°
- RGBW 4-in-1 Osram source
- Convection cooling
- IP65
- 3900+ lumen

Spectral M3000 Zoom Q4 MKII

43548 8-40° zoom, IP65

The new Showtec Spectral M3000 Zoom Q4 MKII combines the characteristics of its predecessors, the M3000 Tour and the M3000 IP.

The LED light source was upgraded to genuine Osram 4-in-1 RGBW LEDs that offer a wide range of vibrant colors and bright white.

It has an impressive zoom range of 8-45 degrees, which makes this fixture an ideal solution for a variety of applications. From studio or theater productions and from music events to architectural façade lighting; The M3000 Zoom Q4 MKII can handle it all.

The IP65 rating and the robust aluminum die-cast housing make it a suitable LED fixture for indoor and outdoor use and an ideal device to create solid beams as well as wide panoramic washes.

- RGB backlight glare effect
- IP-54 Protection rate

Nanoq 19 IP

43712

The Showtec Nanoq 19 IP is a rental outdoor LED spot with zoom. It has a clear lens plate with an RGB backlight glare effect and a zoomrange of 6° - 60°. It is equipped with 19 pcs RGBW 10W LEDs to create a massive output. The wash LEDs and backlight LEDs can be controlled individually in colors, dimmer and strobe for creative effects. The LED spot has a die-cast black powder coated aluminium housing with a double bracket which makes it sturdy and rental proof. Original powercon True1 in- & output connections and dedicated IP rated 3p XLR chassis for easy daisy chaining. The large bright display makes it convenient to get your desired settings even in uncomfortable positions.

Technical information:

Light Source	19 x 10W RGBW LEDs
LED System:	1K Hz
Refreshrate:	750mA/color
Driver current:	21 x RGB 5050 SMD
Backlight System:	29300lux (6°)
Output@2m:	
Electrical	
Power Supply:	AC 100-240V 50/60 Hz
Power Consumption:	220W

Dimmer:	0-100%
Strobe:	0-20Hz
Beam Angle:	6°-60°
Physical	
Dimensions:	220 x 220 x 270 mm (excl brackets)
Weight:	7,4 Kg
Housing:	Di-cast powder coated Aluminium
Color:	Black
Power Connections:	Powercon True1 In- & output
Data Connections:	XLR 3 pole
Cooling:	Forced
Safety	
Certification:	CE
Operation temperature:	-10~40°C
IP-Rating:	IP-54

SPECIAL FEATURES:

- Compact size
- 45W RGBW Colorizing
- Zoom 3.5° to 18°
- IP65 Rated

Spectral PC 400Z

43554

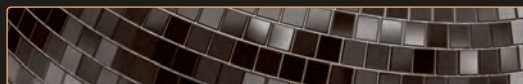

The Showtec Spectral PC 400Z is a compact and stylish LED Parcan equipped with a 45W Osram Ostar RGBW LED. These LEDs are well known for their rich and vibrant colors in a broad color spectrum

Because of the impressive zoom from 3.5° to 18° this fixture can be used as a powerful pin spot as well as a compact wash light.

The die-cast housing is IP65 rated so that the Spectral PC400Z can be safely used both indoors and outdoors.

Technical information:

Lightsources:	Osram LED (RGBW) 45W,
Drive current:	2.5A
Beam Angle:	3,5° to 18°
Field Angle:	5° to 25°
Input voltage:	90-240VAC, 50/60Hz
Power:	45 W
Output (3,5°):	56000 Lux @ 1 meter
Output (18°):	4160 lux @ 2 meter
Selectable PWM:	600 Hz, 1200 Hz, 2000 Hz, 2400 Hz, 6000 Hz, 25000 Hz.
Dimmer:	0-100%
Strobe:	0-25Hz
Control protocol:	DMX-512
Control personality:	HSIC, SSP, TOUR, TR16, STD.Y)
DMX Channels:	9, 12 or 17
Dimensions:	215 x 186 x 135mm
Weight:	3,6 Kg
Housing:	Die cast aluminium
Colour:	Black
Fixture connection:	IP65 5-pole XLR connectors, IP-65 Power connector
Cooling:	Convection
Operating temperature:	-20°C - 45°C

SPECIAL FEATURES:

- Wide zoom range
- RGBW colormixing
- Fast zoom
- IP65 rated

Spectral PC 600Z

43551

SPECIAL FEATURES:

- Wide zoom range
- RGBW colormixing
- Fast zoom
- IP65 rated

Spectral PC 1200Z

43552

The Showtec Spectral PC1200Z IP represents a new generation of LED Parcans. An innovative optical system offers a homogenous light output with a classic concept of one solid beam without any visible color dots. The very precise and smooth zoom system creates an impressive zoom range from 4.5° to 36°. The Spectral PC1200Z IP has a full IP65 rating for housing, XLR and power connectors, and ensuring reliable outdoors use even in the most severe weather conditions.

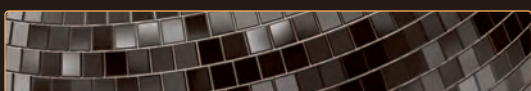

Technical information:

Lightsource:	1 Osram LED (RGBW) 60W,
Drive current:	4A
Beam Angle:	4,5° to 45°
Field Angle:	8° to 55°
Input voltage:	90-240VAC, 50/60Hz
Power:	85 W
Output (4,5°):	19200 Lux @ 2 meter
Output (45°):	580 lux @ 2 meter
Selectable PWM:	600 Hz, 1200 Hz, 2000 Hz, 2400 Hz, 6000 Hz, 25000 Hz.
Dimmer:	0-100%
Strobe:	0-25Hz
Control protocol:	DMX-512
Control personality:	HSiC, SSP, TOUR, TR16, STD.Y)
DMX Channels:	9, 12 or 17
Dimensions:	242 x 242 x 345,5mm
Weight:	4.5Kg
Housing:	Die cast aluminium
Colour:	Black
Fixture connection:	IP65 3-pole XLR connectors, IP-65 Power connector
Cooling:	Convection
Operating temperature:	-20°C - 45°C

Technical information:

Lightsource:	Osram LED Array (RGBW) 120W,
Drive current:	2.5A
Beam Angle:	4,5° to 36°
Field Angle:	7° to 41°
Input voltage:	90-240VAC, 50/60Hz
Power:	130 W
Output (4,5°):	163250 Lux @ 1 meter
Output (45°):	5280 lux @ 1 meter
Selectable PWM:	600 Hz, 1200 Hz, 2000 Hz, 2400 Hz, 6000 Hz, 25000 Hz.
Dimmer:	0-100%
Strobe:	0-25Hz
Control protocol:	DMX-512
Control personality:	HSiC, SSP, TOUR, TR16)
DMX Channels:	9, 12 or 17
Dimensions:	376 x 274 x 210 mm
Weight:	7.5Kg
Housing:	Die cast aluminium
Colour:	Black
Fixture connection:	IP65 3-pole XLR connectors, IP-65 Power connector
Cooling:	Convection
Operating temperature:	-20°C - 45°C

SPECIAL FEATURES:

- Wide zoom range
- RGBW colormixing
- Fast zoom
- IP65 rated

**Spectral PC 1800Z****43553**

The Showtec Spectral PC1800Z IP is unique hybrid of a PC light and a parcan.

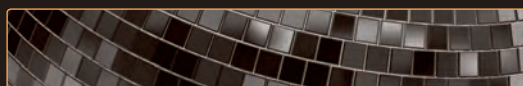

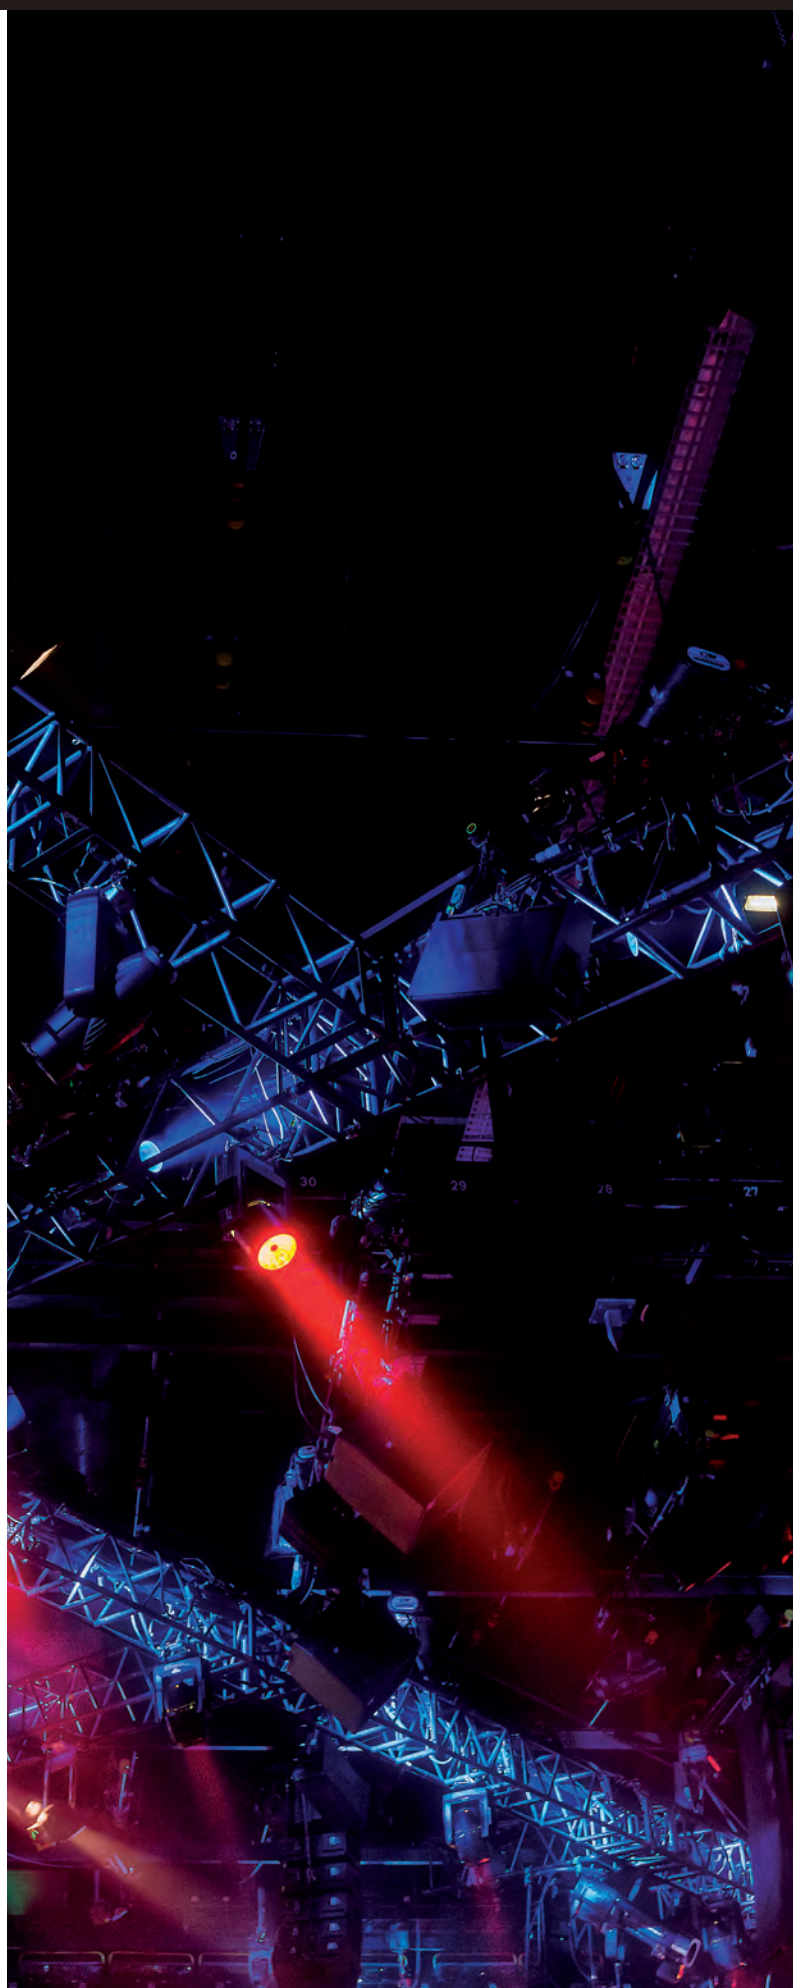

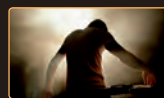

The robust aluminum die-cast housing of the well-known and very popular Showtec Spectral series is equipped with superior optics capable of producing stunning PC projections and achieve an impressive zoom of 4.5° to 45°.

The 180W RGBW module, which projects a uniform and completely homogeneous beam, is the key feature of the Spectral PC1800Z IP.

In addition, this spotlight has a full IP65 rating to ensure safe outdoor use even in the most severe weather conditions.

Technical information:

Lightsource:	Osram LED Array (RGBW) 180W,
Drive current:	4.5A
Beam Angle:	4,5° to 45°
Field Angle:	8° to 55°
Input voltage:	90~240VAC, 50/60Hz
Power:	185 W
Output (4,5°):	236575 Lux @ 1 meter
Output (45°):	5820 lux @ 1 meter
Selectable PWM:	600 Hz, 1200 Hz, 2000 Hz, 2400 Hz, 6000 Hz, 25000 Hz.
Dimmer:	0-100%
Strobe:	0-25Hz
Control protocol:	DMX-512
Control personality:	HSic, SSP, TOUR, TR16, STD.Y)
DMX Channels:	9, 12 or 17
Dimensions:	404 x 413 x 314 mm
Weight:	9.1Kg
Housing:	Die cast aluminium
Colour:	Black
Fixture connection:	IP65 3-pole XLR connectors, IP-65 Power connector
Cooling:	Convection
Operating temperature:	-20°C - 45°C

Cameleon Flood 18/3 RGB

42690 IP-65

The Cameleon Spot 18/3 is a compact but powerful fixture for both indoor and outdoor use. The specially designed housing has a stylish design and has the function of convection cooling which eliminates the use of fans. The Cameleon Spot 18/3 is suitable for temporary and permanent outdoor solutions.

SPECIAL FEATURES:

- IP65 protection grade
- Multivoltage power supply
- Excellent colormixing
- Compact design

Technical information:

Lux (@ 2 meter) Red	753
Lux (@ 2 meter) Green	1066
Lux (@ 2 meter) Blue	1300
Lux (@ 2 meter) Full RGB	2970
Max distance:	15m
Colour range:	16,7 million additive colors
LED Quantity:	18 pieces 3-in-1 RGB LED
Drive current:	350mA
Input-voltage:	100-240V Autoswitch
Power:	70W Max at full output
Display:	LED display for auto and custom control
Control:	DMX-512, Auto, Master/Slave
Dimmer:	0-100%
Strobe:	0-20Hz
Beam Angle:	40 degrees
Housing:	Die Cast Aluminium Powder Coat Finish
Colour:	Black
Lens Plate:	Tempered Glass
DMX Connection:	Dedicated IP65 connector. Dedicated IP65 Powerconnector
Cooling:	Convection (no fans)
IP Rating:	IP-65
Dimensions:	380x195x280mm
Weight:	5 kg
Refreshrate:	400 Hz
Accessories:	Schuko to IP powercable

Cameleon Flood 6

42672 Q4

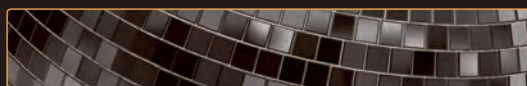

The Cameleon Flood 6 Q4 is the smallest fixture in this series. The unique and compact design with selected premium RGBW LEDs ensure a wide range of rich colors. Design and user-friendliness, combined with excellent performance, ensures perfect harmony with any venue or outdoor application. Showtec Cameleon: when color matters!

SPECIAL FEATURES:

- Plug and Play
- IP 65 Rating
- RGBW 4-in-1 Color mixing
- Touch display

Technical information:

Output:	R: 324 Lumen

- Eco mode for extended battery life
- Controllable by optional IR-remote

EventLITE 4/10 Q4

44060 incl. Wireless DMX, Black

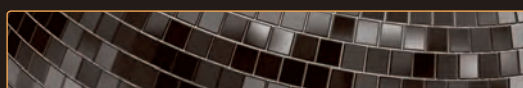

The Showtec EventLITE 4/10 is an battery powered RGBW spot with wireless DMX in a sturdy aluminum housing.

Due to its built-in battery and Wireless DMX module (from Wireless Solutions) you do not need any cables. It is equipped with a built-in charger system and the battery will last at least 12 hours on a single color when it is fully charged. The spot can be tilted 25° which is useful to uplight a wall. The EventLITE 4/10 is compact easy in transportation and lightweight. It includes automated and sound activated programs, can be daisy -chained in master-slave mode (wired dmx), and can be customized manually, by optional IR-remote controller or (wireless) DMX.

Technical information:

Light Source:	4 x 10W RGBW LED	Physical:	
LED System:		Dimensions:	140 x 140 x 210 mm
Optical system:		Weight:	3,5 Kg
Dimmer:	0-100%	Housing:	Metal
Strobe:	0-15Hz	Security:	Kensington Lock eye
Beam angle:	15°	Color:	Black
Electrical:		Power Connectors:	IEC input
Input Voltage:	100~240 VAC...50/60Hz	Data Connectors:	XLR 3p
Max. Power:	45W	Cooling:	Aluminum heatsink
Operation mode:	OLED display	Certification and Safety:	
Control feature:	WDMX, DMX512, Stand-alone, Manual, Master/slave	Certification:	CE
DMX channels:	4, 6, 11 Channels	IP Rating:	IP20
Battery:		Max. ambient Temp.:	40°C
Type:	Lithium ion	Operation Temperature:	-10°C ~40°C
Storage:	4,16 Ah		
Runtime:	5 hrs at full RGBW on / 12 hrs on a single color		
Charging Cycle:	10 hrs (LED Charging indicator)		

EventLITE 4/10 Q4 Set

44061 Flightcase incl 6 pcs EventLITE

The EventLITE Q4 Set is the ideal rental solution. It includes 6pcs EventLITE's and IR remote in one compact flightcase. The IR remote is useful for a quick, easy and synchronized set-up. The spots can be charged in the flightcase with the pre-wired built-in charger. Please note that the lid has to be open for charging.

Technical information:

Light Source:	LED System:	4 x 10W RGBW LED	Runtime:	5 hrs at full RGBW on / 12 hrs on a single color

			Max. ambient Temp.:	40°C
			Operation Temperature:	-10°C ~40°C

IR Remote for EventLITE 4/10 Q4

44062

SPECIAL FEATURES:

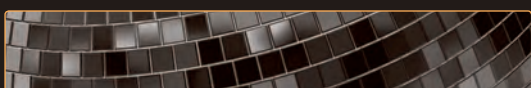

- Flightcase + 6x EventLITE + Ir Remote
- Pre-wired for charging the fixtures inside the case
- Stacking recesses on top
- Including power cord

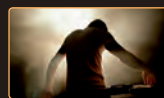

Carrying Bag for 4 pcs EventLITE 4/10 Q4

44063

Technical information:

High quality soft carrying bag suitable for 4pcs EventLITE 4/10 Q4. The inside partition is removable and the bag has a side pocket for accessories.

Eventspot 60 Q7

42726 Black

42727 Polished

The Eventspot 60 Q7 is the smallest member of the Eventspot series. Although it has a small size its features are great. The Eventspot 60 Q7 is equipped with one 7-in-1 LED's offering an extremely wide color palette. The combination of the Red, Green, Blue, White, Amber, UV and Cyan colors allows you to make hardly any color tone.

The Eventspot 60 Q7 has a manual zoom which can be adjusted between 4.5° and 45°. With a weight of just 1.2 Kg and its compact footprint at the size of a milk can it can be used in hardly any circumstance either venue.

Technical information:

Lightsource:	7 LED (RGBWA-UV-Cyan)
Drive current:	700mA
Beam Angle:	4,5° to 45°
Field Angle:	8° to 55°
Input voltage:	24V DC (Dedicated adaptor)
Power:	20 (Max)
Runtime:	6 hrs at full RGBWA on
Charging Cycle:	6 hrs (LED blackout when charging)
Output (4,5°):	1400 Lux @ 2 meter
Output (45°):	68 lux @ 2 meter
Dimmer:	0-100%
Strobe:	0-25Hz
Control protocol:	DMX-512
Control personality:	HSIC, SSP, TR16, TOUR
DMX Channels:	7, 10, 13 or 21
Dimensions:	104 x 104 x 147 mm (without bracket)
Weight:	1,2Kg
Housing:	Plastic extrusion
Colour:	Black either Polished
Fixture connection:	24VDC connection
Cooling:	Convection
Operating temperature:	-20°C - 45°C

SPECIAL FEATURES:

- Wide zoom range
- RGBWA-UV-Cyan colormixing
- WDMX
- IP-54 Protection Rate

Set 6x Eventspot 60 Q7

42726S Black + case+ IR remote

42727S Polished, case + IR remote

A set of 6pcs Eventspot 60 Q7 black in a flightcase and an IR remote. The Eventspot 60 Q7 is the smallest member of the Eventspot series. Although it has a small size its features are great. The Eventspot 60 Q7 is equipped with one 7-in-1 LED's offering an extremely wide color palette. The combination of the Red, Green, Blue, White, Amber, UV and Cyan colors allows you to make hardly any color tone.

The Eventspot 60 Q7 has a manual zoom which can be adjusted between 4.5° and 45°. With a weight of just 1.2 Kg and its compact footprint at the size of a milk can it can be used in hardly any circumstance either venue.

Technical information:

Eventspot	
Lightsource:	7 LED (RGBWA-UV-Cyan)
Drive current:	700mA
Beam Angle:	4,5° to 45°
Field Angle:	8° to 55°
Input voltage:	24V DC (Dedicated adaptor)
Power:	20 (Max)
Runtime:	6 hrs at full RGBWA on
Charging Cycle:	6 hrs (LED blackout when charging)
Output (4,5°):	1400 Lux @ 2 meter
Output (45°):	68 lux @ 2 meter
Dimmer:	0-100%
Strobe:	0-25Hz
Control protocol:	DMX-512
Control personality:	HSIC, SSP, TR16, TOUR
DMX Channels:	7, 10, 13 or 21
Dimensions:	104 x 104 x 147 mm (without bracket)
Weight:	1,2Kg
Housing:	Plastic extrusion
Colour:	Black either Polished
Fixture connection:	24VDC connection
Cooling:	Convection
Operating temperature:	-20°C - 45°C

Flightcase	
Dimensions:	590x380x255mm
Weight:	19Kg (loaded)

SPECIAL FEATURES:

- Case with built-in charger
- RGBWA-UV-Cyan colormixing
- WDMX
- IP-54 Protection Rate

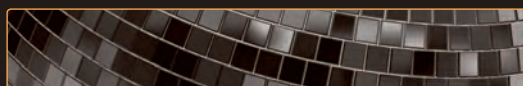

IR-Remote for Eventspot 60 Q7

42728

Flightcase for 6x Eventspot 60 Q7

42729 incl. charger inside

EventSpot 1600 Q4

44050 4x 12W RGBW, Black

44051 4x 12W RGBW, Chrome

The Eventspot 1600 Q4 is an extremely compact and rugged event lighting fixture with lithium ion battery and original Wireless Solutions Sweden built-in. It is equipped with 4x 12W RGBW combined with dedicated high class optics ensuring a bright and well-defined 10° beam. Separate chargers or charger cases are available to fit your desired solution. The battery has capacity for at least 6 hours at RGBW full also this time can be extended when using the fixture in ECO mode. The projection angle of the fixture can be adjusted and an optional diffuser filters are available to create desired beam angels. With the IP-54 rating this LED battery light is the right choice for professional rental use.

Technical information:

Output:		Battery:	
Luminous flux:	1580	Type:	Lithium ion
Lux @2m:	15000	Voltage:	18,5
		Storage:	15.6 Ah
Light Source:		Runtime:	6 hrs at full RGBW on
LED System:	4 x 12W RGBW LED	Charging Cycle:	6hrs
Drive Current:	650mA		
Refresh rate:	12KHz		
Control:		Physical:	
Control Mode:	WDMX, DMX512, Stand-alone,	Dimensions:	180 x 180x 280 mm
	Manual, Master/slave	Weight:	5 kg
DMX channels:	4,6,10	Housing:	Aluminum and Iron
		Color:	Black
Optical system:		Data Connectors:	XLR 3pole
Dimmer:	0-100%	Cooling:	Aluminum heat sink
Strobe:	0-15Hz		
Beam Angle:	10°	Certification and Safety:	
		Certification:	CE
		IP:	54
		Operation Temperature:	-10°C ~40°C

SPECIAL FEATURES:

- 4x 12W RGBW colormixing
- Long battery life (>6 hrs full on)
- Eco mode for extended battery life
- IP-54 For outdoor use
- Wireless DMX by Wireless Solutions Sweden

Charger for Eventspot 1600 Q4

44052 Desktop

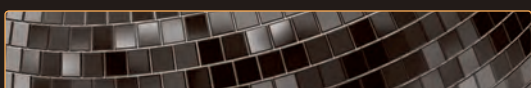

Diffusor for Eventspot 1600 Q4

44053 40°

Diffusor for Eventspot 1600 Q4

44054 15° x 60°

SPECIAL FEATURES:

- Compact and lightweight
- RGBA colormixing
- Long battery life (5 hrs full on)
- For (temporary) outdoor use
- Wireless DMX functionality

Event Spot 1800 Q4

42720

The Eventspot 1800 Q4 is an extremely compact and rugged event lighting fixture with lithium ion battery and wireless DMX functionality (Wireless DMX). Weighing only 5.5kg, the Eventspot 1800 is ideal for all kinds of events and is a true leader in this class of lighting fixtures.

It is equipped with a 40W RGBA LED Engin LED combined with dedicated high class optics ensuring a bright and well defined beam.

The projection angle of the fixture can be adjusted and an optional rain cover is available to ensure a higher IP rating.

Technical information:

Light Source: 1 X RGBA
LED Qty.: 800mA
Drive Current: 800mA
Color Range: 16.7 million additive RGB colors with extra amber depth control

Electrical:
Input Voltage: 100~240 VAC...50/60Hz
Max. Power: 40W

Output:
Max. Flux: 600lm
Peak Intensity: 7500cd
Optical System: Dimmer: 0-100%
Strobe: 0-20Hz
Optics: 15
Refreshrate: 900Hz

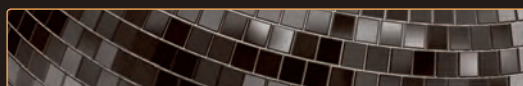

Battery:
Storage: 8.8Ah
Run time: 5 hrs at full RGBA on

Charging Cycle: 10 hrs
Control: On-board: Display for Auto,
Static color
Control Protocol: DMX512 via wireless/
DMX512

Control Personality: Tour, TR16, Arc1, Arc1+D,
Arc2, Arc2+D, Arc2+S, HSV
(10CHS/15CHS/3CHS/4CH
S/4CHS/6CHS/3CHS)

Physical:
Dimensions: 287,6 x 154 x 154 mm
Weight: 5,5 Kg
Housing: Stainless steel
Lens Plate: Tempered glass
Fixture Connection: Data in/out, Power in
Cooling: Convection
Environment: Dry/ Damp/ Wet Location
IP42(temporary event)/
IP54(with rain cover)

Operation Temperature: -20°C ~40°C

SPECIAL FEATURES:

- Wireless DMX
- IR remote for quick set-up
- Battery up to 5 hrs full-on
- Built-in charger
- RGBA
- 40W
- 6 Rain covers

Eventspot 1800 Q4 Set

42721 Case including 6 eventspots

The eventspot 1800 Q4 Set is the ideal rental solution. It includes 6pcs eventspots, 6 raincovers and an IR remote in one flightcase. The IR remote is useful for a quick, easy and synchronized set-up. The raincovers are ideal in bad weather conditions. The spots can be charged in the flightcase with the built-in charger. Please note that the lid has to be open for charging.

- Led technology
- Low power consumption
- Double function emergency light

Safeled Emergencylight

34000 including 3 labels

Technical information:

Input Voltage: 200~240 VAC...50/60Hz

Power consumption: 9,3W

LED type: 5050 SMD

LED quantity: 30pcs

Lumen Output: 400Lm, 131Lm*

* = when Emergency exit label is mounted

Battery: Ni-CD 800mA 7,2V

Emergency duration: 60 minuts max.

Full in compliance with EN60598-1, EN60598-2-22, EN55015, EN61547,

EN61000-3-2 and EN6100-3-3

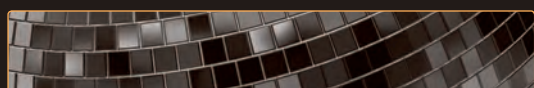

Emergency light comes including 3 types of emergency exit labels.

Dimensions: 302 x 150 x 52mm

IP Rating: IP-65

Housing: ABS Plastic

Weight: 1,03Kg

DWE Audience Blinder Set

30742

A compact, versatile and powerful blinder set.

The Par 36 120V/650W lamp is integrated into the compact Studiobeam housing.

The two Blinders are connected to the break-outbox by dedicated connectors.

A great blinder effect for professional use.

Please note that this is a blinder effect. The lamp is not suitable for continuous illumination.

Delivery as set including 2 pieces Compact Studiobeam, breakout box and lamps. Ready to use.

Technical information:

Power supply:	230V / 50 Hz
Power consumption:	1300W
Lamp:	Par 36 120V/650W DWE

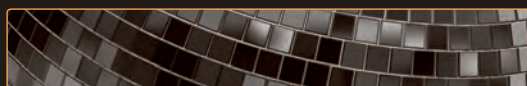

Sunstrip II

30659

This is the bigger brother of the Sunstrip 1, a 700 Watt blinder for 20 x MR-11 12V-35W lamps (2000 hours). 2 x 50 mm side-pipes for assembly and 2 floorstands are included. Bulbs not included.

Technical information:

Lamp:	20 x MR11 12V/35W (not included)
Dimensions:	Without assembly-pipes: 1260 x 59 x 55 mm (LxWxH)
With side-pipes:	1390 x 59 x 55 mm (LxWxH)
On floorstand:	1390 x 100 x 124 mm (LxWxH)
Weight:	7,5 kg

Stage Blinder 4 Blaze

30781 IP Rated

The Showtec Stage Blinder 4 Blaze is an old-school audience blinder effect in a complete new jacket. The 4 heads are individual equipped with 1 piece of 100 Watt Dual White COB LED's to create a very punchy blinding effect. Besides that have we added a special RGB Blaze background effect with strobe function and color macros to give an extra dimension to this fixture. Due to the IP65 housing is this Blinder Blaze is an ideal fixture for television broadcasts, concerts, fashion shows or any type of event from awards to outdoor festival.

Technical information:

Light Source	4 x 100W Dual-White COB,	Strobe freq.:	0-20Hz
LED System:	SMD RGB Blaze	Pod movement:	+/- 20° stepless
Color temperature:	2100-3200K	Beam Angle:	39 degrees
Output:	18500lm	Field Angle:	78 degrees
Refresh rate:	4.000 Hz	Physical Dimensions:	400 x 400 x 215 mm
Electrical Power Supply:	100-240VAC, 50/60Hz	Weight:	11,0 Kg
Power Consumption:	400W Max	Housing:	Metal
Control		Color:	Black powder coated
Control Mode:	Auto, Sound, Master/Slave, DMX512	Power Connectors:	PowerCon True1 in-and output
DMX channels:	2, 7, 9, 20, 23, 27 Channel Mode	DMX Connectors:	XLR 3pole In/Out
Optical system		Safety	
Dimmer:	0-100%	Operation temperature:	-5-45°
		Protection rate:	IP65

SPECIAL FEATURES:

- Very Punchy 4 head Blinder
- RGB Blaze effect
- Manually Pan and Tilt adjustment of each head
- PowerCON TRUE1 in and output

Stage Blinder 2 Blaze

30782 IP Rated

The Showtec Stage Blinder 2 Blaze is an old-school audience blinder effect in a complete new jacket. The 2 heads are individual equipped with 1 piece of 100 Watt Dual White COB LED's to create a very punchy blinding effect. Besides that have we added a special RGB Blaze background effect with strobe function and color macros to give an extra dimension to this fixture. Due to the IP65 housing is this Blinder Blaze is an ideal fixture for television broadcasts, concerts, fashion shows or any type of event from awards to outdoor festival.

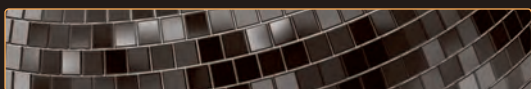

Technical information:

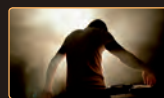

Light Source	2 x 100W Dual-White COB,	Strobe freq.:	0-20Hz
LED System:	SMD RGB Blaze	Pod movement:	+/- 20° stepless
Color temperature:	2100-3200K	Beam Angle:	45 degrees
Refresh rate:	4.000 Hz	Field Angle:	84 degrees
Electrical Power Supply:	100-240VAC, 50/60Hz	Physical Dimensions:	400 x 200 x 210 mm
Power Consumption:	210W Max	Weight:	5,5 Kg
Control		Housing:	Metal
Control Mode:	Auto, Sound, Master/Slave, DMX512	Color:	Black powder coated
DMX channels:	2, 5, 7, 10, 13, 17 Channel Mode	Power Connectors:	PowerCon True1 in-and output
Optical system		DMX Connectors:	XLR 3pole In/Out
Dimmer:	0-100%	Safety	
		Operation temperature:	-5-45°
		Protection rate:	IP65

SPECIAL FEATURES:

- Very Punchy 2 head Blinder
- RGB Blaze effect
- Manually Pan and Tilt adjustment of each head
- PowerCON TRUE1 in and output

Stage Blinder 2 DMX

30770 Black

The Stage Blinder 2 DMX is an active version of the already popular Stage Blinder 2. It has a built-in 1 channel dimmer so that the Stage Blinder can be controlled and dimmed by DMX.

Technical information:

Voltage: 240V/50 Hz
Power: 1300W
Lamp: 2 x Par 36 120V/650W (DWE) Included
Control: DMX
Dimensions: 350 x 235 x 150 mm (LxWxH)
Weight: 2,96 kg

Cables, sockets and lamps included.

Stage Blinder 4 DMX

30772 Black

The Stage Blinder 4 DMX is an active version of the already popular Stage Blinder 4. It has a built-in 2 channel dimmer so that the Stage Blinder can be controlled and dimmed by DMX.

Technical information:

Voltage: 240V/50 Hz
Power: 2600W
Lamp: 4 x Par 36 120V/650W (DWE)
Control: DMX
Dimensions: 490 x 425 x 110 mm (LxWxH)
Weight: 7 kg

Cable, connector and lamps included.

Stage Blinder 8 DMX

30774 Black

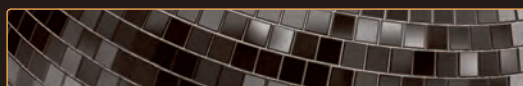

The Stage Blinder 8 DMX is an active version of the already popular Stage Blinder 8. It has a built-in 4 channel dimmer so that the Stage Blinder can be controlled and dimmed by DMX with groups of 2 bulbs. Please note that because of the high power consumption of 8 x PAR 36 DWE this unit has 2 power inputs to split the power.

Technical information:

Voltage: 240V/50 Hz
Power: 2 x 2600W
Lamp: 8x Par 36 120V/650W (DWE)
Control: DMX
Power socket: fixed cable without plug
Dimensions: 840 x 355 x 110 mm (LxWxH)
Weight: 11 kg

Cables, sockets and lamps included, unit is equipped with 2 separate power inputs

Technical information:

Light Source	7x3W (CREE LEDs)	Field Angle:	4 degrees
LED System:		Pixels:	1x7
Drive Current:	630mA	Pixelpitch:	60mm
Color temperature:	3200K		
Refresh rate:	400Hz		
Electrical		Physical Dimensions:	500 x 105 x 130 mm included bracket
Power Supply:	100~240VAC, 50/60Hz	Weight:	2.3 Kg
Power Consumption:	30W Max	Housing:	Metal
Control		Color:	Black powder coated
Control Mode:	Auto, Sound, Master/Slave, DMX512	Power Connectors:	Blue/White Power connector
DMX channels:	1, 6 and 7 Channel Mode	DMX Connectors:	XLR 3pole In/Out
Optical system		Safety	
Dimmer:	0-100%	Operation temperature:	-5~45°
Max strobe freq.:	25Hz	Protection rate:	IP20

BB-7

30744 Beam Bar

The Showtec BB-7 Beam bar is a compact strip equipped with seven 3W CREE LEDs and a color temperature of 3200K.

This bar can be used as an audience blinder or strobe (max 25Hz) and, thanks to the 0-100% dimming capability, it is also very suitable as a light curtain or background effect. Because of the high precision optics, with a beam angle of only 4°, the BB-7 creates an array of intense and razor sharp beams.

This fixture can be controlled by DMX and Propower Blue/White in and outputs take care of firm and easy power connections. The onboard intuitive LCD display allows for a hasslefree mode selection.

SPECIAL FEATURES:

- 7x 3W CREE LEDs
- 4° optics
- 3200K LED
- Compact size

Technical information:

Power Input:	230V 50Hz	Control Display:	4 Digits LED
Power Consumption:	550W	Power Connector:	Neutrik Powercon in- & output
Current:	3,5A	Data Connector:	XLR In/Out (3 Pin)
Fuse:	6,3A	Dimensions:	1000 x 130 x 77 mm
Light Source:	10 x 240V/50W GU10 (included)	Weight:	5.3 Kg
Control:	16 Built in Programs, Sound Active, Master/Slave, DMX	Accessories:	Mounting/Floor brackets (included)
DMX Channels:	1,2,5,10		

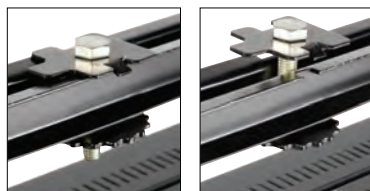

Sunstrip Active MKII

30714 Incl. lamps & Powercon-lead

The Sunstrip Active MKII is the successor of the already popular Sunstrip Active. It is equal to the Sunstrip Active however this version offers you some extra features such as: invert function, opportunity to change the logo in the display into your company name, protection function for the mode button and fast addressing. The Sunstrip Active MKII has four DMX modes: 1 channel, 2 channel, 5 channel and 10 channel. For stand-alone applications, the Sunstrip Active MKII is equipped with 16 built-in patterns as well as a manual dimmer. With its Neutrik Powercon in- and output the Sunstrip is suitable for the most demanding users on the road. For easy mounting the Sunstrip Active MKII is equipped with two Wall/Floor brackets as well as several M10 nuts, in order to put your clamp in any desired position. For optimal creativity we recommend the special multibracket (30713)

SPECIAL FEATURES:

- Including Osram bulbs
- Lockable menu
- Invert function
- Programmable name in start screen

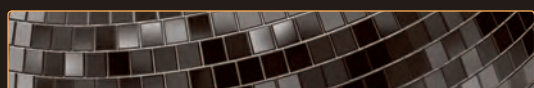

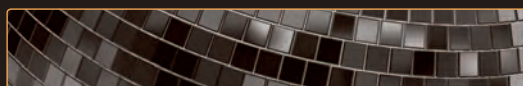

Multibracket for Sunstrip

30713

The Showtec Sunstrip Multibracket enables you to fix fittings in any position: horizontally, vertically and diagonally, allowing you to obtain any spectacular illumination picture that you can imagine. This unique, patented multibracket can be used with Sunstrip and similar 1 mt fixtures. Apart from the advantage of the infinite variety of positions, the positioning of these fittings has never been so easy.

In short, there is nothing that limits you in your light design.

Floodlight HQ-150

30760 Black housing, Symmetric

The Showtec HQ-150 Floodlight is a powerful luminaire and a perfectly suited for facade lighting. This rugged aluminium die-cast housing is equipped with a Philips ballast and a 150W HQI bulb, which provides a beautiful white light at a color temperature of 4200K. Of course, it has a full IP65 rating so that the HQ-150 can safely be used in a hot, dusty as well as humid or wet climate.

Technical information:

Measurements:	360 x 315 x 140 (mm)	Lamp specification	
Type Floodlight:	Symmetric	Bulbtype:	HQI
Powersupply:	AC 230V 50Hz	Power:	150 Watt
Powerconsumption:	150Watt	Color Temp. (K):	4200
Starting Current:	1,5A max	Lumens @ 100Hr (lm):	11,500
Housing material:	die casting aluminium	Warm-up time:	3 min
Housing color:	Black	Hot Restart time:	5 min
IP Rating:	IP65	Voltage:	230V
Weight:	5.5Kg	Socket:	Rx7S
		DE/SE:	Double Ended

Main connector not included!

Floodlight HQ-150

30766 Black Housing, Asymmetric

Technical information:

Measurements:	360 x 315 x 140 (mm)	Lamp specification	
Type Floodlight:	Asymmetric	Bulbtype:	HQI
Powersupply:	AC 230V 50Hz	Power:	150 Watt
Powerconsumption:	150Watt	Color Temp. (K):	4200
Starting Current:	1,5A max	Lumens @ 100Hr (lm):	11,500

SPECIAL FEATURES:

- Rugged design
- Philips Ballast inside
- Bulb included

Vintage Blaze '33

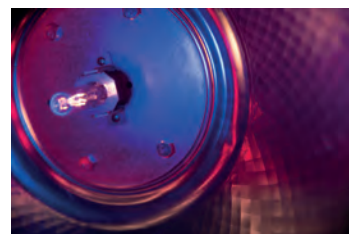

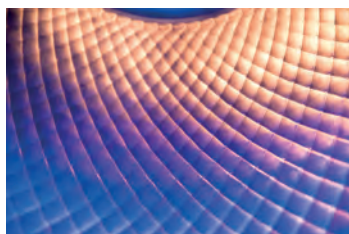

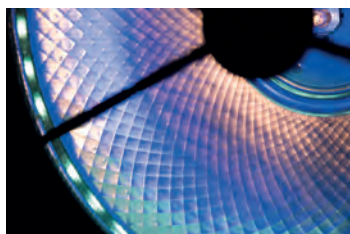

43320 HPL + RGB LED The Vintage Blaze '33 is a great complement for the most creative lighting designs. With the Retro look the Vintage Blaze '33 is ideal for live, theatre and TV applications. In addition to the tungsten lamp, the Vintage Blaze '33 has a RGB LED Blaze background effect with strobe function and colour macros which gives an extra dimension to this fixture. The combination of both light sources can create great spheres on stage and can even be used for blinding FX. The Vintage Blaze '33 can be used in all demanding DMX modes from 1 up to 11 channels. The manual option gives you the opportunity to run the fixture in stand-alone modus.

Technical information:

Light source:		Control protocol:	DMX 512, Static
LED:	5050 RGB	DMX Personality:	1,2,4,11 Ch.
Lampsocket:	GY9.5	Dimmer curves:	Linear, S-Curve, Square, I-Square
Bulb:	HPL-575 (not included)	Physical:	
Electrical:		Dimensions (WxDxH):	450 x 335 x 490 mm
Input voltage:	240VAC, 50/60Hz	Weight:	6.10 Kg
Power consumption @ FO:	620W	Fixture connection:	DMX 3p & 5p In/out, Power In/Out
Control:			
On-board:	Dimmer		

SPECIAL FEATURES:

- Multi employable Retro Design
- 2 Light Sources (Tungsten and RGB LED)
- DMX mode and stand-alone control
- DMX and Powercon in and out for easy daisy chain
- Individual dimmer curves for LED and Tungsten

Vintage Blaze '55

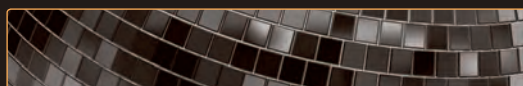

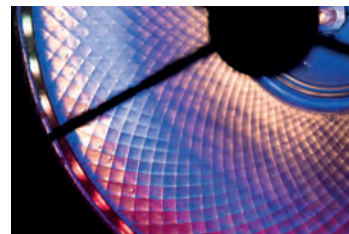

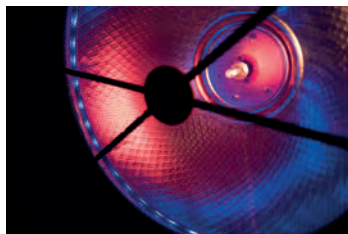

43310 HPL + RGB LED The Vintage Blaze '55 is a great complement for the most creative lighting designs. With the Retro look the Vintage Blaze '55 is ideal for live, theatre and TV applications. In addition to the tungsten lamp, the Vintage Blaze '55 has a RGB LED Blaze background effect with strobe function and colour macros which gives an extra dimension to this fixture. The combination of both light sources can create great spheres on stage and can even be used for blinding FX. The Vintage Blaze '55 can be used in all demanding DMX modes from 1 up to 11 channels. Power consumption @ FO:	640W	Weight:	11Kg
		Fixture connection:	DMX 3p & 5p In/out, Power In/Out

SPECIAL FEATURES:

- Multi employable Retro Design
- 2 Light Sources (Tungsten and RGB LED)
- DMX mode and stand-alone control
- DMX and Powercon in and out for easy daisy chain
- Individual dimmer curves for LED and Tungsten

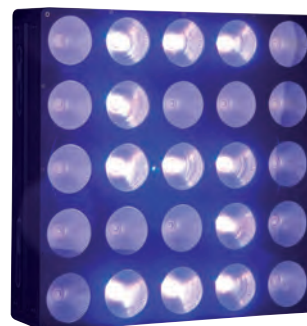

PixelSquare 25COB

41269

The PixelSquare 25 COB is a true full color Matrix in a 5x5 configuration. Each Pixel contains a 9W RGB COB LED combined with dedicated high grade reflectors ensuring maximum output power. The fixture has quick-lock connection on all sides in order to ensure maximum rigging possibilities. The PixelSquare 25 COB can be controlled by DMX in several DMX modes and has a rich pallet of built in programs.

Technical information:

Light Source:
LED Quantity: 25x 3-in-1 RGB COB 9W
Driver current: 750mA
Beam Angle: 55°
Lux@2m: 1650
Pixelpitch: 85mm

Electrical:
Input voltage: 100-240VAC - 50/60Hz
Max. Power: 240W
Operation mode: LCD Display
Control feature: Built-in programs, Auto Running Mode, DMX Mode, Artnet, Master/Slave mode, soundactive mode, static colors.
DMX Channels: 3, 5, 75
Connections: Blue and White Powerconnector, 3&5 Pole XLR Connector

Physical:
Dimensions: 425 x 425 x 153 mm
Weight: 11,2 kg

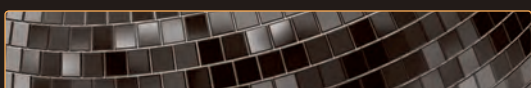

SPECIAL FEATURES:

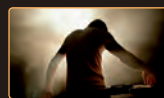

- 9W RGB
- Quicklock connections for rigging
- Built in programs
- COB Technology

Riggingbar for PixelSquare 25COB

41270 up to 8 pieces (vertical)

StageBeam 300/500W

Available models

30530	Fresnel
30531	PC

The Showtec StageBeam 500W Fresnel is a compact theatre spot and is an ideal solution for smaller theatres or other venues.

Don't let budget constraints affect the overall appearance and quality of your show! Not even 3.4kg in weight, the Stagebeam 500W is equipped with a 120mm Fresnell lens which projects a nice uniform beam. It offers a manual zoom from 10° up to 40° and has a gel frame holder as a standard utility.

Barndoors are optional and available under order number 30540

Technical Information

30530	
Lamp socket:	GY9,5
Max Power:	500W
Beam angle:	10° - 40°
Zoom:	Manual
Cable:	80cm silicon cable with schuko plug
Lens diameter:	120mm
Dimensions:	365 x 230 x 180mm
Dimensions gelframe:	168 x 168mm
Weight:	3,38Kg
Housing:	powder coated aluminium and steel
Cooling:	Convection
Protection rating:	IP-20
Operating temperature:	-10°C - 60°C

StageBeam 650/1000W

Available models

30532	Fresnel
30533	PC

The Showtec StageBeam 1000W Fresnel is the larger version of the Stagebeam 500W, so a compact theatre spot and an ideal solution for smaller theatres or other venues.

Just weighing 4,8kg, the Stagebeam 1000W is equipped with a 140mm Fresnell lens which projects a strong uniform beam. It offers a manual zoom from 10° up to 40° and has a gel frame holder as a standard utility. Budget constraints no longer need to affect the overall appearance and quality of your show!

Barndoors are optional and available under order number 30541

Technical Information

30532	
Lamp socket:	GX9,5

Performer 1000 LED MKII

33034 Fresnel, 3100K, 10-60 degree

The Performer 1000 LED MKII the successor of Performer 1000 LED. Redesigned optics and upgraded LED source has increased the output with almost 25%. It is an extremely bright and compact lighting fixture that is suitable for a wide range of professional applications. Fantastic dimming and smooth zoom range provides lighting designers with an incredibly useful lighting tool.

Technical information:

Light Source:	1x COB
LED Qty.:	3A
Drive Current:	600Hz
Refresh rate:	
Electrical:	
Input Voltage:	100~240 VAC
Max. Power:	105W
Control:	
On-board:	Dimmer
Control Protocol:	DMX512
DMX Personality:	1,2,3 Ch
Optical System Dimmer:	0-100%
Manual Zoom:	10° - 60°
Color temperature:	3200K
Physical:	
Dimensions:	324 x 288 x 266 mm
Weight:	6 Kg
Housing:	Extruded aluminium
Color:	Black
Fixture Connection:	DMX in/out, power in/out
Cooling:	Forced air
Environment:	Dry
Operation Temperature:	-20°C ~ 40°C
Output:	
Max. Flux:	4000lm
Peak Intensity:	112500cd
Color Rendering:	>90Ra

SPECIAL FEATURES:

- LED Lightsource
- Wide Electric Zoom Range
- > CRI 90
- Colourtemperature 3200K

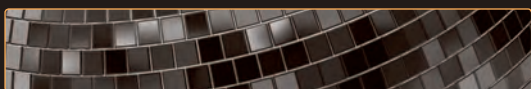

Performer 2000 DDT MKII

33037 Fresnel

The Performer 2000 DDT MKII is a Fresnel wash which can be used on traditional dimming pack allowing you to upgrade your venue to LED fixtures without the need of changing your complete infrastructure. This MKII successor has redesigned optics and upgraded LED source which extremely increased the output. The Performer 2000DDT has an adjustable motorized focus which is easily accessible by the rotary knob on the back of the fixture. Furthermore the Performer 2000 DDT MKII can also run a constant voltage and be controlled by DMX. It offers superb and smooth dimming and an even field of light. The Performer 2000DDT MKII comes including a filter frame. A barndoor is optional available.

Technical information:

Lightsource:	
Source:	1x 250W LED
Refresh rate:	600 Hz to 25 kHz
Lightoutput:	6370 Lumen
Peak intensity:	10333cd
Electrical:	
Input voltage:	100-240V AC
Power consumption:	195W
Control:	
On-board:	Dimmer 0-100%
Dim curve:	Dimm4 technology, 4 presets
Dim resolution:	16bit
Control protocol:	DMX512, Direct Triac
DMX Personality:	1, 2, 5
Optical System:	
Motorized Zoom:	Dimmer 0-100%
Field angle:	13 - 41 degrees 25 - 76 degrees.
Physical:	
Dimensions:	417 x 286 x 260 mm
Weight:	6.6 Kg
Housing:	Extruded Aluminium
Color:	Black

Performer Profile Mini

33081 Black, body without lens

With the Performer Profile Mini we bring you the perfect complement in function and form to our Performer Profile 600 in a tiny fixture that's just one-third the size of the Profile 600. Equipped with a 10W warm white LED, Gobo holder and a four-blade shutter system, it has an extremely clear cutting edge, sharp gobo images and also can create a crystal bright projection effect. The Performer Profile Mini is available in three field angles: 19°, 26° and 36°. Versatile from small to medium applications for bars, pubs, museums, restaurants, and other small scale installations where size matters.

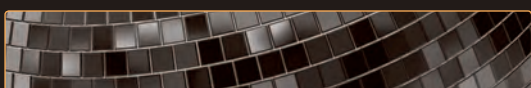

Technical information:

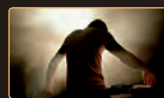

Light source	
LED quantity:	1x 10 W warm white
Max. Flux:	380 Lumen (19°)
Peak Intensity:	6608 cd (19°)
Color rendering:	>85Ra
Color temperature:	3200K
Electrical	
Input voltage:	120-240V
Max. Power:	15W
Drive Current:	1A
Control	
Dimmer:	0-10V Silicon controlled Rectifier
Dimmer:	Directly on triac
Beam angle:	19°/26°/36°Optional
Physical	
Dimensions:	290 x 107 x 236 mm
Weight:	1,6 kg
Housing:	Die-cast aluminium
Color:	Black
Mount Features:	Portable/Track-mount
Cooling:	Forced - Air convection

SPECIAL FEATURES:

- 10W LED Light source
- Directly Triac Dimming
- 0-10V
- Color temperature 3200K

SPECIAL FEATURES:

- 1 x 260W COB
- 3 & 5 pole DMX control
- Colourtemperature 3100K

Performer Profile 600 LED MKIII**33065** Body only

The Profile 600 is engineered as the only real replacement for the tungsten 750W Lamp. Designed as an extremely versatile and rugged piece of lighting equipment. The Profile 600 is ideal for both theatre and rental applications. The body fits all major brand lenses which eliminate the need of exchanging existing lenses. The Profile 600 can be completely controlled by DMX and consumes only 270W at full power.

Technical information:

Light source:	1x 260W COB
LED quantity:	1200Hz
Refresh rate:	10665 Lumen
Max. Flux:	182532 cd
Peak Intensity:	>90Ra
Color rendering:	3200K
Color temperature:	
Electrical:	
Input voltage:	100~240VAC, 50/60Hz
Max. Power:	250W
Control:	
On board: Dimmer:	0-100%
Dim curve:	Dimm4 technology, 4 presets
Physical:	
Dimensions:	720 x 380 x 340 mm
Weight:	9,6 Kg
Housing:	Die-cast aluminium
Color:	Black
Fixture connection:	DMX In/Out, Power In/Out
Cooling:	Forced - Air convection - Silent Fan

SPECIAL FEATURES:

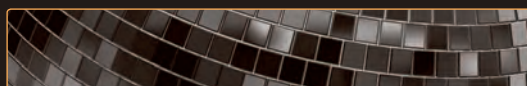

- COB LED Lightsource
- 3 & 5 pole DMX control
- Colourtemperature 3100K
- Dimmable by traditional dimming pack

Performer Profile 600 DDT**33063** Body only

The Showtec Performer Profile 600 DDT is the only real LED-light replacement for a traditional 750W tungsten lamp. This fixture is an extremely versatile and rugged piece of lighting equipment and ideal for both theatre and rental applications. Its body fits all major brand lenses, thus eliminating the need to replace readily available lenses. Another huge advantage of this profile spot is the integrated Digital Dimming Technology (DDT), which allows you to dim the COB LED with a traditional dimming pack. In short: you get all benefits of LED technology without having to change your complete infrastructure. The Performer Profile 600 DDT is completely controllable via DMX and only consumes 270W at full power.

Technical information:

Light source:	1x 250W
LED quantity:	1200Hz
Refresh rate:	6522 Lumen
Max. Flux:	71900 cd
Peak Intensity:	>90Ra
Color rendering:	3200K

MULTI 100-240VAC

**Shark Spot One****45023 60W**

The Showtec Shark Spot One is a professional compact size 60W LED moving spot light. Even though this fixture is relatively small, it still offers great features such as a motorized focus, 3-facet prism, bi-rotating gobos and high-grade dichroic color filters. Because of the sophisticated optical system the Shark Spot One also has an astonishingly bright output.

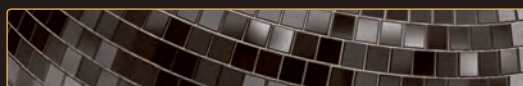

Weighing only 6.2 kg, transport and handling are easy and thanks to only one single mounting clamp, rigging can be done very quickly.

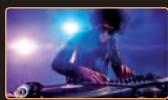

All features and effects, like gobo flow and –shake, strobe and focussing, can be controlled via DMX or with the included IR remote control.

An 8-channel personality allows for a basic light desk control of the Shark Wash Zoom One, and for full control, an extended 14-channel personality is available too. Additionally the master/slave function as well as an on-board 'sound mode' allows for music-controlled shows with no need for programming.

Shark Combi Spot One

45022 30W + 6xRGB

The Shark Combi Spot One: the 2-in-1 moving head within the Showtec Shark family. Ample light output for both wash and spot, combined with 7 gobos and 7 dichroic color filters make this a perfect fixture for mobile DJs, entertainers, bars, clubs, etc. A 30W white LED light source for 11° spot and six 8W RGBW LED's for a 25° wash provides a high level of flexibility in lighting options while saving space in your installation at the same time.

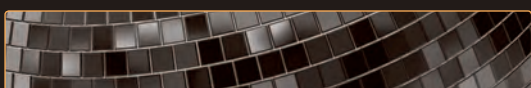

All features and effects, like gobo flow and -shake, strobe and dimming, can be controlled via DMX or with the included IR remote control.

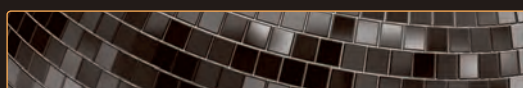

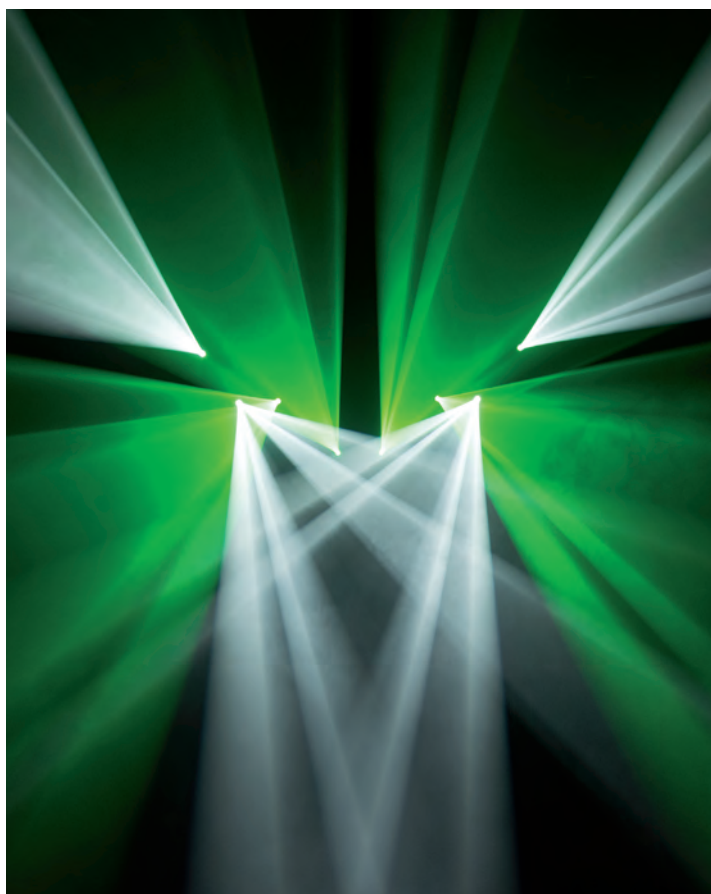

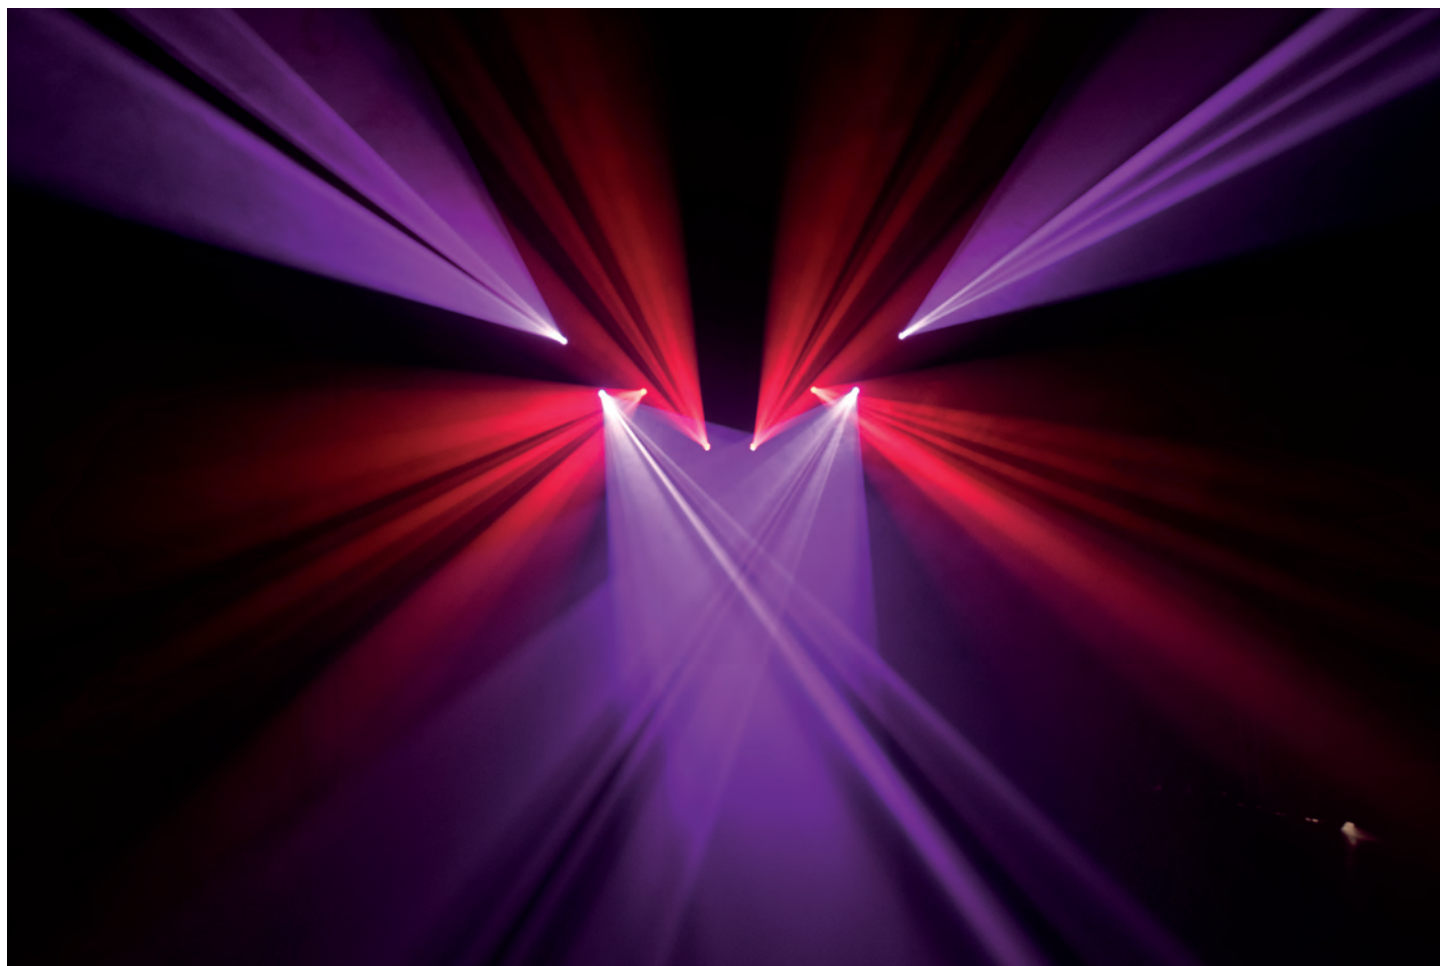

An 8-channel personality allows for a basic light desk control of the Shark Combi Spot One, and for full control, two advanced 19-channel personalities are available as well.

Phantom 65 Spot

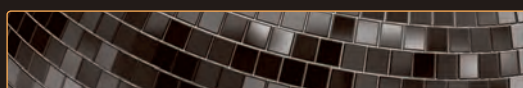

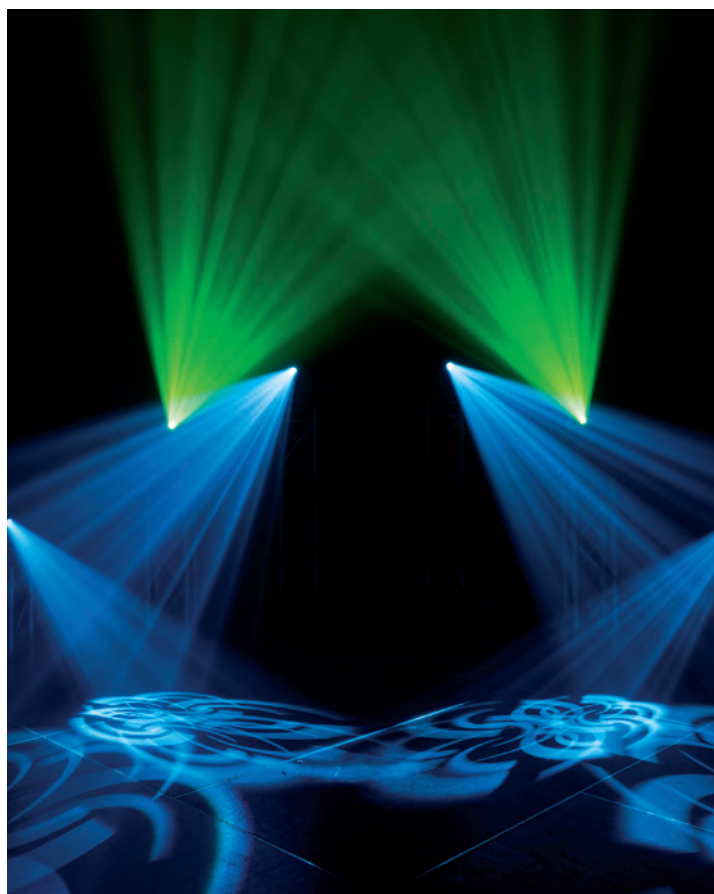

40070

The Showtec Phantom 65 Spot is a very compact multifunctional moving light, specially designed for use on small to mid-sized stages, by DJs and entertainers. It is the ultimate successor to the Phantom Spot 50 and next to its stylish looks, it is just packed with great features. Full 65W white LED light output, 1 glass + 6 metal gobos, with gobo-flow and shake, 8 dichroic-filters + white enabling split colours and rainbow-flow effects, a 3-facet prism and great new optics with adjustable manual focus are all on board. It is just hard to believe that this compact fixture can carry all these features! Thanks to its size and weight of only 6kg, this moving head can be mounted in any position with just one clamp. Also, Powercon and DMX in- and output allow for easy daisy-chaining of the Phantom 65 spot. The Showtec Phantom series, a household name in the entertainment lighting industry, are a range of very reliable fixtures with low power consumption and high performance. Taking into account today's lighting demands, this series offers a range of modern fixtures such as Spot, Wash, Beam, Matrix FX, and Hybrid. Razor sharp beams, colorful matrix effects or spectacular gobo imagery, a Showtec Phantom will, just as any true superhero, never disappoint you.

Phantom 130 Spot

40072

The Showtec Phantom 130 LED Spot is a medium sized, but very powerful moving head, suitable for a variety of venues and applications. This stylishly designed fixture contains a 130 watt white LED light-source, providing an extremely high light output. Fixed and rotating gobo wheels (7 gobos each), seven dichroic-filters + white, the colour wheel and circular and rotating prisms, are all on board. Together with the motorized focus and mechanical zoom, this makes a highly versatile moving head. Like all Phantom fixtures, this spot can be controlled by DMX512 but is also capable of operating in stand-alone mode (Auto, Sound and Manual). Compact, lightweight and versatile; the Phantom 130 LED Spot definitely is a sensible choice for your entertainment lighting needs. The Showtec Phantom series, a household name in the entertainment lighting industry, are a range of very reliable fixtures with low power consumption and high performance. Taking into account today's lighting demands, this series offers a range of modern fixtures such as Spot, Wash, Beam, Matrix FX, and Hybrid. Razor sharp beams, colorful matrix effects or spectacular gobo imagery, a Showtec Phantom will, just as any true superhero, never disappoint you.

Shark Wash One

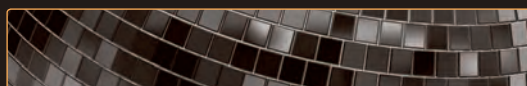

45020 7x 12W Q6

The Shark Wash One is a compact, affordable and reliable wash light for DJs, entertainers, clubs and bars.

Equipped with seven Q6 LEDs, all with RGBWA-UV colors, this small moving head creates countless color mixing possibilities. In addition, specially developed optical lenses ensure an excellent beam projection. Because of its compact dimensions, combined with the 25-degree lenses, the Shark Wash One is very suitable for venues with low ceilings.

Technical information:

- Clear Lens with RGB backlight
- Continuous Pan & Tilt
- IFS Technology

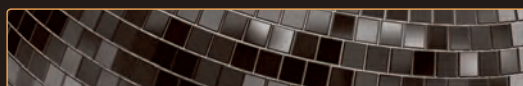

Phantom 120 LED Wash

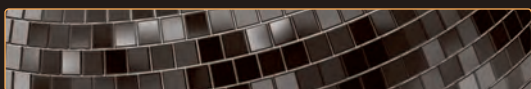

40030

The Showtec Phantom 120 Wash, is RGBW wash moving head with motorized zoom. It is equipped with a high grade clear lens plate with RGB backlight function. This allows the user to combine or alternating the wash effect with the backlight colors to create more dramatic effects. Both wash and backlight LEDs are independently controllable in color-mix, dimmer, strobe and have their own preset colors to get total control. It also has IFS Technology which helps to combine light fixtures with similar functions to get synchronized. This makes it easy to program similar colors, programs, strobes, and speed. Another great functionality is the continuous pan & tilt rotation. Together with the IFS function the Showtec Phantom 120 Wash gives progressive light designers a cost effective solution with unlimited possibilities.

Certification:	CE
Max. ambient Temp.:	40°C

SPECIAL FEATURES:

- 2-in-1 Beam effect
- Rotating lens dish
- Easy rigging
- Built-in rotate macros

Juno

45052

The Showtec Juno is an effect moving head which creates 6 razor sharp beams that can be twisted and turned by the rotating lens dish. This creates new spectacular visual effects, once they are all combined together a strong fat beam will be generated. It has a special light pipe optic system to realize smooth color mixing in both separate as the combined beam. The Showtec Juno is designed in a compact housing and can be easily rigged with only one clamp. This hybrid moving head effect is ideal to create a beam show as well as visual effects with only one fixture.

Technical information:

Phantom 3R Hybrid

40074

The new Showtec Phantom 3R Hybrid is here and its name says it all: this is the true all-rounder from the top selling Showtec Phantom series.

A moving head that combines a spot and beam, and can even act as a wash light with the built-in frost filter.

Whether on stage or as a fixed effect light in any entertainment venue, this fixture will ensure that all your lighting requirements are met.

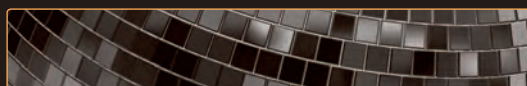

The Phantom 3R Hybrid is equipped with one colour wheel, offering both saturated and pastel colours, motorized focus, zoom and both fixed and rotating gobo wheels. The circular and linear overlapping prisms, combined with a 3R YODN discharge lamp, provide impressive projections and beautiful mid-air effects.

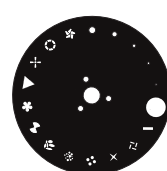

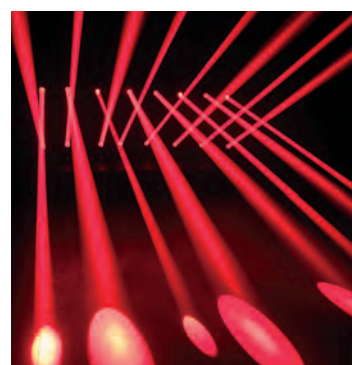

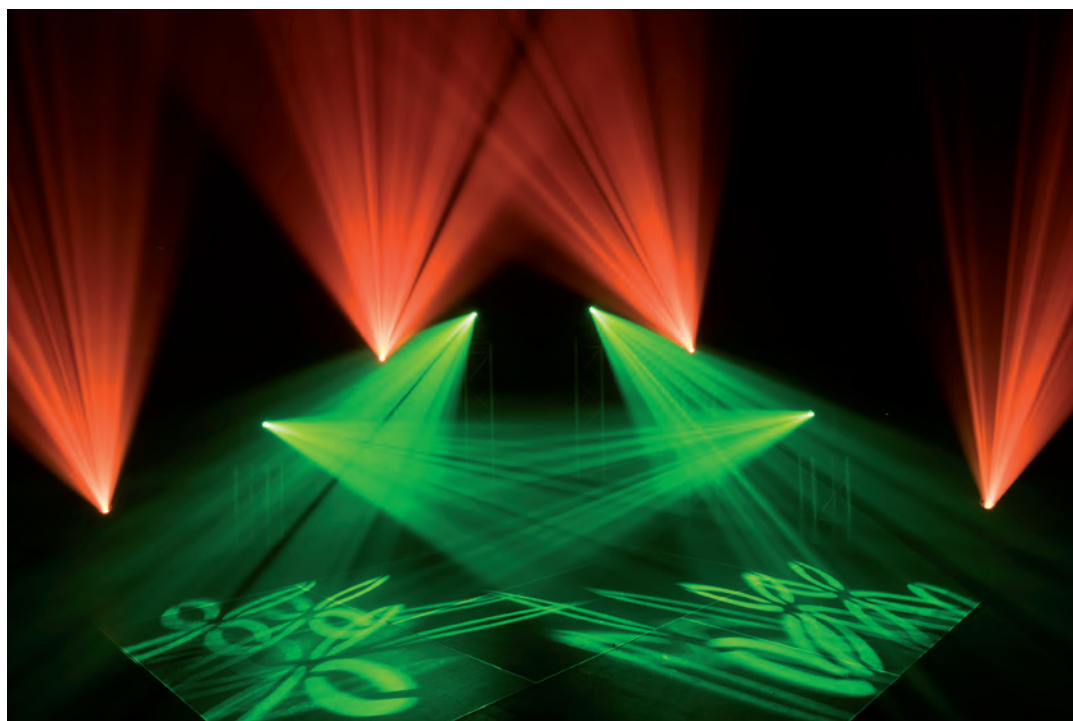

The Phantom series includes a range of very reliable fixtures with high performance and yet low power consumption. It offers you all capabilities and functionalities to handle today's lighting requirements. Spot, wash, beam, matrix FX or Hybrid – Showtec Phantom is the perfect choice!

Wireless DMX upgrade kit, External Antenna

MOD40074 Phantom 3R Hybrid (Wireless Solutions Sweden)

The Wireless DMX Upgrade for Phantom 3R Hybrid is an upgrade set which includes all the necessary components for receiving wireless DMX in a 2,4GHz band, compatible with our Wireless Solutions DMX Transmitters.

The receiver must be linked and unlinked by the transmitter in order to communicate. It is possible to link multiple receivers to one transmitter.

The presence of the wireless communication is indicated by the blinking data symbol in the display.

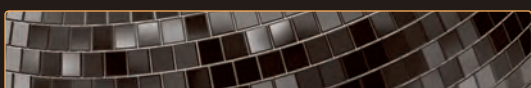

This upgrade contains an external omnidirectional antenna to ensure the best possible signal strength in a crowded ether.

Technical information:

The Wireless DMX Upgrade set contains:

- * G5 W-DMX receiver PCB
- * Antenna cable
- * connection cable
- * 2 dBi Indoor mini antenna
- * mounting materials

NOTE: to prevent voiding the warranty, this upgrade must be executed by an authorized distributor

SPECIAL FEATURES:

- Optional WDMX
- Fast gobo and colour wheels
- 8- facet Circular rotating prism
- Motorized Focus and Frost

Phantom 3R Beam

40076

The Showtec Phantom 3R Beam is a compact yet powerful moving head with a 3R 150W discharge lamp from YODN. And with its narrow beam angle of only 3.5 degrees, it is ideal for combined use with other high-power light effects.

With this fixture, you can create a huge variety of stage effects, thanks to 14 colors + white, split colors and rainbow-flow effects, gobo, prism and focus. By using the frost filter, you even can turn the beam into a wash light.

The Phantom series includes a range of very reliable fixtures with high performance and yet low power consumption. It offers you all capabilities and functionalities to handle today's lighting requirements.

Spot, wash, beam, matrix FX or Hybrid – Showtec Phantom is the perfect choice!

Wireless DMX upgrade kit, External Antenna

MOD40076 Phantom 3R Beam (Wireless Solutions Sweden)

The Wireless DMX Upgrade for Phantom 3R Beam is an upgrade set which includes all the necessary components for receiving wireless DMX in a 2,4GHz band, compatible with our Wireless Solutions DMX Transmitters.

The receiver must be linked and unlinked by the transmitter in order to communicate. It is possible to link multiple receivers to one transmitter.

The presence of the wireless communication is indicated by the blinking data symbol in the display.

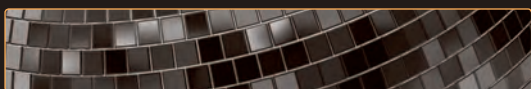

This upgrade contains an external omnidirectional antenna to ensure the best possible signal strength in a crowded ether.

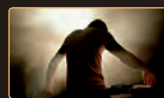

Technical information:

The Wireless DMX Upgrade set contains:

- * G5 W-DMX receiver PCB
- * Antenna cable
- * connection cable
- * 2 dBi Indoor mini antenna
- * mounting materials

NOTE: to prevent voiding the warranty, this upgrade must be executed by an authorized distributor

Phantom Matrix FX

40062

The Showtec Phantom Matrix FX: complete your light show with great visuals and stunning light animations!

This 5x5 matrix moving head is equipped with 25 x 4W RGBW LEDs, 45° square optics and is fully pixel controllable.

The 10- and 18-channel personalities, character and alphabet presets as well as colorflow macros enable non-professional users to operate this fixture easily.

A 118-channel personality is available too, allowing full pixel control for the advanced light designers.

The Matrix FX incorporates IFS Technology, which helps light designers to synchronize effects when used in combination with other IFS fixtures. The programming efforts for generating similar colors, strobes, and rhythmic changes are thus considerably simplified. In all personalities, color presets and programs, built-in animations, gobos and characters are selectable via DMX. A diffuser screen is also included, which allows improved animation views.

The Phantom series includes a range of very reliable fixtures with high performance and yet low power consumption. It offers you all capabilities and functionalities to handle today's lighting requirements.

Spot, wash, beam, matrix FX or Hybrid – Showtec Phantom is the perfect choice!

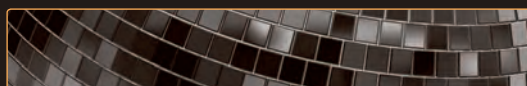

Technical information:

SHARK

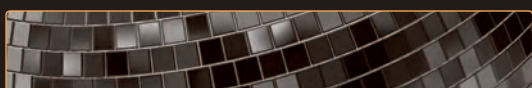

by Showtec dangerously cool moving heads

 **SHARK SERIES**

Showtec Shark is a new series of compact sized moving heads with excellent features and an impressive output; a perfect lighting solution for mobile DJs, musicians, pubs, and bars. The Shark series offers a range of intelligently designed fixtures which are easy to use by professional and non-professional users alike. Versatile macros and integrated sound-active programs are features that will enable you to create amazing shows without the need for complex programming. All Showtec Shark moving heads are equipped with IFS Technology, allowing users full control of various Shark fixtures within a single setup.

These fixtures should not be used underwater!

SPECIAL FEATURES:

- 6x 10W RGBW LEDs
- 60mm 5° Optics
- Continuous Pan
- IFS Technology

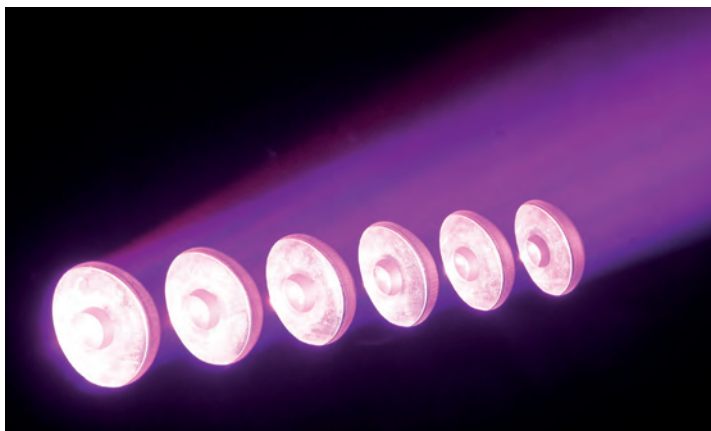

Phantom 60 LED Bar

40061

The Phantom 60 LED Beam is a moving batten with 6 pcs 10W RGBW LEDs. It has continuous rotating on the pan movement and pixel control. The 60mm 5° optics creating a smooth flat light beam with a consistent color mix. It is equipped with IFS Technology which helps to combine IFS light fixtures with similar functions to get synchronized. This makes it easy to program similar colors, programs, strobes, and speed. The Phantom 360 LED Beam is moving head effect which can be applied as tool for light designers to create colorful sweeping light shapes.

LED Police Light

30862

The Showtec LED Police light brings new life in this retro effect by using a LED light source. It has the looks of the conventional effect but without the need of replacing bulbs. It is a plug and play effect.

Technical information:

Power supply:	AC 100-240V - 50/60 Hz
Power consumption:	3,2 Watt
LED system:	48x 5mm White LEDs
Control:	N/A
Operation mode:	Cont. rotating
Dimensions:	Ø155 x 155
Weight:	0,42 Kg

Scat Moon

43084

The Showtec Scat Moon is a RGBW plug and play LED moonflower. It is a high power cost effective moonflower with two sound settings, color sensitivity and speed sensitivity. Be surprised by the bright colors, powerful output and wide beam angle of this basic light effect.

Technical information:

Power Input: 230V / 50 Hz
Power Consumption: 5W
Light Source: 18 x 5mm LEDs (red green blue white colors)
Beam angle: +/- 50 Degrees
Control: Sound sensitivity, Color & Speed
Power Connector: IEC
Dimensions: 260 x 150 x 125mm
Weight: 0.9 Kg

SPECIAL FEATURES:

- Wide beam angle
- Plug & Play
- RGBW Colors
- High output

DMX **R G B W** **STROBE** **DUAL**
CONTROLLABLE COLOUR EFFECT 110V/230V

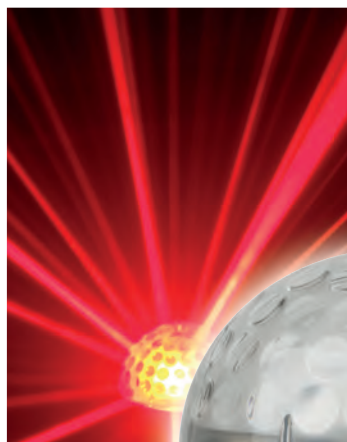

Disco Star

43088

The Showtec Disco Star is a very compact but powerful plug-and-play effect. It has 3 pieces of 3-in-1 LEDs that generate the colors red, green, blue, purple, white, yellow, cyan. The lenses are integrated in a transparent cover that not only create beams in a range of 140° but also give the housing a nice glow. The Disco Star has no moving parts at the outside, the movement of the beams is generated internally, this is more save and will secure a long lifetime. It is a full option light effect with built-in programs, static colors, DMX control, Master/Slave option and sound active mode. If you are looking for a compact Disco effect then ask your dealer for a demo and convince yourself with this little power effect.

Technical information:

Power Input: 100-230V 50/60 Hz
Power Consumption: 20W
Light Source: 3 x 3W RGB 3-in1
Control: Auto, Sound, Custom, Master/Slave, DMX
DMX Channels: 4
Control: Dipswitch
Power Connector: 1,6m cable, schuko
Data Connector: In/Out (XLR 3 Pin)
Dimensions: 180 x 180 x 165 mm
Weight: 0,9 Kg

SPECIAL FEATURES:

- 3 x 3 Watt RGB 3-in1 LEDs
- 140° coverage
- No external moving parts
- Glow and beam effects due to transparent housing

DMX **STROBE** **3 in 1** **DUAL**

Airwolf

43164

The Showtec Airwolf is a powerful multi light effect that includes 6 adjustable rotating RGBW beams, a round strobe effect and a red/green pattern laser on a rotating base. You can adjust each head separately to cover a large area with narrow sharp beams. The strong SMD strobe and pattern laser are the finishing touch to this effect. Let you inspire by the cool creations that this effect can create. The fixture is easy to control by DMX or using the automated and sound activated programs.

Technical information:

Power input: 100-240V 50/60z
Power consumption: 52W (Full output)
Control: Auto, Sound, Master/Slave, DMX 512
DMX Channels: 3,16
Control Display: 4 Digits LED
Coverage angle: 360°
Rotating speed: 2 – 19 RPM
Power Connection: IEC
Data Connector: 3 pole XLR (In/Out)
Dimensions: 390 x 390 x 230 mm
Weight: 4,0 Kg

Blade Runner**43086**

The Showtec Blade Runner is a LED light-effect with 4 separate outputs that creates a wide range of beams and will cover a big size dance floor. It is equipped with IMC, Intelligent Music Control, this is a special sound-to-light module that reacts to your music like a real light-jockey. If you are playing easy-listening music different nice slow patterns will be selected. If you are playing party music the IMC will select uplifting patterns to entertain your audience. It is a full option light effect that can be controlled by 2 different DMX modes, has custom settings and can be used as plug-and-play effect with the built-in programs or IMC module. Two big advantages of the Blade Runner are long LED lifetime and no moving parts inside, which makes the unit maintenance free.

Technical information:

Power Input:	100-230V 50/60 Hz
Power Consumption:	40W
Light Source:	256 Ultra bright 5 mm LEDs (R:64, G:64, B:64, W:32, A:32)

Double3 Derby LED Q6

43160

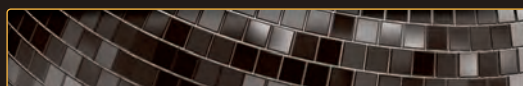

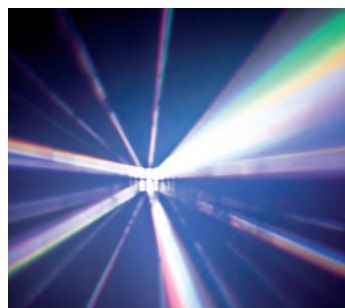

The Showtec Double3 Derby LED Q6 is the latest addition to the legendary Derby light effects ... get the party started!

This upgraded and modernized version of the classic Derby contains two rows of 8 triple lenses, able to project 48 razor sharp beams. Powerful 6-in-1 (RGBW-CA) LEDs ensure a range of vivid colors and a great color-mix.

Thanks to the dynamic and very precise 'music-to-light' functionality, the Double3 Derby Q6 will get any audience in the mood to party all night long.

Technical information:

Light Source	2 x 12W LED (Red, Green, Blue, Cyan, Amber, White)	Physical Dimensions:	320 x 320 x 210 mm

Small Mushroom LED Q6

43159

The Showtec Small Mushroom LED Q6: not just a true evergreen among the light effects by chance! Since the 90's, this light effect has been one of the most popular units on the market. Still today, the Small Mushroom remains to be an indispensable light effect for every party or bar! Outdated technology has been replaced by state-of-the-art LED technology and powerful 6-in-1 (RGBW-CA) LEDs now offer the classic mushroom effect in brighter and livelier colors than ever before.

The Small Mushroom LED Q6 is equipped with a sound control processor, which ensures a dynamic and very precise 'music-to-light' functionality.

Technical information:

Light Source
LED System: 2 x 12W LED (Red, Green, Blue, Cyan, Amber, White)

Techno Derby

43156

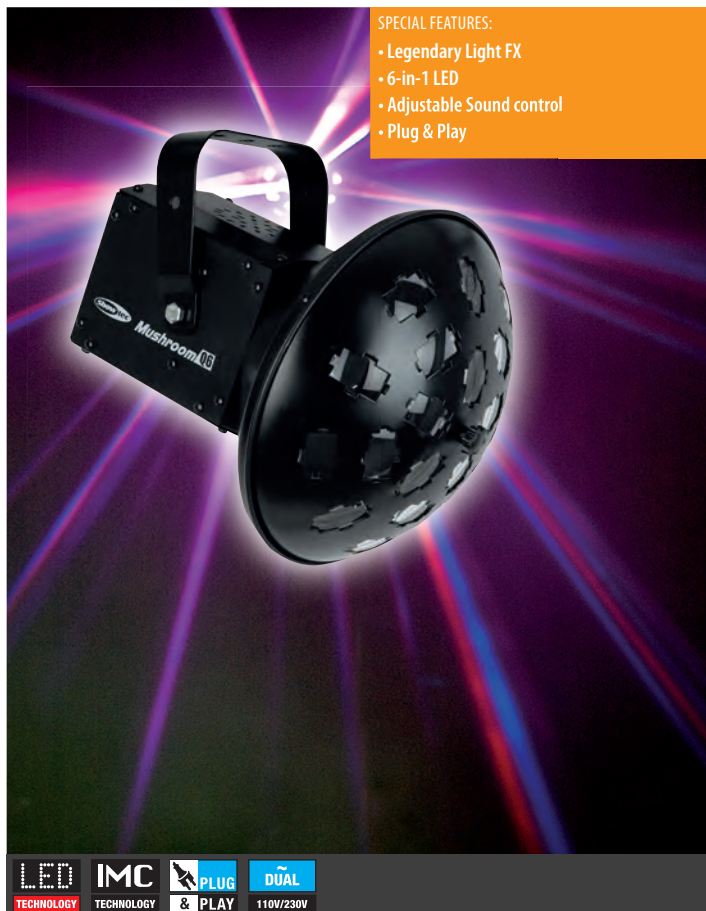

The Showtec Techno Derby is a 2-in-1 light effect that combines 16 powerful white strobe LEDs, with a 4x3 Watt RGBW LED effect. The 2 effects can be selected separately in auto or music controlled programs. It can also be controlled by DMX to give you full control of all features. The strobe has 16 sections with different preprogrammed patterns. All RGBW colors can be selected individually or in many preprogrammed combinations. If you have multiple Techno Derby's the master/slave function can be used to create a synchronized lightshow. If you need one solution to get a Strobe and a colorful LED light effect with full control of all features, the Showtec Techno Derby is what you are looking for.

Technical information:

Dominator

43153 3-in-1 Light effect

The Showtec Dominator is a 3-in-1 light effect that combines 8 powerful white strobe LEDs, a 200mW RG laser module and 3Watt RGBWA LED effect. All 3 effects can be selected separately in auto or music controlled programs. It can also be controlled by DMX to give you full control of all features. The RG laser has many versatile grating & burst effects and is equipped with a key lock and remote interlock. The strobe has 8 sections with different preprogrammed patterns. All RGBWA colors can be selected individually or in many preprogrammed combinations. If you have multiple Dominators the master/slave function can be used to create a synchronized lightshow. If you need one solution to get a Strobe, a Laser and a colorful LED light effect with full control of all features, the Showtec Dominator is what you are looking for.

Attention, the laser only works when the interlock connector is connected with a remote interlock (ordercode 51316). You can test if the laser works properly with the included test connector. If you use the laser in public area's a remote interlock is necessary for safety regulations.

Technical information:

General		Safety Features:	Key switch, Interlock, Safety eye
Power input:	100-240VAC, 50/60 Hz	Laser Safety:	EN/IEC 60825-1: 2007
Power consumption:	66W		
Control:	Auto, Sound, Master/Slave, DMX	Strobe effect	
DMX Channels:	9	LED:	8x 1W White
Control Display:	4 Digits LED	Current:	300mA
Power Connection:	IEC in- & output		
Data Connector:	3 pole XLR (In/Out)		
Dimensions:	307 x 200 x 312mm (incl brackets)		
Weight:	3,95 Kg		
Accessories:	2 Keys, Interlock test connector		
LED effect			
Colors:	RGBWA		
Power:	5x3W		
Current:	350mA each		
Laser effect			
Laser Color:	Red, Green		
Laser Power:	200mW (150mW 650nm Red, 50mW 532nm Green)		
Laser Class:	3B		

SPECIAL FEATURES:

- LED, Laser & Strobe Effect
- 200mW RG Laser
- RGBWA Colors
- 8 Power strobe LEDs

X-Terminator

43157 3-in-1 Light Effect

The Showtec X-Terminator is a 3-in-1 light effect that combines 12 powerful white strobe LEDs with a 130mW RG laser module and a double RGBWA moonflower effect. All 3 effects can be selected separately in auto or music controlled programs. It can also be controlled by DMX to give you full control of all features. The RG laser has many versatile grating & burst effects and is equipped with a key lock and remote interlock. The strobe has 12 sections with different preprogrammed patterns. One moonflower has RGB colors and the other is BWA. The X-Terminator combines 3 great effects with vivid colors to bring you a total lightshow in a compact housing.

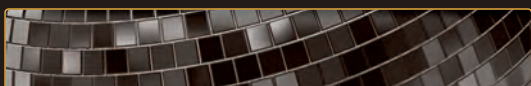

Technical information:

Power input:	100-240VAC, 50/60 Hz
Power consumption:	36W
Control:	Auto, Sound, Master/Slave, DMX, IR-remote
DMX Channels:	2, 11
Control Display:	4 Digits LED
Power Connection:	IEC in- & output
Data Connector:	3 pole XLR (In/Out)
Dimensions:	290 x 196 x 98mm (excl brackets)
Weight:	2,4 Kg
Incl accessories:	2 Keys, Interlock test connector, IR-remote
LED effect	
Colors:	R,G,B & B,W,A
Power:	6x3W
Current:	300mA
Laser effect	
Laser Color:	Red, Green
Laser Power:	130mW (100mW 650nm Red, 30mW 532nm Green)
Laser Class:	3B
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1: 2007
Strobe effect	
LED:	12x 0,5W White
Strobe:	0-30Hz

SPECIAL FEATURES:

- Moonflower, Laser & Strobe Effect
- 130mW RG Laser
- RGBWA Colors
- 12 strobe LEDs

SPECIAL FEATURES:

- Intelligent Music Control
- 10W RGBW 4-in1 LED
- IEC In- and output
- Auto and sound programs selectable by DMX

DMX CONTROLLABLE STROBE EFFECT 4 in 1 TECHNOLOGY DUAL 110V/230V

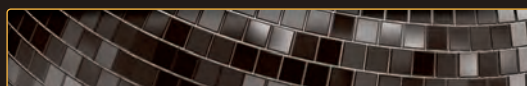

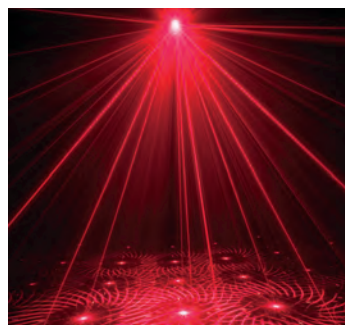

Cyclone 4**43087 Compact dynamic led effect**

The Cyclone 4 is a compact dynamic light effect with a big coverage on the dance floor. It has a 4-in-1 10W RGBW LED light source and creates laser-sharp beams by 8 optimized lenses. The Cyclone 4 is equipped with IMC, Intelligent Music Control, this is a special sound-to-light module that reacts to your music like a real light-jockey. If you are playing easy-listening music, nice slow programs will be selected. If you are playing party-music the IMC will select the uplifting programs and different strobe patterns to entertain your audience. The Cyclone also has built-in programs and If you like to control it yourself you can use the DMX mode. DMX control will give you full control over Operation mode, Colors, Strobe and Motor speed. It is very user-friendly due to the menu with 4 digit display. DMX & IEC in- and output with the Master/Slave mode will make this unit easy linkable.

Technical information:

Power Input: 100~240VAC, 50/60 Hz
 Power Consumption: 36W
 Light Source: 1 x 10W 4-in1 RGBW Chip
 Control: Auto, Sound, Custom, Master/Slave, DMX
 DMX Channels: 4
 Control Display: 4 Digits LED
 Power Connector: IEC In/Out
 Data Connector: In/Out (XLR 3 Pin)
 Dimensions: 270 x 248 x 200 mm (excl. bracket)

Weight: 3,6 Kg
 Optional Accessories: IEC cables, 90465, 90466, 90446
 Easy Preset Controller: 43098

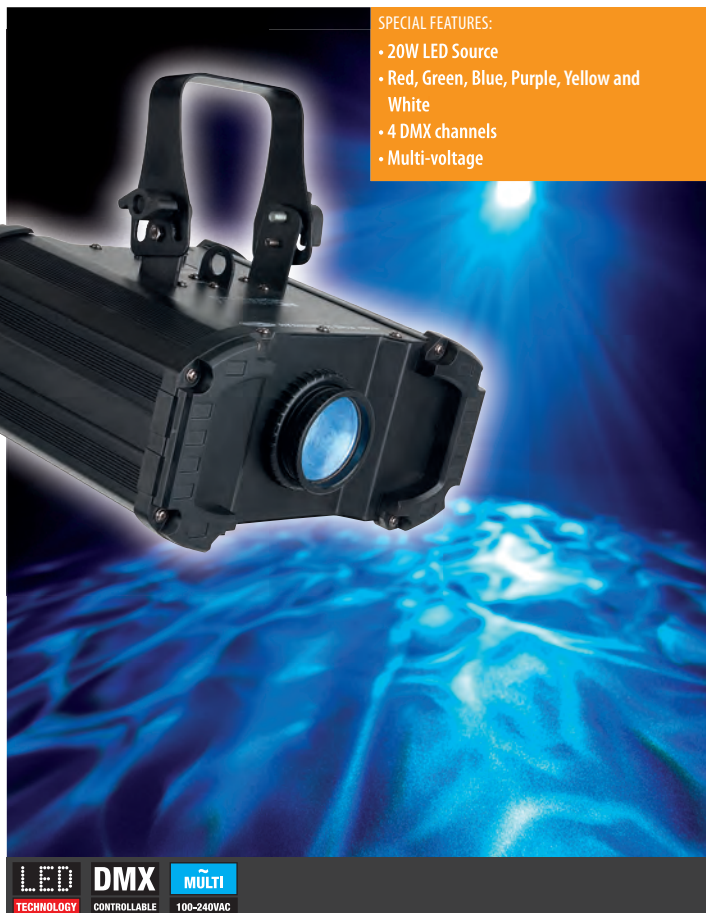

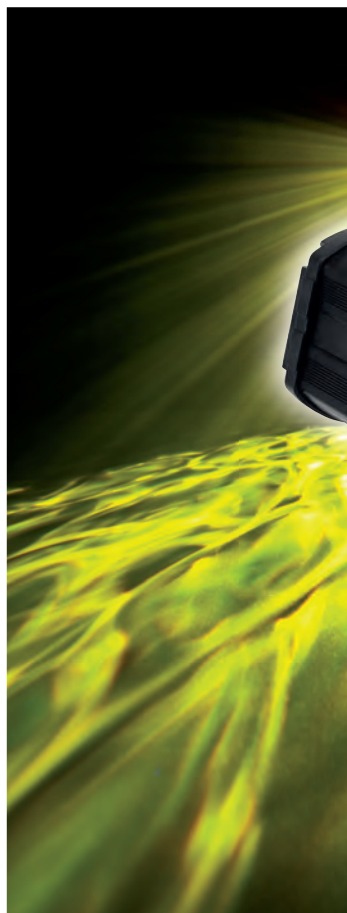

Hydrogen DMX MKII

43151

The Showtec Hydrogen DMX is the bigger brother of the Hydrogen. It has a DMX interface and a stronger light output due to the 20W LED source. Both colors and water projection can be fixed or scrolling. If the colors are set to scrolling it makes the color change Red, Green, Blue, Purple, Yellow and White.

Technical information:

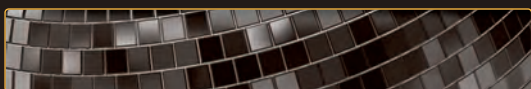

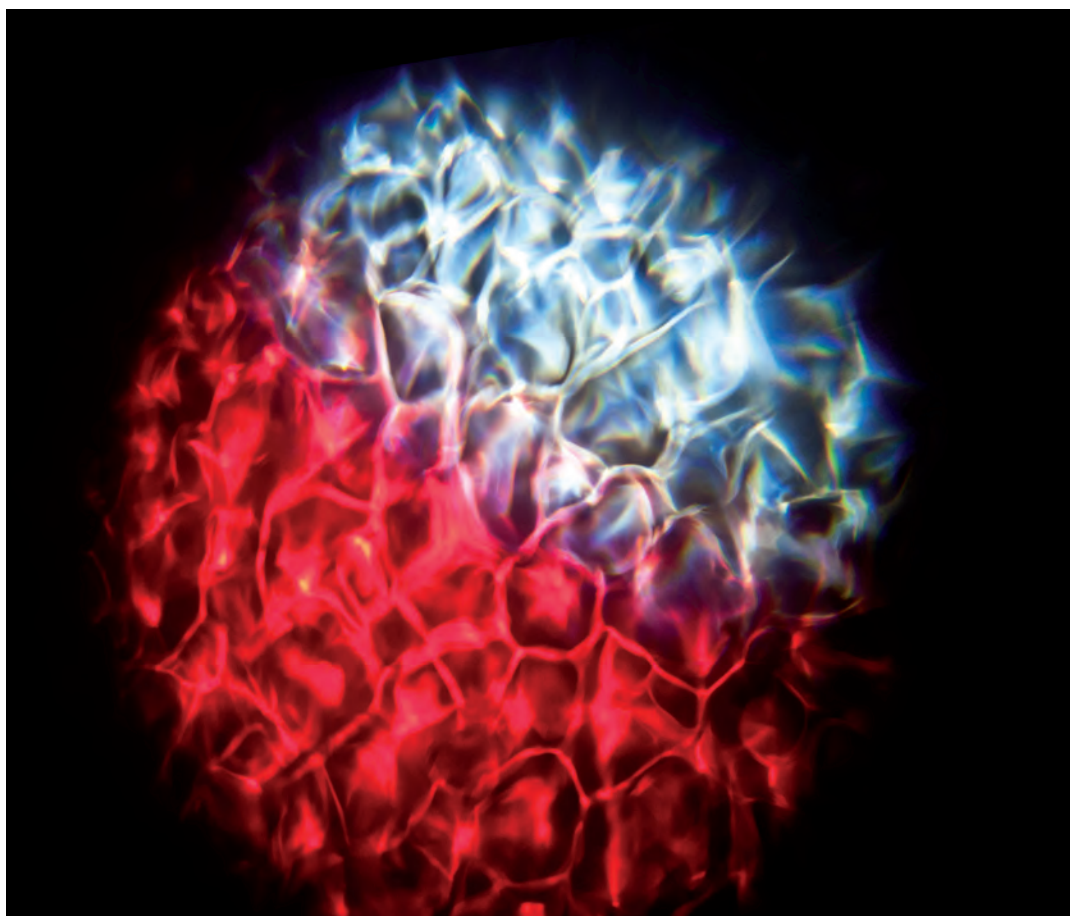

Power Input:	100-240VAC, 50/60 Hz
Power Consumption:	35W
Light Source:	1 x 20W LED
Beam angle:	25 Degrees
Control:	Auto, Custom, Master/Slave, DMX
DMX Channels:	4
Control Display:	4 Digits LED
Power Connector:	IEC In/Out
Data Connector:	In/Out (XLR 3 Pin)
Dimensions:	267 x 231 x 122 mm (excl. bracket)
Weight:	3,5 Kg
Optional accessories:	IEC couple cables, 90465, 90466, 90446

SPECIAL FEATURES:

- 20W LED Source
- Red, Green, Blue, Purple, Yellow and White
- 4 DMX channels
- Multi-voltage

LED TECHNOLOGY DMX CONTROLLABLE MULTI 100-240VAC

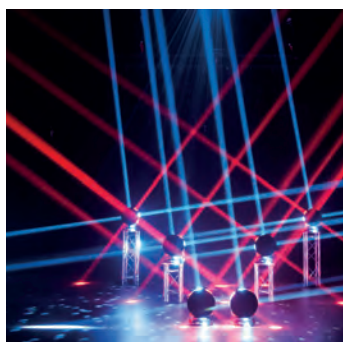

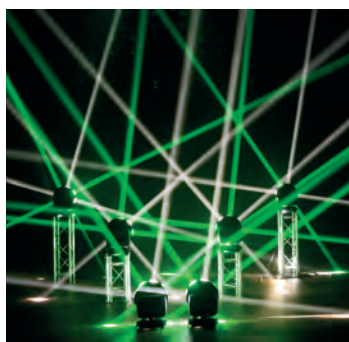

Astro 360 XL

43024 Q4 RGBW

The Showtec Astro Pro is a moving light effect created by a bi-rotating dish with 8 beams. This retro effect brings back old memory's and functions combined with new innovations. The X-axis has continuous rotation as well as the dish, the Y-axis can be moved in 180°. The Astro Pro is equipped with 8 pcs of 12W RGBW LEDs, 3° optics and has full pixel control. The combination of X-Y movements a rotating and pixel control dish gives you endless possibilities in creating new movements and color flows. With the built-in programs you can get the show started directly without advanced programming in advance.

SPECIAL FEATURES:

- Continuous Pan & Tilt movement
- Continuous Bi-directional Dish rotation
- Pixel control
- Powerful 5° beams

Technical information:

Output:
Lumen: 265 lm/each LED
Beam Angle: 5°
Light Source: 8x12W RGBW 4-in-1
Dimmer: 0-100%
Strobe: 0-20Hz

Electrical
Input voltage: 100-240V / 50-60Hz (auto ranging)
Power consumption: 210W at full output

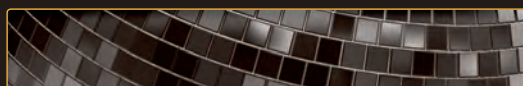

Control
On Board: LCD Display
Mode: DMX, Auto, Master/Slave, Sound, Manual
Control protocol: DMX-512
Control personality: Advanced 52 ch / Basic 20ch

Movement
Pan: 540° and continuous
Tilt: 180° and continuous
Dish: Bi-directional Dish rotation
Pan/Tilt resolution: 16 bit

Special: Pan/Tilt change black out, User selectable Pan & Tilt ranges, 540°/360°/180°, Reverse Pan / Tilt movement

Physical
Color: Black
Housing: Metal & Flame retardant plastic
Fixture connections: XLR 3p Data in/out, IEC in- output
Dimensions: 354 x 354 x 430 mm
Weight: 17.5 Kg

Certification and Safety
IP-Rating: IP-20
Certification: CE
Max. ambient temp: 40°

Galaxy 360

45054

The Showtec Galaxy 360 brings back old times with the advantage of new technologies. It is a moving head with a continuous rotating ball which contains 12 narrow full color beams. It brings back the par 36 move effect but with the advantage of full color and pixel control. The internal color programs will help to create an exciting light show without advanced programming. The Showtec Galaxy 360 is ideal for vintage retro or disco events and will give an extra dimension to your event.

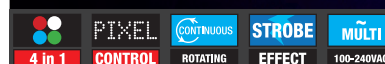

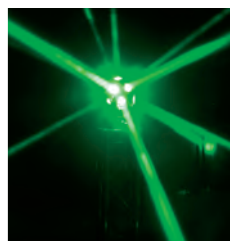

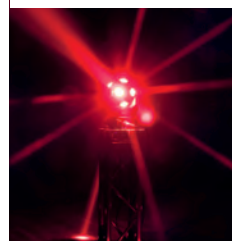

Technical information:

Output	
Beam Angle:	4°
Light Source:	12x 9W RGBW LED
Electrical	
Input Voltage:	100-240 VAC
Power consumption:	230W max. at full output
Control	
On-Board:	Display including gravity sensor
Mode:	DMX, Auto, Sound & Master/Slave
Control Protocol:	DMX512
Control personality:	10, 18, 66 Channels
Optical system	
Dimmer:	0-100%
Dimmer curves:	Linear, Square, I-Square, S curve
Strobe:	0-20Hz
Movement	
Pan:	540° & Continuous
Ball:	360° & Continuous
Pan/Tilt resolution:	16 bit
Physical	
Color:	Black
Housing:	Metal & Flame-retardant plastic
Data Connections:	XLR 3&5p Data in- & output
Power Connections:	Pro Power in- & output
Dimensions (WxDxH):	335 x 150 x 400mm
Weight:	7 Kg
Certification and Safety	
Certification:	CE
Max. ambient Temp.:	40°C

SPECIAL FEATURES:

- Continuous pan & ball rotation
- 60mm 4° Lenses
- 12 individual RGBW LEDs
- Built-in color chases

Airstrike

43158 5R Quad Beam Effect

The Airstrike brings a new dimension to light effects. It blows your audience away with an impressive light output created by its 5R lamp. Razor sharp beams fill your venue with an attractive and dynamic lightshow. The Airstrike is an all-in-one light show especially designed for clubs and demanding mobile DJ's.

Technical information:

Power Supply:	
Input voltage:	90-250V.50/60Hz
Fuse:	5A T250V
Power Consumption:	230W
Lamp:	5R
Control:	DMX512, Sound, Auto, Master/Slave
DMX personality:	10 CH
Dimmer:	linear 0-100%.
Color wheel:	7 colors + white
Gobo wheel:	14 metal gobos + white
Mirror:	4pcs
Strobe:	1-5 Hz or pulse mode strobe
Rotation angle:	unlimited
mirror angle:	60°
Dimensions:	352.5x231x298mm (LxWxH)
Net Weight:	10.9 Kg

SPECIAL FEATURES:

- High Light output
- DMX Control
- Compact size
- Razor-sharp beams

SPECIAL FEATURES:

- Very narrow beam angle 8°
- perfect color mixing
- IEC in- & output
- 7 DMX channels

**Powerbeam LED 30****40143 RGB**

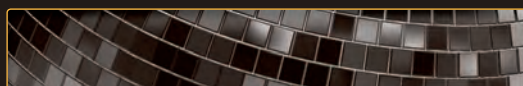

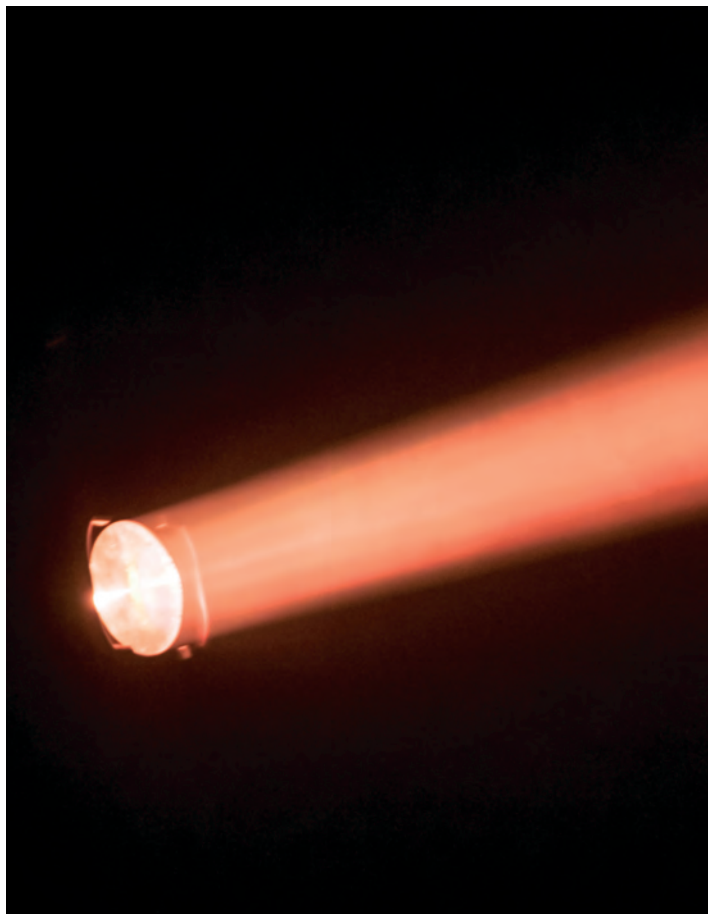

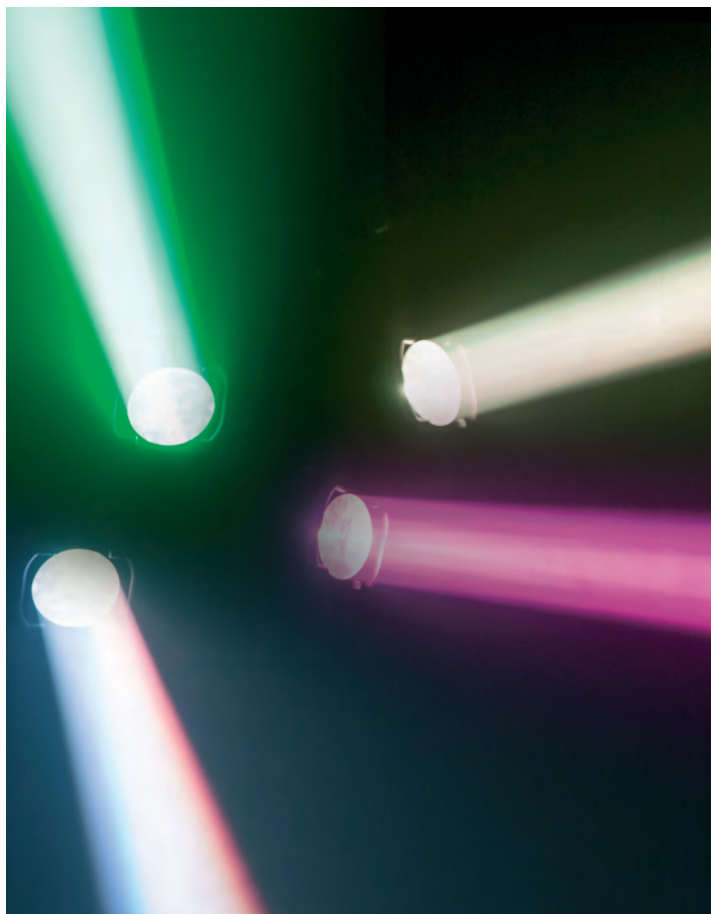

The Powerbeam LED 30 is a color changer with a very narrow beam angle of 8 degrees. The RGB COB led makes it possible to instantly change to every desired color and create very nice and fast color bumps. The optics give a pinspot effect and combining some units together you can create a nice retro beam lightshow. It can be operated by DMX in several different modes, can play build-in programs manual or in sound mode.

Technical information:

Light Source:	1x 30W RGB COB
LED Qty:	16.7 million additive RGB colors
Color Range:	8°
Beam Angle:	0-100%
Dimmer:	0-20Hz
Strobe:	
Electrical:	
Input Voltage:	100-240 VAC...50/60Hz
Max. Power:	42W
Operation mode:	LCD display
Control feature:	Built-in programs, auto running mode, DMX mode and static colors
DMX channels:	3, 6, 7 Channels
Dimensions:	200x150x334mm

COB **R** **G** **B** **DMX** **STROBE** **MULTI**
TECHNOLOGY COLOUR CONTROLLABLE EFFECT 100-240VAC

SPECIAL FEATURES:

- Carrying bag and stand included
- Optional Footswitch (30267)
- T-Bar with built-in controller

SPECIAL FEATURES:

- 4 high power LED spots with 7x 3-in-1 RGB LEDs
- T-Bar with built-in controller
- Footswitch included (30267)
- Stand included
- Carrying bag included

Footswitch
30267 for Compact Lightset

Compact Lightset MKII
30272 Value Line

The Compact Lightset MKII is an entry level lightset, complete with carrying bag and stand. The built-in controller makes it easy to setup, and versatile to use in any situation. By adding the optional footswitch, you can easily remote control all programs.

The new Plastic housing of the spots reduces the weight to a minimum of 12 Kg.

Compact Power Lightset MKII
30268 incl. Bag, Footswitch and Stand

The perfect solution for all musicians, mobile DJ's and small rental companies. The Compact Power Lightset brings you a complete lightset including all accessories in only one package. It comes complete with 4 high power and compact LED spots. Each spot contains 7 3-in-1 RGB LEDs in order to create a high light-output. The spots are mounted on the T-Bar which has a built-in controller and power-pack. The T-Bar can be controlled either by the included footswitch or by DMX. Delivery is including carrying bag, stand and footswitch. So ready to use.

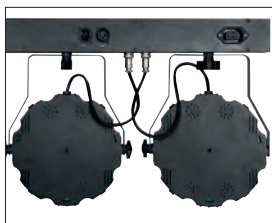

Technical information:

Specifications
Output
Lux @2m: 1000+ (1 spot)
Max distance: 10m
Colour range: 16,7 million additive colors
LED Quantity: 432x10mm (144x Red, 144x Green, 144x Blue)
Dimmer: 0-100%
Strobe: 0-20Hz
Beam Angle: 30 degrees

Control
On Board: Display for easy Set Up
Options: DMX512, Auto, Sound, Manual
DMX personality: 2, 3, 4, 7, 8, 14, 15
Optional Footswitch: (Auto run, Sound, Freeze, Blackout)

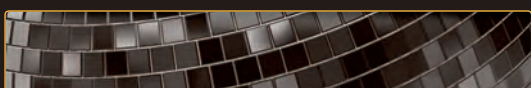

Electrical
Input Voltage: 100-240VAC...50/60Hz
Power consumption: 50W max @FO

Physical
Dimensions (LxWxH): 982 x 310 x 53 mm
Weight: 12 Kg
IP Rating: IP-20
Housing Spot: Flame Retardant Plastic (V0)
Housing T-bar: Metal, black coated
Connections: IEC in/out + XLR 3 pole
Cooling: Convection

Technical information:

LEDs: per spot: 7x 3-in-1 RGB LEDs 3W
Power supply: AC 100-240V/50-60Hz multivoltage
Power cons.: 90 W
Beam angle: 40 degrees
Control: By Footswitch (Auto run, Sound, Freeze, Black Out)
DMX-512
DMX, Auto running, Master/Slave, Sound
7 modes: (2, 3, 4, 7, 8, 14, 15 Channel Mode)
Stand height: 2,5 meter
Weight: 16 Kg

SPECIAL FEATURES:

- 4-in-1 RGBW LEDs
- T-Bar with built-in controller
- Stand included
- Carrying bag included

**Compact Power Lightset 4 RGBW****30277**

The Showtec compact power lightset 4 RGBW is a T-bar with 4 LED spots on a light stand. It is a plug and play set that offers internal chase programs but also can be controlled by DMX or with the optional available footswitch. In DMX mode it offers different DMX personalities in order to give a basic mode for easy control and advanced modes for total control. The compact power lightset 4 RGBW is the ideal solution with a fast setup time and high power output. The white color also make it possible to create beautiful pastel colors.

Technical information:

Light Source	5x 4-in-1 RGBW LEDs
LED system:	4W (per spot)
Drive current:	330mA
Refresh rate:	7,8Khz
Electrical	
Power Supply:	100-240V AC
Power Consumption:	90W
Control	
Control Mode:	DMX512, Sound, Stand-alone, Master/slave / Optional footswitch
DMX channels:	4, 5, 6, 8, 10, 16, 19 Channel modes
Optical system	
Dimmer:	0-100%
Strobe:	0-20Hz
Beam Angle:	25°

Physical	
Housing:	Aluminum and Iron
Color:	Black
Power Connectors:	IEC in and output
Data Connectors:	XLR 3pole in and output
Cooling:	Aluminum heat sink

Footswitch separately available, ordercode: 30267

SPECIAL FEATURES:

- 4-in-1 RGB-UV LED's
- Built-in strobe and UV LED's for extra effect
- Stand included
- Carrying bag included

**Compact Power Lightset RGB-UV****30278**

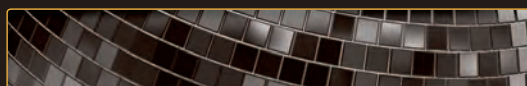

The Showtec Compact Power Light Set RGB-UV is a great piece of equipment for DJs and entertainers. Lightweight, easy to setup and, thanks to the wireless foot controller, a hassle free operation is guaranteed. This light set combines a traditional LED par setup with four LED strobes, which offers a range of additional effects to your show.

As a special feature, the parcans are equipped with UV LED's, which enable you to create spooky and uncanny blacklight effects. The Compact Power Light Set RGB-UV can be controlled via DMX or by using the wireless foot controller (included)

The set comes with a tripod stand (up to 2.5 meters) and a carrying bag for easy transportation.

Technical information:

General		LED Spot	
Power input:	100-240VAC, 50/60z	Lux@2m:	1205
Power consumption:	45W	Colors:	RGB-UV
Control:	Auto, Sound, Master/Slave, DMX 4,8,25	Power:	6x8W 4-in-1
DMX Channels:	4 Digits LED	Current:	350mA
Control Display:	IEC in- & output	Beam angle:	15°
Data Connector:	3 pole XLR (In/Out)	Strobe effect	
Dimensions Bar:	1032 x 457 x 145mm	LED:	4x 1W White, 4x 1W UV
Weight Bar:	6,6 Kg	Current:	300mA
Footswitch frequency:	433mHz	Strobe:	0 - 18Hz
Footswitch unobstructed Range:	30m	Tripod stand	
Incl. accessories:	cable, wireless foot controller, Tripod stand, carrying bags, hanging brackets	Height:	1,5 - 2,5m
		Footspace:	0,9m
		Certification and Safety	
		Certification:	CE
		Max. ambient Temp.:	40°C

SPECIAL FEATURES:

- 4 FX on 1 Bar
- Incl. Wireless footcontroller & IR remote
- Incl. Tripod + bag & Transport case
- Effects interchangeable on bar
- 130mW RG Laser

QFX

30276 Multi FX Compact Light Set

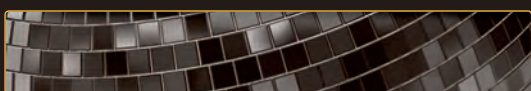

The Showtec QFX combines LED RGB spots, Derby fx, a Laser and a Strobe effect onto a single control bar. QFX maximizes convenience and ease of set-up and take-down for mobile entertainers who want to create a dynamic lighting experience for any event. The RG laser has many versatile grating & burst effects and is equipped with a key lock and remote interlock. The strobe has 4 sections with different preprogrammed patterns. The LED spot and Derby FX have RGB colors can be selected individually or in many preprogrammed combinations. The system is complete including a tripod stand, wireless footswitch, IR remote and carrying bags to protect the set during transport. The QFX controller bar features phenomenal built-in automated and sound-activated programs that include all 4 effects to make one complete show.

Attention, the laser only works when the interlock connector is connected with a remote interlock (ordercode 51316). You can test if the laser works properly with the included test connector. If you use the laser in public area's an remote interlock is necessary for safety regulations.

Technical information:

General		LED Derby	
Power input:	100-240V 50/60z	Colors:	RGB

Easy Flash

Available models:

- 40229** E27 Slimline, Red
- 40228** E27 Slimline, White
- 40230** E27 Slimline, Blue

Technical information:

Power Supply: AC 230V/ 240V, 50Hz
 Power Consumption: 5W
 Flash: 1-3 flashes per sec
 Dimensions (WxH): 51 x 117 mm
 Weight: 0,08 Kg

Easy Flash with Plug

40236 Clear

Easy Plug & Play strobe effect, which can be plugged into any suitable socket.

Technical information:

Power Supply: AC 230V/ 240V, 50Hz
 Power Consumption: 5W
 Flash: 1 flashes per 3 sec
 Cable length: 0,75 m
 Dimensions: 117 x 51 mm
 Weight: 0,08 Kg

City Flash

40203

Powerful but small strobe-effect-unit.
 Applicable condition: Indoor and outdoor useable, water resistant exposure.

Technical information:

- slow flash (1 flash per second).
- fast flash (11 flashes per second followed by 2 seconds interval)
- random mode
 Max. power: 20W
- Lamp not replaceable

Mini Q-strobe

40225 10W

Technical information:

Speed control: 1-15 flashes/sec. Lamp not replaceable, plug & play, no external controllers possible.
 Dimensions: 150x172x130mm (LxWxD)

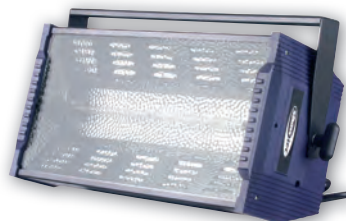

Mini Strobe

40201

The Mini strobe is speed adjustable from 1-10 flashes/sec. Max. power 15 Watt. Plastic case. Lamp not replaceable.

Technical information:

Power supply: AC 230V – 50 Hz
 Power consumption: 15 Watt
 Flashrate: 1-10f/sec
 Housing: Plastic
 Dimensions: 125x84x52mm (LxWxH)
 Weight: 0,225 Kg

Titan Strobe

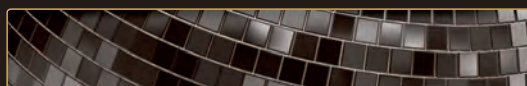

40222 1500W

DMX
 CONTROLLABLE

1500W DMX Titan strobe. Dimmable through controller.

Technical information:

Speedcontrol: 1-15 flashes/sec.
 Lamp included: ordercode 82960

Titan Strobe BLAZE

40297 1500W + RGB

The Showtec Titan Strobe BLAZE – more than just a powerful strobe! This effect light is the perfect enhancement to any light show.

The Blaze background effect is an additional feature, that offers a beautiful RGB LED illumination of the strobe reflector. Moreover, pre-programmed color macros, divided into different zones, can create moving color flows across the reflector for great stage lighting effects.

The Titan Strobe BLAZE is equipped with a 1500W Xenon strobe tube, which provides the extreme punch that users expect from a professional strobe, while the Blaze effect offers great color effects when the strobe is not being used.

A built-in lightning simulator, linear-and random strobe effects, blinder and single flash mode completes its list of functionalities; making the new Titan Strobe BLAZE an indispensable light effect for all professional lighting operators.

Technical information:

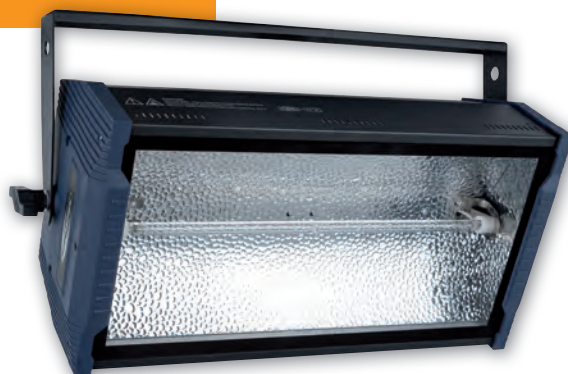

Electrical	
Light Source Strobe:	Xenon 1500W tube
Light Source Blaze:	RGB LED strip
Output:	120.000 lm
Input Voltage:	210–240VAC, 50/60Hz
Power consumption:	1800W max. at full output
Control	
Mode:	DMX, RDM, Auto & Master/Slave
Control Protocol:	DMX512
Control Personality:	3, 5, 9Ch

Physical	
Color:	Black
Housing:	Metal & Flame-retardant plastic
Fixture Connection:	XLR 3p and 5p Data in/out, PowerCon input.
Dimensions (WxDxH):	245 x 225 x 410 mm
Protection Rate:	IP20
Weight:	8 Kg

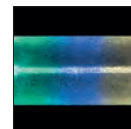

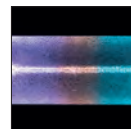

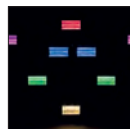

SPECIAL FEATURES:

- Extreme high brightness
- Blaze background effect
- Lightning, Blinder and Single mode

DMX
CONTROLLABLE

Technoflash 168

40294 LED Strobe

With built-in speed and intensity adjustments, the TechnoFlash 168 is a white, 2-channel DMX strobe light. With cool white LED and an elegant housing the Technoflash 168 is the right solution for mobile DJ, small clubs and fixed installation.

Technical information:

Power input:	100-250V AC, 50/60Hz
Power consumption:	32W
Light Source:	168 x 0,25W (20mA)
Lux @2m:	500
Control:	Auto, Sound, DMX
DMX Channels:	2
Strobe rate:	0-12 Hz
Power connector:	IEC in-&output
Data connector:	In/Out (XLR 3 Pin)
Dimensions:	220 x 238 x 140mm
Weight:	1 Kg

SPECIAL FEATURES:

- IEC daisy chain
- Powerful light output
- 168 CW LEDs

Data Flash

40296

The Showtec Data Flash is a compact LED strobe with an intense strobe effect. It has 8 sections to create dynamic strobe effects. It has a rugged housing with a double bracket and Pro Power blue and white connections which makes it rental ready.

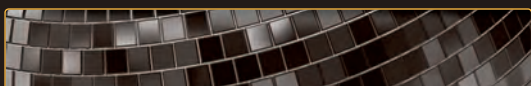

Technical information:

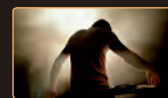

Power Input:	100-250V AC, 50/60Hz
Power Consumption:	125W
Light source:	SMD LEDs
Control:	Auto, Sound, DMX
DMX Channels:	2,3 and 12
Control Display:	4 Digits LED
Power connector:	Pro Power in- & output
Data Connector:	3p XLR In- & Output
Dimensions:	263 x 81 x 293 mm
Weight:	2,6 Kg

SPECIAL FEATURES:

- 8 sections
- Pro Power Connections
- SMD LEDs
- Built-in Programs

Professional Blacklight

80310 120 cm arm

Technical information:

80310 :
Lamp included.: 240V/36W
Voltage: AC 230V-50Hz (CE)
Lamp: ordercode 80302G / 80302P
Maximum ambient temperature ta: 25°C
Maximum housing temperature tB: 60°C
Minimum distance from flammable surfaces: 0,5 m
Dimensions: 1310 x 130 x 100 mm (LxWxH)
Weight: 5,4 Kg

LED Blacklight

Available models:

80323 60cm incl TL unit

80322 120cm incl TL Unit

Technical Information

80323
Voltage: AC 230V-50Hz
Power Consumption: 7W
LED: 410nm UV SMD LED
Max. ambient temp. ta: 25°C
Max. housing temp. tc: 55°C
Min. distance from flammable surfaces: 0.5m
Dimensions: 612 x 99 x 45mm
Weight: 0,555 kg

80322

Power Consumption: 14W
LED: 410nm UV SMD LED
Max. ambient temp. ta: 25°C
Max. housing temp. tc: 55°C
Min. distance from flammable surfaces: 0.5m
Dimensions: 1222 x 99 x 45mm
Weight: 1,005 Kg

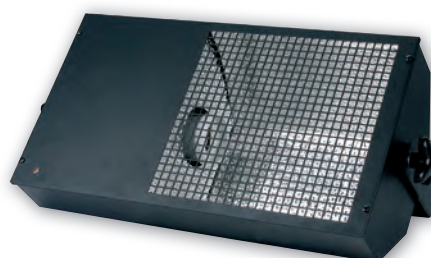

Blacklight spot 400W

80318

Unit with ballast and front mirror.

Technical information:

Lamp not included: E40, 240V/400W
Lamp: ordercode 82485

Blacklight 400W

80319

Technical information:

Lamp not included: E40, 240V/400W
Lamp: ordercode 82485
Dimensions: 490 x 270 x 150 mm (LxWxH)
Weight: 8,58 Kg

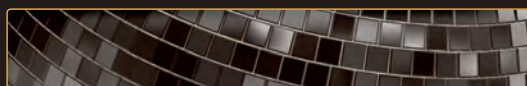

PAR64 COB UV

80332 100W

Technical information:

LED Source: 100W UV COB
Wavelength: 400nm
Beam angle: 90°
Max distance: 15m
Input voltage: 110-240VAC, 50/60Hz
Power consumption: 110W
Weight: 3,3 Kg
Connections: Schuko
Dimensions: 280 x 268 x 382 mm
Cooling: Forced cooling
IP-Rating: IP-20

UV LED Bar 50cm MKII

80327

Technical information:

LED Quantity: 9x 3W
Driver Current : 680mA
Beam Angle: 120°
Wavelength: 410nm

Electrical
Input Voltage: 100~240VAC...47/63Hz
Power consumption: 27W

Physical
Dimensions: 500 x 60 x 115mm
Weight: 1.34 Kg

SPECIAL FEATURES:

- Plug & Play
- 9 x 3W UV LEDs
- Retro Blacklight effect

UV LED Bar 100cm MKII

80328

Technical information:

LED Quantity: 18x 3W
Driver Current : 680mA
Beam Angle: 120°
Wavelength: 410nm

Electrical
Input Voltage: 100~240VAC...47/63Hz
Power consumption: 48W

Physical
Dimensions: 1000 x 60 x 115mm
Weight: 2.30 Kg

SPECIAL FEATURES:

- Plug & Play
- 18 x 3W UV LEDs
- Retro Blacklight effect

SPECIAL FEATURES:

- Nightsky simulation
- DMX Control
- Blue LED with effect wheel
- Music Control

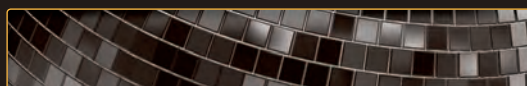

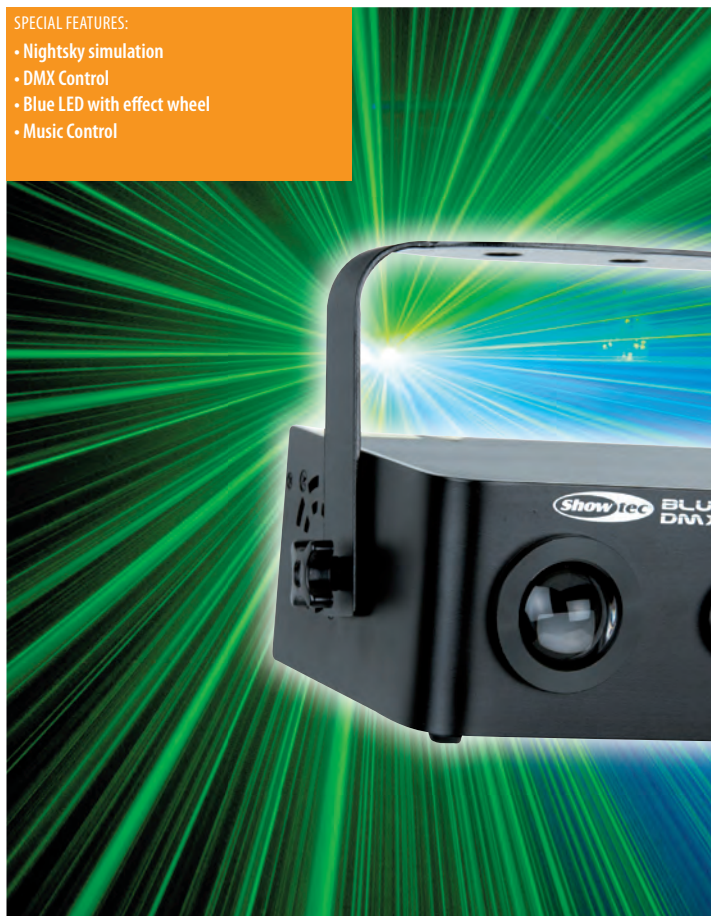

Bluestar MKII DMX**51317**

The Bluestar MKII DMX is the succeder from the popular Bluestar. This new model includes DMX control function and gives you total control of the laserprojector. Create a real cosy atmosphere with this superb lasereffects projector.

Lasercolor:

**Technical information:**

Power Supply:	AC-100-240V, 50/60Hz
Power consumption:	15 Watt
Laser Color:	Red, Green
Laser Power:	Red 100mW, Green 40mW
Laser Modulation:	TTL Modulation
Scan Speed:	Motor
Scan Angle:	< 160 degrees
Control Modes:	Auto, Music, DMX, Master/Slave, Manual
Control Display:	LED Display
DMX Channels:	7 (Mode, Red Laser, Green Laser, Laser rolling, LED rolling, LED brightness, LED Strobe)
Control Connections:	3 pole XLR
Safety features:	Keyswitch
Dimensions:	160 x 233 x 86mm
Weight:	1,6 Kg
Laser class:	3B
Laser safety standard:	EN-60825-1 2007

SPECIAL FEATURES:

- IR remote control included
- Compact housing 40mW Green output
- Preprogrammed auto & sound shows
- Master / Slave possibility with other value line lasers

Galactic G40 MKII

51333 40mW Green Laser

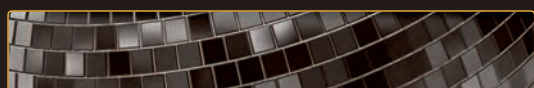

The G40 MKII is the successor of the popular G40. In this MKII version an IR remote control is added. With this remote it is very easy to control the laser without using DMX controllers and cables. Besides the remote control you still can use DMX, preprogrammed sound & auto shows. Just like the B400 it has 8 DMX channels and a total of 32 different patterns.

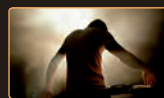

Laser color:

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	12 Watt
Laser Color:	Green
Laser Power:	40mW 532nm
Laser Class:	3B
Scan Speed:	Stepping motor
Scan Angle:	+/-30°
Control Modes:	Auto, Sound, Master/Slave, DMX
Control Display:	4 Digits LED
DMX Channels:	8
Data Connector:	In/Out (XLR 3Pin)
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	145 x 160 x 80mm (excl. bracket)
Weight:	1.3 Kg
Accessories:	Ir Remote, 2 Keys, Interlock test connector

Galactic B400

51334 400mW Blue Laser

The B400 is the successor of the single blue color laser in the Galactic Value Line series. It has 100mW more laser power than the first B model and is updated with an IR remote control. Just like the G40 it has 8 DMX channels and a total of 32 different patterns.

Lasercolor:

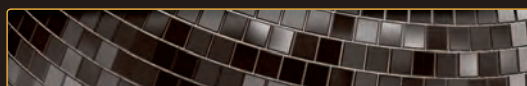

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	17 Watt
Laser color:	Blue
Laser Power:	400mW 450nm
Laser Class:	3B
Scan Speed:	Stepping motor
Scan Angle:	+/-30°
Control Modes:	Auto, Sound, Master/Slave, DMX
Control Display:	4 Digits LED
DMX Channels:	8
Data Connector:	In/Out (XLR 3Pin)
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	145 x 160 x 80mm (excl. bracket)
Weight:	1.3 Kg
Accessories:	IR Remote, 2 Keys, Interlock test connector

SPECIAL FEATURES:

- IR remote control included
- Compact housing 400mW Blue output
- Preprogrammed auto & sound shows
- Master / Slave possibility with other value line lasers

SPECIAL FEATURES:

- IR remote control included
- 32 Patterns and built-in shows
- 140mW, Red, Green and Yellow colors
- Master / Slave possibility with other value line units

Galactic RGY-140 MKII

51335 140mW Red Green Yellow Laser

The RGY-140 MKII is the successor of the RGY-140. This MKII version has an IR remote included which makes it easy to control without DMX controller. It has bright red, green and yellow colors with a total power of 140mW. The multicolor lasers from the Galactic Value Line can function as a Master for the single color laser when they are used in Master / Slave mode. All Multicolor lasers from the Galactic Value Line have the same personality which makes it easy to combine.

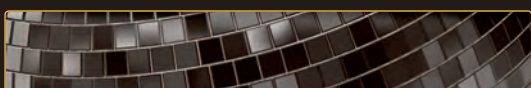

Laser colors:

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	15 Watt
Laser Color:	Red, Green, Yellow
Laser Power:	140mW (100mW 650nm Red, 40mW 532nm Green)
Laser Modulation:	TTL
Laser Class:	3B
Scanner:	Stepping motor
Scan Angle:	+/-30°
Control Modes:	Auto, Sound, Master/Slave, DMX
Control Display:	4 Digits LED
DMX Channels:	10
Data Connector:	In/Out (XLR 3Pin)
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	145 x 160 x 80mm (excl. bracket)
Weight:	1.3 Kg
Accessories:	IR remote, 2 Keys, Interlock test connector

SPECIAL FEATURES:

- IR remote control included
- 32 Patterns and built-in shows
- 180mW Red, Blue and Purple colors
- Master / Slave possibility with other value line units

Galactic RBP-180

51337 180mW Red Blue Purple Laser

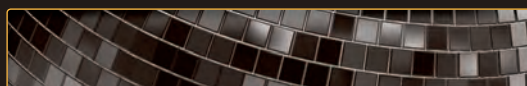

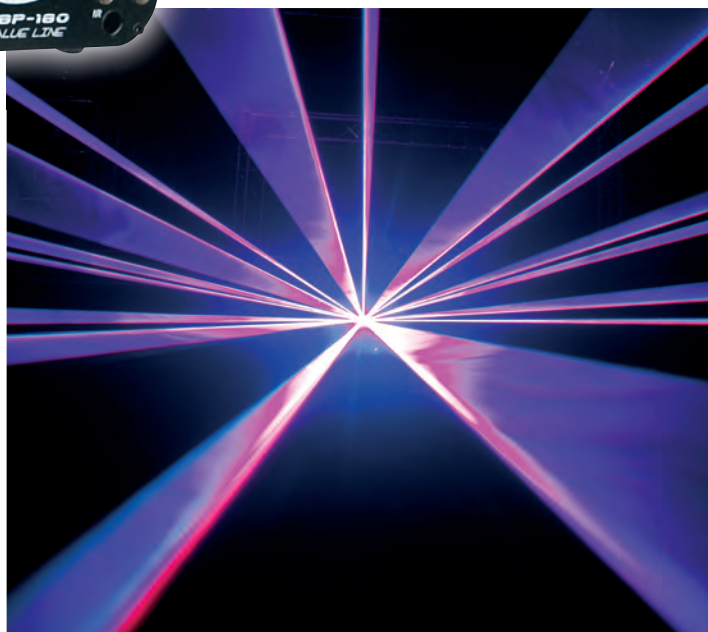

Lasercolors:

The RBP-180 is the successor of the RVP-250. Because of the change from violet into blue laser it creates the colors more intense and gives a better output. Another addition is the Ir remote controller that gives you the possibility to control the laser without DMX. The multicolor lasers from Galactic Value Line can function as a Master for the single color laser when they are used in Master / Slave mode. All Multicolor lasers from the Galactic Value Line have the same personality which has 10 DMX channels and 32 different patterns.

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	16 Watt
Laser Color:	Red, Blue, Purple
Laser Power:	180mW (100mW 650nm Red, 80mW 450nm Blue)
Laser Modulation:	TTL
Laser Class:	3B
Scan Speed:	Stepping motor
Scan Angle:	+/-30°
Control Modes:	Auto, Sound, Master/Slave, DMX
Control Display:	4 Digits LED
DMX Channels:	10
Data Connector:	In/Out (XLR 3Pin)
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	145 x 160 x 80mm (excl. bracket)
Weight:	1.3 Kg
Accessories:	IR remote, 2 Keys, Interlock test connector

Galactic RGB 300

51345 300mW, stepper motor

Laser colors:

Another affordable addition to the galactic series, the galactic RGB-300 value line. This laser has a total power of 300mW with TTL Modulation on 3 laser modules, RGB. It can be controlled by DMX or with the included IR Remote. It has many built-in patterns a sound activated & stand-alone show, and works with master slave. The IR Remote gives you the possibility to control colors, patterns and start the auto or sound show. Because an external DMX controller is not necessary anymore, this unit is very suitable to use at places where DMX signal is not available.

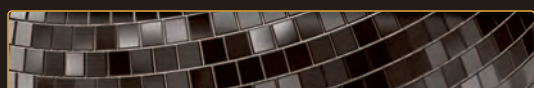

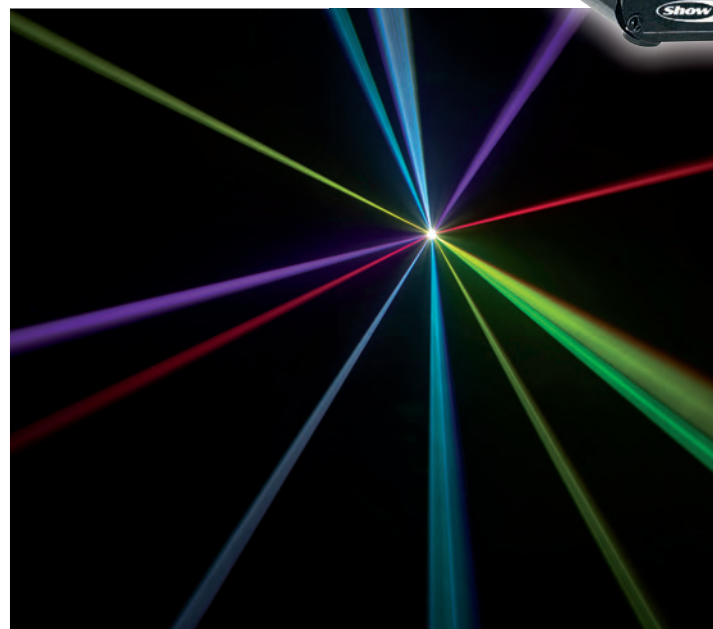

Attention, the laser only works when the interlock connector is connected with a remote interlock (ordercode 51316). You can test if the laser works properly with the included test connector. If you use the laser in public area's an remote interlock is necessary for safety regulations.

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	23 Watt
Laser Colour:	Red, Green and Blue
Laser Power:	150mW 650nm Red, 50mW 532nm Green, 100mW 450nm Blue
Laser Modulation:	TTL
Laser Class:	3B
Scan Angle:	+/-20°
Scan speed:	Stepping motor
Control Modes:	Auto, Sound, Master/Slave, DMX, IR Remote
Control Display:	3 Digit LED
DMX Channels:	10
Data Connector:	XLR In- & Out (3Pin)
Power Connection:	IEC
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	200 x 148 x 160mm (W x D x H excl. bracket)
Weight:	1,7 Kg
Accessories:	2 Keys, Interlock test connector

SPECIAL FEATURES:

- 300mW RGB Laser system
- IR Remote control
- DMX, Auto & Sound control
- Stepper motor

SPECIAL FEATURES:

- 320mW RGB Laser system
- IR Remote control
- DMX, Auto & Sound control
- TTL Modulation
- 15K Scanner

Galactic RGB-300 Value Line

51327 320mW, 15K Scanner

Laser colors:

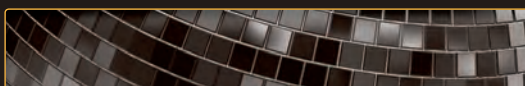

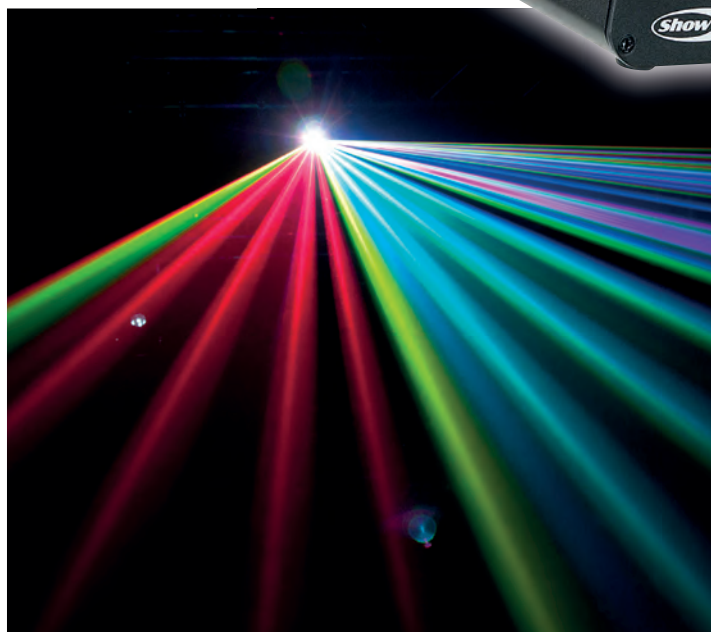

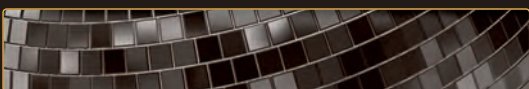

Another affordable addition to the galactic series, the galactic RGB-300 value line. This laser has a total power of 300mW with TTL Modulation on 3 laser modules, RGB. It can be controlled by DMX or with the included IR Remote. It has many built-in patterns a sound activated & stand-alone show, and works with master slave. The IR Remote gives you the possibility to control colors, patterns and start the auto or sound show. Because an external DMX controller is not necessary anymore, this unit is very suitable to use at places where DMX signal is not available.

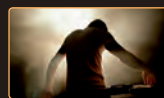

Attention, the laser only works when the interlock connector is connected with a remote interlock (ordercode 51316). You can test if the laser works properly with the included test connector. If you use the laser in public area's an remote interlock is necessary for safety regulations.

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	15 Watt
Laser Color:	Red, Yellow, Green, Blue, Purple, Cyan, White
Laser Power:	150mW 650nm Red, 50mW 532nm Green, 100mW 450nm Blue
Laser Modulation:	TTL
Laser Class:	3B
Scan Speed:	15K
Scan Angle:	+/-20°
Control Modes:	Auto, Sound, Master/Slave, DMX, IR Remote
Control Display:	LED
DMX Channels:	17
Data Connector:	In/Out, XLR 3Pin
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	170 x 90 x 80mm (W x D x H excl. bracket)
Weight:	1,6 Kg
Accessories:	2 Keys, Interlock test connector

SPECIAL FEATURES:

- Write your own text
- 300 mW RGB laser
- Keyboard included
- Different Auto and Sound shows integrated

Galactic TXT

51342

The Galactic TXT DMX in our Galactic series is a text laser which comes with a separate keyboard and gives you the possibility to write your own text with different colors and shapes. It has bright red, green and blue colors with a total of 300 mW. With these three laser-diodes you can create Red, Green, Yellow, Blue, Purple, Cyan and White colors by TTL modulation. The laser can also be controlled by DMX and has many different figures and patterns.

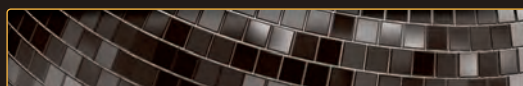

Attention, the laser only works when the interlock connector is connected with a remote interlock (order code 51316). You can test if the laser works properly with the included test connector. If you use the laser in public area's a remote interlock is necessary for safety regulations.

Laser colors:

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	25 Watt
Laser Color:	Red, Green, Blue
Laser Power:	300mW (150mW 638nm Red, 50mW 520nm Green, 100mW 450nm Blue)
Laser Modulation:	TTL
Laser Class:	3B
Scanner speed:	10K
Scan Angle:	+/-30°
Control Modes:	Auto, Sound, Master/Slave, DMX
Control Display:	4 Digits LED
DMX Channels:	17
Data Connector:	In/Out (XLR 3Pin)
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	145 x 160 x 80mm (excl. bracket)
Weight:	1,9 Kg
Accessories:	Keyboard, 2 Keys, Interlock connector

Galactic RGB600 Value Line

51325 600mW Red Green Blue Laser

The Galactic RGB 600 is the top model of the Galactic Value Line series. It has a full color output of 600mw created by 3 separate laser-diodes, Red, Green and Blue. With these three laser-diodes you can create Red, Green, Yellow, Blue, Purple, Cyan and White colors by TTL modulation. The RGB-600 has 80 patterns and different auto or sound to light programs which are selectable by DMX. Besides the higher power and more possibilities than the other models of the Galactic Value Line, the RGB-600 is also equipped with a 15K Scanner pair. This makes it possible to have faster and bigger projections with less flickering. If you want to have total control of all 80 patterns, X-Y movements, scrolling, zooming, speed and rotation you can use the 17 Channel DMX mode.

Attention, the laser only works when the interlock connector is connected with a remote interlock (ordercode 51316). You can test if the laser works properly with the included test connector. If you use the laser in public area's a remote interlock is necessary for safety regulations.

Laser colors:

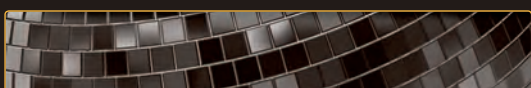

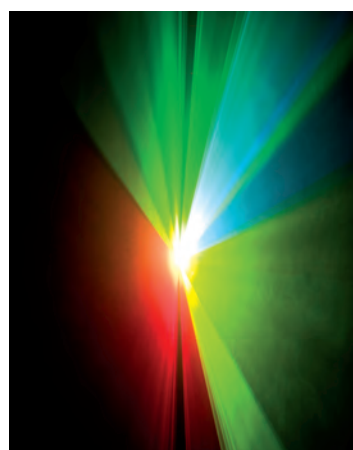

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	20 Watt
Laser Color:	Red, Yellow, Green, Blue, Purple, Cyan, White
Laser Power:	600mW (120mW 650nm Red, 180mW 532nm Green, 300mW 450nm Blue)
Laser Modulation:	TTL
Laser Class:	4
Scan Speed:	15K
Scan Angle:	+/-40°
Control Modes:	Auto, Sound, Master/Slave, DMX
Control Display:	4 Digits LED
DMX Channels:	17
Data Connector:	In/Out (XLR 3Pin)
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	250 x 204 x 99 mm (excl. bracket)
Weight:	2,8 Kg
Accessories:	2 Keys, Interlock test connector

SPECIAL FEATURES:

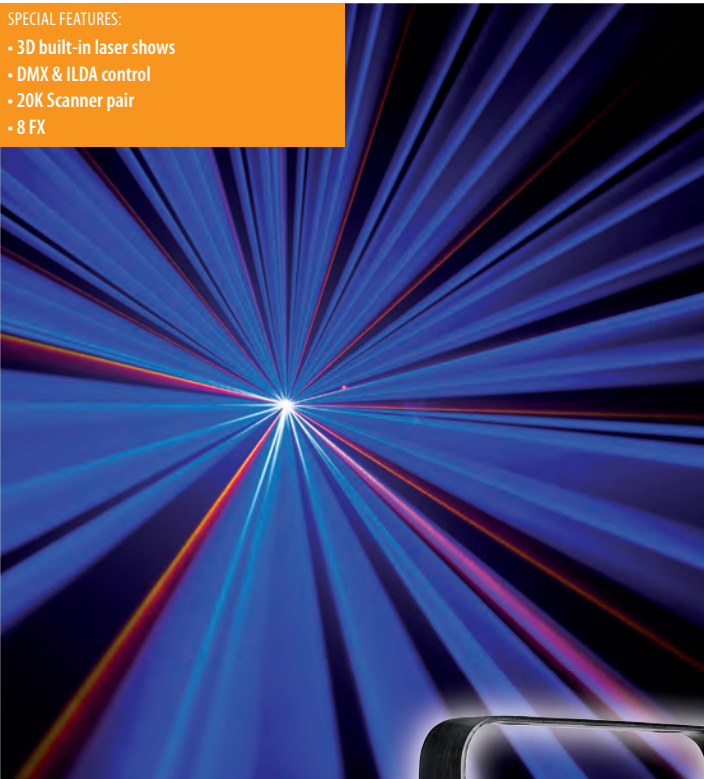

- Red, Green, Yellow, Blue, Purple, Cyan and White colors
- 80 Patterns
- 600mW, 15K Scanning
- Different auto and sound shows integrated
- Free upgrade, IR remote control

SPECIAL FEATURES:

- 3D built-in laser shows
- DMX & ILDA control
- 20K Scanner pair
- 8 FX

Galactic FX RGB-1000

51343 1000mW RGB Laser with 8 effects

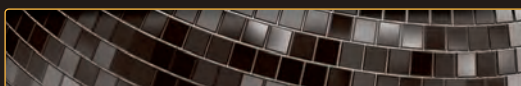

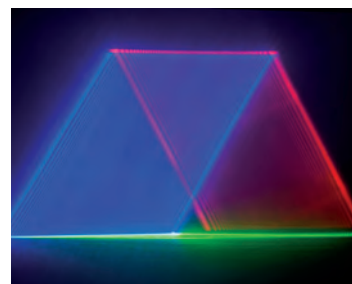

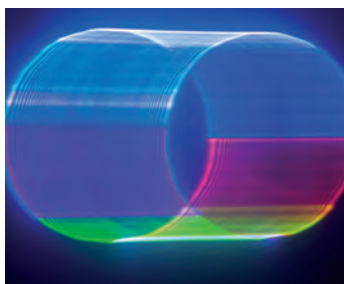

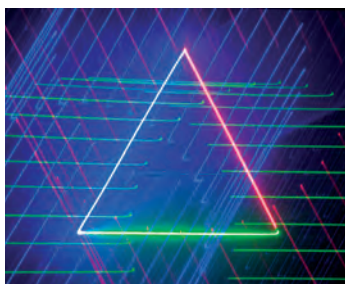

Laser colors:

The Galactic FX RGB-1000 is a 3D 1000mW RGB laser unit. It has beautiful clear colors created by 3 separate laser-diodes, Red, Green and Blue with TTL modulation. The FX RGB-1000 can be controlled by DMX and has many built-in figures and patterns, as even 3D built-in Laser shows. All built-in programs are easy selectable in the menu and also selectable by DMX. In DMX mode you have many possibilities to control the 80 built-in patterns like color, clipping, zooming, X-roll, Y-Roll, Z-Roll, X-move, Y-move and applying effects. You can create your own designs and shows with any kind of ILDA laser software. The RGB1000 is equipped with a 20K scanner pair for smooth projections with less flickering.

Attention, the laser only works when the interlock connector is connected with a remote interlock (order code 51316). You can test if the laser works properly with the included test connector. If you use the laser in public area's a remote interlock is necessary for safety regulations.

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	50 Watt
Laser Color:	Red, Yellow, Green, Blue, Purple, Cyan, White
Laser Power:	1000mW (200mW 638nm Red, 150mW 532nm Green, 650mW 450nm Blue)
Laser Modulation:	TTL
Laser Class:	4
Scan Speed:	20K
Scan Angle:	+/-20°
Control Modes:	Auto, Sound, Master/Slave, DMX, ILDA
Control Display:	3 Digits LED
DMX Channels:	19
Data Connector:	In/Out, XLR 3Pin & ILDA DB25
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	290 x 240 x 110mm (excl. bracket)
Weight:	4.2 Kg
Accessories:	2 Keys, Interlock connector

Galactic RGB720

51340 720mW Red/Green/Blue Laser, ILDA & DMX

Laser colors:

The Galactic RGB720 has all functions of the bigger professional high power RGB lasers from Showtec but with the benefit of a compact solid housing. It can be controlled by DMX running preprogrammed patterns and shows with additional effects or controlled with ILDA to create personal shows with any ILDA software. The SD slot gives rental company's dj and musicians the opportunity to project homemade patterns or figures and run them stand alone from the SD card. It has a color display which makes it easy to select your desired settings and run mode. The RGB720 is a compact powerful and versatile laser that can be used in versatile applications controlled or stand-alone.

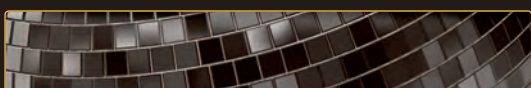

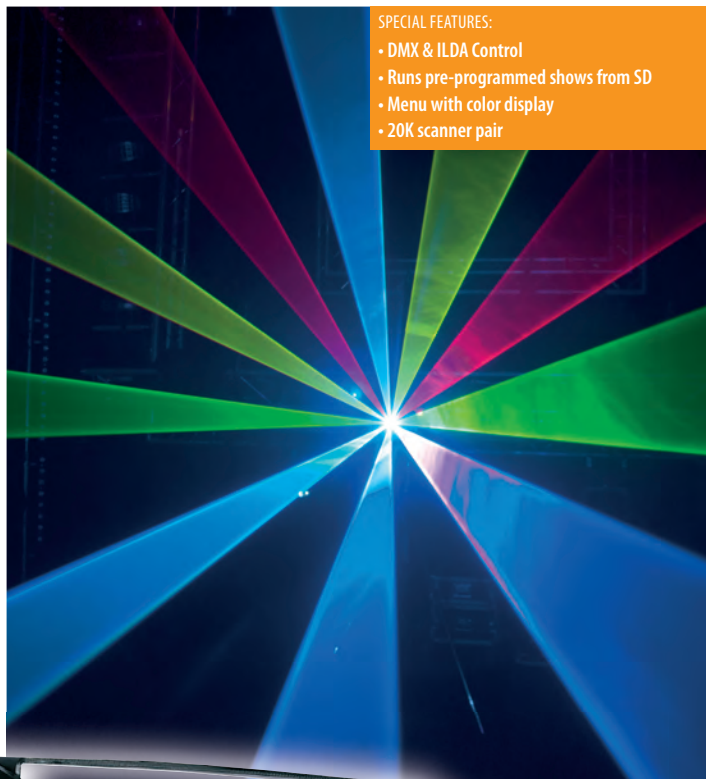

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	60 Watt
Laser Color:	Red, Yellow, Green, Blue, Purple, Cyan, White
Laser Power:	720mW (150mW 638nm Red, 130mW 532nm Green, 440mW 450nm Blue)
Laser Modulation:	TTL
Laser Class:	4
Scan Speed:	20K
Scan Angle:	+/-20°
Control Modes:	Auto, Sound, Master/Slave, DMX, ILDA
Control Display:	Full Color Display
DMX Channels:	19
Data Connector:	In/Out, XLR 3Pin & Sub-D 25 Pole
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	320 x 280 x 100mm (excl. bracket)
Weight:	4,8 Kg
Accessories:	2 Keys, Interlock test connector, 2G SD Card

SPECIAL FEATURES:

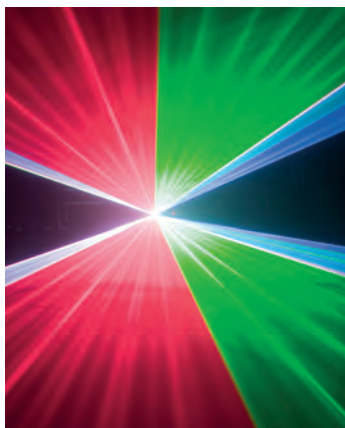

- DMX & ILDA Control
- Runs pre-programmed shows from SD
- Menu with color display
- 20K scanner pair

SPECIAL FEATURES:

- Sealed Optics
- DMX & ILDA control
- 20K Scanner pair
- Very wide beam angle
- Runs pre-programmed shows from SD card
- Flightcase, ILDA cable & 1G SD card included

Galactic RGB850

51329 850mW Red/Green/Blue Laser, ILDA & DMX

 Lasercolors: ● ● ● ● ● ● ●

The Galactic RGB 850 is the top model of the Galactic Series. Though the power is only 850mW, with help of the new 200mW 638nm red laser, the visual brightness is around a 1.2W traditional RGB laser with 660nm red laser. It has beautiful clear colors created by these 3 separate laser-diodes, Red, Green and Blue with TTL modulation. The RGB850 can be controlled by DMX and has many built-in figures and patterns. It can project two built-in patterns at the same time. You can also create your own designs and shows with any kind of ILDA laser software. The RGB850 is equipped with a 20K scanner pair which makes faster and bigger projections possible with less flickering. For rental solutions you can use the SD card slot to run pre-programmed shows without any controller.

Attention, the laser only works when the interlock connector is connected with a remote interlock (ordercode 51316). You can test if the laser works properly with the included test connector. If you use the laser in public area's a remote interlock is necessary for safety regulations.

Technical information:

Power Input:	AC 100-240V, 50/60Hz
Power Consumption:	68 Watt
Laser Color:	Red, Yellow, Green, Blue, Purple, Cyan, White
Laser Power:	850mW (200mW 638nm Red, 150mW 532nm Green, 500mW 450nm Blue)
Laser Modulation:	TTL
Laser Class:	4
Scan Speed:	20K
Scan Angle:	+/- 60°
Control Modes:	Auto, Sound, Master/Slave, DMX, ILDA, SD-Card
Control Display:	LCD
DMX Channels:	13
Data Connector:	In/Out, XLR 3Pin & Sub-D 25 Pole
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	335 x 240 x 165mm (excl. bracket)
Dimensions flightcase:	760 x 435 x 315mm
Weight:	11,5 Kg
Accessories:	2 Keys, Interlock test connector, flightcase, ILDA cable, 2G SD card

Galactic 1K20 TXT

51344 RGB-1000 mW

Laser colors:

Technical information:

Power Input:	100-240VAC, 50/60Hz
Power Consumption:	25 Watt
Laser Color:	Red, Yellow, Green, Blue, Purple, Cyan, White
Laser Power:	1000mW (200mW 638nm Red, 200mW 520nm Green, 600mW 450nm Blue)
Laser Modulation:	TTL
Laser Class:	4
Scan Speed:	20K
Scan Angle:	+/- 60°
Control Modes:	Auto, Sound, Master/Slave, DMX, ILDA
Control Display:	LED
DMX Channels:	20
Data Connector:	In/Out, XLR 3Pin & Sub-D 25 Pole
Safety Features:	Key switch, Interlock, Safety eye
Laser Safety:	EN/IEC 60825-1 Ed 2, 2007-03
Dimensions:	291 x 200 x 120mm (excl. bracket)
Weight:	11,5 Kg
Accessories:	2 Keys, Interlock test connector, keyboard

SPECIAL FEATURES:

- Sealed Optics
- DMX & ILDA control
- 20K Scanner pair
- Keyboard included
- Write and save your own text

Bounce Mirror for Laser

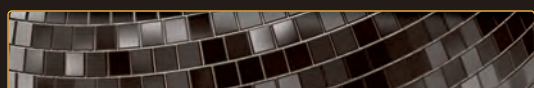

32090

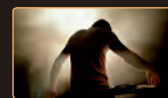

The Bounce Mirror is an ideal tool to extend your lasershow. The Bounce mirror has a high quality surface coated mirror for optimal reflections. Before using the bounce mirror make sure that the lasershow complies with your local regulations.

51316 with 10 m cable

51319 with 10m cable, big connector

Festivallightset LED

40647 RGB, 20 x LED Bulb 100 mm

Technical information:

Power supply:	AC-230V - 50Hz
Power consumption:	28 Watt
Power consumption 1 Ball:	1.4 Watt
Ball size:	100 mm
LED Balls:	20 pcs
Colour:	RGB automatic change
Cable length:	21 m
IP rating:	IP-44

SPECIAL FEATURES:

- DMX, Klingnet & Artnet
- Built-in Ethernet switch
- Including 15 strings (1m)
- Adjustable length 2-6m

Pixel Bubble 80 MKII

41094 incl 15 strings

The Pixel Bubble 80 MKII is a visual effect created by a matrix of 50mm RGB balls. It has a lot of useful improvements towards the first version. The length of the strings of pixel bubble 80 MKII can be adjusted with 1 meter from 2 till 6 meters. The standard set is delivered with 15 pcs of 1m strings which gives you 5 rows of 3 meter. Another big improvement is control protocols, besides the standard DMX protocol the pixel bubble MKII can also be controlled with pixel map software by Artnet or Klingnet. A user-friendly menu will give you the possibility to set all network parameters, or select the correct DMX channel setting and address. It is also loaded with vivid patterns which can be selected in the basic DMX mode if you like to use it without any kind of preparation. The built-in Ethernet switch makes it possible to easily daisy chain your data network, external switches or routers are no longer needed. With the pixelbubble 80 MKII you can give your lightshow a creative visual boost.

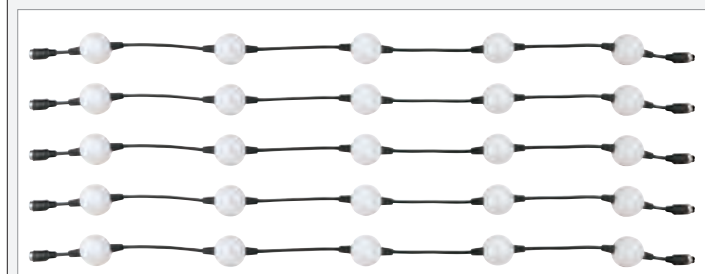

Technical information:

Light source:	5050SMD RGB Led	Mounting:	top mounting points 3x M8 and 2x M10
Pixel Pitch:	200mm	Bar Size:	65 x 72 x 1050mm
Included strings:	15 (W5/L3)	Bubble Size:	50mm
String length:	1m	Operating temp:	-5° - +40°
Max length:	6m	Cooling:	Convection
Bubbles / string:	5	Power Connections:	Blue/White Power connector
Beam angle:	360°	Data Connection:	RJ-45 in/out built-in switch
Refresh rate:	444Hz	Environment:	IP-20
Operation:	DMX, Klingnet, Artnet, Built-in programs	Weight:	2,5Kg
DMX channels:	8, 150, 225, 300, 375, 450		
Power Supply:	100-240VAC...50/60Hz		
Power Consumption:	90W max @ FO		

1m string for Pixel bubble mkII

41095

Endterminator for Pixel Bubble MKII

41098

Endterminator for Pixel Bubble MKII. This endterminator must always be applied on each last bubble string attached to the system. Otherwise the system will not work properly. Endterminators are always included with the Pixelbubble MKII but can be ordered separately if necessary

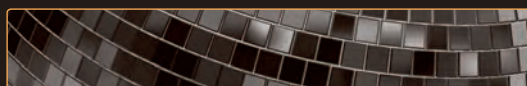

Extension cable for Pixel Bubble 80 mkII

Length:

41096 43cm

41097 100cm

Pixel Tube Set 96

41099

The Pixel Tube set creates dynamic and stunning visual effects to any venue or gig. Multiple Pixel Tubes even can create impressive 3D effects. Controlling of the Pixel Tubes is easy by DMX, Artnet or Klingnet allowing pixel mapping or full media control.

Every tube is 150cm long and contains 32 pixels with a pitch of 45mm. Due to the transparent tubes the Pixel Tube Set has an viewing angle of 360 degrees.

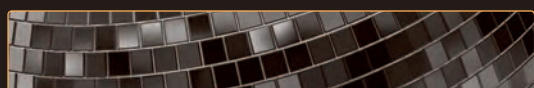

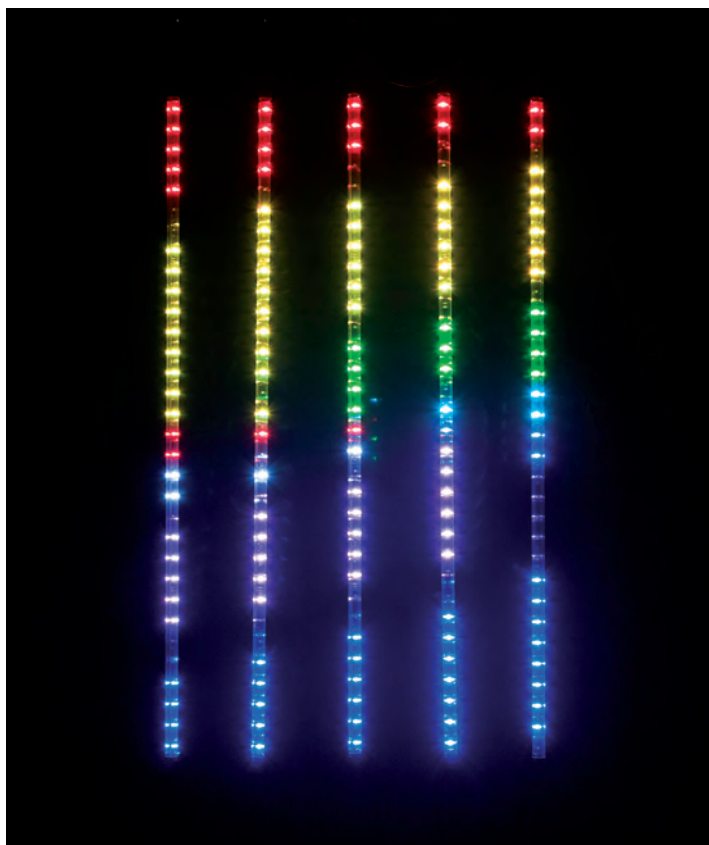

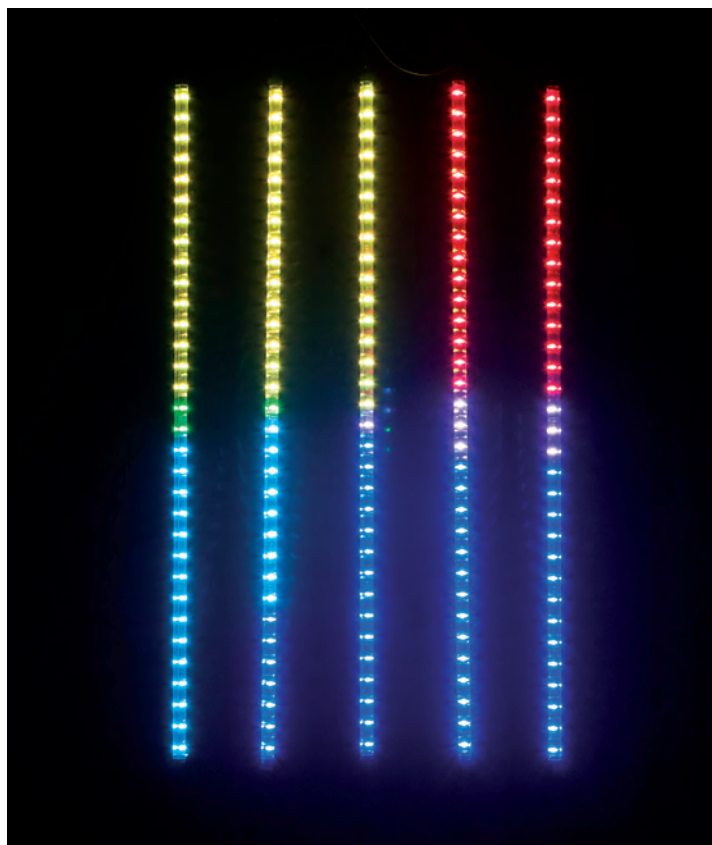

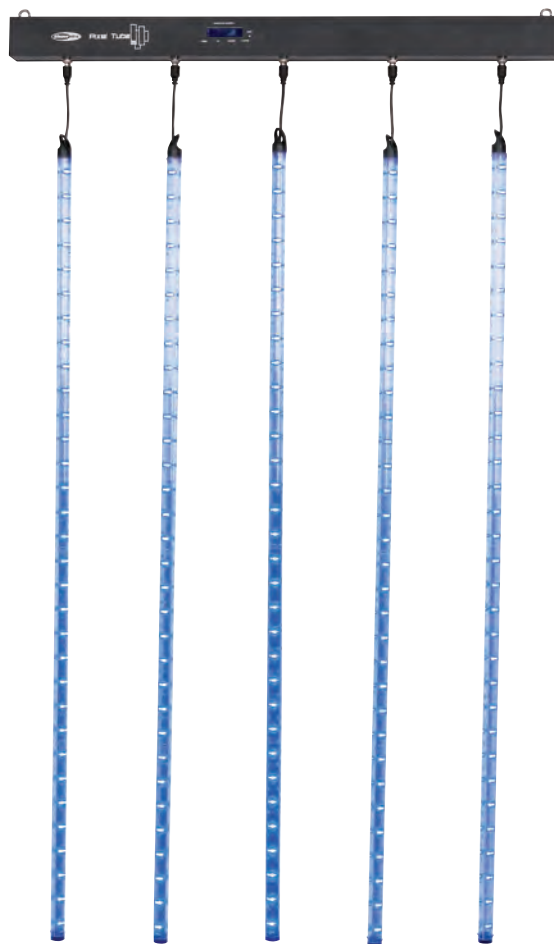

Technical information:

Light source:	5050SMD RGB LED
Pixel Pitch:	45mm
Included tubes:	5
Tube length:	150cm (not extendable)
Beam angle:	360°
Refresh rate:	>500 Hz
Operation:	Master/Slave, DMX, Artnet, Klingnet,
DMX Channels:	8, 150, 225, 300, 375, 450, 480
Power supply:	100-240VAC...50/60Hz
Power consumption:	90W max @F0
Mounting:	top mounting points 3x M8 and 2x M10
Bar Size:	65 x 72 x 1050mm
Operating temperature:	-5°C - +40°C
Cooling:	Convection
Power connection:	Blue/White power connector
Data connection:	RJ45 in/out. Built-in switch
Environment:	IP-20
Weight:	4 kg

SPECIAL FEATURES:

- DMX, Klingnet & artnet
- Built-in Ethernet switch
- Ready to use
- Built-in programs

SPECIAL FEATURES:

- 8 100cm strips with 4 RGB Sections
- 5m extension cables included
- DMX & Art-net control

LED Octostrip Set MKII

42232 100cm Section control

42235 50cm Section control

The LED Octostrip MKII is the successor of the popular Octostrip. It is a complete plug-and-play set; consisting of 8 LED strips, a controller and eight 5-meter long XLR extension cables. The new LED Octostrip MKII can control each strip's 8 individual RGB sections, along with the corresponding dimmer and strobe settings. The controller supports ArtNet protocol, which facilitates the use of device while operating in the full RGB mode (192CH mode). It has updated color presets and built-in color flows for use of horizontal and vertical directions which are accessible via DMX (in 6CH, 8CH, 14CH, 24CH, 26CH, 50CH, 96CH, 112CH, 192CH, 208CH channel modes). Because of the exact same hardware design It is possible to combine the Octostrip MKI to the new Octostrip MKII in one stage. However, in such case, it is not advisable to operate the old and the new version of the device in Auto mode, as the built-in programs differ per version. The 6CH mode has the same DMX channel settings to control both sets in one setup.

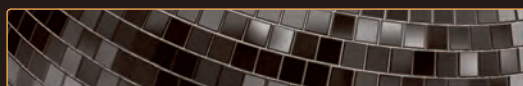

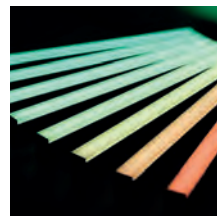

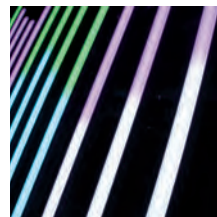

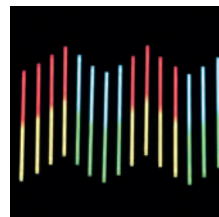

Technical information:

Strips
Length: 100cm
Sections: 8
Cable length: 75cm
Connection: 5p XLR male connector
LED system: 5050 RGB
Rigging: M10 sliding profile
Dimensions: 1000 x 30 x 50 mm
Weight: 0,7 Kg
IP Rating: IP-20

Controller
Input voltage: 100~240VAC, 50/60Hz
Power consumption: 90W at full output
On Board: Display
Modes: DMX, Auto, Sound, Manual
Control protocol: DMX-512, Artnet
LED Mode: 50cm / 100cm
Control personality: 6Ch, 8Ch, 14Ch, 24Ch, 26Ch, 50Ch, 96Ch, 112Ch 192Ch, 208Ch

Color: Black
Housing: Metal
Outputs: 5p XLR female
Max cable length: 6m
Data connections: XLR 3p & RJ-45
Power connections: Pro power in- & output
Dimensions: 360 x 200 x 95 mm
Weight: 2,3 Kg
Certification: CE
Max. ambient temp: 40°

Controller for Octostrip MKII

42233

The LED Octostrip MKII is the successor of the popular Octostrip. The controller supports ArtNet protocol, which facilitates the use of device while operating in the full RGB mode (192CH mode). It has updated color presets and built-in color flows for use of horizontal and vertical directions which are accessible via DMX (in 6CH, 8CH, 14CH, 26CH and 50CH channel modes).

Technical information:

Input voltage:	100~240VAC, 50/60Hz
Power consumption:	90W at full output
On Board:	Display
Modes:	DMX, Auto, Sound, Manual
Control protocol:	DMX-512, ArtNet
Control personality:	6Ch, 8Ch, 14Ch, 26Ch, 50Ch, 192Ch, 208Ch
Color:	Black
Housing:	Metal
Outputs:	5p XLR female
Max cable length:	6m
Data connections:	XLR 3p & RJ-45
Power connections:	Pro power in- & output
Dimensions:	360 x 200 x 95 mm
Weight:	2,3 Kg
Certification:	CE
Max. ambient temp:	40°

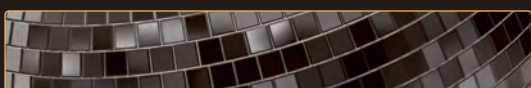

Octostrip Bracket

42234

The octostrip bracket provides a mount for clamp or onto surfaces. the bracket slides on the back thence the location is adjustable.

Technical information:

Project Family Parc - Bobbejaanland - Ucheart (8) Production PFL - Uite (9)

LED Sphere Direct Control

41125 30 cm

41126 50 cm

LED Cube Direct Control

41131 30 cm

The LED Cube is only available in 30 cm.

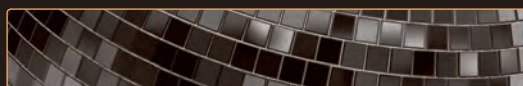

Technical information:

- Indoor use
- RGB colourmixing
- Standalone, music control, Master-slave
- DMX-512 (3 pin XLR)
- 6 channels
- AC 220-240 Volt /50Hz

Technical information:

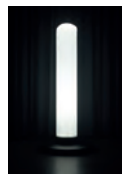

- Indoor use
- RGB colourmixing
- Standalone, music control, Master-slave
- DMX-512 (3 pin XLR)
- 3 channels: red, green, blue
- AC 220-240 Volt /50Hz

Technical information:

Light Source	6 x 8W RGBWAUV LED	Total height:	2650 mm
LED System:		Weight:	10,6 Kg
Electrical		Housing:	Aluminum
Input Voltage:	100~240VAC, 50/60Hz	Color:	Black
Max. Power:	150W	Power Connectors:	Pro Power in- and output
Operation mode:	LED display	Data Connectors:	XLR 3p
Control feature:	Built-in programs, Auto run, DMX, WDMX, Master/slave, Soundactive, Static colors	Certification and Safety	
DMX channels:	3, 6, 6, 12 Channels	Certification:	CE
Physical		Max. ambient Temp.:	40°C

Length cone:	2500 mm	Operation Temperature:	-10°C ~40°C

Aircone Q6 WDMX

40314

The Showtec Aircone Q6 WDMX is the ultimate decorative lighting effect and is widely used at various events such as concerts, festivals, weddings, corporate events and theme parks.

The Aircone Q6 WDMX is the successor to the already famous Showtec Aircones and now contains several upgrades for even more flexibility and more beautiful effects.

Its advanced colormix system, which includes Six 8W RGBWA-UV LEDs, offers auto-run programs as well as a complete DMX control. In addition, the wireless control via the WDMX Sweden protocol offers even greater flexibility.

The fan is also controlled via DMX. This allows operating the Aircone Q6 WDMX at a reduced fan speed to minimize fan noise, or at an increased fan speed to stabilize the cone when placed outside (wind!) or when positioned in different angles.

The Aircone Q6 WDMX includes a cylinder shaped cone but also can hold a pyramid cone (order code 40316).

Separate Cone for Aircone Q6 WDMX

40315

Dedicated Cone fabric for Aircone Q6 WDMX

Technical information:

Dimensions: 162 x 2450 mm (Ø x height)

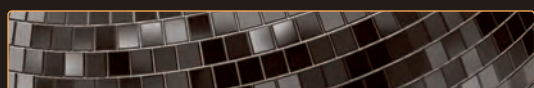

Separate Pyramid for Aircone Q6 WDMX

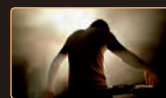

40316

Dedicated Pyramid fabric for Aircone Q6 WDMX.

Technical information:

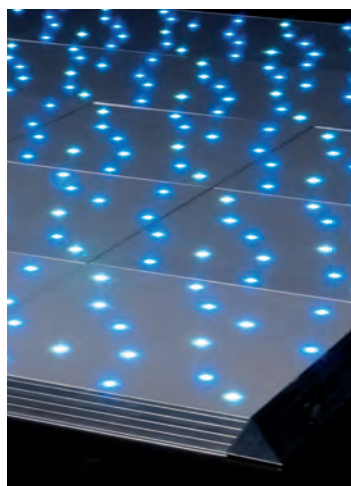

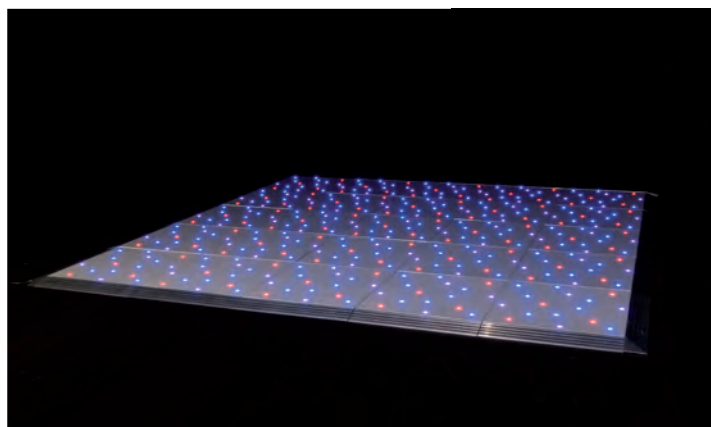

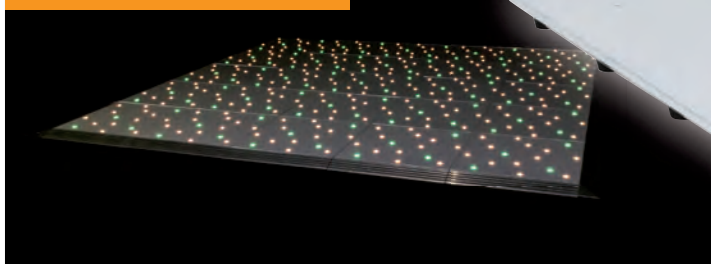

Dimensions: 162 x 2450 mm (Ø x height)

SPECIAL FEATURES:

- Easy to assemble
- Lightweight
- Built-in Audio in each tile
- Including 1 connection plate

Dancefloor Sparkle RGB

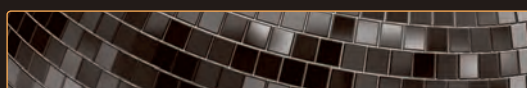

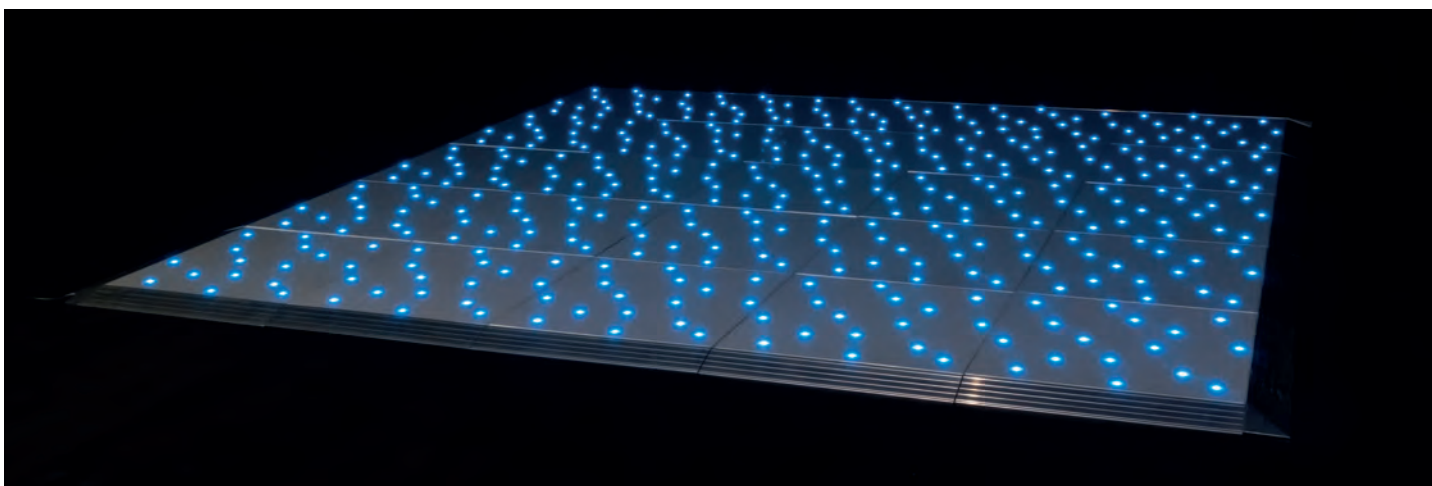

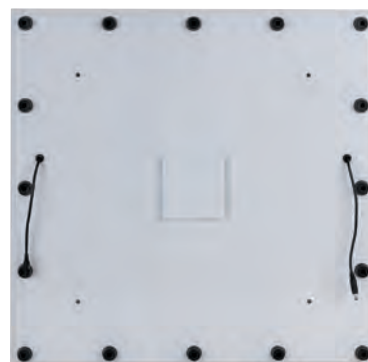

42330

The Showtec Dancefloor Sparkle RGB is a stylish yet user friendly dancefloor which is ideal for wedding, corporate events, dance parties etc. The dancefloor has a safe low voltage DC connection which make it very easy to connect. Data signals are sent by RF which minimizes the number of cable connection. The 6mm thick acrylic top cover is extremely robust, maintenance free and easy to clean.

16 bright RGB LED's separated in four groups give a dazzling effect to your gig. The brightness of the LED's, speed, colors and 32 programs can be adjusted by the DMX controlled RF Remote Box (Optional) or easy-to-use RF remote control which is delivered with the Sparkle PSU.

Technical information:

LED Quantity:	16x RGB
LED Type:	5050SMD
Control protocol:	RF
Control:	Programs, Colors, Speed, Brightness.
Panel Size:	607 x 607 x 30 mm
Power consumption:	8W
Panel weight:	8,5 Kg
IP rating:	IP20 back, IP44 top.
Max load:	150kg per panel

Dancefloor Sparkle PSU

42331

Dedicated Power Supply for the Dancefloor Sparkle RGB. It has a long 6m cable in order that the PSU can be put on another place than the Dancefloor. The cable has 5 outputs. it is recommended to connect maximum up to 9 panels. The maximum number of panels which can be connected to this PSU is 45 pieces.

Technical information:

Power input:	90-240V – 50/60Hz
Power consumption:	400W
Power output:	28V DC, 14,3A
Dimensions:	200 x 130 x 100mm
Weight:	3 kg
IP Rating:	IP 20
Power connection:	IEC
Accessories included:	1x RF remote for Dancefloor Sparkle

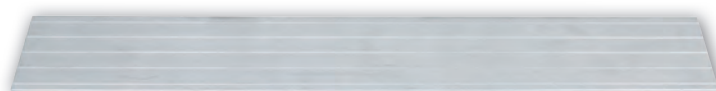

Dancefloor Sparkle DMX Box

42332

The Dancefloor Sparkle DMX Box is an intuitive interface which allows you to select the colors, programs, intensity and speed of your dancefloor by DMX. The antenna transmits the signal to your dancefloor by RF in order to minimize the needs of cables.

Technical information:

Power input:	9V DC / 1000mA (adapter included)
DMX Channels:	5
Control:	Master Dimmer, Programs, Color, Speed, Synchronisation
RF Frequency:	2,4 GHz
Dimensions:	150 x 130 x 40mm

Ramp for Dancefloor Sparkle

42335 61cm

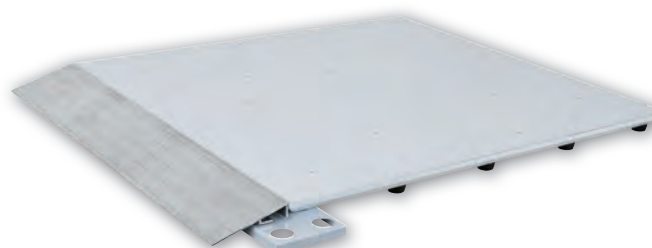

42337 122cm

Technical Information

42335	
Material:	Aluminium
Dimensions:	607 x 95 x 30 mm

42337	
Material:	Aluminium
Dimensions:	1214 x 95 x 30 mm

Ramp+Corner for Dancefloor Sparkle

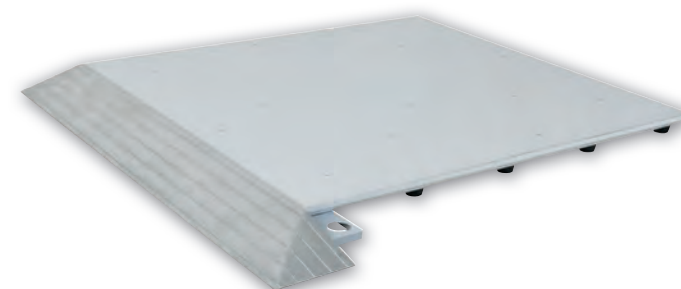

42336 61cm with corner

42339 61cm with corner and feed-in hole for powercable

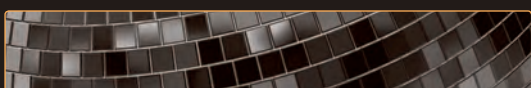

Technical Information

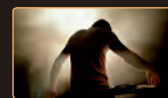

Material:	Aluminium
Corner:	Right side
Dimensions:	700 x 95 x 30 mm

Connection Plate for Dancefloor Sparkle

42338

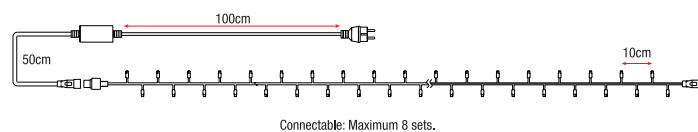

LED Rubber String Light WW

41700 100 LEDs/10M/LED Space 10cm

41701 200 LEDs/20M/LED Space 10cm

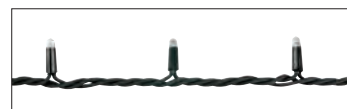

The LED Rubber string light is a popular and decorative light which can be widely used for seasonal decoration. Due to the sturdy rubber cable the string light can be used outdoor and can reach an IP rating of IP44. Maximum 16 sets can be connected together on one power cord. Delivery is including one power cord.

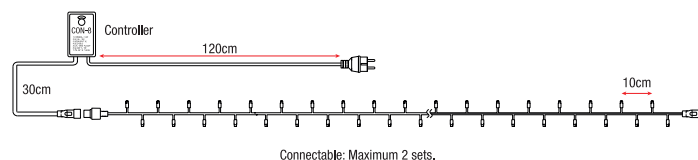

LED Rubber Twinkle Light WW

41710 100 LEDs/10M/LED Space 10cm

41711 200 LEDs/20M/LED Space 10cm

The LED Twinkle light is an affordable and decorative effect which is very suitable for seasonal decoration as well of illuminations in gardens, trees and terraces. The LED Twinkle light is available in 2 sizes: 10m and 20m. Both versions are delivered complete with controller and power cord. Maximum 2 sets can be connected together on 1 controller. The Controller has 8 different built-in programs which can be selected

LED Rubber Curtain Light WW

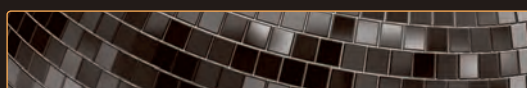

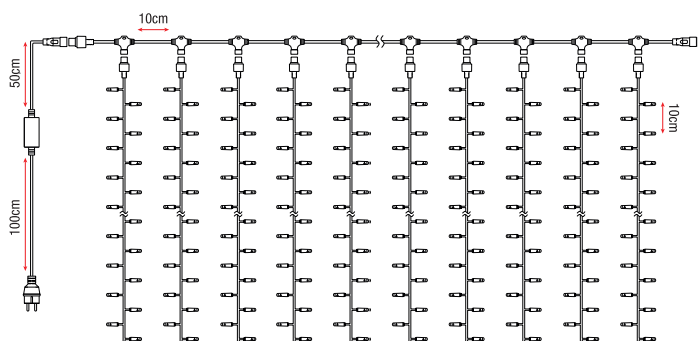

41720 500 LEDs/20 LEDs/1.5M string

41721 900 LEDs/36 LEDs/3M string

41722 1200 LEDs/60 LEDs/6M string

The LED Curtain light is a popular and creative light which is very suitable for decorative and seasonal lighting applications. It is available in 3 different sizes and up to 3 sets can be connected (and mixed) together. The LED Curtain light comes complete with power cord and is ready to use.

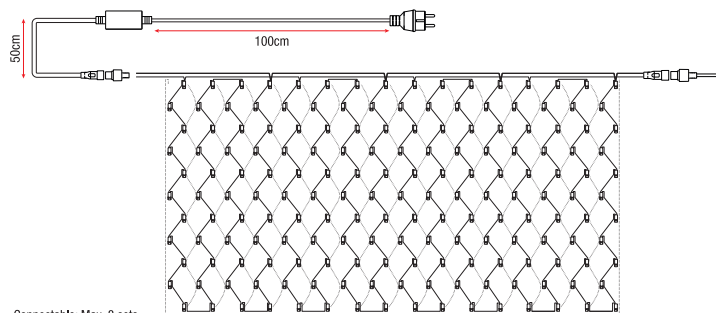

LED Rubber Net Light WW

41730 176 LEDs/200x100cm, connectable

41731 228 LEDs/300x200cm, connectable

41732 540 LEDs/400x200cm, connectable

LED Net Light is a highly decorative lighting effect which will fit in many venues. It is made of sturdy rubber cables and can be used temporarily outdoor due to its IP44 rating. The LED net light is connectable in order multiple units can be connected on one power supply.

Connectable: Max. 8 sets.

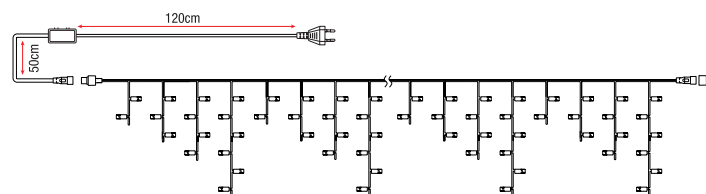

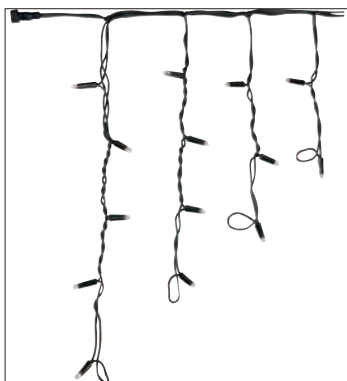

LED Rubber Icicle Light WW

41740 112 LEDs, connectable

41741 144 LEDs, connectable

The LED Icicle light contains many strings in different lengths which looks like icicles in winter.

It brings a highly decorative effect to your festive or seasonal decoration. It is made of sturdy rubber cable and is connectable ensuring quick installation.

Connectable: Max. 4 sets.

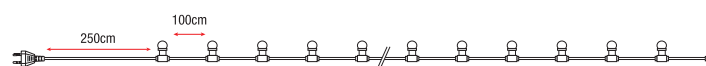

Belt Light E27, Black cable

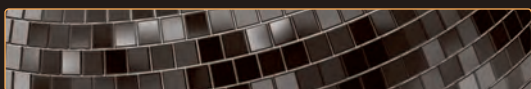

41760 IP44, 50m, without lamps

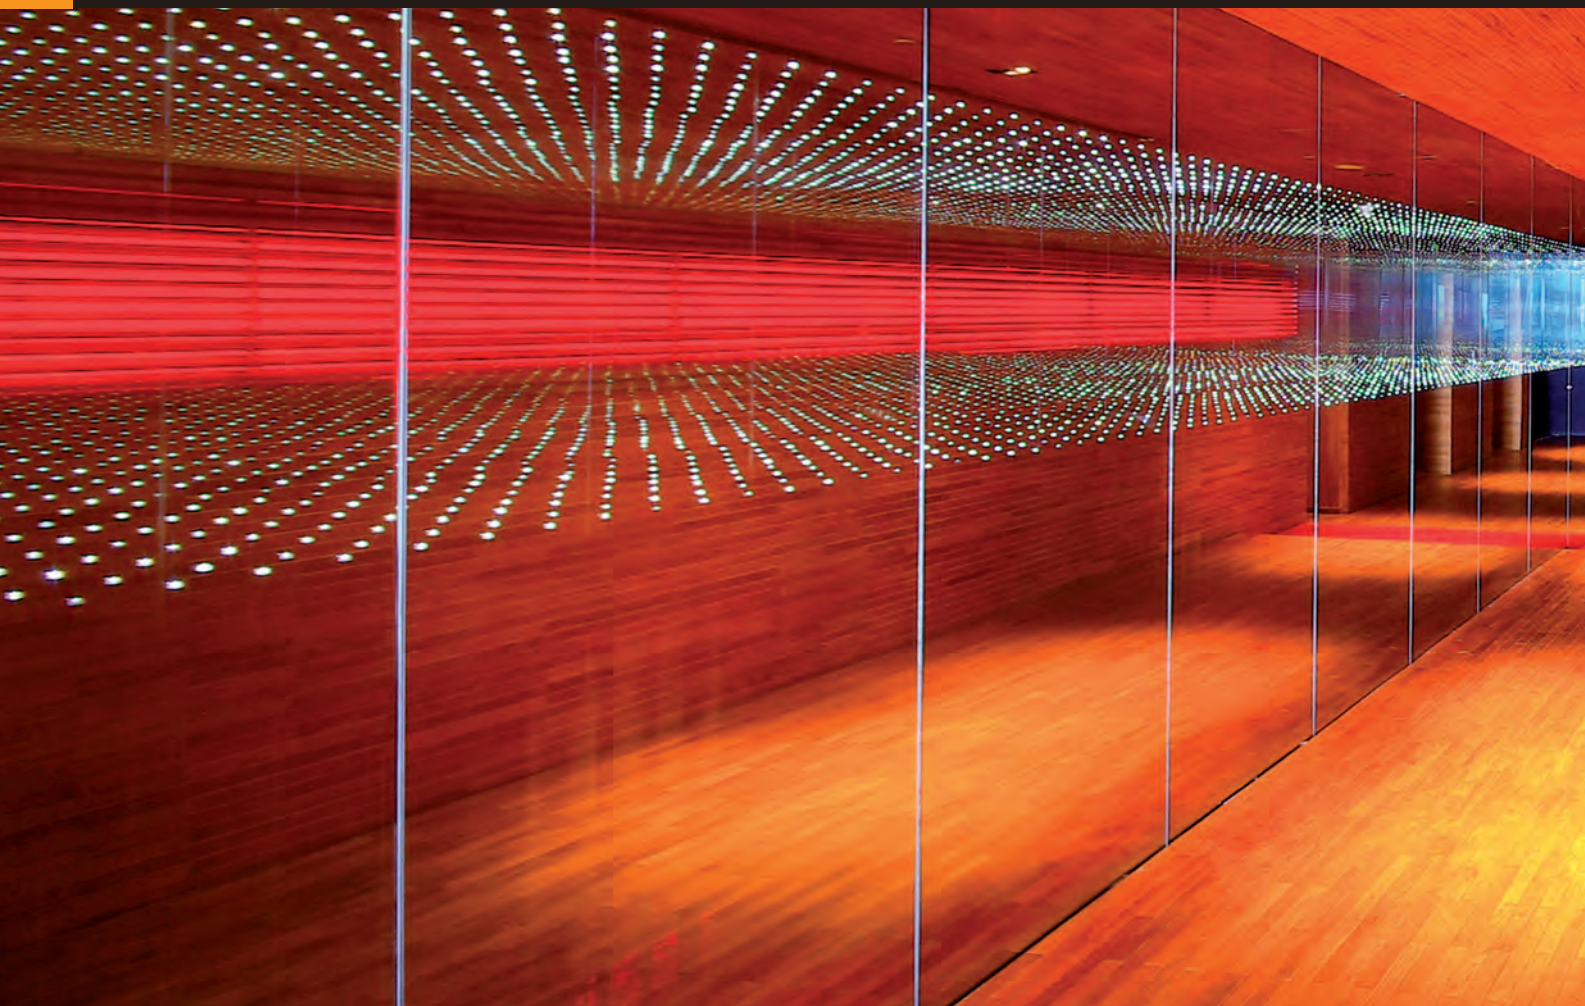

Belt light is an ideal solution for decorative lighting of festivals, outdoor areas, seasonal decoration and many other applications.

It is made of black rubber cable and has a bulb spacing of 100cm. The length from the plug to the first socket is 250cm.

50m, Lamps not included, Not extendable.

SPECIAL FEATURES:

- Plug and Play
- Cost Effective
- Infra Red Remote Controller included
- Built-in Programs (fades)
- 3M Tape

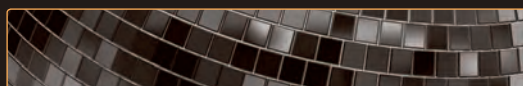

Flexstrip Set RGB

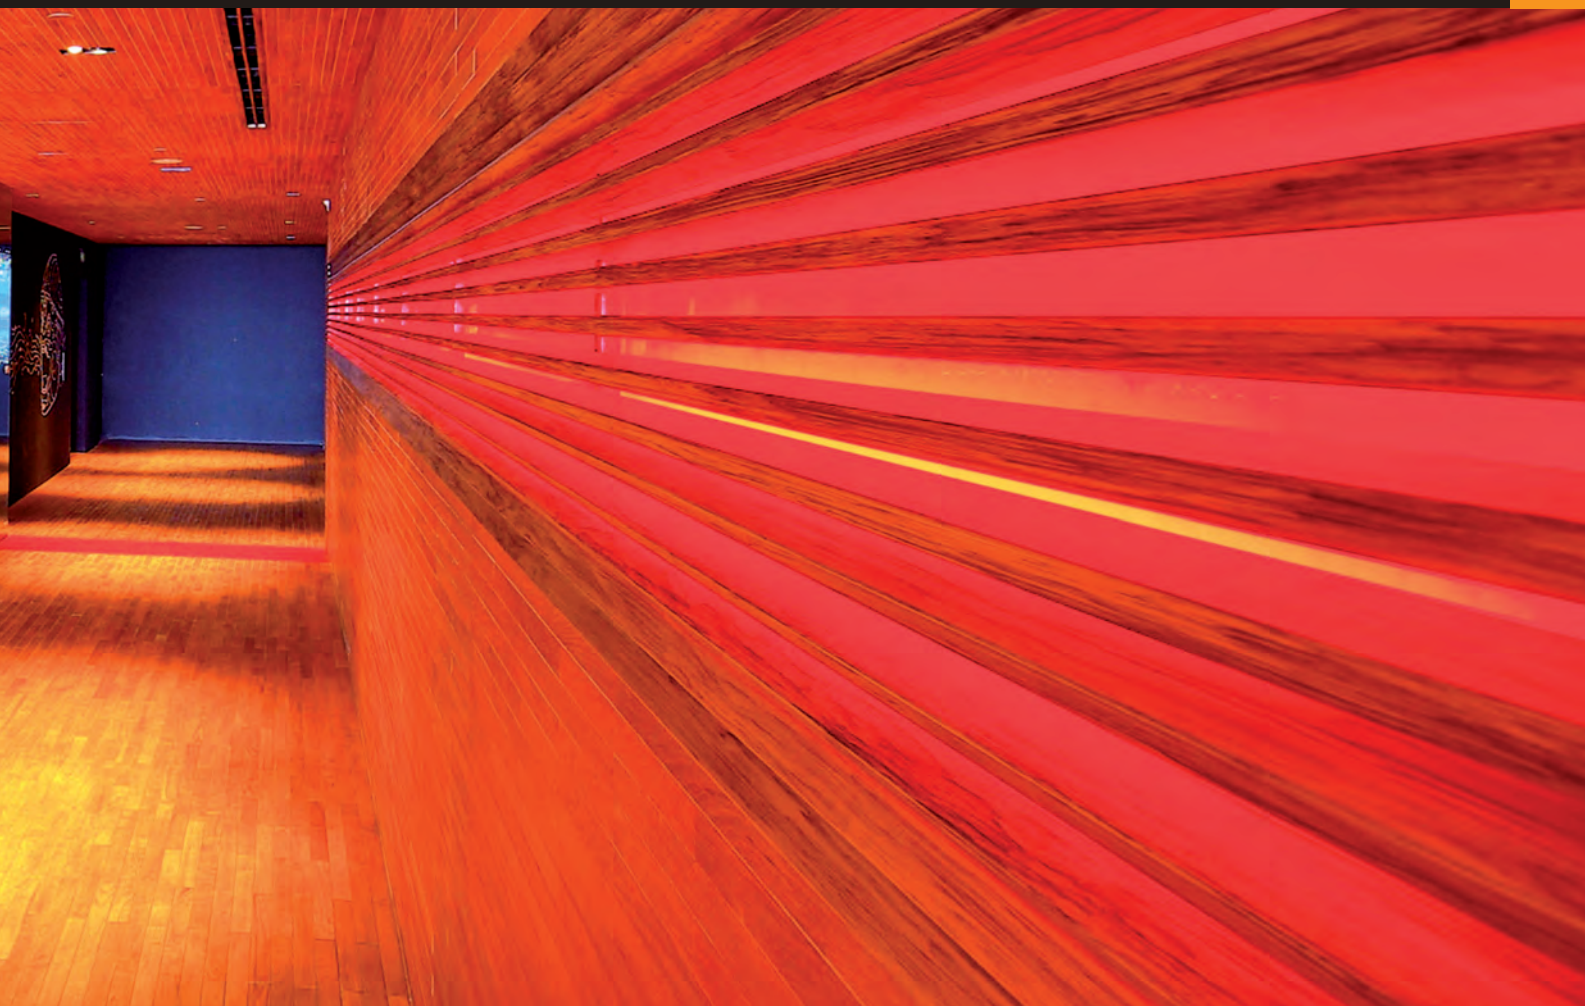

42775 500cm

Technical information:

LED:	5050 RGB, 30 LEDs per meter.
Length:	500 cm
Power consumption:	12W
Power supply:	12V, 1A
PCB color:	White, 10mm wide
Beam angle:	120 degrees
IP Rating:	IP20
Included:	Controller, IR remote, Power supply

The Flex-Strip Set should not be used in sealed or hot places. Always mount on an aluminium or metal surface for best heat dissipation. It is not possible to extend the strip without using a repeater.

Flexstrip Set RGBW

42774 300cm

The Flexstrip Set RGBW combines RGB color mixing with warm white LED's in order to have a 4 color color-mixing. This ensure perfect white tones, vivid color changes as well gives you the opportunity to control pastel color tones. This makes it to a perfect solutions for numerous decorative lighting applications.

The Flexstrip Set RGBW comes including IR remote, power supply and controller.

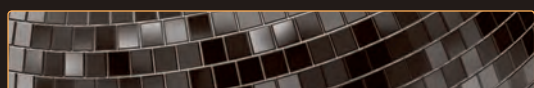

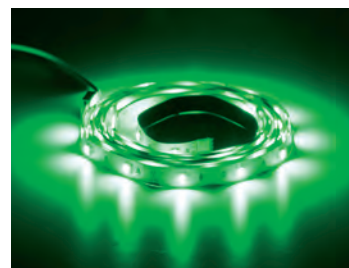

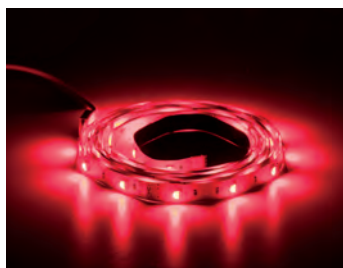

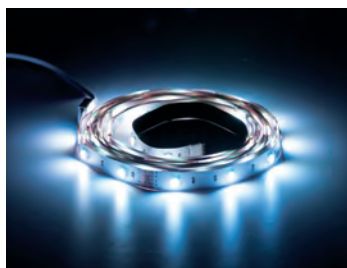

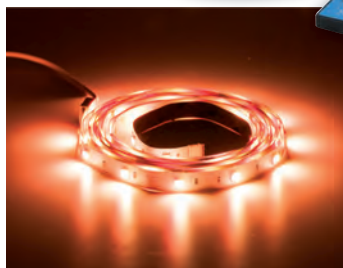

SPECIAL FEATURES:

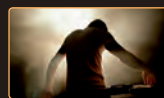

- Plug and Play
- RGBW LED
- Infra Red Remote Controller included
- Built-in Programs (fades)
- 3M Tape

Technical information:

LED:	5050 RGBW, 30 LEDs per meter.
Length:	300 cm
Power consumption:	26W
Power supply:	12V, 2A
PCB color:	White, 12mm wide
Beam angle:	120 degrees
IP Rating:	IP20
Included:	Controller, IR remote, Power supply

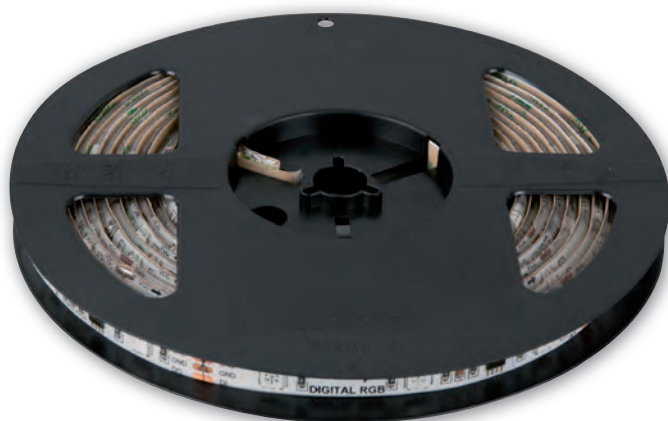

The Flex-Strip Set should not be used in sealed or hot places. Always mount on an aluminium or metal surface for best heat dissipation.

SPECIAL FEATURES:

- Plug and play
- Impressive and versatile backlight
- 164 programs built in.
- Simple to operate

Digital Flex Strip RGB

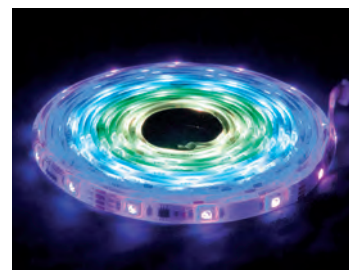

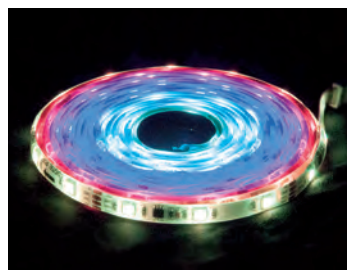

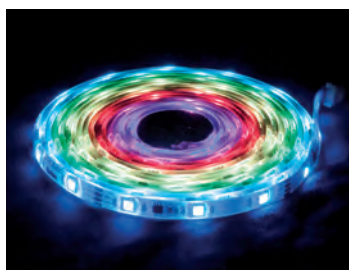

42773 500cm, IP20, section play

Create impressive and versatile backlights with this plug and play Flex strip with cool built in patterns and flows. All patterns and effects can be controlled by the IR remote controller (included). The set is ready to use and comes including remote controller and power supply. The Digital Flex Strip has self adhesive 3M tape on the back for easy mounting.

Technical information:

LED:	5050RGB
Length:	500cm
Power consumption:	24W
Power supply:	12V DC 2A
PCB color:	White 10mm wide
Beam angle:	120 degrees
IP Rating:	IP20
Included:	Controller, IR remote controller, Power supply.

The Digital Flex Strip Set should not be used in sealed or hot places. Always mount on an aluminium or metal surface for best heat dissipation. It is not possible to extend the strip.

SPECIAL FEATURES:

- Plug and Play
- Infra Red Remote Controller included
- Built-in 10 level Dimmer
- 3M Tape

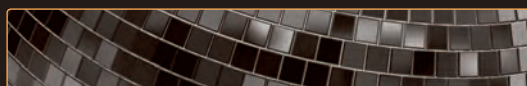

Flexstrip Set UV

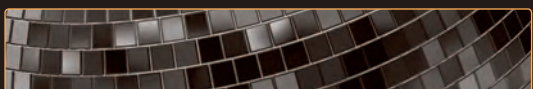

42776 500cm

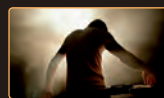

Technical information:

LED:	3528 410nm UV, 60 LEDs per meter.
Length:	500 cm
Power consumption:	24W
Power supply:	12V, 2A
PCB color:	White, 10mm wide
Beam angle:	120 degrees
IP Rating:	IP20
Included:	Controller, IR remote, Power supply

The Flex-Strip Set should not be used in sealed or hot places. Always mount on an aluminium or metal surface for best heat dissipation. It is not possible to extend the strip without using a repeater.

Mirrorballset 10 x 10 mm

Available models:

30227 20 cm

30235 30 cm

Standing Mirrorball 10 x 10 mm

Can be mounted in any position. For use with batteries or DC-adaptor.

Available models:

60421

Mirrorballs 10 x 10 mm - Without motor

Available models:

60412 5 cm Mirrorball without motor

60413 10 cm Mirrorball without motor

60414 15 cm Mirrorball without motor

60404 20 cm Mirrorball without motor

60405 30 cm Mirrorball without motor

60407 50 cm Mirrorball without motor

60409 75 cm Mirrorball without motor

60410 100 cm Mirrorball without motor

60420 150 cm Mirrorball without motor

60418 200 cm Mirrorball without motor

Professional Mirrorballs 5 x 5 mm - Without motor

Available models:

60430 5 x 5 mm Mirrorball without motor, 30 cm

60431 5 x 5 mm Mirrorball without motor, 40 cm

60432 5 x 5 mm Mirrorball without motor, 50 cm

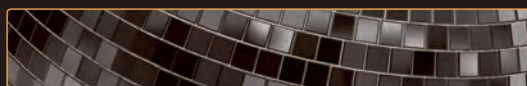

Half-mirrorball - Without motor

Available models:

60401 30 cm Half mirrorball for wall and ceiling mounting with motor

60402 40 cm Half mirrorball for wall and ceiling mounting with motor

60403 50 cm Half mirrorball for wall and ceiling mounting with motor

Technical information:

604081
Max. diameter mirrorball: 30 cm
Max. weight: 3 kg
Rotation speed: ± 2 rpm

For professional use the unit must be installed according to the EN 60598-217 norms. A 2nd safety-attachment must be used at all times. The installation has to be approved by an expert before first use.

Mirrorball Motor until 30 cm

Available models:

604081 2 rpm

604083 3 rpm

Technical information:

Max. diameter mirrorball: 20 cm
Max. weight: 1 Kg
Max. dimensions: 192x50x48 mm
Rotation speed: ± 7 rpm
Battery-operated: 1x D-Cell Battery

Mirrorball Motor Battery Operation

60417 Up to 20 cm battery operation. Only for home use!

For professional use the unit must be installed according to the EN 60598-217 norms. A second safety-attachment must be used every time. The installation has to be approved by an expert before first use.

Technical information:

Input voltage: AC 230V-50Hz
Power consumption: 10 Watt
Max. diameter mirrorball: 50 cm
Max. weight: 10 Kg
Rotation speed: ± 1 rpm
Weight: 1,25 kg

Mirrorball Motor until 40-50 cm

60411

For professional use the unit must be installed according to the EN 60598-217 norms. A second safety-attachment must be used every time. The installation has to be approved by an expert before first use.

Technical information:

Max. diameter mirrorball: 100 cm
Max. weight: 40 Kg
Rotation speed: ± 1 rpm

Mirrorball Motor until 100 cm

60416

For professional use the unit must be installed according to the EN 60598-217 norms. A second safety-attachment must be used every time. The installation has to be approved by an expert before first use.

Technical information:

Loading capacity: 500 kg
Breaking load: 6,3 t (tested)
Rotation speed: 0,5 - 4 Rpm
Torque: 0,4 nm
Weight: 3 kg
Cable length: 1,5 m

Mirrorball motor

60450 Until 500 kg DMX

The Mirrorball Motor 500 kg is designated for the rotation of heavy loads up to 500 kg (mirrorball 200 cm). The extremely robust assembly and the high-quality components of the appliance guarantee a long service life. The motor comes in a flightcase with all relevant certificates.

Technical information:

Max. rotation speed: 5 RPM
Input voltage: AC 230V-50Hz
Power consumption: 10 Watt
Max. load: mirrorball 50 cm / 10 kg
DMX channels: 2
Weight: 5,5 kg

Mirrorball Motor DMX 2 channel

60449

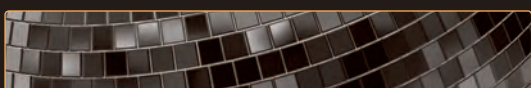

Technical information:

Voltage: 240VAC/50 Hz
Output voltage: 0-12,5V
Safety Class: I
DMX Input: XLR 5 Pole
Motor Output: XLR 4 Pole
DMX Channels: 1
Weight: 1,3 kg

Power supply incl. DMX Interface for Mirrorball motor 500 kg

60451 230V incl. powersupply

The Power supply incl. DMX interface for Mirrorball Motor 500 kg is designated to regulate the Mirrorball motor 60450. The DMX address is selectable by digital addressing.

Bulgin Connectors

19p male straight plug Long

90797 Black, PG29

19 pin male cable connector
aluminium alloy moulded shell
gold plated copper alloy machined contacts
25 A nominal current
cable entry: 14-25mm
dimensions: 65 x 134mm

19p female extender Long

90792 Black, PG29

19 pin female cable connector
aluminium alloy moulded shell
gold plated copper alloy machined contacts
25A nominal current
cable entry: 14-25mm
dimensions: 65 x 127mm

Socapex 19 Pin male cable connector PG29 IP67

90784

19 pin male cable connector
PG29 waterproof IP67 rated
metallic backshell, double insulation
65 mm diameter, 140 mm length
100% compatible with Socapex 419AR range

Socapex 19 Pin female cable connector PG29 IP67

90785

19 pin female cable connector PG29
waterproof IP67 rated, metallic backshell
built in double insulation
65 mm diameter, 140 mm length
100% compatible with Socapex 419AR range

Socapex 19 Pin male cable connector

90780

19 pin male cable connector
25 A nominal current
aluminium alloy moulded shell
gold plated copper alloy machined contacts

Socapex 19 Pin female cable connector

90781

19 pin female cable connector
aluminium alloy moulded shell
gold plated copper alloy machined contacts
25A nominal current

Socapex 19 Pin male chassis connector

90783

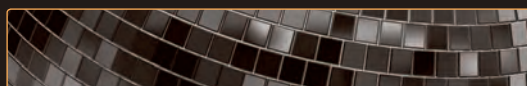

19 pin male chassis connector
aluminium alloy moulded shell
gold plated copper alloy machined contacts
25A nominal current
mounting holes: 41 x 41 mm

Socapex 19 Pin female chassis connector

90782

19 pin female chassis connector
aluminium alloy moulded shell
gold plated copper alloy machined contacts
25A nominal current
mounting holes: 41 x 41 mm

CEE Connectors 4 Pin, 16A 110V

CEE 16A 110V 4p Plug Male

91311 Yellow, IP44

Outlet standard: Industrial
Housing Material: PA6
Poles description: 3P + E
Ground Lug position: 4h
Network type: 110VAC
Wire connection: 1-2,5mm²
Contacts: Brass
Cable entry: 6-15mm
IP Rating: IP44 conforming IEC 60529
Weight: 128g

CEE 16A 110V 4p Plug Female

91312 Yellow, IP44

Outlet standard: Industrial
Housing Material: PA6
Poles description: 3P + E
Ground Lug position: 4h
Network type: 110VAC
Wire connection: 1-2,5mm
Contacts: Brass
Cable entry: 6-15mm
IP Rating: IP44 conforming IEC 60529
Weight: 161g

CEE 16A 110V 4p Socket Male

91313 Yellow, IP44

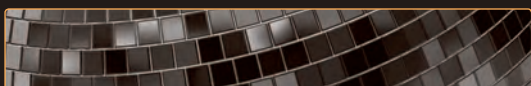

Outlet standard: Industrial
Housing Material: PA6
Flange: 70 x 70mm (56 x 56mm fixing center)
Poles description: 3P + E
Ground Lug position: 4h
Network type: 110VAC
Wire connection: 1-2,5mm
Contacts: Brass
IP Rating: IP44 conforming IEC 60529
Weight: 101g

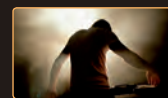

CEE 16A 110V 4p Socket Female

91314 Yellow, IP44

Outlet standard: Industrial
Housing Material: PA6
Flange: 70 x 70mm (56 x 56mm fixing center)
Poles description: 3P + E
Ground Lug position: 4h
Network type: 110VAC
Wire connection: 1-2,5mm
Contacts: Brass
IP Rating: IP44 conforming IEC 60529
Weight: 127g

240V Connectors

PVC Schuko Connector Male

90405

Ampere: 16A max. / 10A cont.
Voltage: 230V/240V

PVC Schuko Connector Female

90406

Ampere: 16A max. / 10A cont.
Voltage: 240V

Rubber Schuko 230V/240V Connector Male

90401 Black housing - CEE7/VII

Ampere: 16A Max.
Weather protection: IP44
According to: CEE7/VII, DIN 49440/441
System: 2-pins with standard earth connection/earth pin
Weight: 0,105 kg

Rubber Schuko 230V/240V Connector Female

90402

Ampere: 16A max. / 10A cont.
Voltage: 230V/240V

Rubber Connector Female CEE 7/V

90409

Ampere: 16A max.
Voltage: 230V/240V

Rubber Connector Male CEE 7/VII

90397

Ampere: 16A max.
Voltage: 250Vmax.
IP: 44
Connection: max 2,5mm²

Rubber Connector Female CEE 7/VII

90396

Ampere: 16A max.
Voltage: 250Vmax.
IP: 20
Connection: max 2,5mm²

Rubber Schuko Connector Male

90390

Voltage: 230V/240V

Rubber Schuko Connector Female

90391

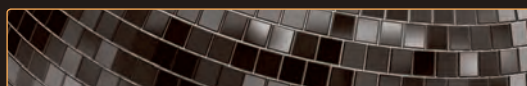

Voltage: 230V/240V

Rubber Connector Male

91300 PCE, IP44

Outlet standard: Events
Housing Material: Polyamid
Wire connection: 2,5mm² max
Cable diameter: 6 – 10 mm
IP Rating: IP44
Dimensions: 99 x 42 mm

Rubber Connector Female

91303 PCE, IP20

91304 PCE, IP44

Outlet standard: Events
Housing Material: Polyamid
Wire connection: 2,5mm² max
Cable diameter: 6 – 10 mm
IP Rating: IP44
Dimensions: 94 x 52 mm

Solid Rubber Connector Male

91301 PCE, Red, Dual Earth, IP44

91302 PCE, Black, Dual Earth, IP44

Outlet standard: Industrial
Housing Material: Rubber
Wire connection: 2,5mm² max
Cable diameter: 6 – 13 mm
IP Rating: IP44
Dimensions: 134 x 42 mm

Solid Rubber Connector Female

91305 PCE, Red, IP44

91306 PCE, Black, IP44

Outlet standard: Industrial
Housing Material: Rubber
Wire connection: 2,5mm² max
Cable diameter: 6 – 13 mm
IP Rating: IP44
Dimensions: 139 x 70 mm

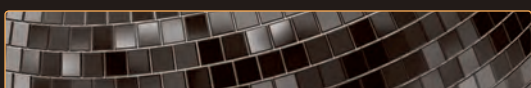

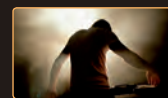

Rubber Schuko 230V/240V CEE7/VII Connector Male

Colours:

90398	Grey
90398G	Green
90398O	Orange
90398R	Red
90398U	Blue
90398Y	Yellow

Material: Full rubber male schuko connector
Ampere: 16A
Voltage: 250V
System: Nickel-plated contacts, 2-pins with standard earth
Weather protection: IP44
According to: CEE7/VII 3x2,5mm² NEN1020, NBN C 61-112-1
Own weight: 120gr
Outer carton qty: 10pcs
Additional info: Designed for heavy industrial use, extremely pressure resistant, dimensionally stable rubber lining and easy to install through retractable pull relief.

Chassis Connectors

Chassis connector with cover

90403

Ampere: 16A max. / 10A cont.
Voltage: 230V/240V
Dimensions: 50 x 62 x 40mm

Chassis connector without cover

90438

Ampere: 16A max. / 10A cont.
Voltage: 230V/240V

Chassis Connector with cover

91310 PCE, IP44

Chassis 230V/240V VDE Connector

Colours:

90413U Blue
90413B Black
90413R Red

Dimensions: 50 x 65 x 5mm

IEC Connectors

IEC Euro Male Connector

90434

Ampere: 10A max. / 6A cont.
Voltage: 230V/240V

IEC Euro Female Connector

90435

Ampere: 10A max. / 6A cont.
Voltage: 230V/240V

IEC Euro Male Chassis

90436

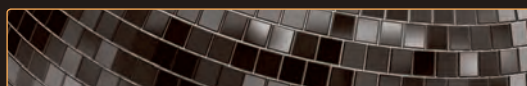

Ampere: 10A max. / 6A cont.
Voltage: 230V/240V

IEC Euro Female Chassis

90437

Ampere: 10A max. / 6A cont.
Voltage: 230V/240V

Neutrik Powercon

Neutrik Chassis-input

NAC3MPA1 Blue

Title	NAC3MPA1
Gender	male
Coding	A-type for power
inlet (color coding blue)	
Contact resistance	$\leq 3 \text{ m}\Omega$ (inner)
Number of electrical contacts	2 + PE
Rated current per contact	20A max
Rated maximum voltage	250 V ac
Locking device	Quick Lock
Temperature range	-30 °C to +80 °C

Neutrik Chassis-output

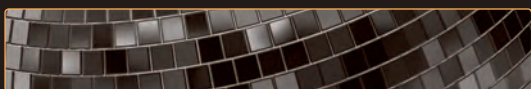

NAC3MPB1 Grey

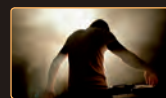

Title	NAC3MPB1
Gender	male
Coding	B-type for power
outlet (color coding gray)	
Contact resistance	$\leq 3 \text{ m}\Omega$ (inner)
Number of electrical contacts	2 + PE
Rated current per contact	20A max
Rated maximum voltage	250 V ac
Locking device	Quick Lock
Temperature range	-30 °C to +80 °C

MFD M3 Mounting frame

905311 for NAC3MPA & NAC3MPB

PowerCon True1 Connectors

PowerCon True1 power-out

NAC3MXW locking male connector

Title: NAC3MX
Gender: male
Contact resistance: $\leq 3 \text{ m}\Omega$ (inner)
Number of electrical contacts: 2 + PE
Rated current per contact: 16A max
Rated maximum voltage: 250 V ac
Cable Outside Diameter: 6 – 12 mm
Wiresize: 1.0 – 2.5 mm²
Temperature range: -30 °C to +80 °C

PowerCon True1 power-in

NAC3FXW locking female connector

Title: NAC3FX
Gender: female
Contact resistance: $\leq 3 \text{ m}\Omega$ (inner)
Number of electrical contacts: 2 + PE
Rated current per contact: 16A max
Rated maximum voltage: 250 V ac
Cable Outside Diameter: 6 – 12 mm
Wiresize: 1.0 – 2.5 mm²
Temperature range: -30 °C to +80 °C

PowerCon True1 outlet connector

NAC3FPX locking 16A mains connector

Title: NAC3FPX
Gender: female
Contact resistance: $\leq 3 \text{ m}\Omega$ (inner)
Number of electrical contacts: 2 + PE
Rated current per contact: 16A max
Rated maximum voltage: 250 V ac
Wiresize: 2.5 mm²
Temperature range: -30 °C to +80 °C
Optional Accessories: Sealing Cover
SCNAC-FPX

PowerCon True1 inlet connector

NAC3MPX locking 16A mains connector

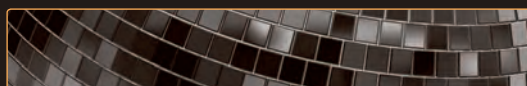

Title: NAC3MPX
Gender: male
Contact resistance: $\leq 3 \text{ m}\Omega$ (inner)
Number of electrical contacts: 2 + PE
Rated current per contact: 16A max
Rated maximum voltage: 250 V ac
Wiresize: 2.5 mm²
Temperature range: -30 °C to +80 °C
Optional Accessories: Sealing Cover
SCNAC-MPX

PowerCon True1 in/outlet connector

NAC3PX locking 16A mains connector

Title: NAC3PX
Gender: male/female
Contact resistance: $\leq 3 \text{ m}\Omega$ (inner)
Number of electrical contacts: 2 + PE
Rated current per contact: 16A max
Rated maximum voltage: 250 V ac
Wiresize: 2.5 mm²
Temperature range: -30 °C to +80 °C
Optional Accessories: Sealing Cover
SCNAC-PX

Network type: 400VAC
Wire connection: 6-16mm²
Contacts: Brass
Cable entry: 2x M32 + M40
IP Rating: IP67 conforming IEC 60529
Weight: 923g

CEE Connectors 5 Pin, 125A 400V

CEE 125A 400V 5p Plug Male

913241 Red, IP67

91324 Black, IP67

Outlet standard: Industrial
Housing Material: PA6
Poles description: 3P + N + E
Ground Lug position: 6h
Network type: 400VAC
Wire connection: 16-50mm²
Contacts: Nickel-plated
Cable entry: 23-50mm
IP Rating: IP67 conforming IEC 60529
Weight: 1169g

CEE 125A 400V 5p Plug Female

913341 Red, IP67

91334 Black, IP67

Outlet standard: Industrial
Housing Material: PA6
Poles description: 3P + N + E
Ground Lug position: 6h
Network type: 400VAC
Wire connection: 16-50mm²
Contacts: Brass
Cable entry: 23-50mm
IP Rating: IP67 conforming IEC 60529
Weight: 1266g

CEE 125A 400V 5p Socket Male

913542 Red, IP67

913543 Black, IP67

Outlet standard: Industrial
Housing Material: PA6
Flange: 120 x 120mm
(100 x 100mm fixing center)
Poles description: 3P + N + E
Ground Lug position: 6h
Network type: 400VAC
Wire connection: 16-50mm²
Contacts: Nickel-plated
IP Rating: IP67 conforming IEC 60529
Weight: 998g

CEE 125A 400V 5p Socket Female

913541 Red, IP67

91354 Black, IP67

Outlet standard: Industrial
Housing Material: PA6
Flange: 120 x 120mm (100 x 100mm fixing center)
Poles description: 3P + N + E

90469	0,75m
90465	1,5 m
90446	3 m
90466	6 m

Cable Reel 3

Length:	
90593	With 50 m rubber cable 3 x 2,5 mm3

400V Extensioncords

Extension Cable, 3x 16A 380V

Length:	
90510	5 m/5 x 2,5 mm2
90511	10 m/5 x 2,5 mm2
90512	25 m/5 x 2,5 mm2
90513	50 m/5 x 2,5 mm2

Extension Cable, 3x 32A 380V

Length:	
90521	10 m/5 x 4 mm2
90522	25 m/5 x 4 mm2
90523	50 m/5 x 4 mm2

Extension Cable, 32A 415V, 5 x 6,0 mm2

Length:	
90514	5 m
90515	10 m
90516	25 m

Extension Cable, 3 x 63A 380V

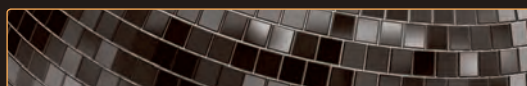

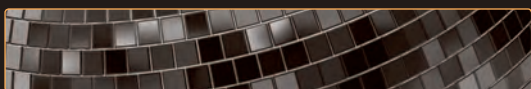

Length:	
90541	10 m/5 x 10 mm2
90542	25 m/5 x 10 mm2

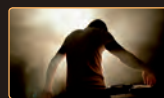

Cable Reel 5

Length:	
90594	With 25 m rubber cable 5 x 2,5 mm2

Power Multi-Cables

Power Multicable 6 Pole male-female

Length:	
FP0110	10 m, 6 x 1,5 mm ²

Power Multicable 10 Pole male-female

Length:	
FP0210	10 m, 10 x 1,5 mm ²
FP0215	15 m, 10 x 1,5 mm ²

Power Multicable 16 Pole male-female

Length:	
FP035	5 m, 16 x 1,5 mm ²
FP0310	10 m, 16 x 1,5 mm ²
FP0315	15 m, 16 x 1,5 mm ²
FP0320	20 m, 16 x 1,5 mm ²
FP0325	25 m, 16 x 1,5 mm ²

Powermulticable incl. Round Multipin Connectors

Length:	
FP1110	10 m
FP1115	15 m
FP1120	20 m

240V Power Multicable

Length:	
D9491	7 x 1,5 mm ² , Black (P715)
D9492	14 x 1,5 mm ² , Black (P1415)
D9493	18 x 1,5 mm ² , Black (P1815)
D9496	14 x 2,5 mm ² , Black (P1425)
D9497	18 x 2,5 mm ² , Black (P1825)

Titanex Neopreen Cable

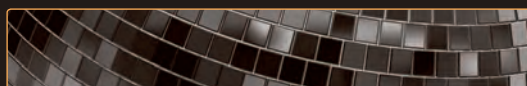

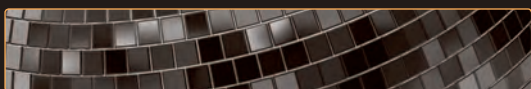

Length:	
90201	100 m roll 3 x 1,5 mm ²
90202	100 m roll/ 3 x 2,5 mm ²
90203	Minimal 1 m/ 5 x 2,5 mm ²
90204	Minimal 1 m/ 4 x 1,5 mm ²
90233	Minimal 1 m/ 5 x 4 mm ²
90234	Minimal 1 m/ 5 x 6 mm ²

Lineax Neopreen Cable

Length:	
90237	100 m spool, 3 x 2,5 mm ²
90236	100 m spool, 3 x 1,5 mm ²
90235	per m, 5 x 10 mm ²

240V Socketboxes

2 + 2-way IP20 Multisocket

90463 1,5 m cable 3 x 1,5 mm²

3-Way Socket

90462 Black, 1,5 m cable 3 x 1,5 mm²

Multisocket Schuko 4-way

90460 IP-20, 16A max.

Multisocket Schuko 5-way

90461 IP-20, 16A max.

DMX Booster Bar 4

50781 4 Channel DMX Booster 3 & 5p XLR

The Showtec DMX Booster Bar is an innovative and exclusive product designed by the engineers of Showtec and it is very suitable for all LED and DMX fixtures.

The DMX Booster Bar is a 4 channel sliding T-Bar. It has Neutrik Powercon input and Neutrik Powercon Output. It has 3 and 5 pole DMX input. It has total 4 pieces 3 and 5 pole DMX output and one DMX Link. Due to the build in booster each channel is insulated and boosted ensuring that all your fixtures are getting the best DMX signal possible.

Technical information:

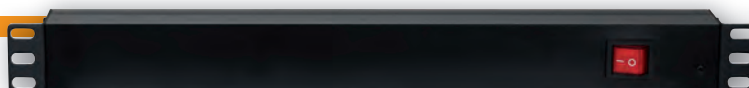

- Powercon Input 240V / 50Hz
- Powercon Output 240V / 50Hz
- Length: 150 cm
- 4 Power Outputs
- 4 DMX Outputs
- 3 and 5 Pole XLR Connectors
- DMX signal LED
- Power signal LED
- M-10 Sliding profile
- Spigot Adaptor

19" 1U Main Power Strip 8

91230 8 sockets

Technical information:

Power consumption: max 3680W
Cable: 2m 3x1.5mm²
Weight: 0.85 Kg
IP rating: IP20

19" 1U Main Power Strip 16

91231 Front and Back Control

Technical information:

Power consumption: max 3680W
Cable: 2m 3x1.5mm²
Weight: 1.36 Kg
IP rating: IP20

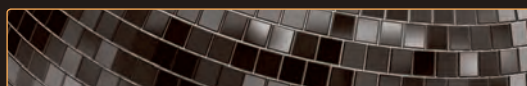

19" 1U CEE16A To 6x Sockets

91232 3 Phase Splitter

Technical information:

Power consumption: max 3600W/circuit
Cable: 2m 5x1.5mm²
Weight: 1.1 Kg
IP rating: IP20

CEE 16A - 3 x Schuko Splitter

90470

Technical information:

Dimensions: 265 x 110 x 80mm
Weight: 0,72 kg

Powersplit 1 CEE 16A

91130 5 x Schuko

Technical information:

Input power connector: CEE 16 A male
5 pole connector
Max. power load: 3 x 16A
Output power connector: 5 pcs Schuko
IP rate: IP-44
Cable length: 1,5 m
Dimensions: 120 x 47 x 44 mm
(LxWxH)

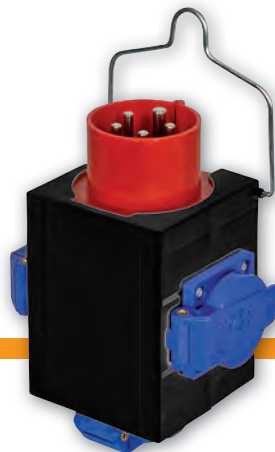

This product can only be used indoor and operated by classified personal.

Powersplit 2 CEE 16A

91131 3 x Schuko

Technical information:

Input power connector: CEE 16 A male
5 pole connector
Max. power load: 3 x 16A
Output power connector: 3 pcs Schuko
IP rate: IP-44
Dimensions: 120 x 47 x 44 mm
(LxWxH)

This product can only be used indoor and operated by classified personal.

Powersplit 3 CEE 16A

91132 4 x Schuko, 2 x CEE 16A 5p

Technical information:

Input power connector: CEE 16 A male
5 pole connector
Max. power load: 3 x 16A
Output power connector: 4 pcs Schuko,
2 pcs CEE 16A
female 5 pole
IP-rate: IP-44
Cable length: 1,5 m
Weight: 3,4 kg

This product can only be used indoor and operated by classified personal.

Powersplit 4 CEE 16A

91210 3x 3p CEE

Technical information:

Input: CEE-plug 3P+N+PE 16A, 400VAC
Outlet: CEE-socket 16A, 230VAC
Max current: 3x16A
IP Rating: IP44
Dimensions: 195x80x78mm

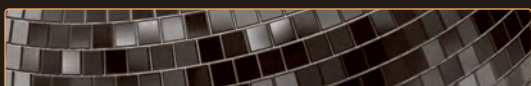

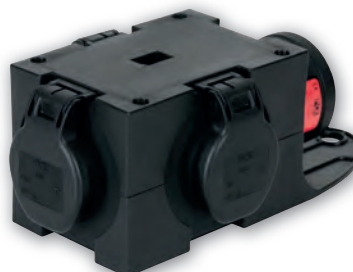

Powersplit 5 CEE 16A

91211 3x Schuko

Technical information:

Input: CEE-plug 3P+N+PE 16A, 400VAC
Outlet: Schuko-socket 16A, 230VAC
Max current: 3x16A
IP Rating: IP44
Dimensions: 195x80x78mm

SPECIAL FEATURES:

- Portable, solid rubber housing
- Integrated carrying handle
- Dust- and Splash proof

**MPD-616 Power Splitter****91200**

Technical information:

Cable: 2m 5G6 with 32A CEE 400V 5p connector
 Protection: 6x MCB 16A 1p, C-type
 Equipment: 6x Schuko socket 16A 240V
 IP rating: IP54
 Dimensions: 430 x 130 x 75mm

SPECIAL FEATURES:

- Portable, solid rubber housing
- Integrated carrying handle
- Dust- and Splash proof

**MPD-416CEE Power Splitter****91201**

Technical information:

Cable: 2m 5G6 with 32A CEE 400V 5p connector
 Protection: 1x MCB 16A 3p, C-type
 2x MCB 16A 1p, C-type
 Equipment: 1x CEE socket 16A 400V 5p
 4x Schuko socket 16A 240V
 IP rating: IP54
 Dimensions: 430 x 130 x 79mm

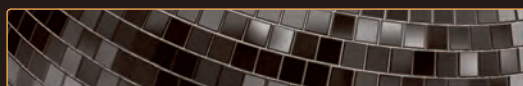

SPECIAL FEATURES:

- Portable, stackable, solid rubber housing
- Integrated carrying handle
- Dust- and Splash proof
- Hinged cover with 2 quick acting closures

**MPD-832CEE Power Splitter****91202**

Technical information:

Cable: 1,5m 5G6 with 32A CEE 400V 5p connector
 Protection: 1x RCCB 30mA, A-type
 1x MCB 16A 3p, C-type
 8x MCB 16A 1p, C-type
 Equipment: 1x CEE socket 32A 400V 5p
 1x CEE socket 16A 400V 5p
 8x Schuko socket 16A 240V
 IP rating: IP54
 Dimensions: 320 x 320 x 320mm

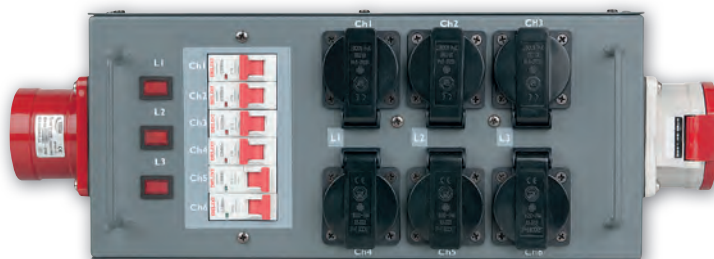

Split Power 16

91133 Powersplit with fuse

Technical information:

Power input: 380V, 16A
Input connector: 5 Pole 16A CEE
Power output: 6 x 230V, 16A
Output connector: Schuko
Fuses: 3 x C-16
Dimensions: 410 x 165 x 125mm (LxWxH)
Weight: 2,6Kg

This product can only be used indoor and operated by classified personal.

Split Power 32

91134 Powersplit with fuse

Technical information:

Power input: 380V, 32A
Input connector: 5 Pole 32A CEE
Power output: 6 x 230V, 32A
Output connector: Schuko
Fuses: 6 x C-16
Dimensions: 465 x 165 x 125mm (LxWxH)
Weight: 4,5Kg

This product can only be used indoor and operated by classified personal.

PS-32.2

50634 32A CEE In - 2 x 16A CEE Out + 6 x Schuko

Technical information:

Power Supply: 230V AC / 50 Hz
Power Input: max. 32A / Phase
Input: 1 x 32A CEE plug on back-panel with 1,5 m 5 x 4 mm² H07RN-F cable

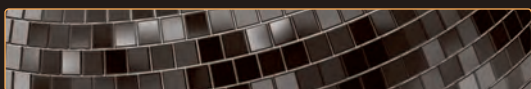

Output: 2 x 16A CEE socket on front-panel
1 x 32A CEE socket on back-panel
6 x power socket 16A on back-panel

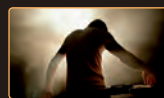

Fuse elements:
RCD: 1 x 32A, 0.03A
Circuit breaker: 2 x 3Pin 16A, C-Type
3 x 1Pin 16A, C-Type

Measuring Instruments:
Phase control: 3 x Fluorescent lamp

Housing: Steel
Colour: Grey
Dimensions: 482 x 300 x 133 mm (LxWxH)
Weight: 10,2kg

Road suited housing and components

PSA-16A3C

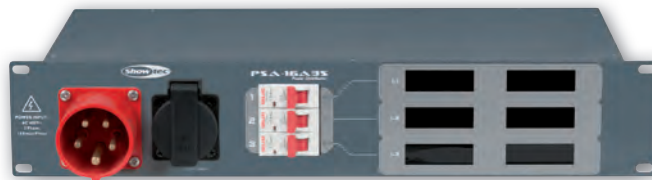

50660 3x MCB, CEE out

Technical information:

Input: 1x CEE male 3P+N+PE, 400VAC, 50/60Hz
Output: 6x CEE female 1P+N+PE, 230VAC, 50/60Hz (back)
1x CEE female 1P+N+PE, 230VAC, 50/60Hz (front)

MCB (3pcs)
Rated Current: 16A
Tripping Curve: C-type
Poles: 1P
Breaking Capacity: 6KA

Physical
Color: Dark Grey
Housing: Powder coated Metal
Dimensions: 483 x 90 x 225 mm
IP Rating: IP20
Operating Temp: -5 ~ 40°C
Weight: 7,00 Kg

PSA-16A3S

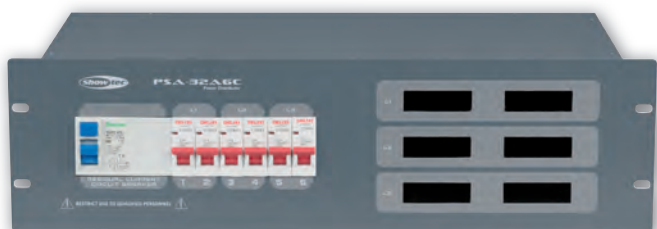

50661 3x MCB, Schuko out

Technical information:

Input: 1x CEE male 3P+N+PE, 400VAC, 50/60Hz
Output: 6x Schuko 1P+N+PE, 230VAC, 50/60Hz (back)
1x Schuko 1P+N+PE, 230VAC, 50/60Hz (front)

MCB (3pcs)
Rated Current: 16A
Tripping Curve: C-type
Poles: 1P
Breaking Capacity: 6KA

Physical
Color: Dark Grey
Housing: Powder coated Metal
Dimensions: 483 x 90 x 225 mm
IP Rating: IP20
Operating Temp: -5 ~ 40°C
Weight: 7,00 Kg

PSA-32A6C

50662 6x MCB, CEE out

Technical information:

Input: 1,5m H07RN-F 5G6 cable + CEE male 3P+N+PE, 400VAC, 50/60Hz
Output: 6x CEE female 1P+N+PE, 230VAC, 50/60Hz
RCCB (1pcs)

Rating: 40A
Sensitivity: 30mA
Class: A
Poles: 3P+N
Breaking Capacity: 6KA

MCB (6pcs)
Rated Current: 16A

IP Rating: IP20
Operating Temp: -5 ~ 40°C
Weight: 7,70 Kg

PSA-32A12S

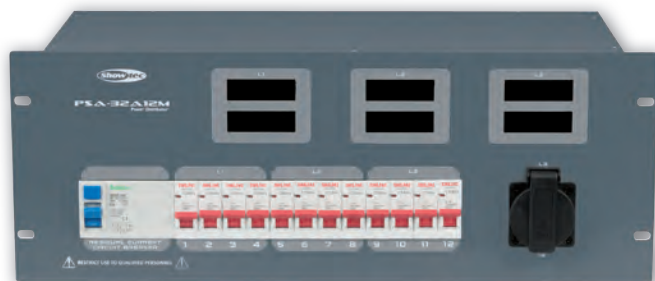

50664 12x MCB, Schuko out

Technical information:

Input: 1,5m H07RN-F 5G6 cable + CEE male 3P+N+PE, 400VAC, 50/60Hz
Output: 12x Schuko 1P+N+PE, 230VAC, 50/60Hz (back)
1x Schuko 1P+N+PE, 230VAC, 50/60Hz (front)
RCCB (1pcs)
Rating: 40A
Sensitivity: 30mA
Class: A
Poles: 3P+N
Breaking Capacity: 6KA

MCB (12pcs)
Rated Current: 16A
Tripping Curve: C-type
Poles: 1P
Breaking Capacity: 6KA

Physical
Color: Dark Grey
Housing: Powder coated Metal
Dimensions: 483 x 178 x 235 mm
IP Rating: IP20
Operating Temp: -5 ~ 40°C
Weight: 9,80 Kg

PSA-32A12M

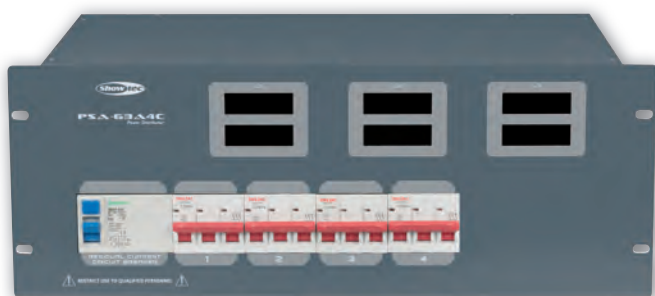

50665 12x MCB, Schuko + Multipin out

Technical information:

Input: 1,5m H07RN-F 5G6 cable + CEE male 3P+N+PE, 400VAC, 50/60Hz
Output: 6x Schuko 1P+N+PE, 230VAC, 50/60Hz (back)
2x Multipin 16P+PE, 230VAC, 50/60Hz (back)
1x Schuko 1P+N+PE, 230VAC, 50/60Hz (front)
RCCB (1pcs)
Rating: 40A
Sensitivity: 30mA
Class: A
Poles: 3P+N
Breaking Capacity: 6KA

MCB (12pcs)
Rated Current: 16A
Tripping Curve: C-type
Poles: 1P
Breaking Capacity: 6KA

Physical
Color: Dark Grey
Housing: Powder coated Metal
Dimensions: 483 x 178 x 235 mm
IP Rating: IP20
Operating Temp: -5 ~ 40°C
Weight: 10,80 Kg

PSA-63A4C

50666 4 x MCB, CEE out

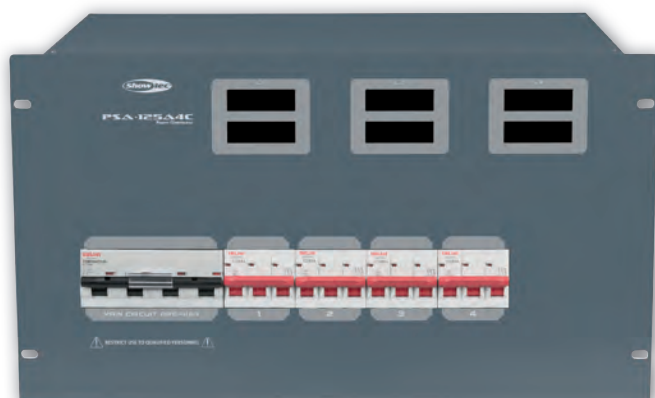

A stable power supply to all stage equipment is the most important factor for delivering a successful show. Together with leading rental companies, Showtec developed power distributors that will keep your equipment safe. The PSA series provides real-time voltage and amperage information during shows. Now you can monitor your setup and make sure that the power is correctly distributed whenever you need to. Performers and stage engineers alike will be grateful for having this safety device available.

Technical information:

Input: 1,5m H07RN-F 5G10 cable + CEE male 3P+N+PE, 400VAC, 50/60Hz
Output: 4x CEE female 3P+N+PE, 400VAC, 50/60Hz
RCCB (1pcs)
Rating: 63A
Sensitivity: 30mA
Class: A
Poles: 3P+N
Breaking Capacity: 6KA

MCB (4pcs)
Rated Current: 32A
Tripping Curve: C-type
Poles: 3P
Breaking Capacity: 6KA

Physical
Color: Dark Grey
Housing: Powder coated Metal
Dimensions: 483 x 178 x 235 mm
IP Rating: IP20
Operating Temp: -5 ~ 40°C
Weight: 11,40 Kg

PSA-125A4C

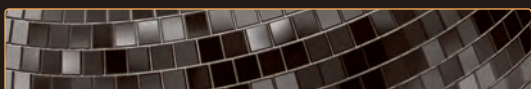

50667 4 x MCB, CEE out

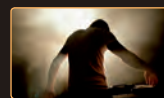

Technical information:

Input: 1x CEE male 3P+N+PE, 400VAC, 50/60Hz
Output: 4x CEE female 3P+N+PE, 400VAC, 50/60Hz
Main MCB (1pcs)
Rating: 125A
Tripping Curve: C-type
Poles: 4P
Breaking Capacity: 10KA

MCB (4pcs)
Rated Current: 63A
Tripping Curve: C-type
Poles: 3P
Breaking Capacity: 6KA

Physical
Color: Dark Grey
Housing: Powder coated Metal
Dimensions: 483 x 390 x 275 mm
IP Rating: IP20
Operating Temp: -5 ~ 40°C
Weight: 19,40 Kg

DJ-Switch 6

50363

6 channel switchboard. Schuko outlets on backside 10 A per channel. 15 A total load. Fuses on frontpanel.

Technical information:

Dimensions: 482 x 90 x 80 mm (LxWxH) 2U
Weight: 1,62 kg

DJ-Switch 8

50309

8 channel switchboard. IEC outlets on backside 10 A per channel. 15 A total load. Fuse on frontpanel 8 IEC plugs included.

Technical information:

Dimensions: 482 x 280 x 44 mm (LxWxH)
Weight: 1,1 kg

DJ-Switch 10

50364

10 channel switchboard. Schuko outlets on backside 10 A per channel. 15 A total load. Fuses on frontpanel.

Technical information:

Dimensions: 482 x 135 x 120 mm (LxWxH)
19" x 3U
Weight: 2,4 kg

DJ-Switch 10F

50365

10 channel switchboard with flash buttons. Schuko outlets on backside 10 A per channel. 15 A total load. Fuses on frontpanel.

Technical information:

Dimensions: 482 x 135 x 120 mm (LxWxH)
19" x 3U
Weight: 2,65 kg

Powerd Chasers

LP-416

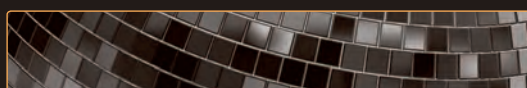

50750 Channel Chaser

Technical information:

Power supply: AC 220V-240V, 50/60 Hz
Power consumption: 16 A max.
Power connector: Cable without connector
Output power: 5A each channel, 16A max.
Output connector: 4 pcs schuko,
Analog output: 0-10 Volt, 8 pole din connector
Audio output: XLR, Cinch
Dimensions: 483 x 130 x 135 mm (LxWxH)
Weight: 5,5 kg

SPECIAL FEATURES:

- 4 Channel Chaser with 16 A max. load
- Background function
- 9 Built-in programs
- 4 modes: Hold dim, Hold sound, Program speed
- Master and channel dim faders
- Sound activated

Lite-4

50328 4CH. Programmable DMX Controller

4 channel DMX dimmer chase controller with pre-set built-in programs and 1 user programmable program. Dimmable pro channel. Output DMX 512.

Technical information:

Programs:	42 chasing programs	Chase Speed:	Normal speed or under control by Tap Sync.
Functions:	Memory backup / Hold Dimmer / Hold Sound / Prog. Sound / Prog. Speed / Auto Sound / Auto Speed / Memory/ Fade Time / Full On and Stand-by	Audio Input:	100 mV - 1 Vp-p
		Audio Control:	By built-in microphone or line in
		DMX Output:	3 pin XLR female
		Power Input:	DC 15-20V, 400 mA min. (adapter is included)
Function mode:	Hold Dimmer / Hold Sound / Prog. Sound / Prog. Speed / Auto Sound / Auto Speed / Memory	Dimensions:	19" x 3U
		Weight:	483 x 45 x 133 mm (LxWxH) 1,4 kg

SPECIAL FEATURES:

- Basic but complete 4 channel DMX controller
- All necessary functionality directly accessible
- The perfect light controller for non technical users.
- Ideal light controller for the multimedia-trade
- Small 'live' bands
- Schools and rental companies

Lite-12

50336 12CH. Programmable DMX Controller

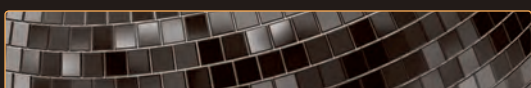

12 channel DMX dimmer chase controller with pre-set built-in programs and 1 user programmable program. Dimmable pro channel. Output DMX 512.

Technical information:

Programs:	53 chasing programs	Chase Speed:	Normal speed or under control by Tap Sync.
Functions:	Memory backup / Hold Dimmer / Hold Sound / Prog. Sound / Prog. Speed / Auto Sound / Auto Speed / Memory/ Fade Time / Full On and Stand-by	Audio Input:	100 mV - 1 Vp-p
		Audio Control:	By built-in microphone or line in
		DMX Output:	3 pin XLR female
		Power Input:	DC 15-20V, 400 mA min. (adapter is included)
Function mode:	Hold Dimmer / Hold Sound / Prog. Sound / Prog. Speed / Auto Sound / Auto Speed / Memory	Dimensions:	19" x 3U
		Weight:	483 x 45 x 133 mm (LxWxH) 1,4 kg

SPECIAL FEATURES:

- Compact 12 channel light controller
- Plug & Play 12 Channel DMX Controller
- Preprogrammed chases
- Ideal light-controller for the multimedia-trade
- Small 'live' bands
- Schools and rental companies

SPECIAL FEATURES:

- Compact 6 channel DMX controller
- Master dim fader
- Battery operated
- Easy to use
- Ideal for exhibitions

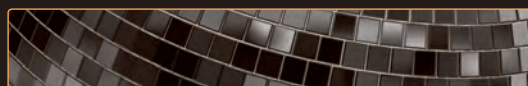

**SDC-6****50723 6 channel DMX controller**

The SDC-6 is a small battery operated 6 channel DMX controller. It is very suitable for easy applications such as exhibitions, small shops as well for testing of your DMX equipment.

- 6 individual Channel Fader
- 1 Master Fader
- 6 DMX Channels (1 to 6)
- Compact Design & Simple Operation

**Technical information:**

Power input:	DC 9V - 15V, 100mA minimum
DMX Output:	3 Pin Female DMX Connector
DMX Polarity:	2-, 3+
Battery Type:	Pp3 9V
Dimensions:	173 x 153 x 55 mm
Weight:	Approx. 0,8 kg

Easy 16

50406 16 Channel DMX controller

This unit is a 32 channel programmable DMX controller. It is possible to program 12 scenes. Furthermore there is a built-in chase, adjustable speed, chase direction and fade time. This light controller is the best solution for small light shows or test set-ups.

SPECIAL FEATURES:

- ideal DMX controller for test set-up's or demonstrations
- 16 Channel faders
- 32 DMX channels
- 16 Programmable scenes
- Built-in chase
- Detachable frame

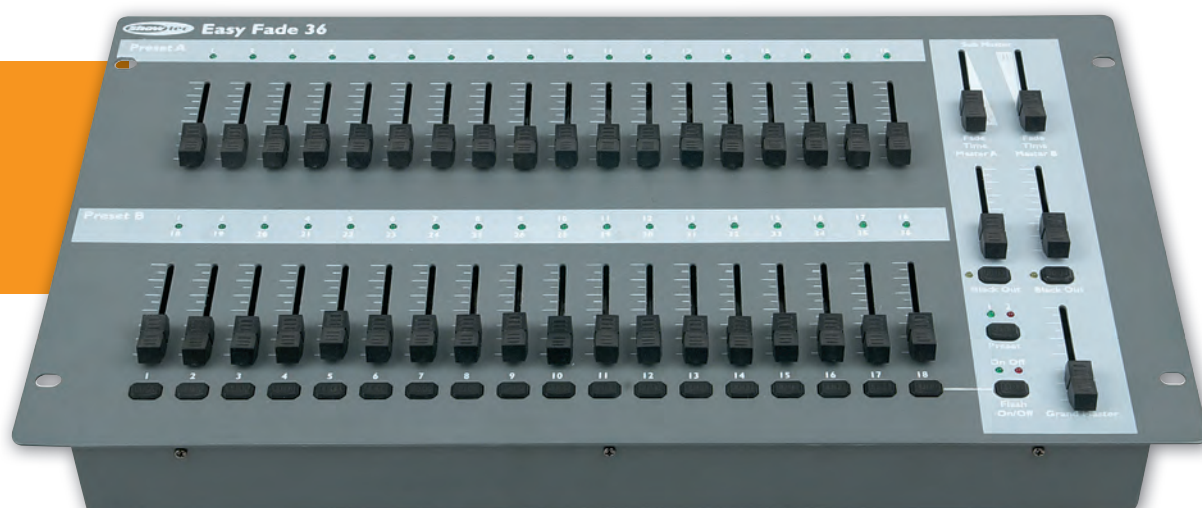

Technical information:

Power Supply:	DC9V, 500mA
Power connector:	Adaptor included
Scenes/Chases:	12/1
Run mode:	Chase / Manual
Adjustable speed:	0,1 sec - 10 min.
Adjustable fade time:	0-100 %
Patch mode:	N/A
Output:	DMX-512, 32 channels
Output connector:	3 pole XLR
Dimensions:	540 x 100 x 190 mm
Weight:	2,8kg

SPECIAL FEATURES:

- Easy to use
- No programming facilities
- Double preset
- Up to 36 channels

Easy Fade 36

50711

The Easy Fade 36 is a new and easy to use lighting desk. It is specially designed for those applications where users have to operate light which have no knowledge about DMX and programming such as schools, churches etc.

The Easy Fade 36 is a double preset desk which has two banks of 18 channels. The Desk can be used either as a double preset 18 channel desk or as a single preset 36 channel desk.

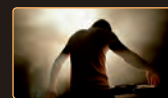

It is equipped with two Master faders and a grand master.

The Easy Fade 36 has no programming facilities in order to keep it simple to use for any user.

Technical information:

Power Supply:	DC 12V 500mA
Power connector:	Adaptor included
Scenes/Chases:	0
Run mode:	Manual only
Patch mode:	N/A
Output:	DMX-512, 36 channels
Output connector:	3 pole XLR
Dimensions:	483 x 270 x 120 mm
Weight:	4 kg

SM-8/2

50700 16 Channel Lighting Desk

- 12 Fixture with each 16 channel
- Programmable Speed and Fade time
- 3 pole XLR output
- Patchable channels for each fixture

Technical information:

Power Supply: DC 9Volt - 300mA
 Power connector: Adapter included
 Fixtures: 12 (each 16 channel)
 Scenes: 240 (30 banks)
 Chases: 6
 Run mode: Auto, Music
 Patch mode: Each fixture free assignable channels
 Output: DMX-512 standard
 Output connector: 3 & 5 pole XLR female
 Dimensions: 483 x 133 x 50 mm (LxWxH)
 Weight: 3 kg

Detachable frame: 50790 (not incl.)

SPECIAL FEATURES:

- Intelligent light DMX controller
- Control 12 fixtures up to 16 channels each
- Patchable channels for each fixture
- Programmable Speed & Fade time for chases
- 240 scenes & 6 chases

SM-16/2

50701 16 Channel Lighting Desk

- 12 Fixture with each 32 channels
- Jog wheels for Pan en Tilt movement
- 14 channel faders
- Clear LCD display
- Programmable Speed and Fade time
- 3 and 5 pole XLR output
- Patchable channels for each fixture

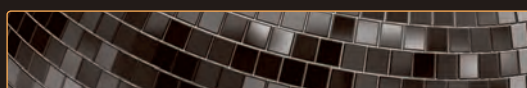

Technical information:

Power Supply: DC 12Volt - 500mA
 Power connector: Adapter included
 Fixtures: 12 (each 32 channels)
 Scenes: 240 (30 banks)
 Chases: 6 (1 banks)
 Run mode: Auto, Music
 Patch mode: Each fixture free assignable channels
 Output: DMX-512 standard
 Output connector: 3 and 5 pole XLR female
 Dimensions: 483 x 178 x 100 mm (LxWxH)
 Weight: 4 kg

Detachable frame: 50792 (not incl.)

SPECIAL FEATURES:

- Intelligent light DMX controller
- Control 12 fixtures up to 32 channels each
- Patchable channels for each fixture
- Programmable Speed & Fade time for chases
- 240 scenes & 6 chases

SM-16/2 FX

50702 32 Channel Lighting Desk with Shape Engine

Technical information:

Power Supply: 100-240VAC ~ 50Hz
Fixtures: 16 (each 32 channels)
Scenes: 80 (5 banks)
Chases: 80 (5 banks)
Total Chase Steps: 100
Run mode: Auto, Manual
Patch mode: Each fixture free assignable channels
Output: DMX-512 standard
Output connector: 3 and 5 pole XLR female
Dimensions: 482 x 220 x 75 mm (LxWxH)
Weight: 3,7 kg

SPECIAL FEATURES:

- Intelligent light DMX controller
- Control 16 fixtures up to 32 channels each
- Patchable channels for each fixture
- ready-to-use Shape Engine
- show backup on USB

SC-2412

50710 48 Channel Lighting Desk

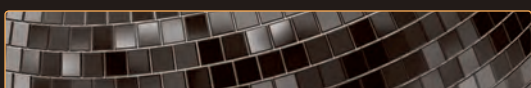

- 24 channel faders
- 2 aux channels
- 48 DMX channels
- Clear LCD display
- Programmable Speed and Fade time
- 3 and 5 pole XLR output
- Patchable channels
- Desktop and 19 inch model
- User record code

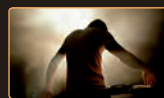

Technical information:

Power Supply: DC 12Volt - 500mA
Power connector: Adapter included
Scenes/Chases: 48 (4 banks)
Run mode: Auto, Music
Patch mode: Each channel free assignable DMX address
Output: DMX-512 standard
Output connector: 3 and 5 pole XLR female
Dimensions: 530 x 330 x 110 mm (LxWxH)
Weight: 4,5 kg

SPECIAL FEATURES:

- 48 patchable DMX channels & 2 Aux channels
- Programmable Speed & Fade time for chases
- Easy to use Midi functionality
- 3 and 5 pole XLR output

Scanmaster 2 MKII

50333 DMX Scancontroller

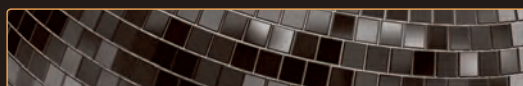

The Scanmaster 2 MKII is the updated version of the already popular Scanmaster 2. It can control 12 scanners with a maximum of 16 DMX addresses per scanner. 240 programmable scenes are available and are ready for playback by 30 banks with 8 scenes and 12 complete chase-programs. The Scanmaster 2 MKII is equipped with an USB slot which can hold an external DJ light.

Technical information:

- 12 x 16 DMX channels
- 30 banks each composed of 8 programmable scenes
- 12 programmable chases (max. 99 steps)
- 8 faders to control 16 channels
- Built in microphone for audio triggers
- Joystick for easy positioning your beams
- 4 Digit LED display
- Chase programming and chase running controlled by manual or MIDI.
- 16 bit resolution
- Midi input
- Dimensions: 530 x 190 x 88 mm (incl. frame)
- 483 x 85 x 133 mm (without frame)
- Weight: 2,7 kg

SPECIAL FEATURES:

- Controller for 12 Fixtures up to 16 channels
- 240 Scenes & 12 Chases
- USB slot for external DJ Light
- Patchable joystick
- The ideal controller for moving heads & Scanners

Technical information:

- 24 control channels
- 48 scenes
- 48 chaser programs with 999 steps
- 2 independent dimless crossfaders
- 3 digit LCD display
- MIDI in/out
- Audio in
- DMX invertible
- DMX Out

SPECIAL FEATURES:

- 24 Multifunctional channel faders
- Up to 48 Scenes / Chases with max 999 steps
- Detachable frame
- Midi In & Out
- Remote black out/full on possibility

Showmaster 24 MKII

50830

The Showmaster 24 MKII is a 2-banks 12 fader, 1-bank 24 fader mixing console, it controls DMX and has also the capability to be used with MIDI protocol to allow real-time programs. The Showmaster 24 MKII controls 2x 12 channels (single bank) or 24 channels. The Showmaster 24 MKII can program 48 scenes or chases of 999 steps or a loop with a total of 11988 steps. Programs can be run automatically or by external or internal music-input. It is also possible to control your lightshow by the built in MIDI-interface to allow a real-time live-show to your music.

Incl. 1 power adapter

Technical information:

- 48 control channels
- 24 chaser programs
- 3 digit LCD display
- MIDI in/out
- Audio in
- DMX invertible
- DMX Out

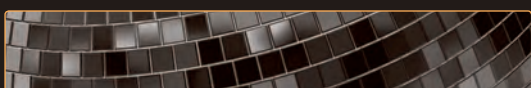

SPECIAL FEATURES:

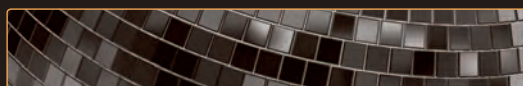

- 48 Multifunctional channel faders
- Up to 96 Scenes / Chases with max 999 steps
- Midi In & Out
- Remote black out/full on possibility

Showmaster 48 MKII

50831

The Showmaster 48 MKII is the bigger brother of the "normal" Showmaster: with 48 channels instead of 24! The Showmaster 48 MKII is a 2-banks 24 fader, 1-bank 48 fader mixing console. The Showmaster 48 MKII controls DMX and has also the capability to be used with MIDI protocol to allow real-time programs. The Showmaster 48 MKII controls 2x24 channels (single bank) or 48 channels. The Showmaster 48 MKII can program 96 scenes or chases of 999 steps or a loop with a total of 23976 steps. Programs can be run automatically or by external or internal music input. It is also possible to control your lightshow by the built-in MIDI-interface to allow a real-time live-show to your music.

Creator Compact

50729 Moving Light Controller

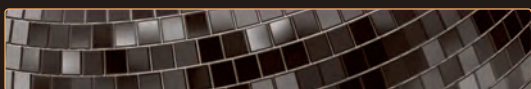

The Creator Compact can control up to 32 fixtures. This is the most compact moving light controller in its family. It is easy to setup and operate due to a innovating and simple menu. The USB makes it possible to store your settings and shows. The Creator Compact comes with built-in shape effects of pan/tilt circle, RGB rainbow, beam dimming waves, etc. 10 scenes and 5 built-in shapes can be output simultaneously. Faders can be used to output scenes and adjust the intensity of the dimmer channels in the scenes.

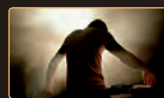

Technical information:

DMX channel:	768
Fixtures:	32
Channels for each fixture:	24
Chases:	60
Chase to run simultaneously:	10
Chase step:	120
Time control of scenes	Fade in/out, LTP
slope	
Shapes for each scene	5
Shape generator	Shapes of Dimmer, Pan/Tilt, RGB, CMY, Color, Gobo, Iris and Focus
Shapes to run simultaneously	5
USB Memory FAT32 supported for storing settings and shows.	
Dimensions:	483 x 227 x 87 mm (LxWxH)
Display language:	EN/FR/DE
Weight:	4,6 Kg
Flightcase:	optional available

SPECIAL FEATURES:

- Control 32 fixtures up to 24 channels each (768 channels)
- 60 Scenes/Chases
- Each chase can store 120 steps
- Easy to use Shape generator
- Intelligent jogwheels

Creator 1024

50730 Moving Light Controller

The Creator 1024 can control up to 96 fixtures.

It is easy to setup due to USB library files which you can download directly on our website, but also you can make the library files with the Personality Builder.

The Creator comes with built-in shape effects of pan/tilt circle, RGB rainbow, beam dimming waves, etc.

10 scenes and 5 built-in shapes can be output simultaneously.

Faders can be used to output scenes and adjust the intensity of the dimmer channels in the scenes.

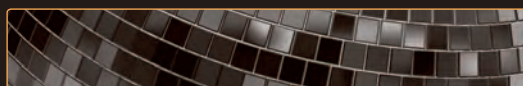

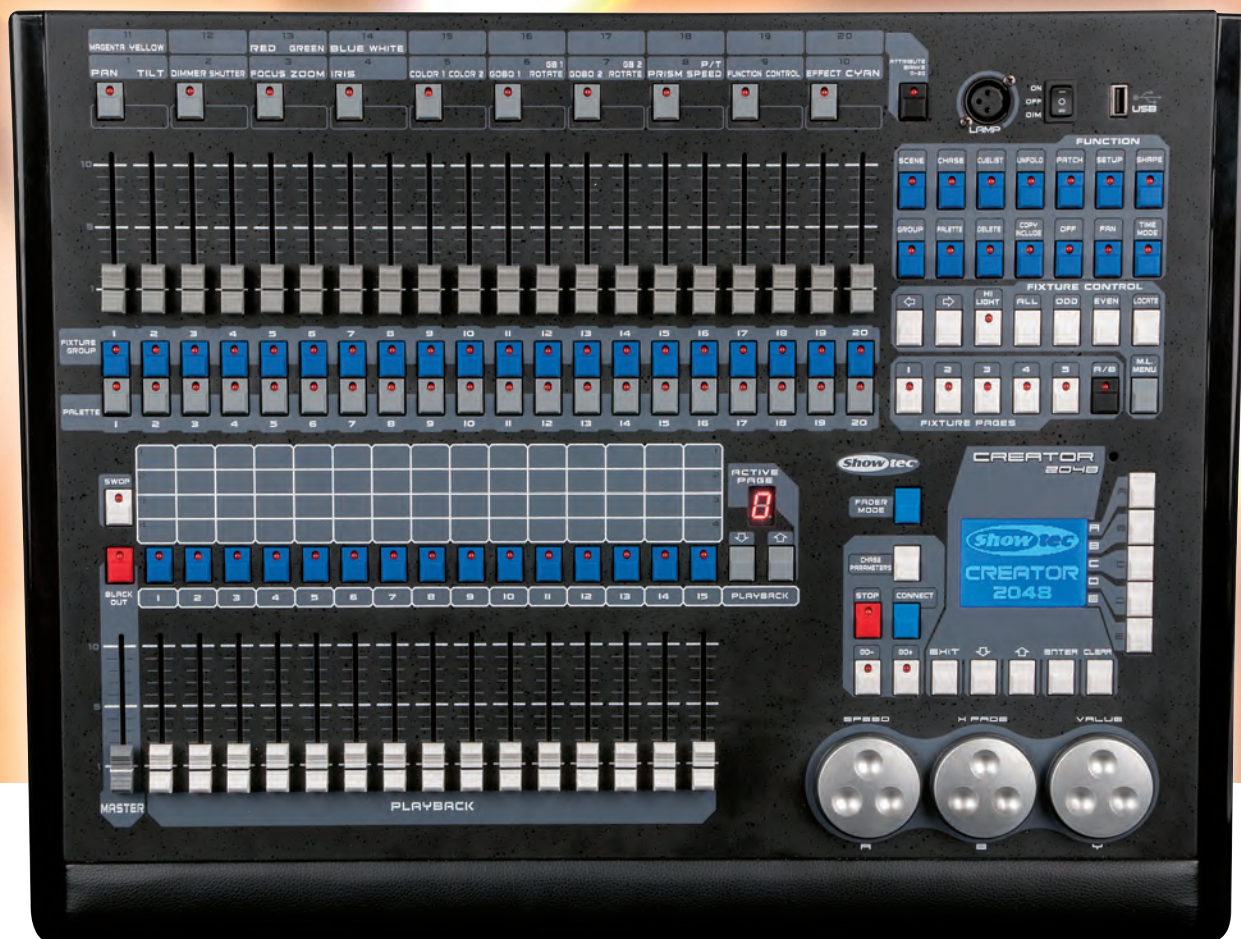

SPECIAL FEATURES:

- Control 96 fixtures up to 40 channels each (1024 channels)
- 60 Scenes/Chases
- Each chase can store 600 steps
- Easy to use Shape generator
- Intelligent jogwheels

Technical information:

DMX channel:	1024
Fixtures:	96
Channels for each fixture:	40
Chases:	60
Chase to run simultaneously:	10
Chase step:	600
Time control of scenes:	Fade in/out, LTP slope
Shapes for each scene:	5
Shape generator:	Shapes of Dimmer, Pan/Tilt, RGB, CMY, Color, Gobo, Iris and Focus
Shapes to run simultaneously:	5
Master fader:	Global, playback, fixture
	Library can store up to 32 Fixtures
	Library R20 library supported
	USB Memory FAT32 supported
	483 x 398 x 105 mm (LxWxH)
Dimensions:	EN/FR/DE
Display language:	7,9 kg
Weight:	optional available
Flightcase:	

Technical information:

DMX channel:	2048
Fixtures:	200
Channels for each fixture:	40
Chases:	150
Chase to run simultaneously:	15
Chase step:	600
Time control of scenes:	Fade in/out, LTP slope
Shapes for each scene:	5
Shape generator:	Shapes of Dimmer, Pan/Tilt, RGB, CMY, Color, Gobo, Iris, Zoom and Focus
Shapes to run simultaneously:	8
Master fader:	Global, playback, fixture
	Library can store up to 32 Fixtures
	Library R20 library supported
	USB Memory FAT32 supported
Dimensions:	598 x 450 x 115 mm (LxWxH)
Display language:	EN/FR/DE
Weight:	11,2 Kg
Dust Cover:	included
Flightcase:	included

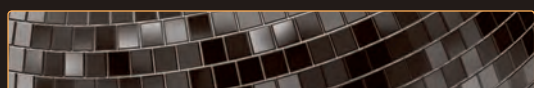

SPECIAL FEATURES:

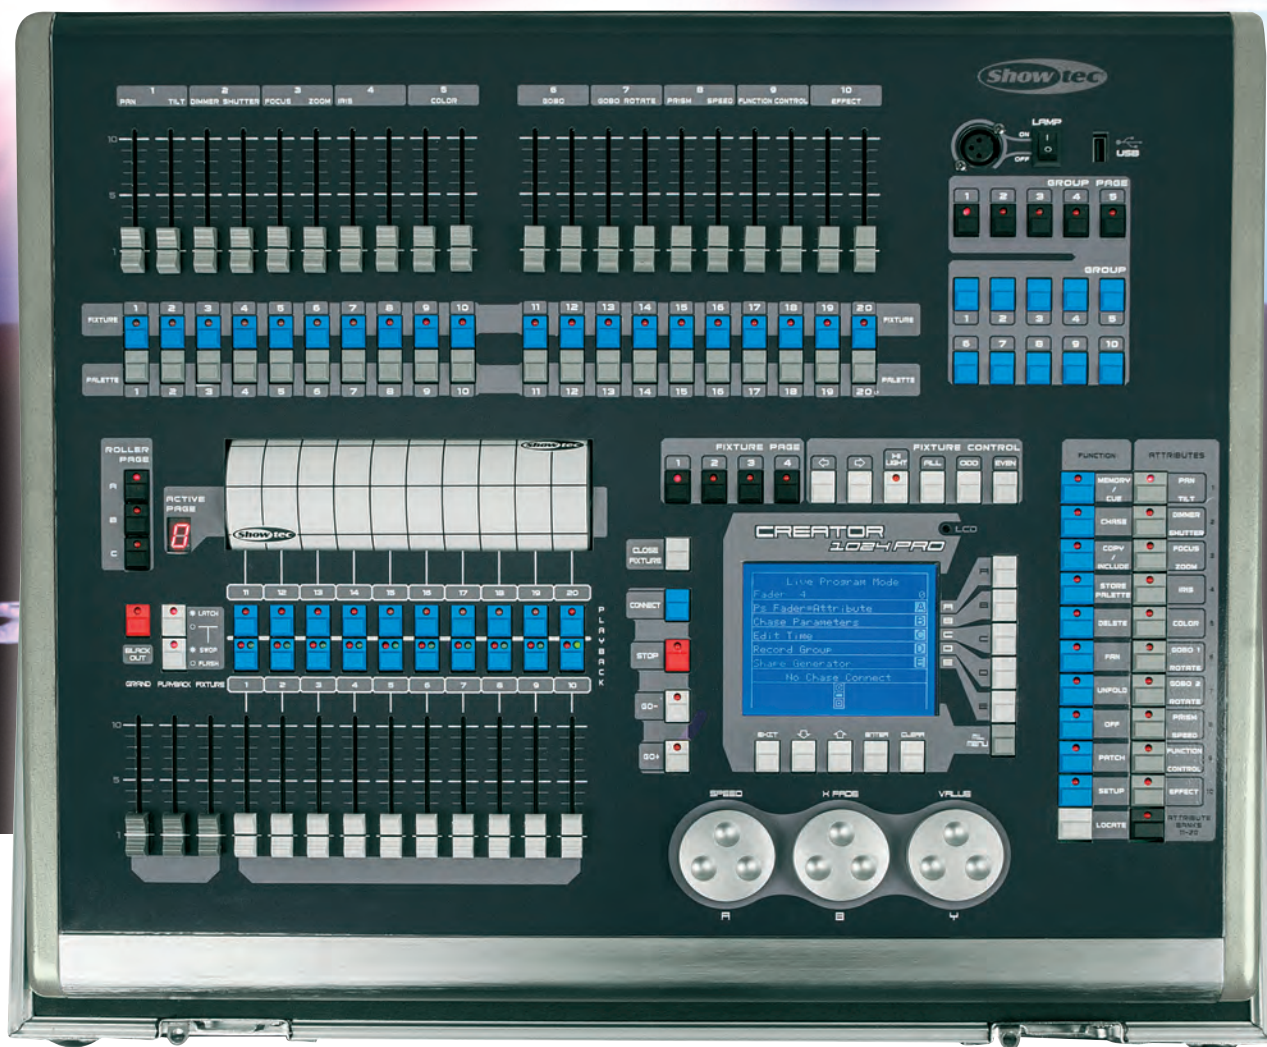

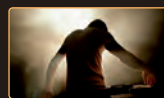

- Control 200 fixtures up to 40 channels each
- 150 Scenes/Chases
- Each chase can store 600 steps
- Easy to use Shape generator
- Intelligent jogwheels

Creator 2048

50732 Moving Light Controller incl flightcase

The Creator Moving Light Controllers are the most affordable controllers with a very high build quality and the most amount of features available on the market. The Creator 2048 is the larger brother of the Creator 1024. It is capable of controlling up to 200 fixtures to a total of 2048 DMX channels divided in 4 DMX universes with optical isolated 3 pole XLR connectors. Important features are the possibility of creating your Cue Lists, the built-in Shape Generator for Pan/Tilt, RGB, CMY, Dimmer, Color, Gobo, Iris, Zoom and Focus, the playback pages and playback faders, the fast selectable fixture groups and a easy to read display. The intuitive software makes programming and using it in live situations extremely easy and versatile. The Creator 2048 comes including a dust cover and flightcase.

Creator 1024 PRO

50731 Moving Light Controller incl flightcase

The Creator Moving Light Controllers are the most affordable controllers with a very high build quality and the most amount of features available on the market. The Creator 1024 PRO is the biggest and most powerful model of the range. It is capable of controlling up to 80 fixtures to a total of 1024 DMX channels divided in 2 DMX universes with optical isolated 3 and 5 pole XLR connectors. Important features are the built-in Shape Generator for Pan/Tilt, RGB, CMY, Dimmer, Color, Gobo, Iris and Focus, the playback page roller and playback faders, the fast selectable fixture groups and a large and easy to read display. The intuitive software makes programming and using it in live situations extremely easy and versatile. The Creator 1024 PRO comes including a dust cover and flightcase.

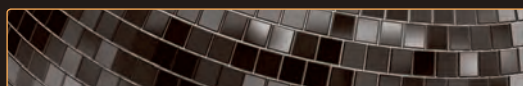

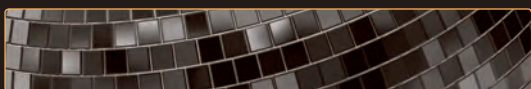

SPECIAL FEATURES:

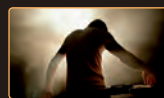

- Control 80 fixtures up to 40 channels each (1024 channels)
- 600 Scenes/Chases
- Each chase can store 600 steps
- Easy to use Shape generator
- Intelligent jogwheels

Technical information:

DMX channel:	1024
Fixtures:	80
Channels for each fixture:	40
Chases:	600
Chase to run simultaneously:	600
Chase step:	600
Time control of scenes:	Fade in/out, LTP slope
Shapes for each scene:	5
Shape generator:	Shapes of Dimmer, Pan/Tilt, RGB, CMY, Color, Gobo, Iris and Focus
Shapes to run simultaneously:	20
Master fader:	Global, playback, fixture
Library can store up to:	32 Fixtures
Library R20 library supported:	
USB Memory FAT32 supported:	
Dimensions:	656 x 550 x 145 mm (LxWxH)
Display language:	EN
Weight:	12,6 Kg
Dust Cover:	included
Flightcase:	included

LED Operator 1

50718

The Showtec LED Operator 1 is the most economical LED controller in our range. It has 3 faders to control the Red, Green and Blue LED of your LED fixture. It has 9 preset colours which can be selected by a push of the button. It can be controlled both manually as well as by sound by the internal microphone. The LED Operator 1 is a simple but powerful controller for non-complex light applications.

Technical information:

- Power Supply 12V/ 500mA (included)
- 3 DMX Channels
- 9 preset colours
- DMX-512
- Sound Control
- Strobe function
- 8 Chases
- Master Dimmer

SPECIAL FEATURES:

- Easy to use LED DMX controller
- Control 1 or 1 group of RGB fixtures
- Strobe
- 8 Chases & Macro functionality
- Individual RGB- & master dim control
- 9 Preset colors

LED Operator 4

50727

The LED Operator 4 is a compact DMX controller for LED lights with 3- or 4 channel modes (RGB either RGBW or RGBA). It is an easy to operate controller with built-in sound activated or manual playback options. The LED Operator 4 can control fixtures in four different groups independently of each other. Its one-touch buttons of pre-mixed colours, built-in chases and strobe and dimmer controls makes it perfect for any operator looking for an easy way to control any LED fixture.

Technical information:

- Fixtures: 4
- Fixture channels: 4
- DMX channels: 16
- Color presets: 9
- Chases: 9
- DMX connector: 3p XLR
- Power input: 12VDC, 500mA
- Dimensions: 325x140x52 (LxWxH)
- Weight: 1.4Kg

SPECIAL FEATURES:

- Up to 4 zones
- RGBW / RGBA control
- color preset buttons
- Easy to use

LED Operator 6

50728

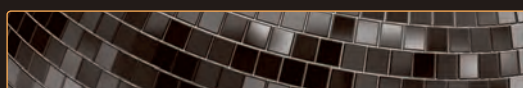

The LED Operator 6 is an universal, compact but powerful controller which is capable of controlling up to 6 channels per fixture. Therefore the LED Operator 6 is suitable to control any LED fixture with 6 colours LED (RGBWA-UV) in 6 different groups. The LED Operator 6 allows you to control effects by simultaneously operating each fixture in different playback modes, with variable fade times. The LED Operator 6 offers unlimited flexibility with numerous playback options that include RGBWA-UV, automatic and sound-active modes. Increase control with adjustable audio sensitivity, strobe and black-out effects.

Technical information:

- Fixtures: 6
- Fixture channels: 6
- DMX channels: 36
- Color presets: 18
- Chases: 18
- DMX connector: 3p XLR
- Power input: 12VDC, 500mA
- Dimensions: 393x140x47 (LxWxH)
- Weight: 1.8Kg

SPECIAL FEATURES:

- Up to 6 zones
- RGBWA-UV control
- color preset buttons
- Easy to use

LED Operator 4 Air

50726

The LED operator 4 Air has the same functionality as the popular LED operator 4 but with built-in wireless DMX module and battery operated. This solution is ideal for all 4 channel battery operated spots or bars and gives you the freedom to run an entire system in- and outdoor without using a power or DMX cable. It is equipped with the Wireless DMX transmitter module (from Wireless Solutions) which guarantees the best transmission. The LED Operator 4 AIR is easy to use and has preset RGBW colors and chases with adjustable fade, speed and strobe control or can be activated by sound. With a full battery the LED operator 4 AIR can be used for 8 hours.

Technical information:

Fixtures: 4
Channels: 16 (4 each fixture)
RGB Presets: 9
Preset chases: 9
DMX-512: XLR 3 pole
Battery: 7.4V 2200mAh
Operation time: 8 hours (full battery)
Power supply: 8.2V DC 500mA
Power consumption: 20 Watt
Power connector: Adapter (included)
NOTE: only use the original power supply
Dimensions: 325 x 140 x 50 mm (LxWxH)
Weight: 1,54 kg

SPECIAL FEATURES:

- Battery operated (8 hours)
- Wireless DMX transmitter (Wireless Solutions - Sweden)
- Preset RGB color and chases
- Control 4 x 4 channel fixtures

LED Operator

50716

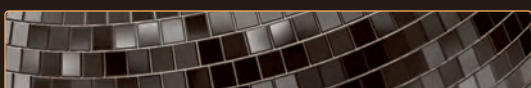

- Easy to use
- Control 4 RGB fixtures
- Adjustable Speed control
- Adjustable fade time
- Free patchable RGB and dimmer channels
- 19" panels incl.

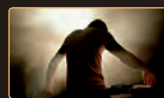

Technical information:

Power supply: DC 12V- 500mA
Power consumption: 20 Watt
Power connector: Adapter (included)
Chases: 16 with 99 steps
Scenes: 16
Fixtures: 4
DMX-512: XLR 3 pole
Dimensions: 370 x 160 x 60 mm (LxWxH)
Weight: 1,9 kg

SPECIAL FEATURES:

- Intelligent LED DMX controller
- Control 4 RGB fixtures up to 4 channels each
- Free patchable RGB and dimmer channels
- Individual RGB- and master dim control
- 16 Scenes & 16 Chases

LED Commander

50717 LED-Parcan controller

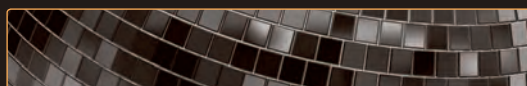

The LED Commander is a truly versatile LED Controller which can control nearly every LED Parcan on the market. It can control up to 8 different group of fixtures simultaneously. In order to control each function it has 8 faders. Each fader can be patched to the desired function. Furthermore the unit has 16 scenes (8 scenes on 2 pages) and 16 chases (8 chases on 2 pages). Moreover, it is equipped with 2 Auxiliary channels to connect your fogger or strobe. In order to make programming easy and simple the LED Commander is equipped with a bright and clear LCD display.

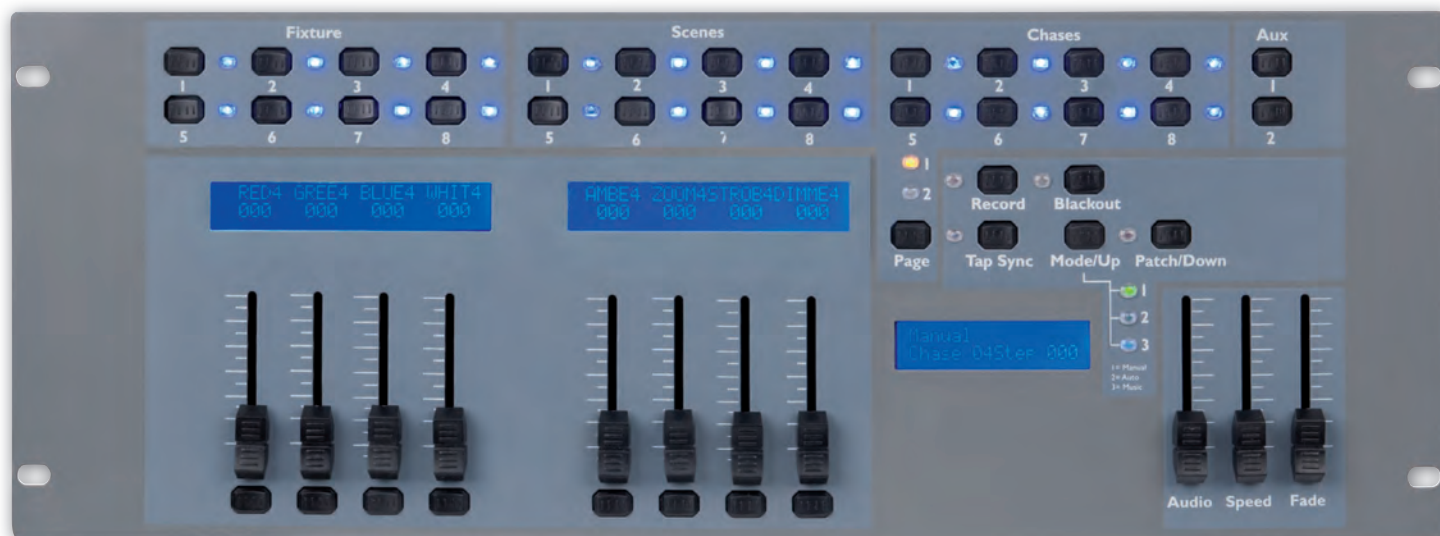

SPECIAL FEATURES:

- Control 8 LED fixtures up to 8 channels each
- Free patchable channels
- Total fixture control by 8 faders
- 16 Scenes & 16 Chases
- 2 Aux channels to connect foggers and strobes

Technical information:

Display:	2x 16 Character LCD
DMX connector:	XLR 3 Pole
Midi connector:	5p DIN (IN/OUT/THRU)
USB connector:	5V (light device)
Audio input:	RCA 100mV – 1Vpp
DMX channels:	8 x 16 & 2 aux, 130 total
Max steps in chase:	1750
Max total steps:	1750
Dimensions:	482x 156 x 75mm (LxWxH)
19" rackmountable:	Yes
Weight:	2,48Kg
Power consumption:	20Watt
DC input:	9-12V 800mA
Power supply:	AC-12V (included)

Technical information:

Fixtures:	8 + 2 Aux channels
Scenes:	16
Chases:	16
Run mode:	Auto, Music, Manual
DMX-512:	66 Channels
DMX connector:	3 Pole XLR F
USB:	5VDC for mini-light
Audio input:	RCA, 100mv - 1Vpp
MIDI:	In, Out, Thru
MIDI connector:	5P DIN
Power Supply:	9-12VDC - 1000mA
Power connector:	Adapter (included)
Power consumption:	20W
Dimensions:	482 x 156 x 75 (LxWxH)
Weight:	3,1Kg

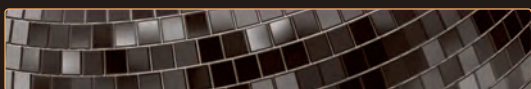

SPECIAL FEATURES:

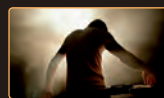

- 8 Individual programmable channel displays
- Control 8 LED fixtures up to 8 channels each
- Free patchable channels
- Memory for 16 scenes and 16 chases
- 2 Aux channels to control foggers and strobes

LED Commander Pro

50725 LED par controller with channel displays

The LED Commander Pro is the successor of the LED commander. The upgrade is simple but unique and very useful. The LED commander Pro has displays above each channel fader that shows the actual channel function. Because there are many different led fixtures and all with other channel settings it is hard to remember which channel has which function. The displays above the channels are fully programmable by the user. Now you can program your channel name in these displays which will be very useful during live operation. The displays show the programmed channel names and the channel value. Besides this unique function the LED commander pro also has all the benefits of the already successful LED commander. It can control 8 different group of fixtures simultaneously. With the 8 patchable channel faders you can control all functionalities of the LED par in your desired order. It has 2 auxiliary channels which are very useful for foggers or strobes. Furthermore the unit has 16 programmable scenes and 16 programmable chases.

Quick DMX D512

50051 512 Channels

With the "D512" interface it is possible to use Quick DMX software without any restriction for all 512 DMX channels. This interface can store one scene or chase for 512 DMX channels that will be played if connection with computer is lost.

Please note that Quick DMX USB dongle only works with Quick DMX software.

For general help you can also go to : <http://bit.ly/X4bDcv> a technical forum for Quick DMX.

Tutorials can be found in this link : <http://bit.ly/1oHfq9m>

Quick DMX USB dongle

50050 100 Channels

The Quick DMX USB dongle allows to discover an "entry level" version of the Quick DMX, for a very affordable price. Be aware that the Quick DMX USB dongle has no ground-loop protection. To be sure that you don't damage the cable if a groundloop occurs use a Showtec DMX booster, ordercode: 50346, 50347, 50780, 50781, 50782 or 50783. The Quick DMX D512 and D512 plus have a built-in ground-loop protection.

Please note that Quick DMX USB dongle only works with Quick DMX software.

For general help you can also go to : <http://bit.ly/X4bDcv> a technical forum for Quick DMX.

Tutorials can be found in this link : <http://bit.ly/1oHfq9m>

Quick DMX IR Remote

50053 Optional remote for 512 plus

Quick DMX N512

50055 Network dongle, 512 channels

Quick DMX D512 Plus

50052 512 Ch with Calendar & Ir

The D512 Plus has the same features as D512 when its connected with a computer but stand-alone the D512 plus has some extra features. It can hold 18 scenes/chases which can be triggered (4x simultaneously) with the optional IR remote (50053). It also has a calendar function to start scenes or chases on a preprogramed date and time. It is powered by USB but if your laptop cannot support enough power or if you use it stand-alone, it's possible to connect an external power-supply, 9-12VDC 300mA (not included).

Please note that Quick DMX USB dongle only works with Quick DMX software.

For general help you can also go to : <http://bit.ly/X4bDcv> a technical forum for Quick DMX.

Tutorials can be found in this link : <http://bit.ly/1oHfq9m>

Technical information:

- Stand Alone: Yes, 18 scenes or chases
- Operating System: Windows, Mac OSX
- Dimensions: 112 x 89 x 46mm
- Weight: 0,28 kg
- Power supply: USB / DC 9V, 300mA (not included)

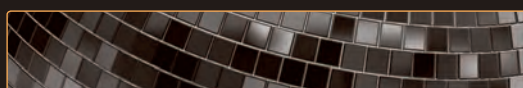

Quick DMX Rack

50054 512 Ch with 16 preset memories

The Quick DMX Rack is a standalone interface which can store 16 different chases or scenes. This makes the unit very suitable for fixed installations. Because of the basic concept even non-technical users can control their lightshow with Quick DMX Rack. They can select 16 programs that are pre-programmed by an installer. To edit or change chases or scenes the unit must be linked with Quick DMX software. It is also possible to use the controller as 512 Channel DMX interface. The interface has 3 indication LEDs, power, USB link and DMX input.

Technical information:

- Operating system: Windows & MAC
- Memories: 16
- DMX channels: 512
- DMX output: 3P XLR F optical isolated
- DMX input: 3P XLR M optical isolated
- Ir sensor: Backside 3.5mm jack connection for external IR
- Powersupply: USB powered or 9-12V, 300mA AC/DC (not incl)
- Dimensions: 482x80x44mm (LxWxH)
- Weight: 1,6 Kg

Quick DMX provides the ultimate solution for lighting control. It offers the possibility of direct control, from simple LED spots to the most complex moving light and pixel based fixtures, with a computer, the software and an interface. The computer is loaded with Quick DMX software to build and control the lighting show, by an interface via a USB port.

The software is designed to be user-friendly and can easily be used by even those whose knowledge of DMX and light programming is limited. We offer a unique software, which is free to download from our web site download page. The software is available for Windows and MacOS. All software upgrades are free.

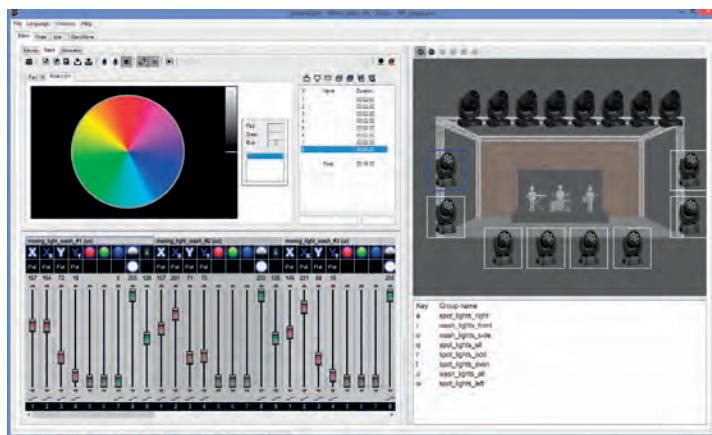

THE SOFTWARE

The software contains several views: Editor, Pixels, Live, Stand Alone. Each view has its own dedicated tabs to have direct access to all necessary functions and settings.

Declare your lighting equipment in Editor > Fixtures. The library contains personality files for the most common fixtures (Spots, Bars, Moving heads, Color changer, Strobes, etc ...). This library is regularly updated to stay current with new fixture releases. If the light you are using is not included, it is easy to add and configure new ones. In V8 you are able to re-patch your fixtures without losing previous made scenes and generators.

With Editor > Steps you can create scenes. The view manages many functionality's like:

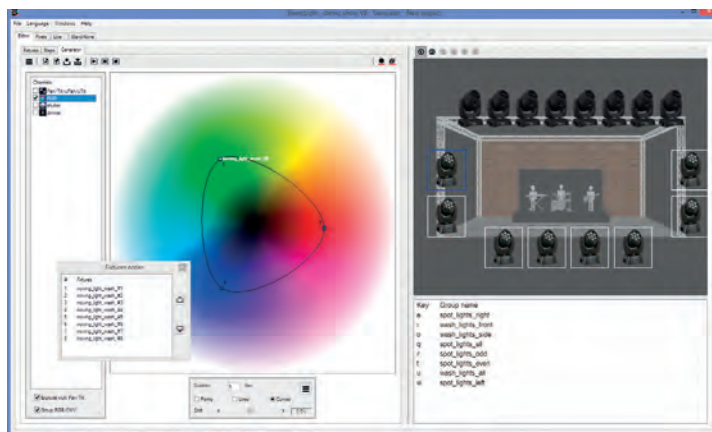

- DMX values per fixture
- RGB color picker
- Chase step overview and editor
- Time and fade mode per channel
- 2D fixture view
- Fixtures grouping

In Generator, you can build complex lighting scenes within a few mouse clicks, it can handle pan/tilt movements, colors, gobo and effects, for a group of moving lights, with delay effects. It has preset shapes dedicated for dimmers, movements and colors. The V8 generator has several major improvements like:

- Edit your fixture order to create your desired shape over your fixtures
- Possibility to split a multiple pan/tilt fixtures and create shapes within one fixture
- Group RGB / CMY channels within a fixture to easily create a color shape

With Pixels it's easy to create chaser, rainbow, text effects or upload GIFs to use as template for

your animated pixel show. Just add your devices with the correct horizontal and vertical pixels assign the color range and position on screen like the real setup. Pixels will do all calculations and generate all DMX values.

In Live, you can play and customize the show depending of your needs (pages, buttons, presets). Buttons can be made for colors, effects movements but can also trigger a complete light scene or timeline multimedia file. While operating in live it's possible to overrule with the

Editor. Live in V8 is improved and can also play generator and pixel files.

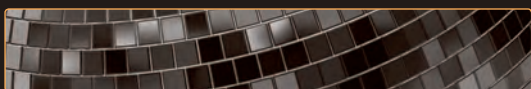

With 3DView you can display the stage in 3 dimensions and it shows the lights moving in real time, from any point of view. Set stage size and place your objects and lighting fixtures. The program has a bank of basic objects (speakers, truss, music instruments, ...). You can also import your own objects. Set position of each object (or fixture). It is possible to set these parameters on a group of objects. Set textures, luminosity, smoke level for more realism.

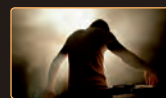

Timeline is a synchronized multimedia show editing software. It is able to play multiple file formats (video, picture, audio and light scenes). Drop the files into the timelines and slide them in the desired time. The possible applications are:

- basic "sound and light". The readable audio files are wav, mp3, ogg and wma format.
- "video and light" on plasma screen or video projector. The readable picture files are bmp, jpg, png, gif. The readable video files are avi, mpg, mpeg, mov, wmv.

Overview of the main new features in QDMX V8:

- Fixture based programming, true DMX patching
- Pallets management
- Live can play generator and pixel files directly without first converting to a scene file.
- Master faders in live can either be patched on speed or on dimmer
- Multi RGB / Pan-Tilt fixtures management in Steps and Generator

RP-405 MKII Relay Pack

50753

The Showtec RP-405 MKII is a switch pack with built-in relays and is very suitable to switch your LED light effects. As common switch packs are not suitable to switch the low power of LED's, this RP-405 MKII is the right solution.

It brings 4 channels of each 5 Amp and each channel is patchable.

It can be controlled by DMX or by sound according to the built-in patterns.

The speed of the patterns is adjustable between 20 seconds up to 2 minutes per step which makes this relay-pack very suitable for small venues because there is no need for an external controller.

Technical information:

Powerinput: AC 220V-240V / 50Hz
Power Consumption @ Full Load: 3450W
Power output: 5A each channel / 15A Max Total
Operation: build-in programs, auto run, slave, sound, DMX
DMX channels: 1, 2, 4 CH
Patchable per channel
Working environment: 0°C-40°C
Fixture Connection: XLR (3-pin) DMX in/out
Dimensions: 220 x 70 x 260 mm (LxWxH)
Weight: 2,84 kg

MultiSwitch

50357 DMX-512 4CH. switch pack

DMX-512 4CH. Switch pack with 16 built-in programs and other useful functions: chasing speed/stand alone/Master slave.

Technical information:

Connector: 3p XLR male & female
Channel Output: 5A/CH., Total 16A

Single 3

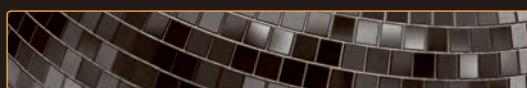

50395

DMX
CONTROLLABLE

The Single 3 is a one channel DMX dimmer which easily can be mounted to your fixture, this will make it directly dimmable by DMX. It has both Dim- and switch mode. Furthermore, it is possible to set a maximum level for the output. The Single 3 can be used with any fixture up to 10A.

Technical information:

Power input: AC 230V-50 Hz
Channel output: 10A
Fuse: F10A 250V 5 x 20 mm
Dimensions: 237 x 140 x 60 mm
Weight: 1,82 kg

Single WDP-1

50756 1 Channel Wireless Dimming Pack

The Single WDP-1 is a one channel DMX dimmer/switch with built-in Wireless DMX receiver. It is wall- truss- and fixture mountable which makes it suitable in any location. It has both dim- and switch mode and can be controlled manually on the 50mm fader.

Technical information:

Input Voltage:	230VAC - 50 Hz
Channel-Output:	10A max.
DMX-Connectors:	3-pin XLR sockets
Control Options:	On-Board Control Panel, DMX, W-DMX
DMX Channels:	1
Fuse:	F 10A 250V 5 x 20 mm
Dimensions:	195 x 105 x 90 mm (LxWxH)
Weight:	1,38 kg

Single DP-1

50396 1 Channel DMX Dimming/Switch Pack

One channel DMX Dimming/Switch Pack

- 512 DMX-channels
- Wall / Truss mounting
- 50 mm dimming slider
- Dim and switch
- Dimming pre-set
- Dimming limit
- Capacitive load 10A, Inductive load 5A.

Technical information:

Voltage:	AC 230V-50 Hz (CE)
Channel-Output:	10A max.
DMX-Output:	3-pin XLR socket (female)
DMX-Input:	3-pin XLR socket (male)
Fuse:	F 10A 250V 5 x 20 mm
Dimensions:	195 x 105 x 90 mm (LxWxH)
Weight:	1,26 kg

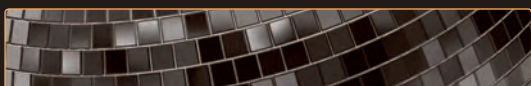

Lightbrick

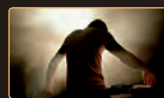

50370 4 Channel Dimming Pack DMX

A complete and easy to install light-control solution. That's what the Showtec LightBrick is about: a DMX 512 4 channel dimm- and switchpack! Perfect for fixed installation or rough on the road use.

Technical information:

- 4 channel dimmingpack with 512 available DMX addresses on each Schuko connector
 - DMX in and stand-alone
 - Built-in pre-programmed chaser with 16 different patterns
 - Pre-heat 0-25%
 - Fade time, memory backup, Max. Dimm-setting, channel-dimming, Manual Program
 - Auto-program, Hold-sound, program-sound, Auto-sound
 - AC 230V/50 Hz Max. 5A/ch (CE 4x 1,5A) incl. 1 m cable with Schuko plug
- Dimensions: 330 x 150 x 115 mm (LxWxH)
Weight: 2,98 kg

SPECIAL FEATURES:

- 6 channels
- Selectable Dimming Curves
- Built-in Circuit breakers
- Robust and reliable

**DDP-610M****50754 6 Ch DigiDimPack, 10A Fuse, Multipin**

The DDP-610M is a robust and reliable dimming pack which can be used for both touring as well as installation applications. It offers 6 dimmer channels which can be loaded up to 10 Amp each. Each channel is completely patchable. Furthermore each channel can set its dedicated dimming curve (linear, switch, square).

In case of any power- or DMX failure the DDP-610M will hold as its latest position ensuring that your venue or gig never will be in the dark. Furthermore up to 12 chases can be stored and recalled for easy recall or stand-alone applications.

All functions can be set and controlled by the compact but easy to operate LCD Display.

Technical information:

Input voltage:	230VAC, 50/60 Hz, single phase connection 400VAC, 50/60 Hz, 3-phase connection
Channel output:	Max. 10 Amp each channel, Total 60A
Control:	DMX, Local Contral, Built-in chase
DMX Channels:	6
Mode:	Dim or Switch
Protection:	Short circuit, temperature, overload
Power connection:	Terminal
Power Output:	16 Pole Multipin
Monitor:	Control LED per channel, LCD Display
Dimensions:	483x380x90 mm (LxWxH) (Rubber feet removed) 483x385x94 mm (LxWxH) (incl. rubber feet)
Weight:	12 Kg
IP-rating:	IP-20

SPECIAL FEATURES:

- 6 channels
- Selectable Dimming Curves
- Built-in Circuit breakers
- Robust and reliable

**DDP-610S****50755 6 Ch DigiDimPack, 10A Fuse, Schuko**

The DDP-610 is a robust and reliable dimming pack which can be used for both touring as well as installation applications. It offers 6 dimmer channels which can be loaded up to 10 Amp each. Each channel is completely patchable. Furthermore each channel can set its dedicated dimming curve (linear, switch, square).

In case of any power- or DMX failure the DDP-610 will hold as its latest position ensuring that your venue or gig never will be in the dark. Furthermore up to 12 chases can be stored and recalled for easy recall or stand-alone applications.

All functions can be set and controlled by the compact but easy to operate LCD Display.

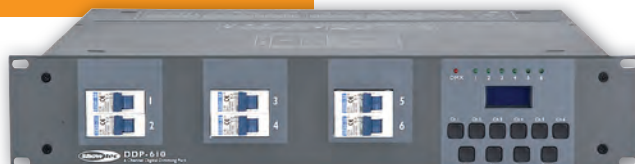

Technical information:

Input voltage:	230VAC, 50/60 Hz, single phase connection 400VAC, 50/60 Hz, 3-phase connection
Channel output:	Max. 10 Amp each channel, Total 60A
Control:	DMX, Local Contral, Built-in chase
DMX Channels:	6
Mode:	Dim or Switch
Protection:	Short circuit, temperature, overload
Power connection:	Terminal
Power Output:	6x Schuko
Monitor:	Control LED per channel, LCD Display
Dimensions:	483x380x90 mm (LxWxH) (Rubber feet removed) 483x385x94 mm (LxWxH) (incl. rubber feet)
Weight:	12 Kg
IP-rating:	IP-20

SPECIAL FEATURES:

- 6 channels
- Selectable Dimming Curves
- Built-in Circuit breakers
- Robust and reliable

**Showtec DDP-610T****50757 6 Ch DigiDimPack, 10A Fuse, Terminal**

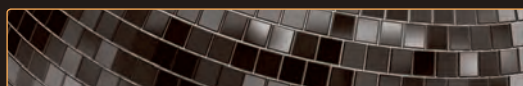

The DDP-610 is a robust and reliable dimming pack which can be used for both touring as well as installation applications. It offers 6 dimmer channels which can be loaded up to 10 Amp each. Each channel is completely patchable. Furthermore each channel can set its dedicated dimming curve (linear, switch, square).

In case of any power- or DMX failure the DDP-610 will hold as its latest position ensuring that your venue or gig never will be in the dark. Furthermore up to 12 chases can be stored and recalled for easy recall or stand-alone applications.

All functions can be set and controlled by the compact but easy to operate LCD Display.

Technical information:

Input voltage:	230VAC, 50/60 Hz, single phase connection 400VAC, 50/60 Hz, 3-phase connection
Channel output:	Max. 10 Amp each channel, Total 60A
Control:	DMX, Local Contral, Built-in chase
DMX Channels:	6
Mode:	Dim or Switch
Protection:	Short circuit, temperature, overload
Power connection:	Terminal
Power Output:	Terminal
Monitor:	Control LED per channel, LCD Display
Dimensions:	483x380x90 mm (LxWxH) (Rubber feet removed) 483x385x94 mm (LxWxH) (incl. rubber feet)
Weight:	12 Kg
IP-rating:	IP-20

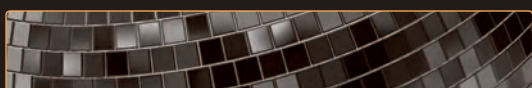

Technical information:

Fourbar with built in DMX dimmer.
Load per channel 2A. Max. load 8A.
Built-in controller with 16 pre-programmed programs for stand-alone use.
Pre-heat function.
Memory back-up, master dimmer, channel dimmer, manual program, hold sound, progr. sound, auto sound.
Dimensions: 1310 x 80 x 70 mm (LxWxH)
Optional Powercable: 90527 Powercon > schuko 1,5m (not included)

Sliding Show Bar 4 Powercon® 50390 T-bar Schuko with 4 channel dimpack

This innovative T-bar provides you the same professional specifications as the regular T-4 bar. However, due to its unique design it is possible to adjust the horizontal positioning of the attached lightunits. This enables you to have a more flexible light-design and a better distribution of the available lightsources.

DIM-4

50442 4 Channel 3A per channel Dimming Pack

The DIM-4 is a compact but powerful dimming pack. It has 4 channels which each can be loaded up to 3A Each. With a total power consumption of 8A this dimming pack can fit any socket. The DIM-4 can be fully controlled by DMX but has as well an built in chaser as well a sound-control function. Furthermore the DIM-4 set can be set in a 1-channel, 2-channel or 4-channel mode.

Technical information:

Input voltage: 230V/50Hz
Channel Output: 3A / CH., Total 8A
Control: DMX-512, Stand-alone, Music control
DMX channels: 1,2 or 4
Mode: Dim or Switch
Data in/out: 3 pole XLR
Powerconnection: Schuko plug
Poweroutput: Schuko chassis per channel
Monitor: Control LED per channel, DMX signal led
Dimensions: 220 x 82 x 275 mm (LxWxH)
Weight: 3,5 kg

SPECIAL FEATURES:

- Music-controlled
- Schuko Outlets
- DMX-512 4CH. Dimmer pack
- 16 built-in programs
- Stand-alone function

DIM-4LC

50443 4 Channel 3A per channel Dimming Pack with Local Control

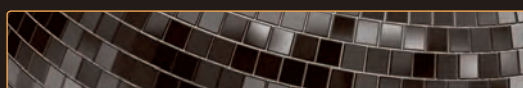

The DIM-4 is a compact but powerful dimming pack. It has 4 channels which each can be loaded up to 3A Each. With a total power consumption of 8A this dimming pack can fit any socket. The DIM-4 can be fully controlled by DMX but has as well an built in chaser as well a sound-control function. For easy use in any location the DIM4LC has 4 local control faders which makes it a powerful and compact dimming pack for numerous applications.

Technical information:

Input voltage: 230V/50Hz
Channel Output: 3A / CH., Total 8A
Control: DMX-512, Stand-alone, Music control, Local Control.
DMX channels: 1,2 or 4
Mode: Dim or Switch
Data in/out: 3 pole XLR
Powerconnection: Schuko plug
Poweroutput: Schuko chassis per channel
Monitor: control LED per channel, DMX signal led
Dimensions: 220 x 82 x 275 mm (LxWxH)
Weight: 3,5 kg

SPECIAL FEATURES:

- Music-controlled
- Schuko Outlets
- DMX-512 4CH. Dimmer pack
- Local Control Faders
- Stand-alone function

Technical information:

Power Input:	100-240VAC 50/60Hz
Power Consumption @ Full Load:	3450W
Programmable DMX outputs:	4pcs
Programmable output switches:	4pcs
Power output:	15A each channel / 15A Max Total
Protocol:	DMX-512
Internal memory:	8GB
DMX Input connections:	3 pole XLR
DMX Output connections:	3 pole XLR
Power input connector:	Pro Power blue
Power output connectors:	Pro Power white
Dimensions:	483 x 130 x 44mm
Weight:	2,4 Kg

DMX Recpack 4

50822 DMX recorder with programmable switchpack

The Showtec DMX Recpack 4 is a combination of a DMX recorder, a switch pack and a programmable trigger with timer function. It has 4 individual programmable DMX and switch outputs. Each DMX output can play pre-recorded scenes or shows. Besides the 4 DMX outputs it also has 4 switchable 230V outputs. Each 230V output has its own individual current monitor which can be limited to a personal max current. Scenes, shows, chases and switches can be triggered by DMX or by weekly and daily timers. The user definable DMX triggers make it possible to start, stop DMX or switch on and off at specific channel values. The Showtec DMX Recpack is a solution for automation of intelligent lights in combination with all kinds of electric devices. The ideal unit for shops, theme parks, museums and all other situations with the need for pre-programmed and triggered shows.

Technical information:

Voltage:	230V
Power Requirement:	DC 9V, 300 mA Min. (AC/DC adapter included)
DMX Input:	two 3-pin XLR male sockets on the front panel
Extra:	two 3-pin XLR male sockets on the rear panel
DMX output:	two 3-pin XLR female sockets on the front panel
	Extra one 3-pin XLR female sockets on the rear panel
Dimensions:	483 x 73 x 45 mm (LxWxH)
Weight:	1,15 kg

DMX Merge

50359 2-way DMX merger

The Showtec DMX Merge allows you to combine two DMX controllers to one DMX line or to use a second desk as back-up desk.

The unit has 4 modes:

- 1) HTP (Highest Take Precedence) In this case you can use two similar desks with the same addressing on one line. The DMX channel with the highest value has priority.
- 2) Back-up mode. The unit is connected to two DMX desks. Channel A has priority. Once channel A fails or has no DMX channel B takes over the show.
- 3) Merge mode. Two desks can be merged on one line. E.g. you can run a scene setter and DMX operator on one line. The Scene Setter will operate on channel 1-96 and the DMX Operator will have the channels 97 and higher. These positions can be freely addressed by the dip-switches.
- 4) LTP (Latest Take Precedence) In this case you can use two similar desks with the same addressing on one line. The DMX input with the latest value change has priority.

Technical information:

Power supply:	DC9-12V
Power consumption:	6W
Data signal:	DMX/MIDI/SMPTE
DMX connectors:	3pin XLR
User mode:	Auto/manual
Intern memory:	2G
Extern memory:	<8G
SMPTE mode:	Event Trigger
SMPTE connector:	3pin XLR
Display:	128 x 160p
Dimensions:	482 x 78 x 44 mm
Weight:	1,1 kg

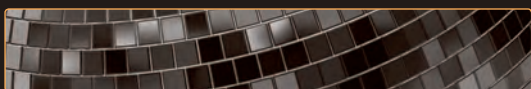

SPECIAL FEATURES:

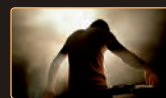

- 128x160 Pixels, color LCD display
- 8 Memories for scenes, chases or shows
- Manual control, Real-time trigger, SMPTE/MIDI time code trigger, DMX trigger and DMX monitor
- 5 Hours internal recording time
- 4 Recording modes, Manual, Auto, Semi-Auto & Smart

DR Pro Rack

50821 DMX Recorder

The DR Pro Rack is a useful tool to store DMX values of complete Scenes, Chases or Shows. The total record time is 5 hours shared over the 8 memories. The basic functions are easy to control with the direct playback buttons at the front which makes it ideal for non-technical users. The unit can be locked with a password.

SPECIAL FEATURES:

- OLED display
- 6 external triggers
- Record and Playback function
- Compact size

TR-512

50825 DMX Trigger/Recorder

The TR-512 is a compact but very powerful tool in order to trigger any lightshow or scene in a simple way.

The TR-512 can record and playback several DMX shows which can be stored on a micro-SD card. Shows can be played back by 6 external triggers. Each trigger can start either a show or scene. Each show can be played back in a loop mode or single play. Even a delay time can be set in order to have precise control of your shows.

With all these powerful functions the TR-512 is the right product to trigger your shows or scenes in theme parks, museums, shops

Technical information:

Operating voltage:	12V DC
Power consumption:	500mA
Control:	DMX-512
Connection:	3 pole XLR Male and Female RJ-45 for 6 external triggers (NC/NO)
Storage:	Micro SD
Housing:	Aluminium Extrusion
Operating temperature:	0-45°
Dimensions:	103 x 60 x 44mm
Weight:	0.6 Kg

Technical information:

Voltage:	230V
Dimensions:	483 x 130 x 45 mm (LxWxH)
Weight:	1,65 kg

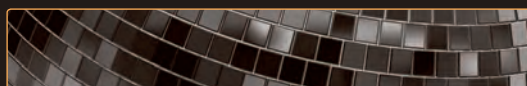

Multi Exchanger

50348 72CH. DMX/Analogue 3 & 5p XLR

Convert the signal from DMX-512 to 72 CH. ANALOGUE output.

- Convert the signal from MIDI to 72 CH. ANALOGUE output.
- The front panel alpha-numeric display shows the DMX start address and programming options.
- The last scene remains when DMX disappears.
- Pre-store a scene and is available for emergency.

- Memory backup with EEPROM.
- CHASE function can be selected from 1 to 72 channel & speed control.
- Select ANALOGUE output from +(-)10V, +(-)12V and +(-)15V.
- Receive NOTE ON/OFF signal of MIDI.

DB-Series

The DB models from Showtec are universal DMX-512 optical splitters. They are designed to distribute the incoming DMX signal, in daisy chain configurations, into multiple separate outputs with an additional "True" port. They can be mounted in any 19" rack or into the truss by the M10 nut on the rear end of the unit. It has clear LEDs to show the DMX signal status of each output and input. There are four models available, DB-1-4 with or without RDM which has 4 outputs and 3 & 5 Pole XLR connectors, and the DB-1-8 with or without RDM which has 8 outputs with 3P XLR connectors.

DB-1-4

50780 4 Channel DMX Booster 3 & 5p XLR

Technical information:

Input connectors: 3&5 Pole XLR M
Output connectors: 3&5 Pole XLR F
Power input: 230VAC, 50/60Hz
Dimensions: 483 x 134 x 46 mm (LxWxH)
Weight: 2,6 kg

SPECIAL FEATURES:

- DMX splitter for 4 outputs
- Electrical isolation between in and output
- DMX Indication LEDs on in- & outputs
- 3 & 5P XLR in- & outputs
- M10 nut at backside for truss clamp

DB-1-8

50783 8 Channel DMX Booster 3p XLR

Technical information:

Input connectors: 3&5 Pole XLR M
Output connectors: 3 Pole XLR F
Power input: 230VAC, 50/60Hz
Dimensions: 483 x 134 x 46 mm (LxWxH)
Weight: 2,6 kg

SPECIAL FEATURES:

- DMX splitter for 8 outputs
- Electrical isolation between in and output
- DMX Indication LEDs on in- & outputs
- 3P XLR outputs
- M10 nut at backside for truss clamps

DB-1-4/RDM

50785 4 Channel DMX booster with RDM 3 & 5p XLR

Technical information:

Input connectors: 3&5 Pole XLR M
Output connectors: 3&5 Pole XLR F
Power input: 100 ~ 240VAC, 50/60Hz
Dimensions: 483 x 134 x 46 mm (LxWxH)
Weight: 2,6 kg

SPECIAL FEATURES:

- DMX/RDM splitter for 8 outputs
- DMX Indication LEDs on in- & outputs
- 3 & 5P XLR outputs
- Supports Remote Device Management (RDM) Protocol

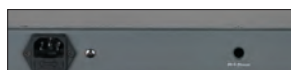

DB-1-8/RDM

50786 8 Channel DMX Booster with RDM 3p XLR

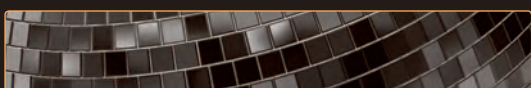

Technical information:

Input connectors: 3&5 Pole XLR M
Output connectors: 3 Pole XLR F
Power input: 100 ~ 240VAC, 50/60Hz
Dimensions: 483 x 134 x 46 mm (LxWxH)
Weight: 2,6 kg

SPECIAL FEATURES:

- DMX/RDM splitter for 8 outputs
- DMX Indication LEDs on in- & outputs
- 3P XLR outputs
- Supports Remote Device Management (RDM) Protocol

RDM Splitter Pro

50787 4 Channel DMX Booster with RDM 3 & 5p XLR

The Showtec RDM Splitter Pro is a universal DMX-512 splitter to fulfil the demands of pro users. All outputs are equipped with separated optical isolated electronics to ensure that DMX/RDM signal will be distributed and regenerated in the most optimum quality. The signal indication LED's show the speed and status of the present signal on the input and outputs. All DMX/RDM inputs and outputs supports RDM Protocol and are equipped with both 3 and 5 pin XLR connectors. The rugged housing is 19" rack mountable and has a M10 mounting point to assemble a clamp for rigging use.

SPECIAL FEATURES:

- Regenerates & Boosts DMX/RDM signal
- Optical isolated on each in- and output port
- DMX Indication LEDs on in- & outputs
- 3 & 5P XLR outputs

Technical information:

Input connectors: 3&5 Pole XLR M
Output connectors: 3&5 Pole XLR F
Power input: 100 ~ 240VAC, 50/60Hz
Dimensions: 483 x 134 x 46 mm (LxWxH)
Weight: 2,8 kg

Booster Pro

Available models:

50788 2-8 DMX/RDM Booster, 3-pin XLR

50789 2-8 DMX/RDM Booster, 5-pin XLR

The Booster Pro is the ultimate DMX tool which should be in the equipment rack of each rental company or installation. The Booster Pro is an optical isolated DMX Splitter and Booster. The Booster Pro has 2 inputs which can be patched to 8 selectable output (for each output you can patch input A or B). The Booster Pro is fully RDM compatible and offers real-time DMX monitoring. For specialist applications the DMX timing can be adjusted. Furthermore each output of the Booster Pro has a monitoring function which controls the status of the connected cables real-time. In case of any failure an acoustical signal will warn the user. The intuitive OLED display lets you set all the different functions fast and easily.

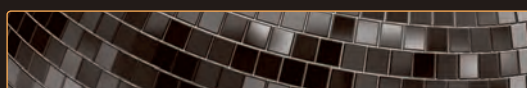

SPECIAL FEATURES:

- OLED Display
- Isolated outputs
- 2 inputs, selectable outputs
- Multiple monitoring functions

Technical information:

Input connectors: 5 pole Male XLR Connectors
Output connectors: 5 pole Female XLR Connectors
Power Input: 100~240VAC, 50/60Hz
Power connector: Powercon Input
Dimensions: 483 x 140 x 46mm
Weight: 3,4 Kg
Protocol: DMX-512 USITT, RDM
Functions: Realtime DMX Monitoring, DMX Framerate display, Selection of DMX modes and Framerates, Cable checker, Optical isolation on all outputs, DMX Boost function

RDM Commander MKII

50550 DMX/RDM + Midi

Technical information:

Operating voltage: 5VDC
Power consumption: 1A
Control: DMX512, RDM, MIDI
Connection: XLR 5 pole male, female
Housing: PVC
Operating temp: 0~35°C
Storage temp: -10~70°C
Dimensions: 170 x 100 x 45mm
Weight: 0,48 Kg

RDM Touch

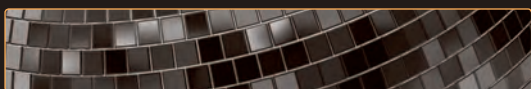

50409 DMX/RDM + ArtNET + Midi

The Showtec RDM Touch is the most ultimate tool for every lighting technician. With its versatile functions and user-friendly 6-button + full-color TFT touch screen display, the RDM Touch is fully equipped to measure, test, and troubleshoot any application with DMX controlled lighting. This unit can be used for testing 3 and 5-pin cables, test midi signals, monitor and analyze signals, program sequences, send and receive DMX, and is also equipped with an RDM controller function. It is the ultimate solution to help bring peace and balance to many of life's DMX-512 challenges. The RDM Touch will be delivered including carrying case and 3 to 5 pin XLR adapters.

Technical information:

DMX cable testing
MIDI testing
RJ45 (data) cable testing
Channel tracer
Timing analyzer
DMX signal "flicker finder"
LED PWM rate meter
Programmable sequence recording/playback
Send/receive DMX
ArtNet testing and send/receive via ArtNet

Display type: Full-Color LCD
Display resolution: 240 x 320 pixel
Memory: microSD card
DMX in port: 5-pin male connector
DMX out port: 5-pin female connector
DMX ports electrical standard: ANSI E1.11 / ANSI E1.20
RJ45 port supports TCP/IP, ArtNet; DHCP & Static IP assignment
USB port: Micro USB B type
USB Power consumption: 300mA max
Cable tester: 3/5-pin, open circuit, short circuit, wrong wiring
Operating temperature: 0°C to +45°C
Dimensions: 66.5 x 115 x 44.5mm
Weight: 345gram
Battery: 9V battery (battery not included)

Node-1

50802 DMX-Artnet 2 way Converter

The Node 1 is a small but versatile node. It converts DMX/RDM to artnet or artnet to DMX/RDM. So it can work bidirectional. It is packed in a strong and compact housing. The Node 1 is a great but versatile tool for the modern light designer.

Technical information:

Power Input:	DC5V, 350mA
Housing:	Aluminum Extrusion
Data in/out:	RJ45 connector for ethernet, 5-pin XLR connectors for DMX/RDM Input/output
Static IP4 range:	2.2.2.xxx
Protocols:	Artnet, DMX-512 (1990) & RDM protocol
Protecting Rate:	IP20
Operating Temperature:	-10 degrees to +50 degrees
Storage Temperature:	-20 degrees to +70 degrees
Dimensions:	110 x 67,5 x 42,3 mm
Weight:	185 g

SPECIAL FEATURES:

- Bidirectional Artnet to DMX/RDM converter
- Dip switches for selecting working mode
- Compact size

NET-8/3

50804 8 Channel Artnet/Klingnet node, 3p XLR

The Showtec NET-8/3 and NET-8/5 nodes are cutting-edge network routing devices which convert ArtNet to DMX512 and back. A maximum of 4096 channels can be transported over a single CAT5. This makes the NET-8/x suitable for small to large scale events. The NET-8/x embeds a built-in network switch to allow it to be used as a Ethernet repeater as well as 8 isolated DMX-512 universes which can be used as a input or output. All settings can be done by the easy-to-use menu on the graphic display and buttons on the front.

Technical information:

Configuration examples:	Connections:	
- ArtNet to 8x DMX output	Network:	2x RJ45
- 8x DMX input to ArtNet	DMX:	8x 3-pin XLR
- Split 1 DMX input into 7 isolated DMX outputs	Power:	Pro Power Connector
- Split 2x DMX input into 2x3 isolated DMX outputs	Supported protocols:	ArtNET, KlingNET, TCP/IPv4, DMX-512A
- Clone 4 DMX inputs to 4x DMX output and ArtNet	Dimensions:	482 x 205 x 44 mm
- HTP/LTP Merge 2x ArtNet to DMX output	Power supply:	100~240VAC, 50/60Hz
- HTP/LTP Merge 2x DMX input to DMX output	Power consumption:	20W max.
- HTP/LTP Merge DMX input and ArtNet to DMX output	Operating temp:	0 to +40 °C
	Weight:	1,8 kg

SPECIAL FEATURES:

- Supports both ArtNET or KlingNET protocol
- 1Gbps data speed
- 8 universes DMX input or output
- High Speed Network in and output

NET-8/5

50805 8 Channel Artnet/Klingnet node, 5p XLR

The Showtec NET-8/3 and NET-8/5 nodes are cutting-edge network routing devices which convert ArtNet to DMX512 and back. A maximum of 4096 channels can be transported over a single CAT5. This makes the NET-8/x suitable for small to large scale events. The NET-8/x embeds a built-in network switch to allow it to be used as a Ethernet repeater as well as 8 isolated DMX-512 universes which can be used as a input or output. All settings can be done by the easy-to-use menu on the graphic display and buttons on the front.

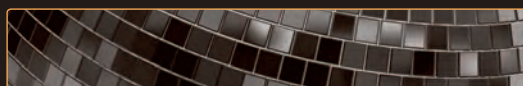

Technical information:

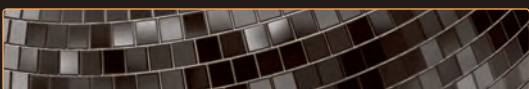

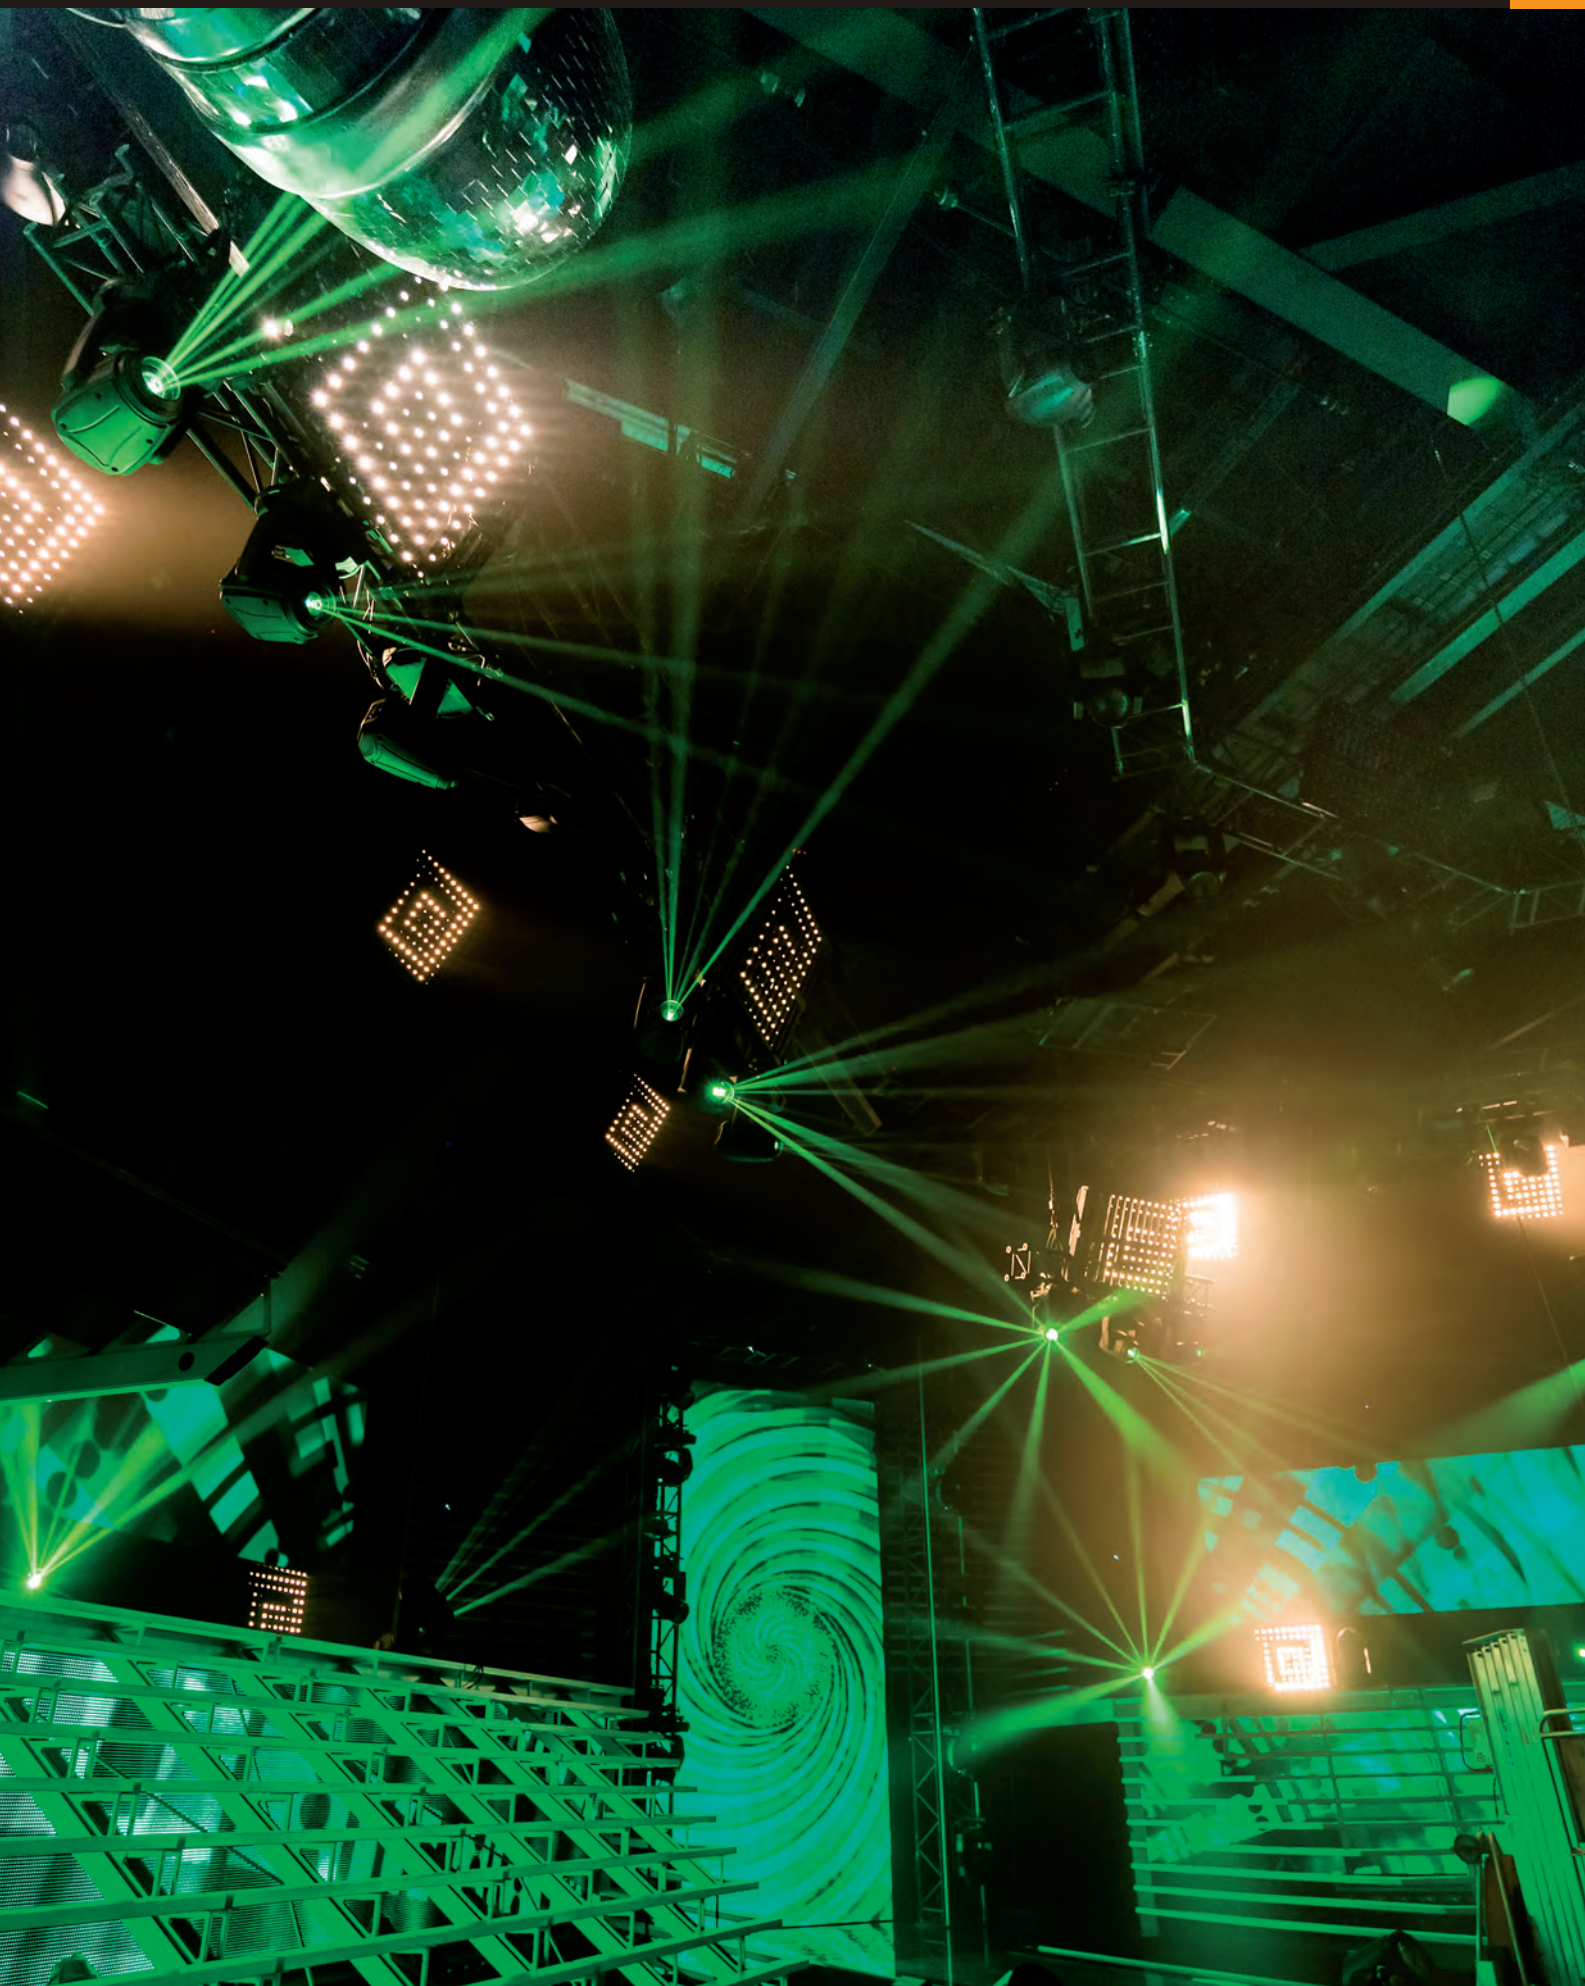

Configuration examples:	Connections:	
- ArtNet to 8x DMX output	Network:	2x RJ45
- 8x DMX input to ArtNet	DMX:	8x 5-pin XLR
- Split 1 DMX input into 7 isolated DMX outputs	Power:	Pro Power Connector
- Split 2x DMX input into 2x3 isolated DMX outputs	Supported protocols:	ArtNET, KlingNET, TCP/IPv4, DMX-512A
- Clone 4 DMX inputs to 4x DMX output and ArtNet	Dimensions:	482 x 205 x 44 mm
- HTP/LTP Merge 2x ArtNet to DMX output	Power supply:	100~240VAC, 50/60Hz
- HTP/LTP Merge 2x DMX input to DMX output	Power consumption:	20W max.
- HTP/LTP Merge DMX input and ArtNet to DMX output	Operating temp:	0 to +40 °C
	Weight:	1,8 kg

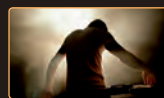

SPECIAL FEATURES:

- Supports both ArtNET or KlingNET protocol
- 1Gbps data speed
- 8 universes DMX input or output
- High Speed Network in and output

SPECIAL FEATURES:

- High-Speed Frequency Hopping
- Mount in any location on set, scenery or truss
- Battery compartment for 8 hours reception
- Less Than 5ms Latency
- 2.4GHz radio – license free worldwide

SPECIAL FEATURES:

- High-Speed Frequency Hopping
- Mount in any location on set, scenery or truss
- Battery compartment for 8 hours reception
- Less Than 5ms Latency
- 2.4GHz radio – license free worldwide

AirDrive 2.4

50250 Wireless DMX Transmitter/Receiver

The Showtec AirDrive 2.4 transceiver is a reliable and fast wireless DMX transmitting system. Modern technology makes it as reliable as a cable while offering a higher user friendliness. No complex parameter setup, only a single press of a button! The AirDrive 2.4 can work both as a receiver or as a transmitter. The metal housing has the possibility to directly mount the PowerBOX Clamp or a half coupler by the prepared M10 thread. One device to execute both operations which makes investments more easy.

Technical information:

Modes:	Receiver / Transmitter
Universes:	1
Configuration:	1 button setup
Distance:	Up to 300m (free air)
Connections:	3p XLR in-and output
Power supply:	5VDC (adaptor included)
Dimensions:	90 x 41 x 135 mm
Carrier frequency:	2,4GHz
NOTE:	not compatible with W-DMX™ (Wireless Solutions Sweden)

W-DMX™ MicroBox F-1 G5 Transceiver

50175 2.4GHz

The Wireless DMX Micro F-1 G5 Transceiver from Wireless Solutions Sweden is equipped with a 5-Pole Male XLR connector. If you like to use the device as receiver you need an XLR gender changer to connect your light fixture. The W-DMX Micro F-1 G5 Transceiver is the smallest and most compact W-DMX unit. Capable of transmitting DMX and RDM data with our patent-pending AFHSS technology, and with support for W-DMX Datasafe and Invisi-wire technologies, the W-DMX Micro F-1 G5 Transceiver ensures that your DMX or RDM control signal reaches its destination.

Technical information:

Power supply:	90~250VAC, 50/60Hz
Power input:	DC 5V USB Power
Battery powered:	4x AAA (not included)
Power consumption:	0,5A
DMX Channels:	512 (1 universe)
Multiply receiver use:	16 universes
Frequency range:	2402 - 2479 MHz
Output:	20dB/100mW
Max. distance:	200 m
Dimensions:	265 x 200 x 65 mm
Weight:	0,35 Kg

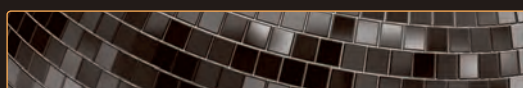

W-DMX™ MicroBox R-512 G5 Receiver

50176 2.4GHz

The W-DMX MicroBox Receiver is the smallest, most portable and flexible W-DMX unit. Using our Adaptive Frequency, Datasafe and Invisi-wire technologies, and leveraging off our G5 radio protocol, the MicroBox R-512 is reliable and easy to use.

Technical information:

Power supply:	90~250VAC, 50/60Hz
Power input:	DC 5V USB Power
Battery powered:	4x AAA (not included)
Power consumption:	0,5A
DMX Channels:	512 (1 universe)
Multiply receiver use:	16 universes
Frequency range:	2402 - 2479 MHz
Output:	20dB/100mW
Max. distance:	200 m
Dimensions:	265 x 200 x 65 mm
Weight:	0,35 Kg

W-DMX™ BlackBox F-2 G5 Transceiver

50178 2.4/5.8GHz

The W-DMX™ BlackBox series is an industry leader for Wireless DMX and RDM control, packed into a tough, roadworthy die-cast metal casing. As with all our top W-DMX™ technologies, the W-DMX™ BlackBox series is built for the true lighting professional. The W-DMX™ BlackBox G5 uses our patented Adaptive Frequency Hopping technology that automatically avoids interference created by other wireless networks, for example W-LAN, wireless intercoms, stage automation systems and more. BlackBox also include our advanced method of error correction called Data-Safe that correct any corrupt data before it gets to your lighting equipment.

Technical information:

Frequency band:	2,4 and 5,8 GHz
DMX Channels:	1024 (2 universe)
Operational modes:	Transmitter / Receiver
Material:	Die-Cast Moulding
Color:	Black
Dimensions:	280 x 235 x 65 mm
Weight:	1,4 Kg

SPECIAL FEATURES:

- Quick Lock Mounting
- Die-Cast Moulding
- High-Speed Frequency Hopping
- Less Than 5ms Latency
- Supporting the 2,4 and 5,8 GHz frequency bands.

W-DMX™ BlackBox F-1 G5 Transceiver

50177 2.4/5.8GHz

The W-DMX™ BlackBox series is an industry leader for Wireless DMX and RDM control, packed into a tough, roadworthy die-cast metal casing. As with all our top W-DMX™ technologies, the W-DMX™ BlackBox series is built for the true lighting professional. The W-DMX™ BlackBox G5 uses our patented Adaptive Frequency Hopping technology that automatically avoids interference created by other wireless networks, for example W-LAN, wireless intercoms, stage automation systems and more. BlackBox also include our advanced method of error correction called Data-Safe that correct any corrupt data before it gets to your lighting equipment.

Technical information:

Frequency band:	2,4 and 5,8 GHz
DMX Channels:	512 (1 universe)
Operational modes:	Transmitter / Receiver
Material:	Die-Cast Moulding
Color:	Black
Dimensions:	280 x 235 x 65 mm
Weight:	1,4 Kg

SPECIAL FEATURES:

- Quick Lock Mounting
- Die-Cast Moulding
- High-Speed Frequency Hopping
- Less Than 5ms Latency
- Supporting the 2,4 and 5,8 GHz frequency bands.

W-DMX™ BlackBox R-512 G5 Receiver

50179 2.4/5.8GHz

The W-DMX™ BlackBox series is an industry leader for Wireless DMX and RDM control, packed into a tough, roadworthy die-cast metal casing. As with all our top W-DMX™ technologies, the W-DMX™ BlackBox series is built for the true lighting professional. The W-DMX™ BlackBox G5 uses our patented Adaptive Frequency Hopping technology that automatically avoids interference created by other wireless networks, for example W-LAN, wireless intercoms, stage automation systems and more. BlackBox also include our advanced method of error correction called Data-Safe that correct any corrupt data before it gets to your lighting equipment.

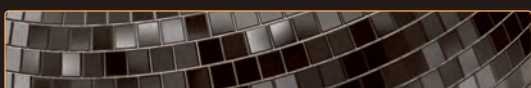

Technical information:

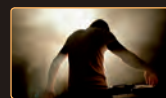

Frequency band:	2,4 and 5,8 GHz
Operational modes:	Receiver
Connectors:	Neutrik Ethercon and Powercon, XLR 3/5 pin
Material:	Die-Cast Moulding
Color:	Black
Dimensions:	280 x 235 x 65 mm
Weight:	1,2 Kg

SPECIAL FEATURES:

- Quick Lock Mounting
- Die-Cast Moulding
- High-Speed Frequency Hopping
- Less Than 5ms Latency
- Supporting the 2,4 and 5,8 GHz frequency bands.

SPECIAL FEATURES:

- Full RDM support
- 19" Rack Unit
- High-Speed Frequency Hopping
- Less Than 5ms Latency
- Supporting the 2,4 and 5,8 GHz frequency bands.

**W-DMX™ ProBox F-2500 G5 Transceiver****50183 2.4/5.8GHz**

The W-DMX™ ProBox F-2500 is our top of the line, 2 universe transmitter/receiver and 1 universe Repeater, all in a single box 19" Rack unit. With built in Ethernet protocols in/out, the unit supports ArtNet, Streaming ACN and ETC Net3, along with on the fly conversion between that and RS-485 DMX and RDM. Bundled with the free RDM controller software, configuring devices connected to the ProBox F-2500 is quick and easy with any connected PC. The W-DMX™ ProBox F-2500 supports both the 2.4GHz and 5.8GHz frequency bands, and uses interference free Adaptive Frequency Hopping technology.

Technical information:

Frequency band:	2,4 and 5,8 GHz
DMX Channels:	1024 (2 universe) / 1 universe Repeater
Operational modes:	Transmitter / Receiver
Material:	Rack-mounted 19"
	Slimline Case
Color:	Black

SPECIAL FEATURES:

- Full RDM support
- IP-65, tough plastic box
- High-Speed Frequency Hopping
- Less Than 5ms Latency
- Supporting the 2,4 and 5,8 GHz frequency bands.

**W-DMX™ WhiteBox F-1 G5 Transceiver****50181 2.4/5.8GHz**

The W-DMX Whitebox F-1 G5 Transceiver is the perfect as a single universe solution for W-DMX support in our architectural/outdoor range.

Supporting both transmit and receive modes of both DMX and RDM signals, and support for both 2.4GHz and 5.8GHz frequency bands, giving access to more channels, the system has world-renowned reliability.

Built into a tough, IP65 rated casing, the Whitebox F-1 G5 is built to withstand the elements

Technical information:

Frequency band:	2,4 and 5,8 GHz
DMX Channels:	512 (1 universe)
Operational modes:	Transmitter / Receiver
Material:	Die-Cast Moulding IP-65
Color:	White

SPECIAL FEATURES:

- Full RDM support
- IP-65, tough plastic box
- High-Speed Frequency Hopping
- Less Than 5ms Latency
- Supporting the 2,4 and 5,8 GHz frequency bands.

**W-DMX™ WhiteBox F-2 G5 Transceiver****50182 2.4/5.8GHz**

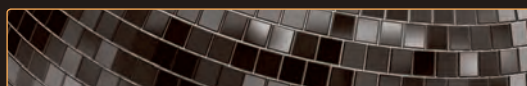

The W-DMX Whitebox F-1 G5 Transceiver is the perfect as a single universe solution for W-DMX support in our architectural/outdoor range.

Supporting both transmit and receive modes of both DMX and RDM signals, and support for both 2.4GHz and 5.8GHz frequency bands, giving access to more channels, the system has world-renowned reliability.

Built into a tough, IP65 rated casing, the Whitebox F-1 G5 is built to withstand the elements

Technical information:

Frequency band:	2,4 and 5,8 GHz
DMX Channels:	1024 (2 universe)
Operational modes:	Transmitter / Receiver
Material:	Die-Cast Moulding IP-65
Color:	White

W-DMX™ Indoor Mini Antenna

50149 2,4GHz, 2dBi

Technical information:

Type: Omni
Frequency: 2.4 GHz
Gain: 2 dBi
Radiation (HxV): 360°/320°
Connection: RP-SMA Male
Dimensions: 75 x 18 x 10mm

W-DMX™ Indoor Omni Antenna

50154 2,4GHz, 2dBi

Technical information:

Type: Omni
Frequency: 2.4 GHz
Gain: 2 dBi
Radiation (HxV): 360°/360°
Connection: RP-SMA Male
Dimensions: 86 x 32 x 10mm (folded)

W-DMX™ Indoor Omni Antenna

50155 2,4GHz, 5dBi

Technical information:

Article number: A40502
Type: Omni
Frequency: 2.4 GHz
Gain: 5 dBi
Radiation (HxV): 360°/90°
Connection: RP-SMA Male

W-DMX™ Indoor Omni Antenna

50157 2,4GHz, 7dBi

Technical information:

Article number: A40503
Type: Omni
Frequency: 2.4 GHz
Gain: 7 dBi
Radiation (HxV): 360°/20°
Connection: RP-SMA Male

W-DMX™ Indoor Omni Antenna

50156 2,4GHz/5,8GHz, 2dBi/4dBi

Technical information:

Type: Omni
Frequency: 2.4 GHz / 5.8 GHz
Gain: 2 dBi / 4 dBi
Radiation (HxV): 360°/360° / 360°/240°
Connection: RP-SMA Male

Dragon 500

61100

Technical information:

Power Supply:	240VAC / 50Hz
Heater:	400W
Output:	4000 cu.Ft/min
First Heat up time:	3 minutes
Tank Capacity:	0,85 liter
Fluid Consumption:	1L / 80 min. (full output)
Include Remote:	On-Off Remote
Remote Connection:	fixed
Cable Length Remote:	5 meter
Power Input:	IEC
Dimensions:	260 x 160 x 110 mm
Weight:	2 kg

SPECIAL FEATURES:

- Compact and stylish design
- 500W Heater
- Including wired on/off remote control
- Including hanging bracket

SPECIAL FEATURES:

- Powerful Output
- Stylish design
- 1500W Heater
- Including Wired Remote Controller
- Suitable for Club, DJ, Stage

Dragon 1500

61102

Technical information:

Power Supply:	240VAC / 50Hz
Heater:	1500W
Output:	30000 cu.Ft/min
First Heat up time:	6 minutes
Tank Capacity:	2,5 liter
Fluid Consumption:	1L / 8 min. (full output)
Include Remote:	Wired Timer Remote
Remote Connection:	5 Pole Din
Cable Length Remote:	5 meter
Power Input:	IEC
Dimensions:	300 x 400 x 190 mm
Weight:	7 kg

SPECIAL FEATURES:

- Powerful Output
- Perfect price / performance ratio
- Stylish design
- DMX-512 Control
- Including Timer/Remote Controller
- 2000W Heater

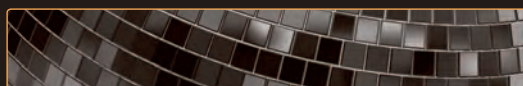

Dragon 2000

61103 2000W

Technical information:

Power Supply:	240VAC / 50Hz
Heater:	2000W
Output:	40000 cu.Ft/min
First Heat up time:	6 minutes
Tank Capacity:	2,5 liter
Fluid Consumption:	1L / 8 min. (full output)
Include Remote:	Wired Timer Remote
Remote Connection:	5 Pole Din
Cable Length Remote:	5 meter
DMX-512:	1 Channel
DMX Connector:	3 Pole XLR in-and out
DMX Setting:	By menu in display
Power Input:	IEC
Dimensions:	455 x 262 x 210 mm
Weight:	7,8 kg

M-1

60635 Mobile Fogger Set

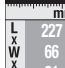

The Mobile Fogger was developed for a photographer on location and came into use in theatrical and cinematic applications. This fog machine is perfect for situations where a touch of fog is required in remote or extraordinary places. The mobile fogger is even capable when a steady stream of fog is needed. The mobile fogger is as big as a small water bottle and can be placed discreetly on props, inside sets or held in the hand. As implied by the name, the mobile fogger's main characteristic is its mobility. The unit works on a 12V DC battery and is very easy to carry and to operate.

Technical information:

Output:	100 cu. ft/min
Power Consumption:	75 W
Tank Capacity:	110 cc
Battery:	DC 12V /2.3 Ah
Consumption:	2 cc /min
Dimensions:	227 x 66 x 81 mm (LxWxH)
Weight:	1,8 kg

Flightcase for easy transport inclusive!

							
Kg 1,8	L x W x H 227 66 81	Output 100cc/min.	not incl.	Capacity 110cc			

SPECIAL FEATURES:

- Compact design
- 700W Heater
- Wired remote included
- 1L Tank

Z-80

Available models:

60651 700W Fogger EU version

60651UK 700W Fogger UK version

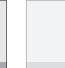

60650UK 700W Fogger UK incl. Wireless Remote

A "cool" fogger by Antari: a small, versatile and yet powerful fogger in an extraordinary hi-tech design! An excellent choice for on-the-road, small clubs and on stage.

Technical Information

Power supply:	AC 230/240 V – 50/60 Hz
Heater:	700 Watt
Output:	2500 cu. ft/min
Tank capacity:	0,8 L
Fluid consumption rate:	125 min/ L
Included remote:	Wireless, included
Dimensions:	330 x 160 x 130 mm (LxWxH)
Weight:	4,0 kg

							
Kg 4,9	L x W x H 400 182 177	Output 80m3	included	Capacity 1L			

Z-800 MKII

60672 800W Compact Fogger

Z-800MKII, a new-edge technology design by Antari to meet the demands concerning mobility and portability. This is an ideal machine for easy operation. Perfect for small venues, e.g. DJ-setups. The Z-800MKII is controllable by wireless, timer or in stand-alone mode. The output is constant. With a fast heat-up time of only 100 seconds, the Z-800MKII produces a steady, continuous fog for as long as you need. The smoke is non-toxic, clean and odourless and doesn't leave any residue inside the heater. In addition, the internal spiral shape heater is made of high-tech stainless steel, which provides the most effective heat energy transfer. With its high efficient power control system, the fogger operates at low-level temperature, saving 20% electricity.

Technical information:

Power:	AC240V, 50Hz
Output:	3,000 cu. ft/min (85m3/min)
Tank Capacity:	0,8 L
Fluid type:	Fog Fluid
Fluid Consumption Rate:	37 Min./0,8 L (100% Output)
DMX:	No
Heater:	800W
Weight:	3,5 kg
Dimensions (LxWxH):	315 x 128 x 166 mm

Accessories/ordering info:

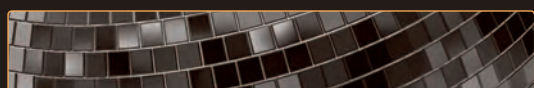

Remote:	Z-10 (included)
Cable Length:	10m
Connector:	6,3 mm Stereo Jack
Function:	Toggle Switch
Compatible With:	Z-800II, Z-1000II, Z-1020

Optional:

Z-40 Timer Remote control:	Ordernr: 60690
Z-50 Wireless Remote control:	Ordernr: 60678

							
Kg 3,5	L x W x H 315 128 166	Output 3.000cu./min.	60700	Capacity 0,8L			

Z-1200 MKII

Available models:

60674 1200W Fogger

60674UK 1200W Fogger UK Version

Technical information:

Power:	AC 240V, 50 Hz	Continuous fogging:	manual on/off
Output:	18,000 cu. ft/min (509m3/min)	Compatible With:	Z-1200II, ICE-101, LCU-1
Tank Capacity:	2.5L	Optional:	
Fluid type:	Fog Fluid	Z-9 Wireless Remote:	Ordernr: 60698
Fluid Consump. Rate:	44 Min./L (100% Output)		
DMX:	Yes		
Heater:	1200W		
Weight:	10,9 kg		
Dimensions (LxWxH):	458 x 243 x 177 mm		

Accessories/ordering info:

Remote:	Z-8 (included)
Cable Length:	10 m
Connector DMX:	3 Pin XLR in-out
Connector remote:	4P Connector
Functions:	timer with interval, duration and volume;

Z-1500 MKII

Available models:

60675 1500W Fogger

Technical information:

Power:	AC230V/AC240V, 50 Hz - 60 Hz	Function:	Timer with interval, duration and volume; set DMX address; continuous fogging;
Output:	20,000 cu. ft/min (566m3/min)		manual on/off.(all above functions are displayed on a LCD screen and can be set precisely in seconds or percentage)
Tank Capacity:	6L	Optional:	Z-30 Wireless Control Module Ordercode: 60679
Fluid type:	Fog Fluid		
Fluid Consumption Rate:	12 Min./L (100% Output)		
DMX:	Yes		
Heater:	1500 W		
Weight:	14 kg		
Dimensions (LxWxH):	688 x 285 x 188 mm		

Accessories/ordering info

Remote:	Z-20 Timer Control Module (included)
Cable Length:	1,8 m
Connector:	3 Pin XLR

10.9	L x W x H 458 243 177	1	Output 18,000c/m.	Z-8 incl.	Capacity 2.5L				14	L x W x H 688 285 188	1	Output 20,000c/m.	Z-20 incl.	Capacity 6L		

Z-3000 MKII

Available models:

60676 3000W Fogger

60676UK 3000W Fogger UK Version

Technical information:

Power:	AC230V/AC240V, 50 Hz-60 Hz	Function:	timer with interval, duration and volume; set DMX address; continuous fogging; manual on/off.(all above functions are displayed on a LCD screen and can be set precisely in seconds or percentage)
Output:	40.000 cu. ft/min (1132 m3/min)	Optional:	Z-30 Wireless Control Module: Ordercode: 60679
Tank Capacity:	6 L		
Fluid type:	Fog Fluid		
Fluid Consumption Rate:	5 Min/L (100% Output)		
DMX:	Yes		
Heater:	3000W		
Weight:	19,9 kg		
Dimensions (LxWxH):	735 x 310 x 192 mm		
Accessories/ordering info:			
Remote:	Z-20 Timer Control Module (included)		
Cable Length:	1,8M		
Connector:	5 Pin XLR		

SPECIAL FEATURES:

- Smart Wireless Remote included
- On board WDMX Wireless Solutions Sweden
- PowerCON input
- Rugged housing
- Continuous output

LCU-1S

Available models:

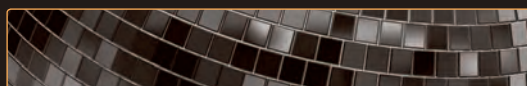

60702 Liquid Control Unit

The latest LCU-1S comes with a LCD panel which allows users to read and make setting with ease. The flow rate data of Z-1200II, S-100X, S-200X and SW-250 have been pre-programmed into LCU-1S and enables users to operate directly to supply fluid to the machine. Optional "Null" mode offers users the capability to operate with any other machines.

LCU-1S can supply fluid to 35 meters long or 25 meters high at maximum and is designed to meet most remote fluid supply application.

Technical information:

Power input:	230VAC, 50/60Hz
Power Consumption:	40W
Fluid Consumption:	400 ml/min (100% output)
Fluid:	Antari Liquid
Control:	Volume and Timer Mode DMX 512 Cable Remote
DMX Channels:	1 Channels
Accessories Included:	N/A
Dimensions:	203 x 179 x 96 mm
Weight:	3.3 Kg

SPECIAL FEATURES:

- Smart Wireless Remote included
- On board WDMX Wireless Solutions Sweden
- PowerCON input
- Rugged housing
- Continuous output

W-515D

60780 1500W Pro Fogger W-DMX

Technical information:

Power supply:	230/240 VAC, 50/60 Hz
Heater:	1500 Watt
Output:	20.000 cu. ft/min
First heat up time:	10 min.
Tank capacity:	6 L
Fluid consumption rate:	120ml/min
Control:	DMX, Manual, Wireless Remote, WDMX
Control parameters:	Timer, Volume
DMX Connectors:	XLR 3&5p
DMX Channels:	1
Included remote:	W-1
Remote frequency:	433.92/315 Mhz
Remote battery:	12V, type 27A
Dimensions:	561 x 278 x 186mm (LxWxH)
Weight:	14,5 kg

SPECIAL FEATURES:

- Wireless Remote included
- On board WDMX Wireless Solutions Sweden
- PowerCON input
- Rugged housing
- Continuous output

W-530D

60781 3000W Pro Fogger W-DMX

Technical information:

Power supply:	230/240 VAC, 50/60 Hz
Heater:	3000 Watt
Output:	40.000 cu. ft/min
First heat up time:	12 min.
Tank capacity:	6 L
Fluid consumption rate:	180ml/min
Control:	DMX, Manual, Wireless Remote, WDMX
Control parameters:	Timer, Volume
DMX Connectors:	XLR 3&5p
DMX Channels:	1
Included remote:	W-1
Remote frequency:	433.92/315 Mhz
Remote battery:	12V, type 27A
Dimensions:	581 x 278 x 186mm (LxWxH)
Weight:	19 kg

SPECIAL FEATURES:

- High performance stage fogger
- High tank capacity 10 L
- DMX-512 on board
- 1500 Watt Heater

SPECIAL FEATURES:

- High performance stage fogger
- High tank capacity 10 L
- DMX-512 on board
- 3000 Watt Heater

M-5

60648 1500W Pro Fogger

1500W

Technical information:

Power supply:	AC 230/240 V – 50/60 Hz	DMX-512:	On board
Heater:	1500 Watt	DMX connector:	XLR male/female 3/5 pole
Output:	20.000 cu. ft/min	Dimensions:	659 x 319 x 170 mm (LxWxH)
First heat up time:	8 min.	Weight:	15 kg
Tank capacity:	10 L		
Fluid consumption rate:	9 min/ L		
Included remote:	M-20		
Optional remote:	M-30 (60583)		

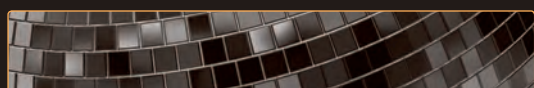

M-10

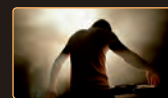

60649 3000W Pro Fogger

3000W

Technical information:

Power supply:	AC 230/240 V – 50/60 Hz	DMX-512:	On board
Heater:	3000 Watt	DMX connector:	XLR male/female 3/5 pole
Output:	40.000 cu. ft/min	Dimensions:	690 x 319 x 192 mm (LxWxH)
First heat up time:	13 min.	Weight:	25,5 kg
Tank capacity:	10 L		
Fluid consumption rate:	5 min/ L		
Included remote:	M-20		
Optional remote:	M-30 (60583)		

SPECIAL FEATURES:

- Powerful Output
- CO2 Effect
- Suitable for Club, DJ, Stage
- Including Wired Remote Controller

**Dragon 1500 Upright****61104** CO2-effect

Technical information:

Power Supply:	240V / 50Hz
Heater:	1500W
Output:	30000 cu.Ft/min
First Heat up time:	5 minutes
Tank Capacity:	2,4 liter
Fluid Consumption:	1L / 7 min. (full output)
Control:	DMX 512 / 3 pin
Include Remote:	Wired Timer Remote
Remote Connection:	5 Pole Din
Cable Length Remote:	5 meter
Dimensions:	300 x 400 x 190 mm
Weight:	7,7 Kg

SPECIAL FEATURES:

- Colorful CO2 Effect
- RGB LED system
- 1500W Heater
- Suitable for Club, DJ, Stage

**Dragon 1500 Upright RGB****61105** RGB CO2-effect

Technical information:

Power Supply:	240V / 50Hz
Heater:	1500W
Output:	30000 cu.Ft/min
First Heat up time:	5 minutes
Tank Capacity:	2,4 liter
Fluid Consumption:	1L / 7 min. (full output)
Control:	DMX 512 / 3 pin
Include Remote:	Wired Timer Remote
Remote Connection:	5 Pole Din
Cable Length Remote:	5 meter
LED:	RGB 3-in-1 3W LEDs
Dimensions:	300 x 400 x 190 mm
Weight:	7,9 Kg

**Z-1020****60677** 1000W CO2 Simulating Fogger

The Z-1020 is an advanced fogger, designed for special purposes and applications where you can't use a normal fogger. The Z1020 can be mounted on the ground to spurt fog upwardly to have a column of smoke effect, or it is possible to mount this unit against the wall to create an atmospheric effect. The Z1020 can be controlled with the included remote control, or with each DMX-512 controller.

Technical information:

Power:	AC240V/50 Hz	Accessories/ordering info:	
Output:	10.000 cu. ft/min (283 m3/min)	Included:	Z-10 Remote Control
Tank Capacity:	2,5 L	Cable Length:	10M
Fluid type:	Fog Fluid	Connector:	6,3 mm Jack Stereo
Fluid Consumption Rate:	24 Min./L (100% Output)	Function:	Toggle Switch
DMX:	Yes	Compatible With:	Z-800II, Z-1000II, Z-1020
Heater:	1000W	Optional:	
Weight:	9,8 kg	Z-40 Timer Remote control:	Ordercode: 60690
Dimensions (LxWxH):	370 x 295 x 135 mm	Z-50 Wireless Remote control:	Ordercode: 60678

**Z-1520 RGB**

Available models:

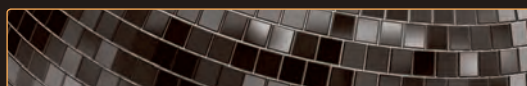

60755 1500W CO2 Simulating RGB Fogger

Want to add colors to your fog jet effects? Not a problem! Let the Antari Z-1520 RGB fulfill your dreams. With additional 22 high power LED's to shine the fog output produced by Antari Z-1520, the evolutionary successor of well-known Z-1020.

One machine can satisfy desires for both spectacular fog and lighting effects at the same time

Technical information:

Power:	AC 240V, 50Hz	Remote Included:	W-2 Wireless Transmitter
Heater:	1500W	Weight:	10.4 Kg
Output:	3000 cu.ft / min	Connections:	Powercon + XLR 3 & 5 pole
First heat- up time:	300 seconds	Dimensions (LxWxH):	418 x 295 x 210mm
Fluid Consumption:	7 minuts / liter	Power consumption:	1650W
Tank capacity:	2.4 liter		
DMX:	On board, 8 channel mode		
DMX Connections:	3 pin and 5 pin XLR		
Control:	DMX / Manual / Timer remote		
Light Source :	22 x 3W LED (8R, 7G, 7B)		

SPECIAL FEATURES:

- Very direct fog burst of up to 5m
- Powerful liquid pump
- Electric temp. control for instant available operation
- Advanced LCD display and wireless remote included

W-715

Available models:

60727 1600W CO2 Simulating Fogger

60727UK 1600W CO2 Simulating Fogger UK Version

Antari W-715 fog machine provides powerful fog plume effect.

The new heating system provides a remarkable output of 20 seconds burst, increase in heat preservation to reduce re-heat time. Newly designed fluid piping system removes the remaining fluid to provide clear burst without excess fog. Special Fast Dissipating water based fog fluid is designed for the job, makes the effect more perfect and precise.

2 Second Jet Mode enables quick effect at a touch of button, with advanced LCD control panel, W-1 wireless control system and DMX 512 onboard provides versatile and flexible ways of control.

Technical information:

Power:	AC 230/240 V, 50/60Hz
Heater:	100Vac - 1340W , 120Vac - 1600W 220Vac - 1470W , 240Vac - 1600W
Output:	Height 5 Meter , Width 1
Meter	
Initial Heat-up Time:	9 minutes (approx.)
Fluid Consumption Rate:	300 ml/min (100 % output)
Tank Capacity:	2.4 Liters
Remote Included:	W-1 Wireless Remote
Weight:	15.5 kg
Dimensions (mm):	L 449 x W 295 x H 199
Liquid Used:	60728 Antari Super Fast
Dissipating fluid	

SPECIAL FEATURES:

- Horizontal and Vertical operation
- Powerfull output, 5m height
- PowerCON input
- Closed fluid tank compartment

M-4

Available models:

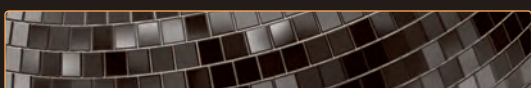

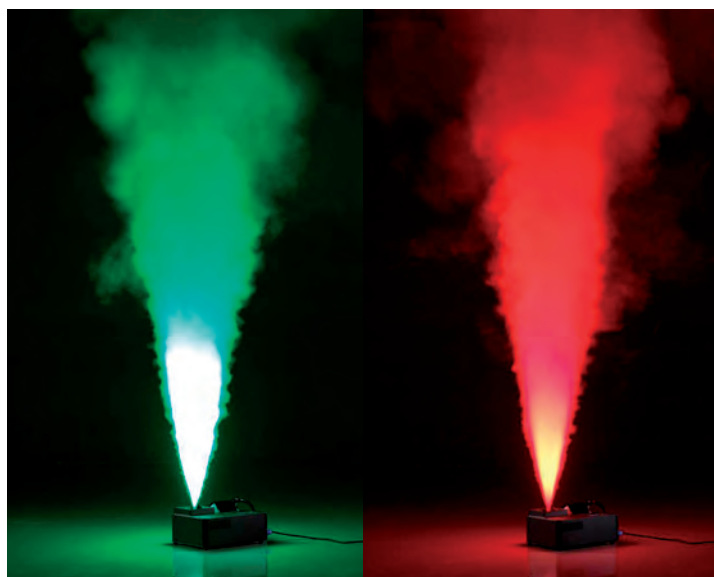

60764 1500W Pro CO2 Simulating Fogger

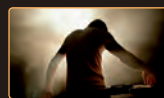

60765 1500W Pro CO2 Simulating Fogger W-DMX

The Antari M-4 is a professional upright fogger with a powerfull output. It can be used in horizontal and vertical operation without problems. The mechanical design of M-4 is made for rentals because the fluid tank is kept in a separate compartment inside the machine. This ideal for transport, no need to take care of the position. The M-4 is also available with Wireless DMX from Wireless solutions Sweden.

Technical information:

Input voltage:	240VAC, 50/60Hz
Power Consumption:	1500W
Initial Heat-Up Time:	5 min.
Fluid Consumption Rate:	150 ml/ min
Tank Capacity:	2.4 litre
Control Options:	On-Board Control Panel, DMX
DMX Channels:	1
DMX Connections:	DMX 3+5 pin XLR
Power connection:	Neutrik PowerCon
Weight:	11 Kg
Dimensions (mm):	345 x 193 x 385

SPECIAL FEATURES:

- Horizontal, Vertical and downward operation
- Integrated RGBA LED system
- Closed fluid tank compartment
- Built-in color chases

M-7

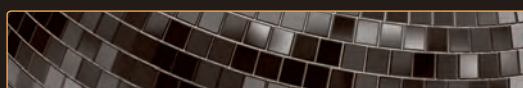

Available models:

60766 1500W Pro CO2 Simulating RGBA Fogger

The Antari M-7 is a professional upright fogger with a powerful output and RGBA LEDs to create a colorful CO2 effect. It can be used in horizontal and vertical, up and downwards position without problems. The mechanical design of M-7 is made for rentals because the fluid tank is kept in a separate compartment inside the machine. This ideal for transport, no need to take care of the position.

Technical information:

Input voltage:	240VAC, 50/60Hz
Power Consumption:	1550W
Initial Heat-Up Time:	5 min.
Fluid Consumption Rate:	150 ml/ min
Tank Capacity:	2.4 litre
Control Options:	On-Board Control Panel, DMX, Remote
Remote:	W2 included
DMX Channels:	9
DMX Connections:	DMX 3+5 pin XLR
Power connection:	Neutrik PowerCon
Weight:	11,5 Kg
Dimensions (mm):	345 x 193 x 385

Antari IP-1000

Available models:

60900 1000W Outdoor Fogger

- Rugged and powerful state-of-the-art machine
- Water-proof cover IP-63
- Wired remote controller
- Handle
- Power Cord

Technical information:

Power Supply: 230 VAC 50/60 Hz
Power consumption: 1000W
Fog output volume: 10.000 cubic feet / per minute
Fluid consumption: 24 minutes / per liter
Remote included: IP-10
First warm-up time: 10 minutes
IP Rating: IP-63
Dimensions (LxWxH): 355 x 249 x 147 mm
Weight: 8,8 kg

8,8	355 L 249 W 147 H	Output 10.000 cf	included				

Antari IP-1500

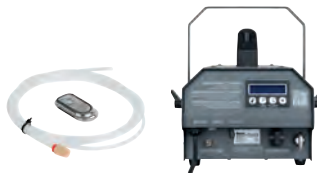

Available models:

60898 1500W Outdoor Fogger 110V, 60Hz

The IP-1500 is Antari's waterproof fog machine, incorporating an innovative new design that earns it an IP-63 rating. Whether indoor or outside, the new IP-1500 delivers massive fog output with its state-of-the-art design and 1500 watts of power. Included in that design is an extremely precise temperature control system, highly efficient heat conservation system and an actually sensitive liquid detection system that senses when the fog output or liquid supply is running low.

Technical information:

Output: 20000 cu. Ft/min
Tank capacity: 1 liter
Fluid consumption: 11 minutes / 1 liter
Remote included: W-1 Wireless Transmitter
DMX: On board
IP Rating: IP-63
Weight: 13,5 kg
Dimensions: 450 x 220 x 180 mm

13,5	450 L 220 W 180 H	Output 2000 c/m	wireless	Capacity 1 L			

IP-1500

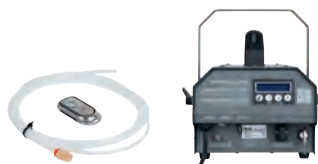

Available models:

60899 1500W Outdoor Fogger 240V, 50Hz

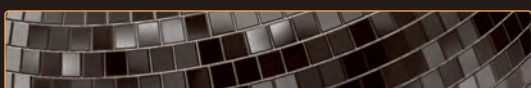

The IP-1500 is Antari's waterproof fog machine, incorporating an innovative new design that earns it an IP-63 rating. Whether indoor or outside, the new IP-1500 delivers massive fog output with its state-of-the-art design and 1500 watts of power. Included in that design is an extremely precise temperature control system, highly efficient heat conservation system and an actually sensitive liquid detection system that senses when the fog output or liquid supply is running low.

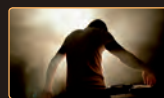

Technical information:

Output: 20000 cu. Ft/min
Tank capacity: 1 liter
Fluid consumption: 11 minutes / 1 liter
Remote included: W-1 Wireless Transmitter
DMX: On board
IP Rating: IP-63
Weight: 13,5 kg
Dimensions: 450x220x180mm

**FT-20****60782 600W Fire training Fogger**

FT-20 is a battery-operated portable fog machine, capable of providing long time operations with massive fog output.

No preheat or reheat time is needed. push the button, consistent fog output can be generated right away.

Technical information:

Voltage:	AC230V 50/60Hz (charger)
Battery:	DC12V
Power Consumption:	600W
Warm up Time:	0.1 minutes (approx.)
Fluid consumption:	16ml / min (100% output)
Fluid tank:	0.4 L
Fluid:	FLM Fog fluids
Dimension:	293 x 108 x 238 mm
Weight:	8,5 Kg (incl battery)

**FT-50****60783 1450W Fire training Fogger**

FT-50 is a compact, lightweight fog machine with tremendous output volume compare to others in its class. Off power operation feature offers fire brigade mobility to move around and fill fog in training scene.

Newly designed heater block better preserve the heat to increase operation time when off power. Simple operation with a handle-mounted button, output volume can be adjusted through knob on the back panel.

Technical information:

Voltage:	AC230V 50/60Hz
Power Consumption:	1,450W
Warm up Time:	7.5 minutes (approx.)
Fluid consumption:	110ml / min (100% output)
Fluid:	FLP-700 Aerosol
Dimension:	346 x 152 x 251 mm
Weight:	10 Kg

**FT-100****60785 1500W Fire training Fogger**

FT-100 is the first fog machine from Antari specifically designed for fire training purpose. It has unique design features which meets the demands of this user group.

Technical information:

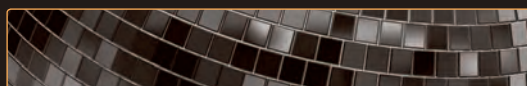

Voltage:	230V/50 HZ
Breaker:	AC-230V, 7A/250V
Power Consumption:	1,500W
Output:	20000 cu.ft / min
Initial Heat-Up Time:	10 mins
Fluid Consumption Rate:	100 ml/ min
Tank Capacity:	6 liters
Remote Included:	W-2 Wireless Remote
Control Options:	Z-3 Remote
Weight:	14.2 Kg
Dimensions (mm):	L 580 x W 278.2 x H 264.5
Liquid Used:	Antari FLP Fog Liquid

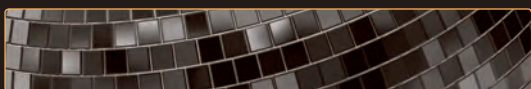

**FT-200****60784 1600W Fire training Fogger**

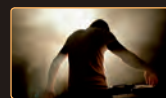

The FT-200 Fire training fog generator is the successor of the popular FT-100. The FT-200 features a 1600W advanced heater block which increases the output by 200%, compared to the FT-100 unit. The built-in electronic timer and the included W-2 wireless remote control ensure handsfree operation. The sturdy and rugged design make the F-200 the perfect partner for fire and rescue training.

Technical information:

Voltage:	AC230V 50/60Hz
Power Consumption:	1,600W
Warm up Time:	7.5 minutes (approx.)
Fluid consumption:	270ml / min (100% output)
Fluid tank capacity:	2.4 Liters
Coverage Height:	8 Meters
DMX Channel:	1 Channel
Accessories included:	W-2 Wireless Remote
Dimension:	L 301 W 194 H 414 mm
Weight:	16 kg

SPECIAL FEATURES:

- Smooth even output
- DMX Control
- Create a thin haze of fog
- 1000W Heater

**Dragon F-350****61108 Fazer****Technical information:**

Power Supply:	240V / 50Hz
Heater:	1000W
Output:	2000 cu.Ft/min
First Heat up time:	3 minutes
Tank Capacity:	1,5 liter
Fluid Consumption:	1L / 55 min. (full output)
Remote Connection:	5 Pole Din
DMX-512:	1 Channel
DMX Connector:	3 Pole XLR
Include Remote:	Wired Timer Remote
Remote Connection:	5 Pole Din
Cable Length Remote:	5 meter
Dimensions:	490 x 300 x 190 mm
Weight:	7,9 kg

**Z-300-II****60661 700W Fazer**

The Z-300-PRO-FAZER is a new generation of hazer machines that work with standard fog-fluid without making noise. The new system doesn't need a compressor. A built-in fan blows the light fog in an angle of appr. 60 degree into the air, therefore the fog reaches Parcans and Scanners within a short time. This device is equipped with a remote control with 2 faders and 3 buttons. Button 1 and Fader 1: 1 Timer with adjustable interval; Fader 2: adjustable intensity of the fog output; Button 2: continuous fog; Button 3: fog for the time you press this button.

Use waterbased fluids only (ordercode 60629 or 60590 Fog fluid 5L lightversion).

Technical information:

Tank capacity:	2,5l.
Fluid type:	Fluid Liquid
Heater:	700W
Output:	2000 cu. ft/min
Dimensions (LxWxH):	600 x 300 x 288 mm
Weight:	8,5 kg

Accessories/ordering info:

- The reliability of a fog machine with the silent operation of a hazer.
- Constant output.
- Steady haze, no bursts of fog.
- Variable volume.
- Multi-function timer remote controller included.
- No air compressor required.
- Adjustable levels to suit any room.
- ECO advanced thermal control system
- Z-6 remote control included

SPECIAL FEATURES:

- 3 ml / min (100% Output)
- DMX & stand-alone control
- self-cleaning function
- Non-stop haze at max output

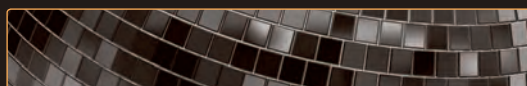

**Z-350****60760 800W Pro Fazer**

Z-350 is the latest creation from Antari, a company with years of experience on Fazer developments. The new adoption of air pump technology not only enables Z-350 to generate dry haze but also provides its heater self-cleaning function. Z-350 comes with larger diameter tube which substantially reduces the risk of heater clog. Extremely low fluid consumption rate grants a full tank (1.3 Liter) of Z-350 to produce 430 minutes of non-stop hazing at maximum output. The new On-board DMX chip is programmed with smart functionalities. When DMX signal is received, Z-350 turns on and starts heating up automatically, when the is no DMX signal available the Z-350 starts the self-cleaning process automatically and then goes into "Sleep" mode. The machine weighs only 8.7 kg which is convenient for transportation.

Technical information:

Power input:	240V 50/60Hz
Heater:	800W
Output:	3000 cu.ft / min
	Fluid Consumption
Rate:	3 ml / min (100% Output)
Tank Capacity:	1.3 liter
First Heat-up Time:	4.0 min
Fluid type:	Fog Fluid
included remote:	none
Weight:	8.7 Kg
Dimensions (LxWxH):	320 x 153 x 391 mm

recommended fluid: 60595 / 60637

Antari Z-380

Available models:

60786 Fazer

Z-380 features 1,500W capacity, big output yet smart, solid and compact design in appearance, easy operation, handy and user friendly, clean fog, fast proliferation, not interrupting other present equipment, and comes with a convenient bracket.

Z-380 has a stable continuous fog output system, excellent results; it is the best choice for different types of business sites to create a lay back and romantic feel. Standard the Z-380 can be controlled by DMX. The Wireless control is optional and needs to be ordered separate !

Technical information:

Power Consumption: 1,500 W
Heat-up Time: 1.5 mins
Output: 6,000 Cu.Ft/min
Fluid Consumption: 6 ml/min
Liquid Tank: 1.2 Liter
Control Interface: LCD Display with 4 buttons and Rotary Knob
Optional Remote: Z-3 wired remote, W-2 wireless Installation set
Power connection: IEC
Data connection: DMX XLR 3 & 5 pin
Weight: 8.48 Kg
Dimensions: L 328 W 247.7 H 264.9
Recommended Liquid: Antari FLG Liquid

SPECIAL FEATURES:

- Compact size yet powerful outputs
- Adjustable fan speed
- LCD Screen
- Smart Auto Cleaning Function

X-310

Available models:

60663 1000W Pro Fazer

This versatile Fazer X-310 is equipped with the most sophisticated features including aluminium casting heater, quiet and precise pump, instrument class circuit design, and controllable twin fan. This heater is so effective that one L fluid can keep up for 2 hours incessantly fogging (30% output). Fan volume can also be adjusted accurately due to the durable ball-bearing fans and digital control module, X-10. Therefore, the machine is ideal for use at events that are noise-sensitive. With a small effort of fine tuning, you will get the perfect haze. A top performance for stage and studio professionals.

Use waterbased fluids only (ordercode 60629 or 60590 Fog fluid 5L lightversion).

Technical information:

Power: AC 230V 50 Hz
Power consumption: 1000 Watt
Tank capacity: 2,5L
Fluid type: Fog Fluid
DMX: Yes
Fuse: F5A, 250V
Output: 3500 cu. ft/min.
Dimensions: 635 x 275 x 281 mm (LxWxH)
Weight: 20,5 kg

F-1

Available models:

60761 700W Pro Fazer

60762 700W Pro Fazer W-DMX

The Antari F-1 Fazer is the successor of the X-310 and equipped with advanced technology and features from the F-Series family.

The air pump system enhances a smooth mixture of fog liquid and air to produce fine, dry fog with minimal fluid consumption. It also enables the machine with a self-cleaning function to extend the lifespan of heater elements. The F-1 is also available with a Wireless DMX module from Wireless Solutions Sweden.

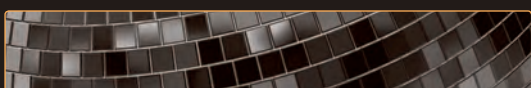

Technical information:

Input voltage: 240VAC, 50/60Hz
Power Consumption: 700W
Initial Heat-Up Time: 5 min.
Fluid Consumption Rate: 8.5 ml/ min
Tank Capacity: 2.4 litre
Control Options: On-Board Control Panel, DMX
DMX Channels: 1,2
DMX Connections: DMX 3+5 pin XLR
Power connection: Neutrik PowerCon
Weight: 14.1 Kg
Dimensions (mm): 608 x 275 x 286

SPECIAL FEATURES:

- Large tube diameter
- Self-cleaning function
- Neutrik Powercon
- 3 & 5P DMX connections

SPECIAL FEATURES:

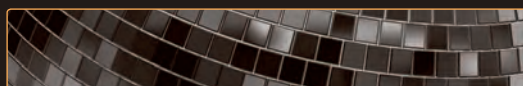

- Roadproof flightcase design
- Works with regular fog liquid
- Fast heat up time (60 seconds)
- Low fluid consumption
- Compact size

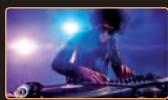

**F-4****60768 1500W Pro Fazer**

The stackable Antari F-4 Fazer is a true versatile fazer suitable for many professional applications. The state-of-the-art air pump system mixes fog and air to produce a fine, dry fog with minimal fluid consumption. Performance meets reliability in this new design: the extremely dry fog output leaves no residue, and no liquid is left inside the heater, achieving a longer life cycle. The F-4 also features built-in DMX functionality and silent operation, making it suitable for the widest variety of theatrical and stage applications.

Technical information:

Power:	AC 240V, 50Hz
Heater:	1500W
First heat-up time:	60 seconds
Fluid Consumption:	6,7ml / min
Tank capacity:	5 liter
DMX channels:	2
DMX Connections:	3 pin and 5 pin XLR
Control:	DMX / Manual / Timer remote
Weight:	20 Kg
Dimensions (LxWxH):	554 x 274 x 464mm
Power consumption:	1500W

Antari F-5D

60630 850W Pro Fazer W-DMX

Antari is proud to present F-5D to the entertainment industry. F-5D is the new generation of F-3.

Compare to its predecessor, there are 5 main improvements on F-5D:

- 200% more output than F-3
- Built-in Wireless DMX receiver
- Bigger tubes reduces risk of heater clogging
- More quiet than the F-3
- Multi-Language control interface available

Technical information:

Power:	AC 240V, 50Hz
Heater:	850W
Output:	3000 cu.ft / min
First heat- up time:	240 seconds
Fluid Consumption:	2 hours / liter
Tank capacity:	2.8 liter
DMX:	On board, 2 channel mode
DMX Connections:	3 pin and 5 pin XLR
Control:	DMX / Manual / Timer remote
Weight:	22,9 kg
Dimensions (LxWxH):	540 x 500 x 235mm
Power consumption:	900W

SPECIAL FEATURES:

- 200% more output than F-3
- Built-in Wireless DMX receiver
- Bigger tubes reduces risk of heater clogging
- More quiet than the F-3

F-7

60763 Smaze W-DMX

The F-7 Smaze machine offers an all-in-one solution for big venues and large stages. It combines a powerful fog machine with a fazer to fill up large venues very fast and create a nice thin layer of haze. The built-in fan allows you to direct the fog easily because of the adjustable angle.

The F-7 Smaze is equipped with the latest air pump technology and the self-cleaning feature and is protected in a flight case housing to keep the machine running under the most rough stage situations. It can be controlled manually, by DMX and wireless thanks to the built-in WDMX module from Wireless solutions Sweden.

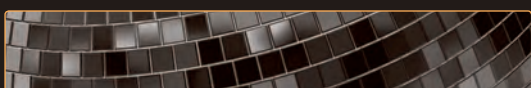

Technical information:

Input voltage:	240VAC, 50/60Hz
Power Consumption:	1650W
Initial Heat-Up Time:	6 min.
Fluid Consumption Rate fogger:	140 ml/ min
Fluid Consumption Rate fazer:	28 ml/ min
Tank Capacity:	2x 5 litre
Control Options:	On-Board Control, DMX, WDMX Sweden
DMX Channels:	3
DMX Connections:	DMX 3+5 pin XLR
Power connection:	2x Neutrik PowerCon
Dimensions:	720 x 425 x 710 mm (LxWxH)
Weight:	52 kg

SPECIAL FEATURES:

- Fog & Faze combination
- WDMX Sweden
- Rugged flightcase design
- Adjustable fan position

SPECIAL FEATURES:

- Compact design
- Powerful output
- True Haze effect
- Very Low Powerconsumption
- DMX Control
- Bright LCD display
- Silent operation

**HZ-350****60621 Pro Hazer**

The Antari HZ-350 is a brand new haze machine with not only reliable quality as a tradition but also new charming features. With the innovative LCD control panel built in the machine you can control all functions easy and simple by just pushing a few buttons. For easy operation the HZ-350 comes also including wireless on/off controll. Furthermore all functions can also be controlled by DMX.

Only use dedicated Antari and Showtec fluids only!!

Technical information:

Power: AC240V, 50 Hz
 Output: 2000 cu. Ft/min
 Tank capacity: 2,5 liter
 Fluid consumption: 21 hours / 1 liter
 Remote included: W-1 Wireless Transmitter
 Air pressure: 30 psi
 DMX: On board
 Weight: 14,2 kg
 Dimensions: 491 x 273 x 315mm

- Including Flightcase
- Works with hazer liquid
- DMX Control
- Direct operation
- Low fluid consumption

SPECIAL FEATURES:

- Including Flightcase
- Twin Compressor Mode
- Touch display
- DMX Control
- Direct operation
- Low fluid consumption

HZ-500

60622 Pro Hazer

The HZ-500 is a masterpiece created by Antari R&D team with enormous experience in studying and designing haze machines after years of hard work. Therefore, the performance of HZ-500 is second to none and better than any other hazer on stage. It can work with laser beam, lighting perfectly and the hazer creates the best atmospheric effects to all events. HZ-500 is definitely the best choice for those stage designers, performers, and audiences who are quite sensitive to surrounding settings.

Only use dedicated Antari and Showtec fluids only!!

Technical information:

Power:	AC240V, 50Hz
Output:	3,000 cu.ft/min
Tank Capacity:	2.5 Liter
Fluid Consumption Rate:	20 Hrs./Liter
Remote included:	LCD Timer Panel Controller Compact Flight Case included
Air Pressure:	30 Psi
Liquid:	Antari HZL-1 (Haze Liquid) or Showtec Haze Liquid only.

HZ-1000

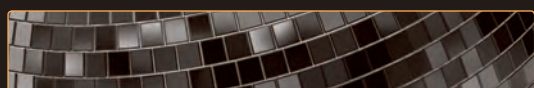

60619 Pro Hazer

Antari's HZ-1000 goes a step further than his successful small brother the HZ-500. This hazer works with a Twin-Compressor mode and is equipped with an extra internal turbo fan to bring your haze further and higher. You can use the compressors separate from each other to create the haze volume that you need. In maximum operation the HZ-1000 can almost double the output from the HZ-500. It creates the finest atmospheric and dry haze while operation at low noise in the biggest venues. This new HZ-1000 is definitely the best choice for professionals.

Only use dedicated Antari and Showtec fluids only!!

Technical information:

Power:	AC240V, 50Hz
Output:	7,500 cu.ft/min FO
Tank Capacity:	6,4 Liter
Fluid Consumption Rate:	1,2L/h (100% Output)
Control Interface:	Manual, Timer, Dmx512, W-Dmx (optional)
DMX Control:	2Channel
Compact Flight Case:	Included
Air Pressure:	2 x 30 Psi
Liquid:	Antari HZL-5W, HZL-5 or Showtec Haze Liquid only.
Dimensions:	775 x 610 x 830 mm (LxWxH)
Weight:	74,5 kg

DNG-100 Fogcooler

60601 Converts normal fog to a cloud of white fog

When connected to any fog machine, the DNG-100 Fog Cooler produces a low-lying smoke whose effect is virtually indistinguishable from that created by dry ice. The DNG-100 converts normal fog to a low-lying cloud of dense, white fog. This is accomplished by cooling the temperature of the fog produced by any regular fog machine to a point where it falls to the ground. The DNG-100 is extremely easy to operate as there are no external controls on the machine. Simply plug the unit in and place the fog conducting hose from the output of any fog machine to the input of the DNG-100. Just plug in the unit, it works immediately. The volume of fog produced is controlled by the fog machine that the DNG-100 is attached to. With the addition of the optional second fog conducting hose, the ground fog can be placed anywhere within 10m of the DNG-100 output nozzle.

Technical information:

Power: AC100V/120V/AC230V/
AC240V, 50 Hz - 60 Hz
Power Consumption: 750 W
Accessories Included: FT-10, FTA-10, FTA-11, FTA-12

S-100X Snowmachine

80386

DMX
CONTROLLABLE

With newly-developed PCB and new advanced pump, S-100X and S-200X can be even more reliable and generate 50% more snow outputs than their predecessors, S-100II and S-200. They can create both romantic snow and astonishing blizzard effects.

The only difference between S-100X and S-200X is that S-200X is "Silent" version snow machine. Its working noise level is much lower, which is great for environments where quiet condition is required.

Technical information:

Power input:	AC120V/AC230V/AC240V, 50-60Hz
Power consumption:	900 W (Min Output) , 1150 W (Max Output)
Output:	200 ml / min
Tank capacity:	5 liter
Accessory (Incl):	Hanging Bracket & SC-2 remote
Weight:	11.5 Kg
Dimensions (mm):	L 505 W 276 H 280

SW-250

80372 High Power Snowmachine

The new Antari SW-250 is a completely digitalized snow machine with on board DMX and wireless control. Compared to its predecessors, S-100 and S-200, its snowoutput is increased about 250% at maximum. In addition time and volume control functions allow you to control the snowflakes effect even more accurately. No doubt. Antari SW-250 is the best answer to all kind of snow effect requests.

Technical information:

Power:	240V / 50Hz
Powerconsumption:	600W (50% output), 1290W (Full output)
Output:	240ml / min
Tank capacity:	5 liters
Fluid consumption:	4 min/ 1 liter
Remote included:	W-1
Accessory included:	Hanging bracket
DMX:	On board
Weight:	12,6 kg
Dimensions:	550 x 276 x 228

SPECIAL FEATURES:

- Flightcase included
- Optional Pan Motor
- DMX Control
- Big Volume Output

S-500

80378

DMX
CONTROLLABLE

The S-500 is a sophisticated professional silent snow machine for medium and large events. Unlike the traditional snow machines where you need to rig the complete snow machine, the S-500 can stay on the ground. It has a 10m long flexible hose with a nozzle that can be mounted in the truss. This makes it very convenient in your setup. Because the machine can stay on the ground the machine weight is not a problem and a 20 liter tank is added to meet enough capacity for a complete gig.

An additional pan motor is available to fan your snow in a 120 degree angle. Which means you can cover a 4 times larger space with only one machine. The S-500 is a flightcase based machine with a compartment to store all accessories. This makes the S-500 easy to transport and stage ready.

Technical information:

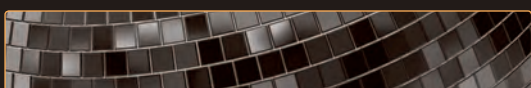

Power: AC230V, 50Hz / 60Hz
Power Consumption: 1,200W
Output: 400 ml / min
Tank Capacity: 20 liter
Weight: 37.2 Kg
Optional: PM-1, Wireless DMX
DMX On Board
Dimension(mm): 592 x 551 x 651
Recommended Liquid: Antari SL-5, SL-5N Snow / Foam Liquid, Antari SL-5A, SL-5AN Snow Liquid Premium

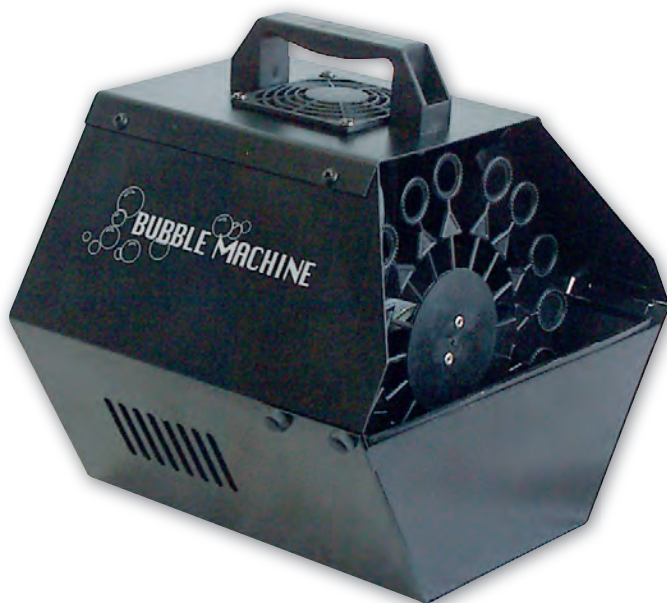

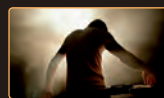

PM-1

80378P Pan Motor for S-500

The PM-1 is an optional pan motor which can be used in combination with the Antari S-500 snow machine and allows you to control the pan movement of your snow machine. By using this accessory you increase the coverage of this already powerful machine.

Bubble X

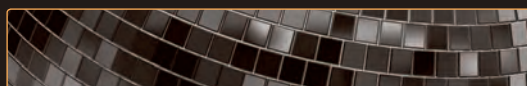

40123 Bubble Machine

Bubble machine with many rotating bubble-rings. Produces many bubbles. For use with Bubble liquid 80360.

Technical information:

Power:	AC 230V ~ 50 Hz
Output:	184 Watt
Tank capacity:	0,5 L
Fluid type:	Bubble Liquid (80360)
Output:	22,5 BPS/m3
DMX:	No
Dimensions:	315 x 305 x 290 mm (LxWxH)
Weight:	5 kg

B-100 Bubble Machine

Available models:

40124 Standard Version

40125 Optional Wireless remote

The B-100 is a bubble machine by Antari and it fits perfectly in the already existing fogger-range. The B-100 is available in two versions:

- Standard version (40124): no remote control
- Wireless version (40125): prepared for use with an optional remotecontrol (40127)

Technical Information

- Spout at front of unit eliminates dripping of bubble liquid. Liquid will run back into the tank. Also for quick, easy liquid refill.
- Casing swings open by removing two thumb screws; very easy, very quick.
- Large output.
- Attractive casing.
- Hanging bracket included.

- Optional A/C remote, for an extremely economical unit.
- Optional D/C remote, options include timer remote, wireless remote.
- Spout at front of unit eliminates dripping of bubble liquid. The liquid will run back into the tank. Also for quick, easy liquid refill.
- Casing swings open by removing two thumb screws; very easy, very quick.
- Large output.
- Attractive casing.
- Hanging bracket included.

							
Kg 4,9	L x W x H 390 x 280 x 25	included					

SPECIAL FEATURES:

- No dripping of liquid
- Easy liquid refill
- Easy to use
- Large output
- Including hanging bracket

B-200

40122 DMX High Power Bubble Machine

To say the B-200 is a high output bubble machine is too modest. It features four "Double Bubble Wheels" which generate a massive, continuous torrent of bubbles. The set of three fans at the back of the unit spread the bubbles far and wide. Designed with lighting designers, large clubs and theatrical productions in mind, this bubble machine has DMX onboard. This allows for central control of the B-200's bubble generation. The machine can also operate alone or with optional timer and wireless remote controls. With its large fluid reservoir, the B-200 will pack the venue with bubbles for as long as the party lasts!

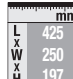

Technical information:

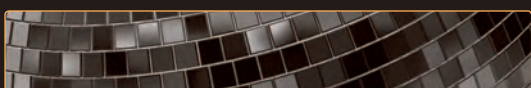

Power: AC240V, 50 Hz - 60 Hz
Power Consumption: 100 W
Tank Capacity: 1,5 L
Fluid type: Bubble Liquid
Fluid Consumption Rate: 20 Min./ L
DMX: Yes

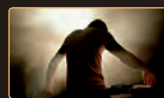

Accessories/ordering info:

Optional Remotes: BCR-2 (wireless), BCT-2 (timer)
Dimensions: 425 x 250 x 197 mm (LxWxH)
Weight: 11,5 kg

							
Kg 11,5	L x W x H 425 x 250 x 197	DMX Channels DMX contr.	not incl.	Capacity 1,5 L			

SPECIAL FEATURES:

- Medium power Fan
- Can be used with each smoke machine
- 3 speed modes

SF-100

80390 Axial Universal Fan

Technical information:

Power supply: AC 220V-240V, 50/60 Hz
Power consumption: 155W
Maximum airflow : 141 CMM
Power connector: Schuko
Dimensions (LxWxH): 610 x 280 x 610 mm
Weight: 5,5 kg

SPECIAL FEATURES:

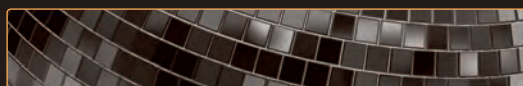

- High velocity Fan with air-guide.
- Metal Drum Cage with 14" Aluminium Fan Blade
- Sturdy Tilt stand with rubber floor guards and wall mountable.
- 3 speed rotary switch

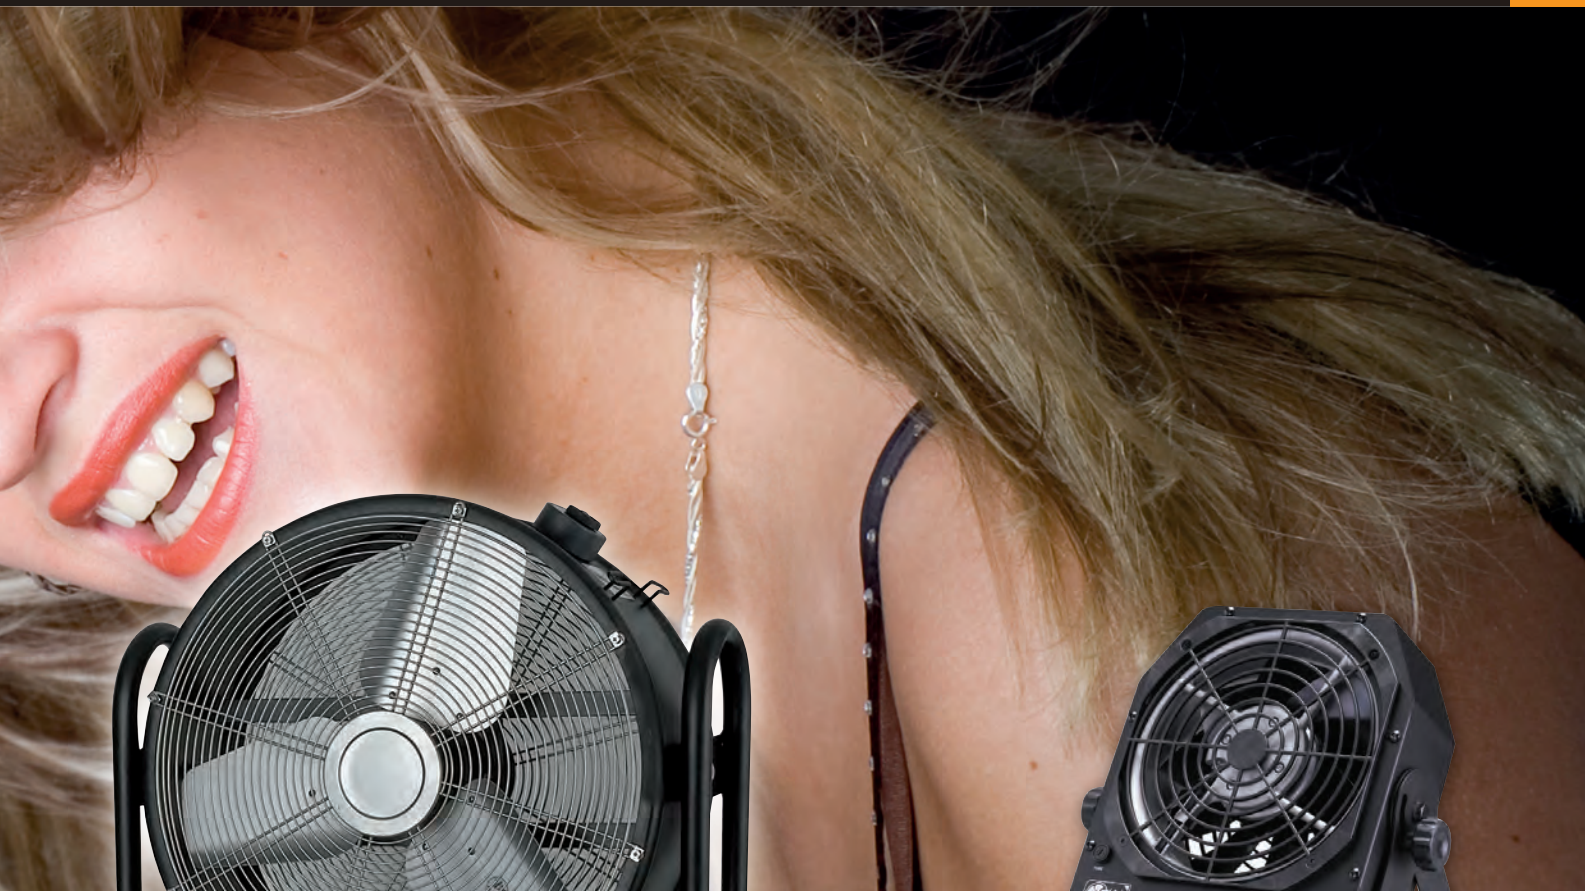

SF-125

80391 Axial Power Fan

Technical information:

Power supply: AC 220V-240V, 50/60 Hz
Power consumption: 180W
Maximum airflow : 113 CMM
Power connector: Schuko
Dimensions (LxWxH): 515 x 440 x 260 mm
Weight: 6,5 kg

SPECIAL FEATURES:

- High power touring Fan
- Can be used with each smoke machine
- Wheels
- 3 speed modes

SF-150

80376 Axial Touring Fan

Technical information:

Power supply:	AC 220V-240V, 50/60 Hz
Power consumption:	280W
Maximum airflow :	165 CMM
Power connector:	Schuko
Dimensions (LxWxH):	760 x 290 x 720 mm
Weight:	26 kg

SPECIAL FEATURES:

- Strong roadproof housing
- DMX controlled variable wind speed
- variable adjustable blowing direction
- Manual Controlled variable wind speed

AF-3

80373 DMX Effect Fan

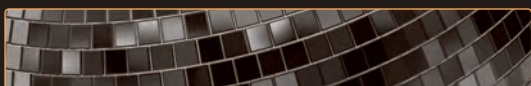

The Antari AF-3 is a mini but all-purpose stage fan features 4 control options, linear variable output speed, low power consumption, adjustable blowing directions, durable metal housing and compact size.

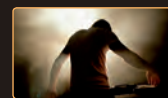

In addition to the onboard DMX control and the manual knob, wired and wireless controllers are optional to cope with diverse needs. Total power consumption is merely 100W.

The attached bracket enables various output directions within 90 degrees while hanged or placed on the floor. Solid and handy design allows easy carry and storage.

Technical information:

Input Voltage :	AC 220~240V, 50/60Hz
Power consumption:	116W max @ FO
Maximum airflow :	900m3/hr, 530CFM (50Hz) , 1020m3/hr, 600CFM (60Hz)
Fan speed :	750~2550 rpm (50Hz) , 750~2800 rpm (60Hz)
Noise level:	59dB (50Hz) , 61dB (60Hz)
Control Included :	On-board DMX and Rotary Knob
Optional Remotes :	Z-3 Remote
DMX Mode :	1 Channel (0-100% volume level) 2 Channel (On/Off)
Connections:	Powercon in+out, XLR 5 pole in+out
Dimension :	333(W) x 370mm (H)
IP Rating:	IP-20
Weight :	6.3 Kg

SPECIAL FEATURES:

- Strong road proof housing
- Manual, timer, DMX and Wireless controlled variable wind speed
- Low Noise Level
- Strong Centre flow of air up to 20 meters

**AF-4****80392 DMX Effect Fan**

The Antari AF-4 is an Effect Fan which is focusing its flow of air in the centre and produces a smooth wind effect up to 20 meters. It's suitable for wide variety of applications on stage, theatre, tours and much more.

The digital control interface, allows the user to create settings and easy adjustments. The Fan can be controlled manual, by DMX, timer and Wireless Remote (optional).

Technical information:

Input Voltage :	AC 220-240V, 50/60Hz
Power consumption:	90W max @ F0
Maximum airflow :	1.053 CFM
Fan speed :	1.242-1.480 RPM
Control Options:	Manual, Timer, DMX
Optional Remotes :	Wireless Remote
DMX Mode :	1 Channel (20-100% volume level)
Connections:	Powercon in+out, XLR 5 pole in+out
Dimension :	350 x 381 x 513 mm
Weight :	8.9 Kg

SPECIAL FEATURES:

- Strong roadproof housing
- DMX Controlled
- 3 different speeds
- Adjustable wind angle (horizontal, vertical, 45 degrees)
- Speed Control by DMX
- Manual Control Mode

**AF-5****80374 DMX Effect Fan**

The AF-5 is Antari's very first special effects fan. The fan can work at 3 different speeds. On-board DMX makes the fan controllable by DMX. By DMX the fan can be switched on and off and also the 3 different speed modes can be selected (Low, Medium, High) The AF-5 is very suitable to use in combination with your fog, haze or snow machine.

Technical information:

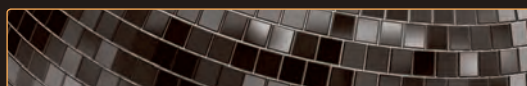

Housing Material:	Plastic (Polypropylene) Adjustable Wind Angle, Horizontal, 45 degree, Vertical
Control:	Manual, DMX (1 channel)
Fanspeed:	3 speeds (Low, Medium, High)
Noise level:	80,4dB (50Hz) , 82,9dB (60Hz)
Power:	800W (High Speed)
Dimensions:	530 x 470 x 490mm
Dimension air output:	454 x 153mm
Weight:	17,5 kg
Power:	240V AC 50 Hz

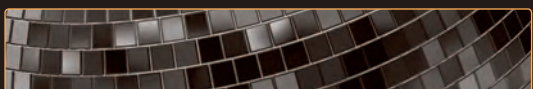

SF-250**80375 Radial Touring Fan**

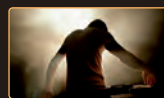

- High power touring Fan
- Safety protection grid

Technical information:

Power supply:	AC 220V-240V, 50/60 Hz
Power consumption:	700W
Maximum airflow :	70 CCM
Power connector:	Cable without connector
Dimensions (LxWxH):	515 x 490 x 545 mm
Weight:	18,5 kg

SPECIAL FEATURES:

- Easy set-up and use
- Suited for 40cm and 80cm shooters
- Plug-and-play

FX Shot**60908 Electric confetti shooter**

Showtec's FX Shot is an easy-to-use electric confetti shooter. They are designed to fire prefilled single use electric cannons, which are available in 40cm and 80cm. Confetti or streamers in various colours, even fluor UV and metallic colours are an option. The cannons contain a pressurized nitrogen cartridge which launches confetti up to 12 meters and streamers even 20 meters wide.

Attention:

The FX Shot will be activated by a 230V power source and can therefore be operated very easy by a 230V power switch like the Showtec DJ-Switch (50363). If you like to operate by DMX you can use a Showtec Relay Pack (50752) in combination with a Showtec DMX controller.

Technical information:

Size:	13 x 12 cm
Weight:	1.7 kg
Voltage:	230V
Power:	100W
Operation:	230V on/off or DMX by using a switch pack

SPECIAL FEATURES:

- Integrated Safety Catch
- 100 shots possible with one full charge
- 12V SLA Battery Pack Inside
- Fast charged in 6 hours

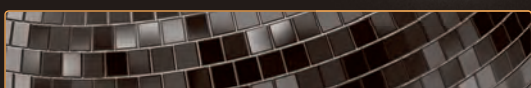

FX Gun
61030

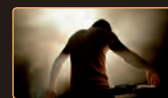

The Showtec FX Gun allows you to create an extra dimension to your party or performance. The FX Gun can be loaded with any electric confetti cannon. Just connect the cannon, pull the trigger and simply shoot the confetti or streamers to the desired direction!

Technical information:

Power Input:	18VDC, 1000mA (max)
Battery:	12V SLA Pack
Consumption:	40 > 80cm Electric confetti cannons
Dimensions:	450 x 190 x 75mm
Weight:	2,5Kg (without shooter)

FX Ice Jet

61000

Showtec – also for great show effects! The Showtec FX Ice Jet is a CO2 shooter which creates beautiful clouds of thick but quickly dissipating smoke in a true festival style. The FX Ice Jet only requires a CO2 bottle with dip-pipe to work and can be controlled remotely either by a relay pack or via a DMX switch.

Technical information:

Input Voltage: 230VAC, 50Hz
Power consumption: 20W
Control: 230V on/off switch, or by DMX relay pack
Consumption: 0,5Kg/s CO2 (use only CO2 bottle with dip pipe)
Max distance: approx. 8m (depending on environmental temp and humidity)
Dimensions: 130 x 80 x 130mm – Pipe: 205mm – Base: 200 x 125mm
Weight: 2,9Kg
Input & output Throat: 3/8"

General Safety Rules:

- It is very important to always read the manual before using these items.
- Always visually inspect every component carefully, and make sure they are in good condition and function properly before using them.
- Only use the CO2 Ice Jet if there are no people, animals or other objects in the direction of the output.
- Make sure children, unauthorised people or animals do not obtain access to the CO2 Jet
- Consult your gas supplier for full instructions with regarding to the CO2 bottle, and how to use.
- Only authorised persons may carry out working with the CO2 Jet

FX Ice Gun

61001

The CO2 Gun is a handheld gun which can blast white cryogenic fog plumes. The CO2 Gun is a new innovative an spectacular eye catcher for DJ's and dancers! The CO2 Gun must be connected to a CO2 cylinder (liquid CO2) by using a flexible high pressure CO2 hose.

Technical information:

Control: manual
Consumption: 0,5Kg/s CO2 (use only CO2 bottle with dip pipe)
Max distance: approx. 8m (depending on environmental temp and humidity)
Dimensions: 570 x 210 x 70mm
Weight: 3,1Kg

General Safety Rules:

- It is very important to always read the manual before using these items.
- Always visually inspect every component carefully, and make sure they are in good condition and function properly before using them.
- Only use the CO2 Ice Jet if there are no people, animals or other objects in the direction of the output.
- Make sure children, unauthorised people or animals do not obtain access to the CO2 Jet
- Consult your gas supplier for full instructions with regarding to the CO2 bottle, and how to use.
- Only authorised persons may carry out working with the CO2 Jet

CO2 High Pressure Hose

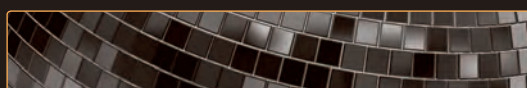

Available models:

- 61010** 5m, 3/8 male - female
- 61011** 10m, 3/8 male - female
- 61012** 15m, 3/8 male - female

Technical information:

These hoses meet/exceed standard SAEJ517 sec. SAE100R7 - EN 855 - ISO 3949
Max pressure: 175 bar / 2537 psi
Safety ratio: 1:4
Internal diameter: 9,7mm
External diameter: 16,0mm
Min. Bend radius: 60mm
Weight G/m: 155gr

FX Drop 61040

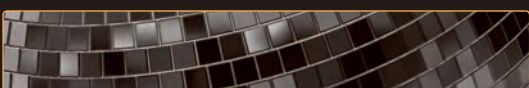

The Showtec FX Drop is a plug-and-play textile drop tool. It is very easy to use, once the FX drop is powered it will release the hook. The load capacity is 20Kg and designed with a road proof housing. The Powercon in-and output make it easy to daisychain multiple FX drops. Create a stunning opening with the Showtec FX Drop.

Technical information:

Input voltage:	230V AC
Power consumption:	100W
Power connections:	Powercon in- output
Load capacity:	20Kg
Rigging:	M10 screw thread
Weight:	1Kg
Dimensions:	77 x 70 x 140 mm
Power Cable:	Not included
Clamp:	Not included

SPECIAL FEATURES:

- Plug & play backdrop drop system
- 20 kg load capacity
- Powercon daisy chain
- Road proof housing

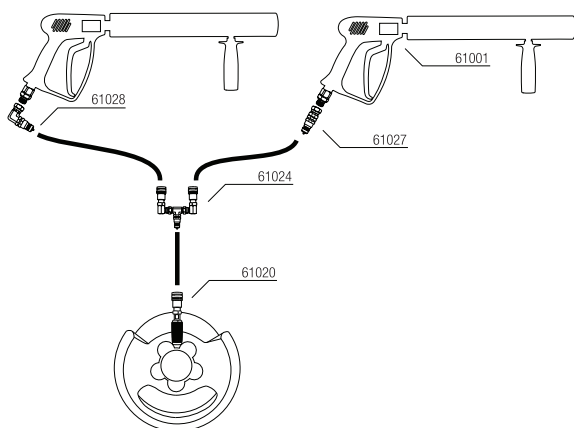

C02 Q-Lock

The Showtec C02 Q-Lock system is a complete range of products to create a fast and safe way to build all kinds of C02 setups. It can be applied for both rental and fixed installations. The Q-Lock products are all equipped with male and female quick lock couplers. They all have Q-Lock back pressure valves to guarantee a closed and safe system at all times. The C02 Q-Lock range consists of hoses, splitters, combiners, a distributor and adapters. With the splitters and combiners, it is possible to integrate multiple shooters, FX Ice Jets or multiple bottles in one system. The adapters are used to upgrade the Showtec C02 Ice Gun, FX Ice Jets or hoses with thread for the Q-Lock hoses.

Note: If you use Q-Lock products always make sure that your Ice Gun's and Ice Jets are prepared with C02 3/8 Q-Lock female adapters.

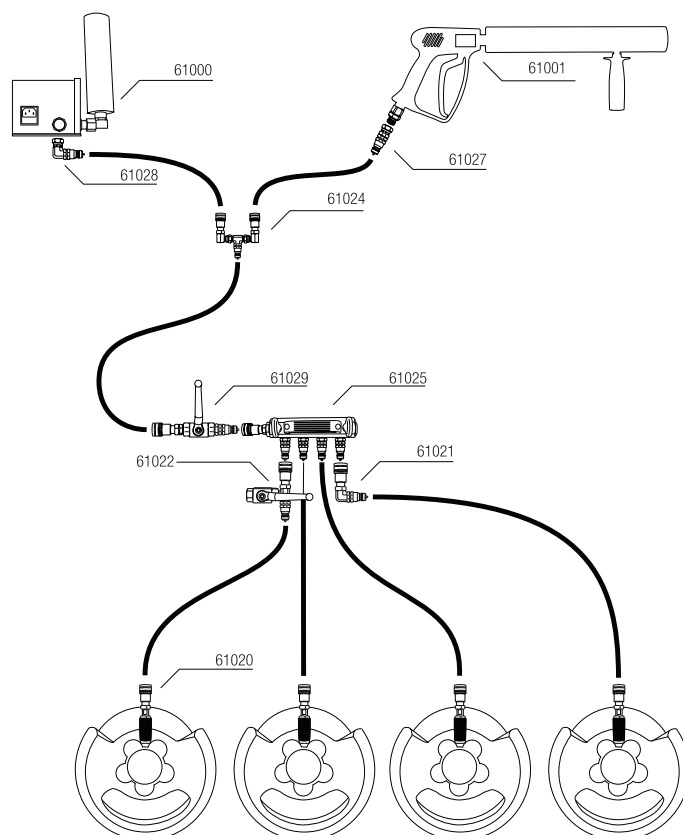

This example shows how to split your C02 hose to connect 2 C02 guns or jets with one bottle. In this kind of setup, it is important to have similar hose length for both C02 guns or jets to create even output.

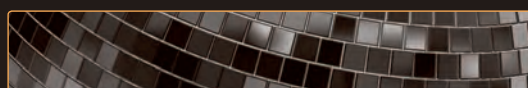

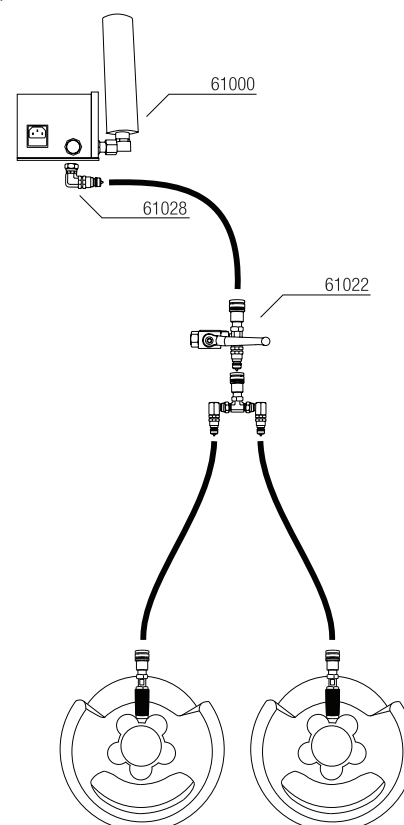

SPECIAL FEATURES:

- Save connection
- Increases setup time
- Closed system
- Saves C02 Gas
- Combine multiple bottles and hoses in one closed setup

In this example almost all C02 Q-Lock products are used to give an clear overview of the usage of the different Q-Lock products.

This example shows how to combine 2 bottles on one FX ice Jet. The Q-Lock release valve is used to empty your setup if mains power is shut off. Always empty your hoses before disconnected bottles or C02 products.

CO2 3/8 Q-Lock Hose

- 61013** 2,5m
- 61014** 5m
- 61015** 10m
- 61016** 15m

Technical information:

Max pressure: 175 bar / 2537 psi
 Safety ratio: 1:4
 Internal diameter: 9,7mm
 External diameter: 16,0mm
 Min. Bend radius: 60mm
 Input: male QLock
 Output: female QLock
 Length: 2,5m
 Weight G/m: 155gr

These hoses meet/exceed standard SAEJ517 sec. SAE100R7 - EN 855 - ISO 3949

CO2 Bottle to 3/8 Q-Lock adapter

61020

Technical information:

Input: 1x 21.8 thread
 Output: 1x female Q-Lock
 Material: Electrolytically galvanized steel & Chrome-plated brass
 Weight: 520 Gr
 Safety: ISO 7241-1 A

CO2 90° 3/8 Q-Lock connector

61021

Technical information:

Input: 1x male Q-Lock
 Output: 1x female Q-Lock
 Material: Electrolytically galvanized steel
 Weight: 300 Gr
 Safety: ISO 7241-1 A

CO2 3/8 Q-lock release valve

61022

Technical information:

Input: 1x male Q-Lock
 Output: 1x female Q-Lock
 Material: Electrolytically galvanized steel
 Weight: 850 Gr
 Safety: ISO 7241-1 A

CO2 Q-Lock Shut-off valve

61029

Technical information:

Input: 1x male Q-Lock
 Output: 1x female Q-Lock
 Material: Electrolytically galvanized steel
 Weight: 800 Gr
 Protection: Dustcovers
 Safety: ISO 7241-1 A

CO2 3/8 Q-Lock 2-way combiner

61023

Technical information:

Input: 2x male Q-Lock
 Output: 1x female Q-Lock
 Material: Electrolytically galvanized steel
 Weight: 550 Gr
 Safety: ISO 7241-1 A

CO2 3/8 Q-Lock 2-way splitter

61024

Technical information:

Input: 1x male Q-Lock
 Output: 2x female Q-Lock
 Material: Electrolytically galvanized steel
 Weight: 730 Gr
 Safety: ISO 7241-1 A

CO2 3/8 Q-Lock 4-way distributor

61025

Technical information:

Input: 4x male Q-Lock
 Output: 1x female Q-Lock
 Material: Chrome-plated brass
 Weight: 4000 Gr
 Safety: ISO 7241-1 A

CO2 3/8 to Q-Lock adapter female

61026

Technical information:

Input: Outer thread G 3/8
 Output: 1x female Q-Lock
 Material: Electrolytically galvanized steel
 Weight: 210 Gr
 Safety: DIN 2353 / ISO 8434-1

CO2 3/8 to Q-Lock adapter male

61027

Technical information:

Input: Inner thread G3/8
 Output: 1x male Q-Lock
 Material: Electrolytically galvanized steel
 Weight: 124 Gr
 Safety: DIN 2353 / ISO 8434-1

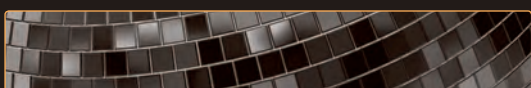

CO2 90° 3/8 to Q-Lock adapter male

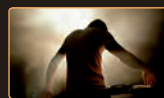

61028

Technical information:

Input: Inner thread G3/8
 Output: 1x male Q-Lock
 Material: Electrolytically galvanized steel
 Weight: 166 Gr
 Safety: DIN 2353 / ISO 8434-1

Handheld cannons

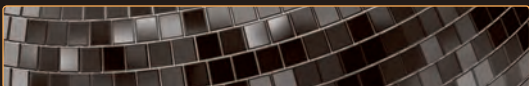

Handheld cannons are single use cannons prefilled with confetti or streamers. The lowest part contains a pressurized nitrogen cartridge. Easily twist the lowest part of the cannon to the left and the confetti or streamers will be launched into the air. Easy to use, and a great effect. Handheld cannons are available in 28, 50 & 80 cm. Confetti and streamers are flameproof according to NEN-EN-ISO 6941. An official test report is available on request.

SPECIAL FEATURES:

- Maximum load of confetti / streamers inside
- Comply with SP 371(1)
- BAM tested
- Confetti and streamers are B1 certified

FX Shot cannons

The Showtec electric cannon is a single use cannon, prefilled with confetti or streamers. To fire an electric cannon, the Showtec FX Shot (60908) is required. The bottom part of the cannon contain a pressurized nitrogen cartridge for a powerful effect.

Given the resistance to ignition, use of these products in sensible amounts can be regarded as fire safe. This is based on experience of TNO and Flame Guard b.v. (member of AFG Group).

Electric confetti cannon

Compact Fly Tower

70890

The PA Fly Tower was designed for live events that require a compact PA fly tower for small systems that can be used both indoor and outdoor.

Setup is easy. Only a few standard FQ truss components are needed to erect the tower and only 2 persons are required to accomplish this feature. Due to a height just under 5 meters, approvals by authorities are not necessary. The design allows for placement of base cabinets or amplifier racks on the top outriggers.

Technical information:

Footprint at setup:	2,4 x 1,95m
Max Load:	300 kg
Max front surface area of PA:	1,5m ²
Max side surface area of PA:	1,0m ²
Required ballast:	50kg
In service wind loading:	20m/s (45 mph)
Out of service as per	DIN-EN-13814
Lifting operations:	Manual or Electric Chain hoist (not included)

Base frame is V-shaped steel centerpiece with set of 2 bespoke and 2 long MT2 outriggers
Head block equipped with double pulley system for safety chain or safety wire
Multiple attachment points on base for connection of hoists and safeties.

Adaptor 28mm to 35mm

70835 For Basic Stand

Adjustable Truss support 400mm

70836 For Basic and Pro series

Adapter 35mm

70176 For spigot mounting

Technical information:

The adapter fits on stands with a tube diameter of 35mm.

TV-spigot 29 mm

PASP14 29 mm

Powerdrive adapter

70116

Technical information:

This new product is suitable for all lightstands with a tube diameter of 36 mm.

TA-30

70806 Truss Adapter adjustable for MT/LT Series

Technical information:

Dimensions: 550 x 350 x 40 mm (LxWxH)
Weight: 3,7 Kg

Riggingbar 1 for MAT-250/350

70880 Mammoth Stands

Technical information:

Dimensions: 432 x 111 x 70 mm
Slide diameter: 52 x 52 mm
Weight: 2.8 kg

Riggingbar 2 for MAT-250/350

70881 Mammoth Stands

Technical information:

Dimensions: 825 x 195 x 70 mm
Slide diameter: 52 x 52 mm
Weight: 8,0 Kg

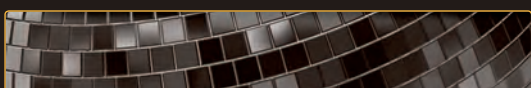

Riggingbar 3 for MAT-250/350

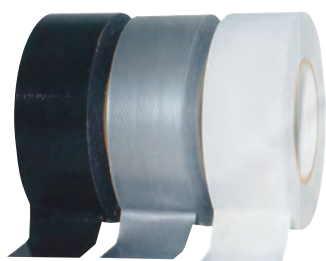

70882 Mammoth Stands

Technical information:

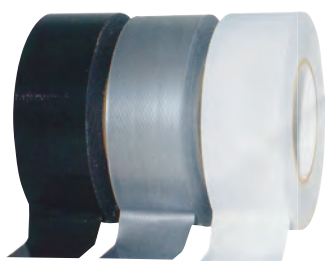

Dimensions: 800 x 87 x 70 mm
Slide diameter: 52 x 52 mm
Weight: 3,5 Kg

Cable Bridges

At any kind of event, you can find multicables or powercables running across several walk- or driveways and public areas. To protect your cables against weather influences or traffic of any kind and to ensure safety for your public, Showtec now introduces the Cable bridge, available in two versions: 100 cm with 2 lines or 80 cm with 5 lines. Sturdy designs with perfect visibility which can handle loads up to 5000 kg (Cable bridge 5).

Cable Cover 3

71130 Yellow ABS

Technical information:

Work length:	995mm
Channel size:	38 x 13mm
Length:	1000mm
Width:	131mm
Height:	20mm
Weight:	0,9Kg
Work load:	1.5T

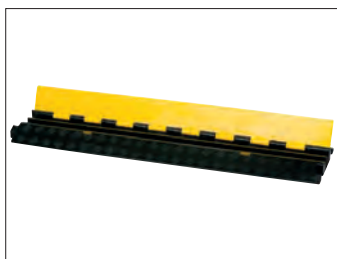

Cable Bridge 2

71140 Value Line

Technical information:

Work length:	993mm
Channel size:	30 x 34mm (2x)
Length:	1010mm
Width:	250mm
Height:	45mm
Weight:	3,9Kg
Work load:	6T

Cable Bridge 2

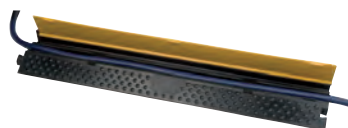

71102 Cable Bridge 2/100 cm, with 2 lines

Technical information:

- SWL 3000 kg
- Usable dims: 30 x 23 x 1000 mm (WxHxL)
- Black/yellow colouring for extra safety
- Material: Synthetic

Optional Flightcase: D7513 for 20 x Cable Bridge 2 (not incl.)

Dimensions (LxWxH): 1015 x 250 x 40 mm
Weight: 7,7 kg

Cable Bridge Corner

71110 Cable Bridge 2 Corner/30 Degrees corner for cablebridge 2

Technical information:

Dimensions:	290 x 320 x 80 mm
Weight:	2,5 kg

Cable Cover 1

Technical information:

Work length:	1010mm
Channel size:	86 x 22mm
Length:	1030mm
Width:	215mm
Height:	36mm
Weight:	4Kg
Work load:	1.5T

Cable Cover 4

71131 Yellow ABS

Technical information:

Work length:	962mm
Channel size:	100 x 30mm
Length:	1030mm
Width:	272mm
Height:	37mm
Weight:	2,4Kg
Work load:	1.5T

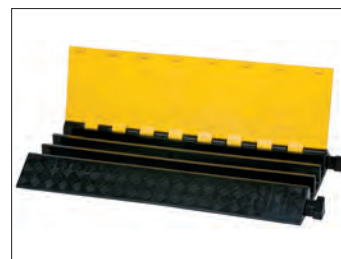

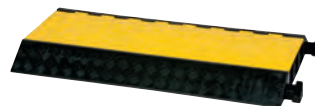

Cable Bridge 3

71141 Value Line

Technical information:

Work length:	895mm
Channel size:	66 x 57mm (3x)
Length:	1010mm
Width:	505mm
Height:	73mm
Weight:	9,2Kg
Work load:	6T

Cable Bridge 5

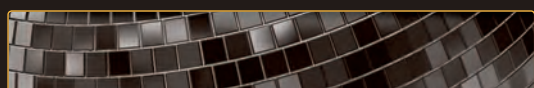

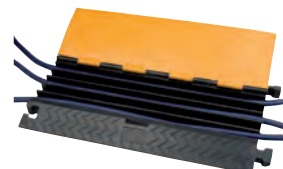

71104 Cable Bridge 5/80 cm, with 5 lines

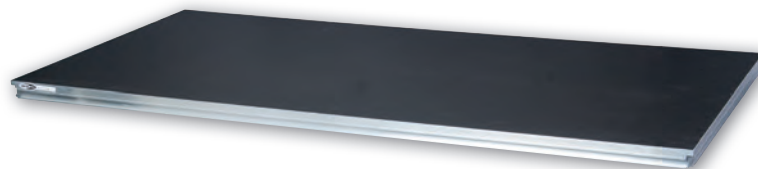

Technical information:

- SWL 5000 kg
- Usable dims: 30 x 32 x 800 mm (WxHxL)
- Black/yellow colouring for extra safety
- Material: Synthetic

Optional Flightcase: D7512 for 10 x Cable Bridge 5 (not incl.)

Dimensions (LxWxH): 850 x 445 x 50 mm
Weight: 12,3 kg

Spider Stage 1x1m

70610 Without legs

Technical information:

Dimensions: 1000 x 1000 x 55mm
 Max. load: 500 Kg/m²
 Deck: Plywood 12 mm
 Frame: Aluminum (6063-T66)
 Storage height: 55 mm
 Weight: 12 Kg
 Optional legs: 1x1m, available in 20cm (70611), 40cm (70612) and 60cm (70613)

Spider Stage 2x1m

70620 Without legs

Technical information:

Dimensions: 1000 x 2000 x 55mm
 Max. load: 500 Kg/m²
 Deck: Plywood 12 mm
 Frame: Aluminum (6063-T66)
 Storage height: 55 mm
 Weight: 24 kg

Glamourmolton Backdrop

89121 Black 300 x 600cm

Glamour Molton Curtains offer an extra dynamic effect to your back-drop curtains. During the manufacturing process these curtains are covered with small reflecting mirror particles. When projected by lighting these particles give a spectacular sparkling/twinkling effect.

Available models:

89121 Black 300 x 600cm

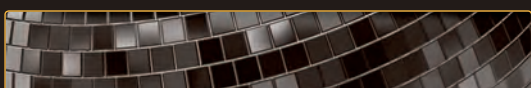

89122 Black 300 x 300cm

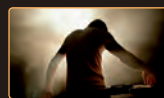

89123 Black 400 x 300cm

Technical information:

Dimensions:	6m (W) x 3m (H)
Weight:	400 gram/m ²
Mounting:	23 Eyelets
Distance between eyelets:	270mm (center to center)
Including:	23 shock-cords
Safety:	Fire retardant conform DIN 4102B1
Curtain color:	Black

Dekomolton Backdrop

89131 Black 300 x 600cm

Dekomolton backdrops are an attractive and affordable alternative to the standard molton backdrops. Due to the lighter fabric of 160g/m² these backdrops are more lightweight. For normal circumstances these backdrops will do the job. As the fabric is more lighter and therefore also blocks less light we recommend standard (300g/m²) fabric for environments where is more light.

Available models:

89131 Black 300 x 600cm

89132 Black 300 x 300cm

89133 Black 400 x 300cm

Technical information:

Dimensions:	6m (W) x 3m (H)
Weight:	160 gram/m ²
Mounting:	23 Eyelets
Distance between eyelets:	270mm (center to center)
Including:	25 shock-cords
Safety:	Fire retardant conform DIN 4102B1
Curtain color:	Black

Holdon Midi Clip

The patented Holdon® MIDI instant clip-on eyelet and tarp clip is ideal for securing all types of textiles, fabrics, substrates, polythene and other sheet products, hemmed or non-hemmed up to 5 mm thickness. It is ideal for customizing shelters, emergency repairs to covers, shade sails and cloths, backdrops adding new fixing points/guy lines and securing tarpaulins.

Available models:

89092 Black

89093 White

Technical information:

Weight:	20 gr.
Max thickness of fabric:	5 mm
Temperature range:	- 30°C to +100°C
Melting temperature:	+220°C
Dimensions:	70 x 40 x 18,5mm

Holdon® MIDI	
100 kg:	tested on PE tarp with hem and cord
75 kg:	tested on folded PE tarp.

Shockcord

Available models:

89090 black 25cm

89091 white 25cm

Velcro loop, 2cm wide roll sew on

Available models:

89100 Black, 100m

Velcro hook, 2cm wide roll

Available models:

89101 25m

89089 6 m (W) - 80 cm (H), Black unpleated

89050 6 m (W) - 1 m (H), Black unpleated

GripponTube Curtain clamp

89105

The Showtec GripponTube curtain clamp: the best and fastest solution for the attachment and operation of stage drapes and curtains.

These clamps allow you to fix and remove drapery to, and from, any truss or fly-bar with a diameter ranging from 32 to 51mm; fast and hassle free. Just simply click the GripponTube to the trusses or bars for a secure hold of your curtains and use the 'two-fingers pull' for a quick release.

Even a Kabuki drape effect is no problem for the GripponTube clamp. Simply attach a rope to the first hole on your side, then pass it through all the following holes (please ensure that enough rope is left to operate the system!) Now just pull the rope and all Grippons will loosen one by one.

The GripponTube curtain clamp has been designed for use with eyelet-finished drapery. In case a curtain does not have eyelets, the Showtec Holdon Clips can be used instead.

Technical information:

Clamp range:	32 – 51mm
Dimensions:	79 x 197 x 16 mm
SWL:	20 Kg
Weight:	64 gr

Grippon Step Kabuki Cord

89107 6m with 24 hooks

The Grippon Step Kabuki Cord is the ideal method for a Step Kabuki effect without the need of special effect machines controllers or programming. The cord is equipped with snap hooks at every 250mm and equipped with a 5m operation cord. When the operator pulls the cord to release the first snap hook, it will automatically release all following hooks in a perfect aligned timing. An additional couple cord is included to combine multiple step kabuki cords and extend to the desired length. Besides the step kabuki is ideal for product releases as drop effect it also is an ideal way to quickly dismount your backdrop with only one handling.

Technical information:

Operation length:	6m
Pull length:	5m
Cord:	Black, 8mm
Snap hook distance:	250mm

GripponBase Curtain hook

89106

Technical information:

Hook Diameter:	15mm
Hook Opening:	10mm
Dimensions:	33 x 112 x 16 mm
Weight:	28 gr

Stretch Shape Triangle

Available models:

- 89145** 125cm x 125cm, White
- 89146** 185cm x 125cm, White
- 89147** 250cm x 125cm, White
- 89150** 250cm x 250cm - White
- 89148** 375cm x 250cm, White
- 89149** 500cm x 250cm, White

The Showtec Stretch Shape Triangle is 125 x 125cm but due to its stretch it can be applied in a frame or truss with a maximum length of 175cm x 175cm. The Showtec stretch shape triangle is ideal to combine with LED fixtures for decorative purposes on stage, in pubs clubs or any public area where you like to create an high class ambiance. The Showtec Stretch Shape Triangle is permanently fire retardant and can be used outdoor and washed without problems.

Technical information:

Dimensions:	1250 x 1250mm
Safety:	Fire retardant FR DIN4102-B1
Washing instruction:	30°

Stretch Shape Square

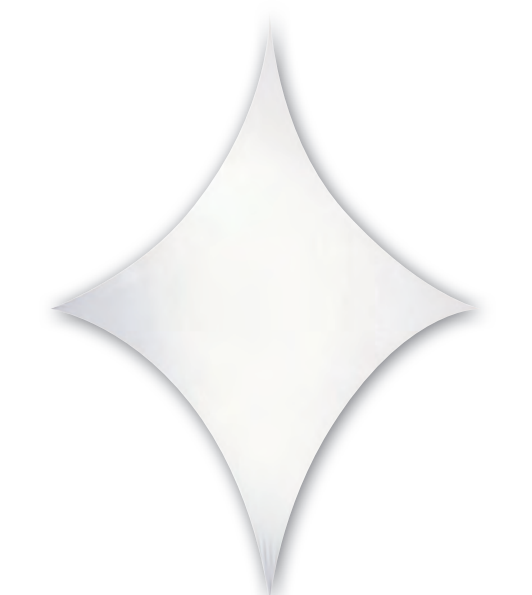

Available models:

- 89152** 125cm x 125cm, White
- 89153** 185cm x 125cm, White
- 89154** 250cm x 125cm, White
- 89151** 250cm x 250cm - White
- 89155** 375cm x 250cm, White
- 89156** 500cm x 250cm, White

The Showtec Stretch Shape Square is 250 x 250cm but due to its stretch it can be applied in a frame or truss with a maximum length of 300cm x 300cm. The Showtec Stretch Shape Square is ideal to combine with LED fixtures for decorative purposes on stage, in pubs clubs or any public area where you like to create an high class ambiance. The Showtec Stretch Shape Square is permanently fire retardant and can be used outdoor and washed without problems.

Technical information:

Dimensions:	1250 x 1250mm
Safety:	Fire retardant FR DIN4102-B1
Washing instruction:	30°

Stretch Shape Diamond

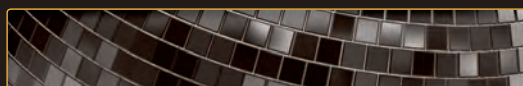

Available models:

- 89170** 125cm x 125cm, White
- 89171** 185cm x 125cm, White
- 89172** 250cm x 125cm, White
- 89173** 250cm x 250cm, White
- 89174** 375cm x 250cm, White
- 89175** 500cm x 250cm, White

The Showtec Stretch Shape Diamond is 125 x 125cm but due to its stretch it can be applied in a frame or truss with a maximum length of 175cm x 175cm. The Showtec Stretch Shape Diamond is ideal to combine with LED fixtures for decorative purposes on stage, in pubs clubs or any public area where you like to create an high class ambiance. The Showtec Stretch Shape Diamond is permanently fire retardant and can be used outdoor and washed without problems.

Showtec SET Frames, communicate your images in aluminium frames in any size or way. Showtec SET Frames are a versatile and flexible system made out of connectable aluminium profiles on which any desired fabric can be fastened. The SET Frames unique and easy fastenings allow seamless spanning and infinite changing of fabrics. The system is not limited to a single-sided solution. The frame can be expanded to any shape and/or size, allowing the fabrics to be fastened double-sided or multiple-sided.

The fabrics that you span in the Showtec SET Frames have synthetic cords on all sides, which makes it easy and convenient to span them into the SET Frames. The fabric stretches so that any folds or wrinkles disappear and you get a wrinkle free look.

Showtec does not provide the fabrics. However most online-printing company's offer these printed fabric with welded sheath which allows you to choose your own fabric printing company.

SET Frame Set- Double Sided Profile

Available models:

Pipe and Drape

You can rent and buy all sorts of Pipes & Drapes systems, but there is no system as versatile and easy to use as Showtec Pipes & Drapes. As a result of pure innovations, our Pipes & Drapes system is far easier to move around than any other system in the market. It is also very decorative. All that makes it the no. 1 choice for theatres, events, business premises, exhibitions and many more.

Revolutionary 4-way connector system

If you have used a Pipes & Drapes system before, you probably know what the shortcomings are: for example, telescopic drape support that detach, irregular hanging curtains or clumsy mounting.

The revolutionary and patented 4-way connector with its autolock system makes these occurrences a thing of the past. This system guarantees solid connections of uprights and drape supports while they can still be adjusted to every conceivable direction. Showtec Pipes & Drapes goes even further. Another advantage is that the four openings of the connectors have a universal size of 16 mm. That gives you room for mounting a camera, speaker or lamp. Using an adapter, you can also link the Showtec 4-way connector seamlessly to all Pipes & Drapes systems with round uprights.

Additional advantages

You will discover additional advantages when you use Showtec Pipes & Drapes. Our telescopic uprights made of reinforced aluminum can be assembled up to 6 meters without the need for ladders, and their locking heads guarantee an easy and robust connection. In addition, our baseplates with rounded-off corners are reinforced to bear extra weight.

The reinforced drape supports can bear a weight of 25 kg and they can be adjusted to up to 3 meters in length. The Velcro system guarantees that the curtains are hanging even and straight.

Curtains

All curtains of the Showtec P&D range are made of permanent flame retardant fabrics meeting the German standard DIN 4102-B1. Curtains can be washed while they keep the flame retardancy.

Showtec has a large range of different cloths that can be used for the Pipe and Drape systems. Each type of cloth has its own specifications and application which are explained in the below overview.

Medium Gloss Satin.

Medium Gloss Satin is a lightweight fabric. Its weight is 165 gram/m². Due to the lightweight it is easy to handle and more cost effective. The curtains have a bit glossy out looking. Medium Gloss Satin curtains can be washed and are flame retardant

according DIN 4102-B1 (IFR). They are made of 100% PES FR. Because of the light weight fabric it will not block light for 100% for these kind of applications you can use the Dimout series.

Molton CS

Molton CS is the standard for stage clothing and is made of the same fabric as backdrops. Molton CS is heavy with a 300 gram/m² weight. It has a matt finishing and therefore absorbs most of the light. Due to its higher density it also blocks light much better than the Medium Gloss Satin.

Molton CS curtains are washable and are flame retardant according DIN 4102-B1 (IFR). They are made of 100% PES FR.

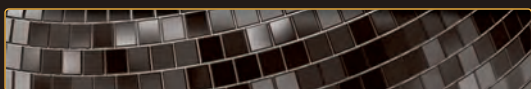

Dimout

Dimout fabrics are shiny fabrics with a weight of 260 gram/m². They are ideal for decorative applications and available in a wide selection of colours. Dimout curtains are special designed to block light and can be used e.g. in front of windows.

Dimout curtains can be washed and are flame retardant according DIN 4102-B1 (IFR). They are made of 100% PES FR.

String Curtain

String Curtains are very suitable for decorative effects. They have a high transparency and are ideal to be illuminated to create stylish and impressive effects. String curtains are washable and are flame retardant according DIN 4102-B1 (IFR). They are made of 100% PES FR.

Baseplate

TentClamp

The TentClamp is an ideal solution if you need to rig your showequipment into a structure. The TentClamp will fit to any standard structure. It is equipped with a M10/M12/M14 nuts, on which you can mount a hanging eye or clamp.

Heavy Duty Pipe Clamp

The heavy duty Pipe Clamp is an ideal clamp for rental use and fixed installations. It has a black finishing in order that it is not visible in your truss or ceiling. The knob has an ergonomic design and makes it possible to secure your fixture to the truss without hurting your fingers.

Safety Cables

Flying high with safety-cables:

Parcans, speakers, moving heads, mirrorballs, trussing, brackets, projectors, flatscreen monitors, all different products with one thing in common. As soon as they are being used, either static or as moving effect, in elevated positions or over people or crowd you are required to use an independent secondary safety-device according to BGV-C1 and VGB regulations to ensure the safety of the visitors of your venue. Safety-cables need to be used in all these cases to secure your gear and to make sure that, in case of emergency, the secured static equipment does not fall more than 20 cm or, with moving equipment, no more than 5 cm to prevent the impulse

forces from becoming too high. Just as important as the safety-cable itself are the chainlinks, carabine-hooks or catbiners because the whole is as strong as its weakest component. That is why our safety-cables are also equipped with certified connectors to guarantee a safe use as long as the cable and the link are handled according to its specifications. Safety-cables can be used single or double stranded to carry and secure their specified load. Please check the specs with each cable to find the cable which matches perfectly to your needs.

One point of attention: safety-cables are meant to secure your gear and not to be used for hoisting equipment. You can use our well-equipped Lodestar-range for this purpose.

CM Lodestar New Line F. 500 kg

Available models

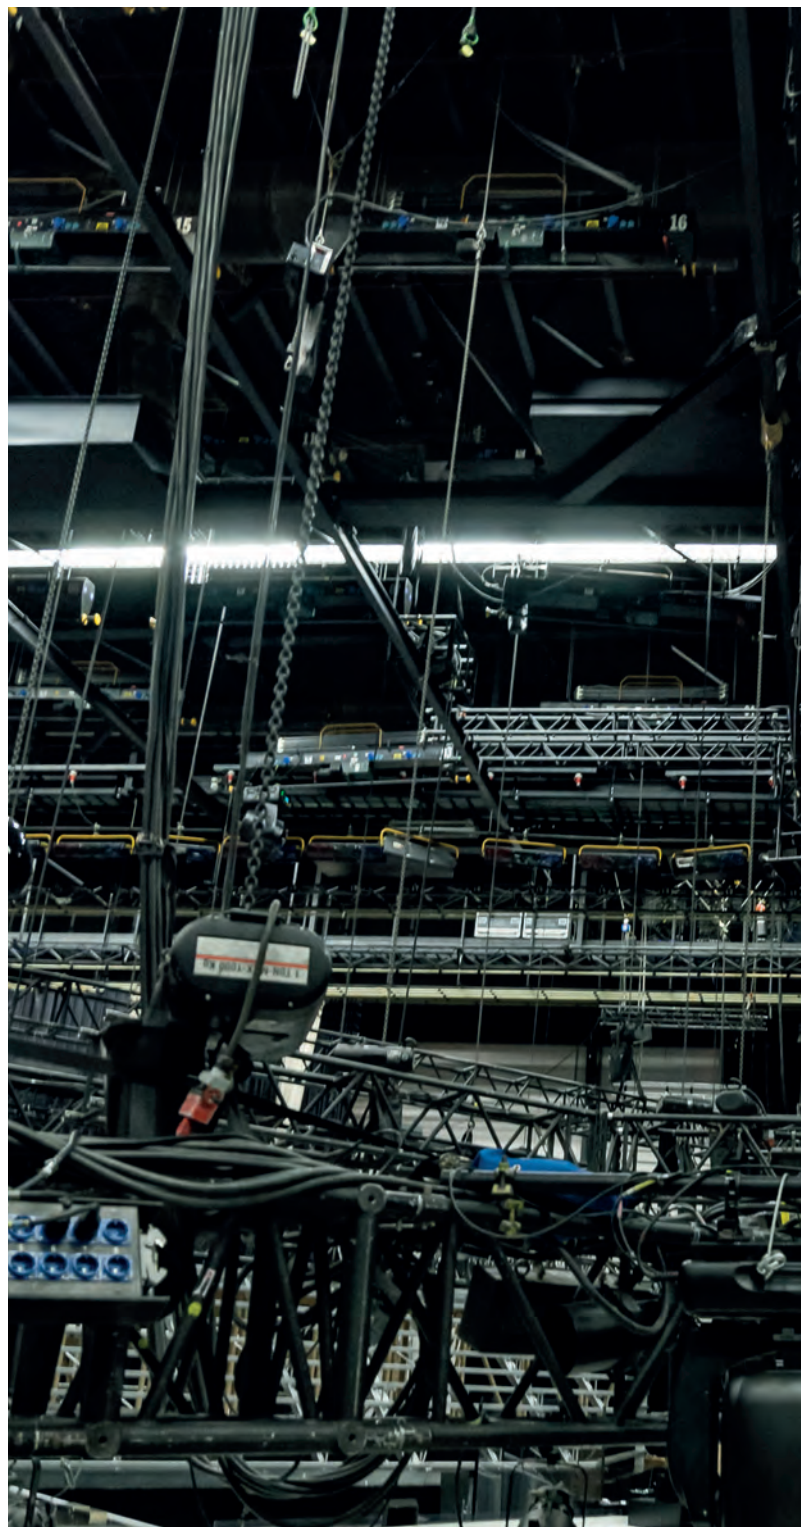

70710 Complete with 20 m chain, Direct Control (DC)

For the more demanding user and heavier loads we added the CM Lodestar New Line chainhoist to our range of rigging products. They are extremely strong and roadproof and have already proven themselves in many events. The CM Lodestar chainhoists are available in both 110V control (LV) or direct control and have a lifting speed of 4 m/min. They all come complete with 20 m chain (hoist in black colour), chainbag, carry handles and of course all necessary safety features. The hook on the chain is a swivel hook and all connectors are already mounted so that the chainhoist is ready to use.

Technical information:

Maximum loading capacity: 500 kg
Speed: 4 m/min
Safety approval: BGV D8, CE
Power supply: 400V 3 phase
Power connection: CEE 4 Pole 16A Plug (Red)
Dimensions: 530 x 220 x 168 mm (LxWxH)
Weight: 30 kg (without chain)

FEM class: 2m
Rotating hook on chain
Including Chainbag
Including connectors
Including carrying handles

70298 For 110V Controller

Breakout-box

70297 4 x CEE 4P 16A Red

8-Channel Chainhoist Controller

70283 Direct Control

The Showtec Chainhoist controller is a dedicated controller for all popular direct controlled chainhoists such as CM Lodestar. Each of the 8 hoists can be selected individually to go up or down or to be deselected. On the backside the unit has 4 x 4 pole CEE connectors as well as 2 pieces of 16 pole multipin to connect a break/out box.

Technical information:

Power Supply: 400V/50 Hz
 Dimensions: 19" 4U
 Power Connector: CEE 5 pole 32A
 Output Connector: CEE 4 pole 16A
 16 pole multi-connector
 Safety: Emergency button
 Dimensions (mm): 483 x 178 x 200 (without buttons and connectors)
 Max depth: 280 mm incl buttons and connectors

4-Channel Chainhoist Controller

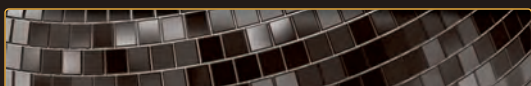

70282 Direct Control

The Showtec Chainhoist controller is a dedicated controller for all popular direct controlled chainhoists such as CM Lodestar. Each of the 4 hoist can be selected individually to go up or down or to be deselected. On the backside the unit has 4 x 4 pole CEE connectors as well as a 16 pole multipin to connect a break/out box.

Technical information:

Power Supply: 400V/50 Hz
 Dimensions: 19" 4U
 Power Connector: CEE 5 pole 32A
 Output Connector: CEE 4 pole 16A
 16 pole multi-connector
 Safety: Emergency button
 Dimensions (mm): 483 x 178 x 200 (without buttons and connectors)
 Max depth: 280 mm incl buttons and connectors

Beam Clamp

70261 1000 kg

Technical information:

Max. load:	1000 kg
Own weight:	3.9 kg
Beam width:	75-230 mm
Bolt / Beam distance:	102-160 mm
Diameter suspension Bolt:	20 mm

Beam Clamp

70262 2000 kg

Technical information:

Max. load:	2000 kg
Own weight:	4.7 kg
Beam width:	75-230 mm
Bolt / Beam distance:	102-160 mm
Diameter suspension Bolt:	20 mm

Beam Clamp

70214 3000 kg

Technical information:

Max. vert. load:	3000 kg
Own weight:	9.2 kg
Beam width:	80-320 mm
Bolt / Beam distance:	168-240 mm
Diameter suspension Bolt:	24 mm

Beam Clamp

70274 2000kg Width 80-190mm with shackle

A simple and safe temporary anchor point. Ideal for quick attachment of loads using threaded spindle.

Technical information:

WLL:	2.00 ton
Adjustability:	80-190mm
Loads:	up to 45°
Own weight:	4kg

Beam Clamp

70275 3000kg Width 80-190mm with shackle

A simple and safe temporary anchor point. Ideal for quick attachment of loads using threaded spindle.

Technical information:

WLL:	3.00 ton
	0 to 15° 2.50 ton
	15° to 30° 2.00 ton
	30° to 45° 1.50 ton
Adjustability:	80-190mm
Loads:	up to 45°
Own weight:	8kg

Beam Clamp

70276 3000kg Width 127-350mm with shackle

A simple and safe temporary anchor point. Ideal for quick attachment of loads using threaded spindle.

Technical information:

WLL:	3.00 ton
	0 to 15° 2.50 ton
	15° to 30° 2.00 ton
	30° to 45° 1.50 ton
Adjustability:	127-350mm
Loads:	up to 45°
Own weight:	11,5kg

Cable Gliders

The Cable gliders 50SVII and 80SVII are professional cable gliders which are TUV certified as well certified according to BGV C1. They are manufactured in Germany to the highest quality standards.

The black colour cable gliders are the right solution for event industry as well exhibition design. They are easy to use and have some unique features such as:

- Fast and easy height adjustment
- Well balanced load performance in combination with cable diameter
- Matt black coating. So no reflections if use on stages.

Chain Shackles WLL

For a safe connection to a beam-clamp or chainhoist a proper shackle is required. Therefore Showtec now provides a (certified) range of shackles consisting of 1,0T to 6,5T shackle in order to rig your truss, speakers, etc, safely to your sling or hoist. The shackles are available in a 1,0T to 6,5T version with shoulderbolt or nutbolt with split pin.

Ask your sales representative for the other shackles in our growing range of rigging products!

Chain Shackle 1.0T

70428

WLL 1.0T with nut bolt and split pin

Working Load Limit: 1000 Kg
Shackle: 10-11 mm
Weight: 0,15 Kg
Safetyfactor: 6
Galvanized

Chain Shackle 2.0T

70470

WLL 2.00T shoulderbolt, Black

Working Load Limit: 2000 Kg
Shackle: 13-16 mm
Weight: 0,33 Kg
Safety factor: 6

Chain Shackle 3.25T

70471

WLL 3.25T shoulderbolt, Black

Working Load Limit: 3250 Kg
Shackle: 16-19 mm
Weight: 0,62 Kg
Safety factor: 6

Chain Shackle 4.75T

70432

WLL 4.75 ton Screw pin, Black

Working Load Limit: 4750 Kg
Shackle: 19-22 mm
Safety-factor: 6

Chain Shackle 4.75T

70472

WLL 4,75T shoulderbolt, Black

Workload: 4750 Kg
Shackle: 32-50 mm
Weight: 1,07 Kg
Safety-factor: 6

Chain Shackle 6.5T

70426

WLL 6,5T nutbolt

Workload: 6500 Kg
Shackle: 36 - 58 mm
Weight: 1.64 Kg
Safety-factor: 6

WLL 6,5T shoulderbolt

Workload: 6500 Kg
Shackle: 36 - 58 mm
Weight: 1.64 Kg
Safety-factor: 6

Full body Harness set, GFP30

Available models

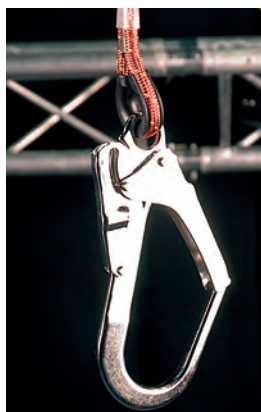

70600 M-XL

Complete set in show box

Own weight harness 1.000 gram M-XL and 1050 gram XXL In accordance with EN-361 norm Breast attachment, back attachment, breast band, double adjustable leg bands and double adjustable shoulder bands.

Technical information:

- Consisting of harness P30, size M-XL
- Lanyard with shock energy absorber LB101
- Length 2 m, one side with carabine hook
- One side with scaffold hook
- Storage/carry bag
- Complete set in showbox
- Own weight harness 1.000 gr
- In accordance with EN-361 norm
- Breast attachment, back attachment, breast band
- adjustable leg bands and double adjustable shoulder bands
- Maximum carrying weight 300 kg

Truss Top Ring

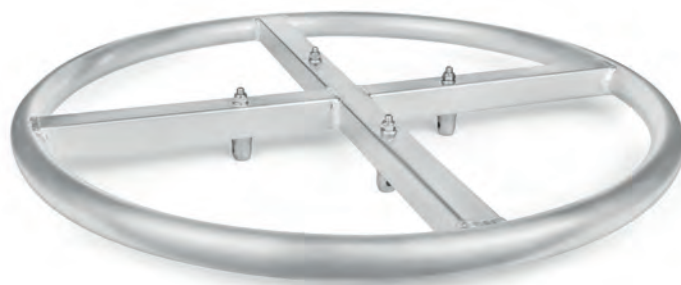

This Top Ring delivers a full 360° range of lighting possibilities. Mounts on a totem with F-connection systems. The Top Ring allows you to experience complete freedom with your lighting options.

Available models

70497 100cm - FQ system

70498 100cm - GQ system

70499 100cm - PQ system

Truss Insert Ring

This Insert Ring delivers a full 360° range of lighting possibilities. Mounts on a totem with F-connection systems. The Insert Ring allows you to experience complete freedom with your lighting options.

Available models

70502 80cm - FQ system

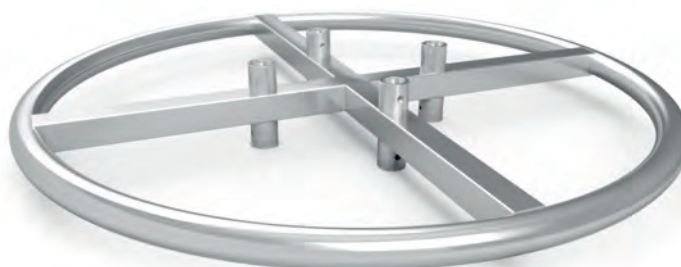

70503 80cm - GQ system

70504 115cm - FQ system

70505 115cm - GQ system

70506 145cm - FQ system

70507 145cm - GQ system

Truss Systems

A small boutique or festival, a big concert or dance event, the information-booth or the huge 500mtr stand at the fair, for every occasion or for every venue, the right truss is crucial. Showtec offers a wide range of different truss systems to choose from. Make your choice between the small Nano-truss, Deco-truss, or the multi-purpose and versatile Pro 30-truss to fit your demand.

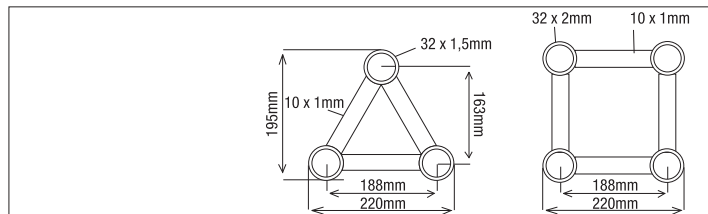

The NQ Nano-truss series is especially developed to be the smallest eye-catcher of the Showtec truss-ranges. It's available in the square 4 point system with a dimension of only 9.75cm. The 50cm length weighs 0.9kg and a 2mtr stretch can carry 320kg of (distributed) weight. Together with the boxcorner, you can create almost any shape you like.

The Showtec Deco-truss is the next step where more weight can be applied. It can be used as a design item in shops to create an industrial feeling. Showtec Deco-truss is a very lightweight construction and available as Trio (DT) or Square (DQ) It is TÜV certificated which makes it available for professional use on the road but it's mostly used for fixed installation.

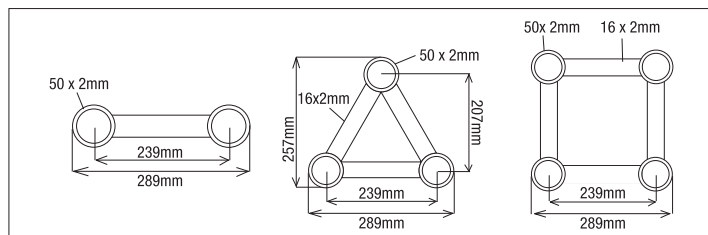

Very popular for exhibitions and rental purposes is the Pro 30 range. Available as Step (S), horizontal or vertical), Trio (T) or Square (Q). The Pro 30 is constructed with 50mm tubes from 2mm aluminium and uses 16x2mm braces. Pro 30 is easy to assemble with the conical system and available in P, F or G couplings. Due to the low weight it is very easy to handle and transport. The availability of various corner-pieces, circles, multicubes and bookcorners makes the Pro-30 truss a versatile and flexible tool suited for any professional rental job. Showtec pro 30 truss is TÜV certificated.

If you have special demands for projects, custom-made lengths or circles don't hesitate to contact us. Besides our standard assortment we like to help you with your special requests.

Specifications

Showtec Deco-22 truss is ideal for decoration applications in offices, sales rooms, product presentations or small clubs. It's a smaller sized lightweight version of the Pro-30. Main tubes are 32mm diameter, made from 1,5mm aluminium and braces are 10mm diameter made from 1,5mm aluminium. Deco-22 truss is available in 2 different designs, Triangle (T) and Square (Q). All Showtec Truss lengths are TUV certified. Spigots, pins and springs are included.

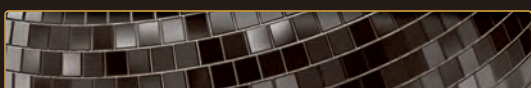

DT22 Triangle Truss										
Span	Uniformly Distributed load		Centre point load		Third point load		Quarter Point load		5th point load	
m	kg/m	mm	kg	mm	kg(2x)	mm	kg(3x)	mm	kg(4x)	mm
2	224,5	2,5	222*	2	167*	2,5	112,3	2,4	93,6	2,5
3	99	5,6	148,5	4,5	110*	5,7	74,2	5,4	61,9	5,7
4	55	10	110	8,1	82,5	10,2	55	9,5	45,8	10,1
5	34,6	15,7	86,6	12,7	64,9	16	43,3	14,9	36,1	15,8
6	23,6	22,6	70,7	18,4	53	23,1	35,4	21,6	29,5	22,8
7	16,9	30,9	59,2	25,3	44,4	31,5	29,6	29,5	24,7	31,1
8	12,6	40,5	50,3	33,4	37,7	41,3	25,2	38,7	21	40,8
9	9,6	51,4	43,3	42,7	32,4	52,4	21,6	49,2	18	51,7
10	7,5	63,7	37,4	53,3	28,1	64,8	18,7	61,1	15,6	64,1

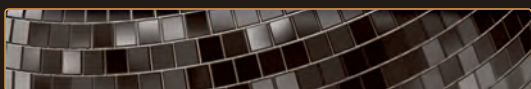

High values of distributed loads are idealized. Loads must be applied to knot points!

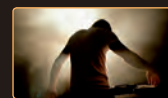

* limited by interaction of shear and moment at the connection

Displacement connection is decisive!

PRO-30

The Showtec PRO-30 truss is made of 50mm alu-pipe with a thickness of 2mm and 16mm braces. This is the most used construction system for discotheques, stages, theatres and suitable for many more applications. The PRO-30 is available in following models: 2 point step system (S), 3 point triangle system (T) and 4 points square system (Q). The system elements are joined with help of conical connection coupling. Showtec offers 3 different coupling systems with different compatibility shown in the below overview. All Showtec Pro-30 truss systems are TÜV certificated. To recognize your truss system you can check the diameter at the pin insert part of your spigot.

- P Truss Compatible with standard Milos truss systems (Ø 29,8mm)
- F Truss Compatible with Prolite truss systems (Ø 27,8mm)
- G Truss Compatible with Global & Euro truss systems (Ø 29,0mm)

Each PRO-30 truss item contains connector sets for every side, except one side.

Pro-30

The Showtec PRO-30 truss is made of 50mm alu-pipe with a thickness of 2mm and 16mm braces. This is the most used construction system for discotheques, stages, theatres and suitable for many more applications. The PRO-30 is available in following models: 2 point step system (S), 3 point triangle system (T) and 4 points square system (Q). The system elements are joined with help of conical connection coupling. Showtec offers 3 different coupling systems with different compatibility shown in the below overview. All Showtec Pro-30 truss systems are TÜV certificated. To recognize your truss system you can check the diameter at the pin insert part of your spigot.

- P Truss Compatible with standard Milos truss systems (Ø 29,8mm)
- F Truss Compatible with Prolyte truss systems (Ø 27,8mm)
- G Truss Compatible with Global & Euro truss systems (Ø 29,0mm)

Each PRO-30 truss item contains connector sets for every side, except one side.

Circles & Ellipses

Available in standard Apex down setup, the Triangle truss circles can give shape to your ideas and form your project. On request, each circle is also available in Apex in or Apex out, thus creating the possibility of virtually any shape or size. There is no straight line in nature....

GT30 Triangle Truss Circle

Available models:

GT30C2	Diameter 2 m
GT30C4	Diameter 4 m

PT30 Triangle Truss Circle

Available models:

PT30C2	Diameter 2 m
PT30C4	Diameter 4 m

FT30 Triangle Truss Circle

Available models:

FT30C2	Diameter 2 m
FT30C4	Diameter 4 m
FT30C6	Diameter 6 m
FT30C8	Diameter 8 m

Make your truss-construction come alive by introducing circles into your design. Spice things up a bit with one of our truss-circles and create a new light design or stand just by adding some curved segments. The circles in the GQ, PQ and FQ-Series are available in 2mtr, 4mtr, 6mtr and 8mtr version but don't hesitate to ask for other diameters. Your own imagination is the limit and we can help you explore it.....

**Truss protectionring**

Available models:

- | | |
|--------------|------------------------|
| 73054 | Grey for 48-52mm tube |
| 73055 | Black for 48-52mm tube |

**Truss Transport Clip****73056** Black, for 30-Truss FQ/FT/GQ/GT/PQ/PT**Technical information:**

Tube diameter: 49 – 51mm
 Dimensions: 124 x 52 x 34mm

**Trusscarrier**

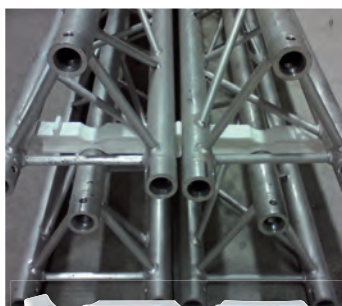

Available models:

- | | |
|--------------|---------------------------------------|
| 73050 | White, for 30-Truss FQ/FT/GQ/GT/PQ/PT |
| 73051 | Black, for 30-Truss FQ/FT/GQ/GT/PQ/PT |

A quick and easy way to handle and store your Trio or Quatro 30-truss system without damaging or scratching each length. Stacking truss has always been a bit of a challenge but the Truss carrier can take care of this for you, literally. Now, you can store our well-know FT, GT, PT, FQ, PQ and GQ truss without problem and without damage. The Truss carrier is produced out of Rigidex HD521EA High Density Poly Ethylene and weighs 450gr per unit, it is suited to be handled in surroundings with a temp-range of -40 °C to +120 °C without disforming, thus guaranteeing a problem-free handling in any situation, indoor or outdoor.

Technical information:

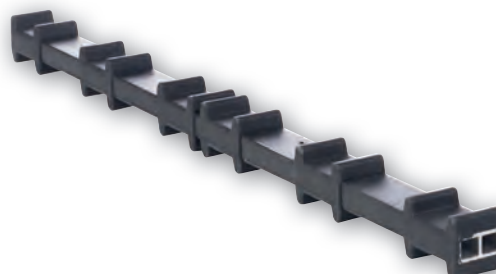

Material:	Rigidex HD521EA High Density Poly Ethylene	Thick:	7 mm
Color:	White	Outer carton:	60pcs
Weight:	425 grammes per unit	Suited for:	Lengths of FT, GT, PT, FQ, GQ, PQ truss
Measurements:	600 x 40 x 55 mm		

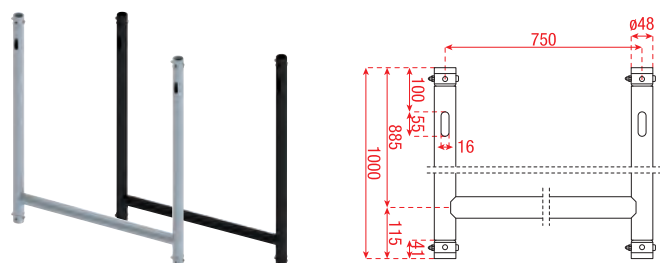

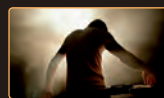

**Truss Carrier Rubber****73057**

This product may be the one you have been waiting for. Showtec now has got a truss carrier with rubber studs. This prevents the truss from slipping and sliding when moved and stacked onto a dolly. An aluminium innertube makes the carrier rigid and strong. The rubber holders firmly keep the truss in place. It is available for FT/GT/PT/FQ/GQ/PQ30 truss and for every truss model with a heart-size of 239mm.

Technical information:

For truss 30:	triangle and square rubber studs	For truss with heart size:	239mm
Studs:	59cm		
Length:

H-Downrigger

Available models:

70473	Alu (FT/FQ)
70474	Alu (GT/GQ)
70473B	Black (FT/FQ)
70474B	Black (GT/GQ)

Technical information:

Dimensions:	750 x 1000 x 48mm
SWL:	100Kg
Finish:	Aluminum

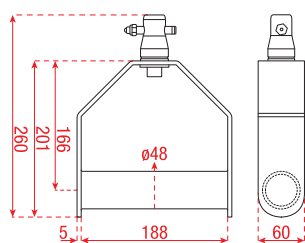

T-Downrigger

Available models:

70475	Alu (FT/FQ)
70476	Alu (GT/GQ)
70475B	Black (FT/FQ)
70476B	Black (GT/GQ)

Technical information:

Dimensions:	450 x 500 x 51mm
SWL:	100Kg
Finish:	Black powder coated

Single Downrigger

Available models:

70477	Alu (FT/FQ)
70478	Alu (GT/GQ)
70477B	Black (FT/FQ)
70478B	Black (GT/GQ)

Technical information:

Dimensions:	198 x 201 x 48mm
SWL:	100Kg
Finish:	Aluminum

Single Tube Cube

Create creative setups in your rig with the Showtec Drop Arm sets. The Drop arm sets are available in three different types which are adjustable to the desired length. (in steps of 50mm) The top side is equipped with a strong metal profile which has holes prepared to fit most common 30cm truss. The bottom side has a strong 50mm tube on which you can mount your lighting fixture with any standard clamp. Add a new dimension to your stage with the Showtec Drop Arms.

Available models:

Bookcorner Pro-30 Truss

Available models:

BC30 Receivers or half connectors not included

Bookcorners provide system users with increased flexibility enabling infinite angular adjustment between 1° - 180°. The corners are designed to either female receivers or male half connectors bolted through the aluminium hinge frame. The bookcorner can be used for step, triangle and square systems, female receivers and half conical connectors are not included but separate available for P, F and G Truss.

Note: Bookcorners are not structural components and must be supported on both sides of the frame to ensure safe operation.

Truss Tower

70000 1,0 mtr

Technical information:

Dimensions Base Plate:	600 x 600 x 4mm
Dimensions Top Plate:	350 x 350 x 4mm
Dimensions Pipes:	1000 x 50 x 2mm
Material Base/Top:	Steel
Finish:	Silver
Material Pipes:	Aluminium
Material Fabric:	Spandex
Weight:	22Kg
Load (static):	50Kg

Set contains base- and top plate, white spandex sleeve, 4pcs truss pipes, conical adapters, pins and safety springs

For safety reasons it is recommended to firmly mount the base plate on a stable and level surface, preventing the possibility of tipping the Truss Tower.

Truss Tower

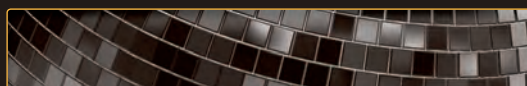

70001 1,5 mtr

Technical information:

Dimensions Base Plate:	600 x 600 x 4mm
Dimensions Top Plate:	350 x 350 x 4mm
Dimensions Pipes:	1500 x 50 x 2mm
Material Base/Top:	Steel
Finish:	Silver
Material Pipes:	Aluminium
Material Fabric:	Spandex
Weight:	24Kg
Load (static):	40Kg

Set contains base- and top plate, white spandex sleeve, 4pcs truss pipes, conical adapters, pins and safety springs

For safety reasons it is recommended to firmly mount the base plate on a stable and level surface, preventing the possibility of tipping the Truss Tower.

Truss Tower

70002 2,0 mtr

Technical information:

Dimensions Base Plate: 600 x 600 x 4mm
Dimensions Top Plate: 350 x 350 x 4mm
Dimensions Pipes: 2000 x 50 x 2mm
Material Base/Top: Steel
Finish: Silver
Material Pipes: Aluminium
Material Fabric: Spandex
Weight: 26Kg
Load (static): 30Kg

Set contains base- and top plate, white spandex sleeve, 4pcs truss pipes, conical adapters, pins and safety springs

For safety reasons it is recommended to firmly mount the base plate on a stable and level surface, preventing the possibility of tipping the Truss Tower.

Mobile DJ Truss Stand

70148

The Mobile DJ Truss Stand is a compact and lightweight solution to create a decorative stand for lighting. It's made of 50mm tube 290mm step truss parts which makes this stand heavy duty. The stand contains 8 parts and is quick and easy to build. With the optional flightcase (D7598) it is the ideal solution for mobile dj's and musicians.

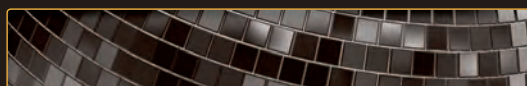

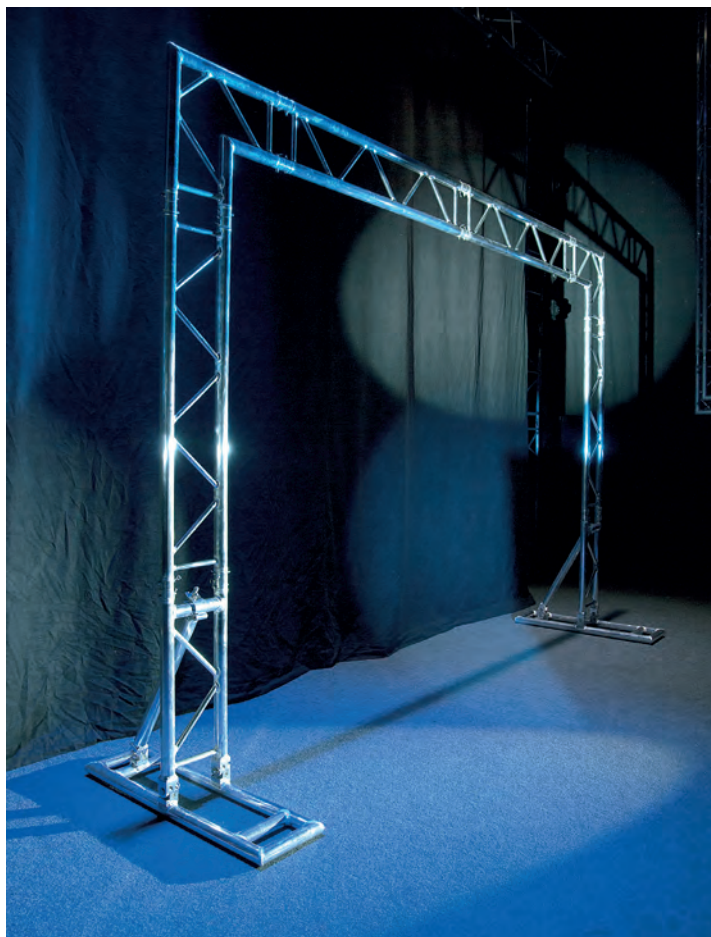

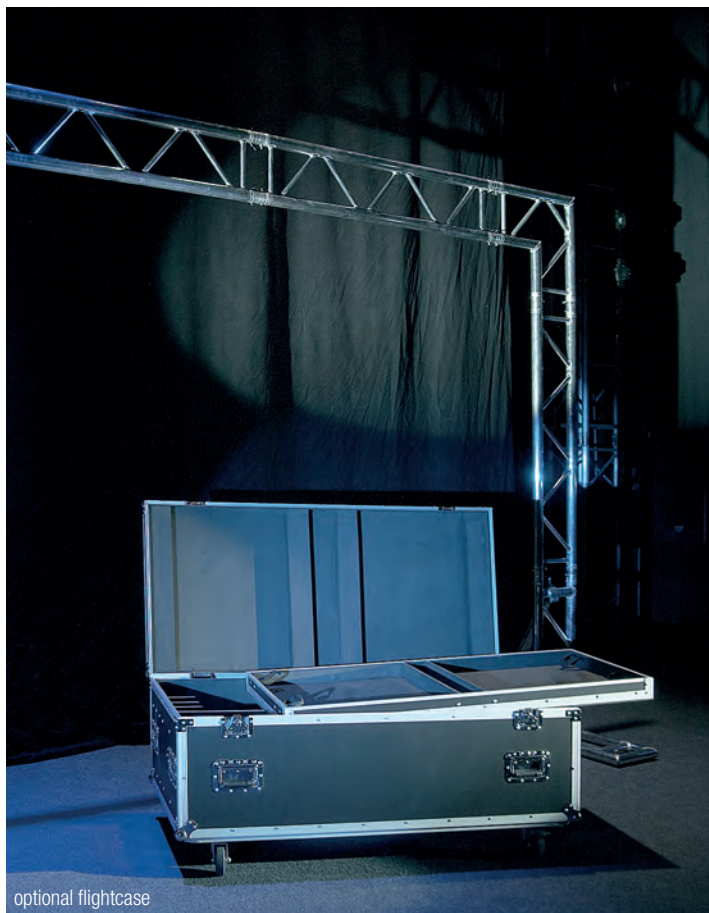

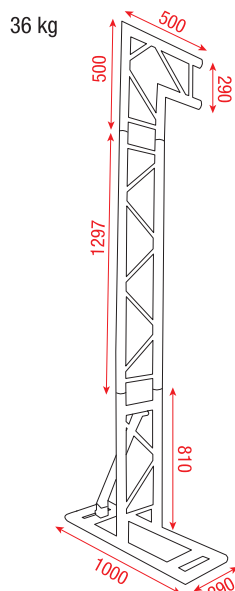

Technical information:

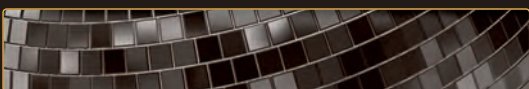

Set contains:	2 x Base-truss 2 x Corner piece 4 x Length (130cm)
Height:	2650mm (outer)
Width:	3680mm (outer)
Weight:	36Kg (all pcs)
Point load:	250Kg
Distributed load:	80Kg
Connection:	GS compatible
(Flightcase not included)	

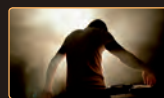

SPECIAL FEATURES:

- Heavy duty stand
- Quick and easy to build
- Compact and lightweight
- Compatible with GS system

Technical information:
